NUMBER 295

THEY THAT HAVE TURNED WORLD UPSIDE DOWN HAVE COME HERE, SUBJECT OF DR. BRUNER TONIGHT

A large congregation greeted the Rev. Dr. Weston Bruner and Prof. L. B. Padgett at the Memorial Baptist church last night and those present enjoyed a service they will long remember. For Monday night and too, practically the opening service of the series to follow, the number present last evening was very gratifying. Dr. Bruner delivered a powerful sermon on "Prayer" which was listened to attentively and with profit. Prof. Padgett simply captivated the audience with one of his sweet gospel solos and at the service this morning he again charmed all with his singing. Tonight Dr. Bruner has a great sub-

ject to talk about, "They that have turned the world upside down have come here". Prof. Padgett will sing again at this service. Everybody in Greenville has a cordial invitation to attend tonight and all the services both morning and evening during the week. Dr. Bruner is one of the great preachers and evangelists of the South and Greenville is fortunate in having him if only for a few days. Both Dr. Bruner and Mr. Padgett have already greatly endeared themselves to all. A great outpouring of spiritual things are looked for as a result of this revival meeting. Go tonight and take a friend with you. You cannot afford to miss the early morning service. This is held at eight o'clock.

GRADUATING CLASS LARGEST IN HISTORY OF TRAINING SCHOOL

The commencement of East Carolina Teachers Training school this year will be a most interesting event. The graduating class is the largest in the history of the institution. 75 young women will get their diplomas and 3 others will complete the course in the summer, getting their diplomas in August. This makes the class of 1919 number 78. The commencement exercises will be complete this year as they were before the war extending from Sunday morning until noon Wednesday, June 1 through 4. Last year a commencement was simplified because of war conditions.

The sermon before the graduating class will be preached by Rev. W. A. Lambeth, pastor of the First Methodist church, High Point. He is one of the leading preachers in the western part of the State. He made a remarkable record during his college and university days. After getting his degree at Trinity he attended Harvard university and Union Theological seminary, New York city and won honors at both places. Since he has been in the regular ministry he has fulfilled the promise of his college days, and rose rapidly to a place of leadership in his church and conference.

Rev. N. L. Kestler, who will preach the Y. W. C. A. sermon Sunday evening, is superintendent of the Thomasville orphanage. He is well known throughout the State, as his work carries him into every corner of North Carolina. He is a man of striking personality and has impressed himself upon the State and his influence is by no means confined to the Baptist denomination. He is a strong preacher. Hon. Victor Bryant, who will deliver the graduating address before the class has made a reputation as a statesman through his work as a member of the Senate in the North Carolina General Assembly. He is one of the leaders in constructive legislation. He is noted as a speaker of force and eloquence.

On Monday evening at 8 o'clock the annual music recital will be held. This is always an event looked forward to by the music lovers of Greenville. The board of trustees will meet on Tuesday morning. At twilight the class day exercises will be held on the school campus. This is always enjoyable not only to the school but to their friends and the public in general. This year there is an air of mystery about what the class will do and it looks as if there will be something especially interesting revealed on that occasion.

The alumnae dinner will be given at nine o'clock Tuesday evening. A large gathering of alumnae is expected. This will be home-coming year for the girls who have gone forth. The graduating exercises will take place at the close of the address on Wednesday morning.

ST. PAUL'S CHURCH
Wednesday: Evening prayer, followed by choir rehearsal at 5 p. m.

Miss Florence Martin and Miss Ivey Taylor, members of the faculty of the Greenville public schools, left this morning via the Norfolk Southern for their respective homes, Mocksville and Greensboro, to spend the summer. It will be pleasing to know that these two popular young ladies and teachers will return to Greenville for next year's season.

SALVATION ARMY CAMPAIGN IS EXTENDED FOR ONE WEEK LONGER

The weeks campaign for the Salvation Army Home service Fund has been most satisfactory. Only a few of the township chairmen could be reached over phone last night after the days canvass closed, and most of those heard from had not received reports from all the canvassers, but good reports come from all. Swift Creek went 35 per cent above her quota. Greenville had already gone over. Some of the rural sections had planned to finish the canvass last Sunday and the rain interfered. On this account the time has been extended one week for the benefit of the townships that could not finish the canvass.

