Program of the Being Shaped

Washington .- The program of the Progressives in congress is rapidly taking shape. The Progressives are the only group now in congress who appear to have any sort of a program in their possession.

Their well defined aims gives them distinct advantage over the Demo crats and the stand-pat Republicans in the next congress, it is believed.

The essentials of their program are these: The immediate and adequate employment problam followed by scientific handling of the question.

GERMANY NEEDS PEACE NOW IN ORDER TO SECURE MATERIAL SAYS CHANCELLOR EBERT

Berlin, Delayed (Copyrighted by United Press) -Chancellor Ebert told the United Press that Germany will do everything to comply with the peace conditions based upon President Wilson's fourteen points, but if the Allies make further demands he will not take responsibility of signing the peace terms.

He said that Germany needs peace immediately in order that she may get food and materials

so her people can go to work. He declared that the Spartacans had lost their revolt and that no further serious outbreaks will occur if the people are fed, but if they are not fed they must be ready for anything.

When asked what he thought as to the sibility of the war, Chancellor Ebert that question could not be answered and, personally I feel that the blam is not Germany's alone.

PARIS PAPERS SAY CONFERENCE WILL CLOSE BY NEXT APRIL

Paris.—The French newspapers. From Illness the peace conferenc, now predict that tic regarding the probable length of might end by April.

They based this prediction on the appointment of Premier Clemenceau as permanent chariman. He is noted as
