open grate when the garments she wore caught fire. She summoned assistance and ran put into the yard but before aid could reach her she had been fatally burned. Miss McCoy was nineteen years of age and the daughter of Mr. Frank McCoy a prominent Pender county farmer.

LOCAL BASKETBALL TEAM AGAIN THRASHES WASHINGTON RIVALS

For the second time this season the local High School Basketball team has defeated the Washington High School Basketball team. The game was played on the floor of the Forbes-Morton warehouse last Saturday night before a large and enthusiastic crowd.

From opening whistle-blow the score was never in doubt, the local team being clearly the superior team. There appeared to be no particular star on the local team, but every man played a strong game. Swift and accurate passing of the ball by the Greenville team was decidedly the feature of the entire game.

BRING WOOD IN VIENNA NOW ON THEIR BACKS

(By Associated Press.) Vienna.—The authorities recently authorized the population to cut and take from the municipal forests that surround Vienna as much wood as could be borne on the back three times weekly. The plan was meant to meet the pressing need of people who could not buy or obtain from the public ration enough fuel to cook with.

The Greenville team will go to Wilson for a return game with that team next Friday night. Wilson is the only team played so far this season that has been able to defeat the locals. Coach Rose feels confident that this team has improved greatly in the past week and feels sure that Greenville has a chance to win out in the coming game.

The incident is typical of profiteering conditions in this capital. The papers daily report the frustrated or successful smuggling and out of the country of contraband articles and commodities. A band of Spanish smugglers recently were caught on the southern frontier with large quantities of gold, silver and platinum which they were trying to take out in automobiles. The low exchange value of the Austrian crown makes smuggling a tempting game and men take desperate chances. The frontiers are guarded closely and everyone searched but the left hand trade is uncooked.

UNIVERSITY PITT COUNTY BOYS ENJOY DELIGHTFUL SMOKER

Chapel Hill, N. C.—On last Friday night the Pitt County men enjoyed a delightful smoker in the club room of the Y. M. C. A. Building. Mr. Samuel O. Worthington, president of the club, took the floor and served as toastmaster. After this, the smoker was turned into a business meeting. There were several points of business discussed by Mr. Worthington. The main business was the reviving of the interest of the men in the publishing of the proposed bulletin that is to be put out by these men. These men are very active in this work and every one is working to make this publication a success.

The members voted that there be a committee appointed to take charge of the editorial work and a committee to take charge of the publishing of the bulletin. The president, Mr. Worthington appointed G. D. Manning chairman of the editorial committee and Mr. S. O. Worthington, Mr. J. H. Spain, and Mr. J. Vance Perkins as his assistants. Mr. J. K. Stancell of Greenville was appointed chairman of the business committee with J. L. Chapman and R. E. L. Carson as his assistants.

NO USE TO PROHIBIT GAS NEXT WAR GEN. JACKSON DECLARES

(By Associated Press.) London.—There would be no more reason to forbid the use of gas than to prohibit the employment of rifles in the next war, says Major-General Sir Louis Jackson of the Royal Engineers, formerly in charge of offensive gas production. There were he declared, gases which killed painlessly and it was easy to conceive cases in which it would be more humane to use gas than explosives. It might be possible to come to some arrangement whereby no gas should be used that caused unnecessary suffering.

able to handle a Lewis or machine-gun and to help the artillery. He should know something of explosives, have a knowledge of fuses, understand signalling and be able to handle a ground wireless set. He should receive intensive training.

In a recent address before some of the leading lights in the military world he stated that the world was on the eve of the most extensive modifications in the art of war known to history, and the changes made in the recent war were only the beginning. It was necessary to develop new arms with the knowledge that the nation which best did so would have a great advantage in the next war.

MANAGERS FOR CHURCH DRIVE ARE SELECTED

Winston-Salem, N. C.—North Carolina's quota in the great Presbyterian Progressive Program is \$63,030 for the year April 1st, 1920-March 31st, 1921, according to a statement given out here today by the Rev. T. W. Simpson, campaign manager of the Synod. The entire amount being raised in sixteen southern states is \$4,000,000, all of which is to be collected during the current year. Organizing of the Church throughout the state is progressing rapidly under the direction of Mr. Simpson. Campaign managers for the seven Presbyteries have already been selected. They are here given with their respective Presbyteries: the Rev. A. J. Crane, Albermarle; the Rev. J. M. Clark, D. D., Concord; the J. J. Murray, Fayetteville; the Rev. W. J. Roach, Kings Mountain; the Rev. G. F. Bell, Mecklenburg; the Rev. T. W. Simpson, Orange; and the Rev. D. T. Caldwell, Wilmington.

Air fighting, would be enormously developed. The short rifle would be replaced by a short carbine which would be accurate up to a range of 500 yards. Artillery would be much more mobile and if they were to allow for an advance of 12 miles a day the guns must be capable of an effective barrage up to 18,000 yards. He thought that a short 4.2 gun with an accurate range of 12,000 yards and a long 4.2 gun with a range of 20,000 yards might meet the requirements of the future. He said that the future soldier must be absolutely different from his predecessor. The days had gone by when initiative was considered not only unnecessary but dangerous. In addition to his rifle the soldier should be