When this is finished Pitt will have made another record of which we will all be proud.

BATTLE FLAG FROM METZ FORTRESS

The German flag that flew over the fortress of Metz when the allied troops occupied it has been brought to the United States by Commander Howard Hinkle of the Salvation Army, who has turned it over to the Philadelphia Victory loan committee for use during the campaign. Commander Hinkle was at Metz when the Germans left and took possession of the flag. The French government has claimed it and it will be returned to France when the Victory loan drive is finished.

The seaplane should reach continental Europe about four o'clock this afternoon, Washington time. Her approximate speed is eighty miles an hour.

BODY YOUNG LADY IS WASHED ASHORE VICTIM OF BURNED BOAT

Norfolk.—The body of Miss Ruth Jones of Baltimore, today washed ashore at Osapeake. She was one of the passengers aboard the Old Bay Line steamer Virginia which was burned in Chesapeake Bay last Friday night. Her body is being held pending the coroner's inquest and positive identification by her relatives.

Alfred Coleman, colored stevedore, is being held as responsible for the fire. He was arrested Saturday. The flames started under his stateroom. Osapeake is forty miles below where the vessel burned.

Great Show Last Night by Richards "The Wizard"

If you have a desire to laugh and can't, just go to White's theatre tonight and see Richards, "The Wizard". The performance last night certainly got for the price, was one of the best seen here in some time. Not only was "The Wizard" there with the goods, but the movie picture, "The Girl Dodger" was first class and much enjoyed.

Richards is truly a wonder. His tricks were all adroitly performed and the equal of any seen here in years. He kept the large audience in a continuous roar of laughter all during the performance. So amused were some that they shed tears and no doubt there are a lot of folks in Greenville suffering from sore sides. It was just one continuous scream of laughter and merriment from start to finish. The show is surely worth while and it will pay anyone to witness it. There will be an entire change of program tonight. As stated in the beginning if you want to laugh good and hard see "The Wizard" tonight. He is certainly an antidote for the blues.

A word to the wise may be sufficient, but the policeman often has to use a club on the otherwise.

Summer School Opening Month off Chapel Hill

Chapel Hill.—With the opening only a month distant, the prospects for the coming 32nd session of the university of North Carolina summer school, June 24th—August 8th, are exceedingly bright. Applications for rooms are coming in at a rapid rate and the available dormitory space is being rapidly filled. Indications are that the registration of 1062 for 1919, the highest in the history of the summer school, was the least equalled, if not surpassed during the forthcoming session. The years 1917 and 1918 saw a falling off in account of participation in the war, which was to be expected.

The regular catalogue, which contains a complete announcement in regard to courses, lectures, institutes, entertainments, and other special features, is just off the press and is being mailed to all applicants. It is handsomely illustrated with campus scenes and buildings.

Several novel features and additions are to be offered this session, including many new courses besides those offered in the past, a high school department to enable high school students to make up lost time, and special entertainments in the way of lectures, educational movies, and dramatic productions under the direction of Prof. A. Vermont and F. H. Koch. The department of education is particularly strong in new courses.

The departments of instruction include courses in education, agriculture, botany, chemistry courses, drawing, economics, English, French, geology and geography, German, health and sanitation, history, home economics, Latin, library science, mathematics, music, physics, rural economics and sociology, Spanish, writing and zoology.

Maj. F. W. Boger, who has been stationed at Camp Devens, Mass., has just been assigned by the War department to the university to take charge of the R. O. T. C., which is to be established at this institution at an early date.

Tuesday, June 17, is Alumni day at the university during commencement week this year. At this time the classes of 1890, 1896, 1879, 1889, 1894, 1899, 1904 and 1914 will hold special reunions, although all alumni are being urged to return for the big general reunion.

Miss Congleton Visits Hospitals of Government

Only a few days ago I visited the government hospitals at Oteen and Kenilworth. At Oteen there are now around fifteen hundred soldiers and at Kenilworth there are around four hundred soldiers and over a hundred overseas nurses. I was fortunate enough to go with Mrs. N. Buckner, general secretary of the Baraca-Philathea association of our State, who has a pass to the hospitals and who is well known by these men, and they love so much to have her visit them, which she does quite often. It is a beautiful sight to see how their faces brightened when we went through the wards and left with them scrap books, candy, cakes and flowers.

As we went from bed to bed and left the scrap books, clippings, etc., they took them eagerly and seemed so thankful for them. Of course it does not take long to pass these about through the ward, and soon every one has been read and they are ready for something new again. This is such a splendid opportunity for our people to bring a bit of sunshine into the lives of these men. They are so eager for something to read. While in the "Y" hut at Kenilworth, Mrs. Axford told me that right at this time, there were so much in need of new magazines for these men and also for these overseas nurses who have recently been brought to them. Only that morning there came a call to the "Y" hut from one of the men begging for something new to read, and they had no new magazines on hand. I promised her in the name of the Philathea of our town, that as soon as I got back home, I would get together some magazines and send to her. She said they hated so bad not to be able to keep them supplied with something new, and seemed so glad when I promised to help her out. She said she knew what to expect when she had a promise from a Philathea. Those who would like to contribute a magazine to this cause and brighten up a few lonely hours for our boys and nurses, I shall be glad to have them send same to me either at the Flagship Buggy Co., office or at my home,

Boy Scout Week to be Observed June 8th to 14th

President Wilson has designated June 8 to 14 as Boy Scout Week, vice president of the People's National bank in Winston-Salem has been named chairman for North Carolina. Mr. Blair has issued the following appeal to the people of the State:
"The President of the United States has designated June 8 to 14, inclusive, as Boy Scout Week. Hon. W. G. McAdoo has accepted the chairmanship of the Citizens National Committee. The editors, ministers, Rotary clubs, Y. M. C. A., four-minute speakers, teachers and business men are all requested to assist in this movement. The time is short, so every community is requested to begin at once some special work in this connection. The boys of North Carolina are its great asset, and scouting helps them. Let us all join in this work for the boys."

Berlin (Delayed)—Copyrighted by United Press—Chancellor Hofmann informs the United Press that Germany's counter proposals to the Allied peace terms will demand the immediate admission of Germany into the League of Nations. Their counter proposals place the needs of France as foremost and they agree to the restoration of destroyed French territory. Full-reparation for the ruined coal mines.

Germany agrees to respect Belgium's claims and accepts the limitation of one hundred thousand for the army of the future.

They are ready to complete the disarmament on land and sea provided the other nations agree to do likewise.

They demand admission into the League of Nations based on President Wilson's fourteen points especially the points of self determination, peace and economic justice.

Their terms will be handed to the Allies soon, it is announced.

HOLDING A MEETING

Rev. Walter Patten, pastor of the Jarvis Memorial Methodist church, is in South Rocky Mount this week assisting in a series of meetings.

JUNIOR AUXILIARY

St. Paul's Junior Auxiliary will meet at the rectory Wednesday 4 p. m.

The North Carolina Methodist conference has exceeded its quota of \$1,608,455 in the centenary drive by \$22,259.65, it was announced last night by the conference campaign director, Mr. D. W. Newsom of Durham. The conference has secured in pledges a total of \$1,630,714.65.

Only three districts in the North Carolina conference have failed to go over the top, and it is believed when the full returns are in it will be found that these like the rest, have exceeded their quotas.

The districts of the conference which have gone over their quotas and their surplus follow:

Durham district, \$38,668.66; New Bern district, \$15,156.90; Raleigh district, \$10,634; Rockingham district, \$12,345; Warrenton district, \$13,516; Washington district, \$1,677.40.

The only districts in the conference which have not yet subscribed their full allotments are Elizabeth City, Fayetteville and Wilmington. All of these are large districts and well scattered. Mr. Newsom last night stated the belief that when all the returns are in these districts like the others will have a substantial surplus to their credits.

The allotment for the Jarvis Memorial church, this city, which is a part of the Washington district, reported above to be over the top, was \$17,000 and the pastor, the Rev. Walter Patten, announces that his church has subscribed \$20,349.50 with several other good size contributions expected.—Ed.
