NUMBER 239

TORNADO'S DEATH TOLL STAND NOW AT ONE HUNDRED AND SIXTY FOUR WITH FEARS OF INCREASE

(By Associated Press.) Chicago.—The death toll of Sunday's tornado stood today at one hundred and sixty four with fears expressed that the reports from the isolated districts and the deaths from injuries might increase the total.

If the reports that fifteen were killed at Stovall, Georgia are verified the total will increase to one hundred and seventy six of which sixty five are in Georgia and Alabama.

It is impossible to estimate the property damage accurately but the report is fifteen million dollars in the States of Georgia, Alabama, Ohio, Michigan and Illinois.

Mississippi Valley Lacross, Wis.—The flood conditions are assuming a serious aspect in the Mississippi river, rowboats are being used at North Lacross to remove the household effects.

Thousands of acres of farm lands are under water and a million and a half dollar damage has already been sustained in the Anisigue valley.

Salvation Army Aid Atlanta.—Among the first to rush to the relief of the stricken citizens of LaGrange and West Point following the terrible tornado which swept those cities Sunday night, were representatives of the Salvation Army who supplied food and shelter, in many instances both, to many of the left destitute by the storm.

As soon as the news of the destruction wrought by the storm reached Atlanta Brigadier A. W. Crawford, commander of the Salvation Army in the South, instructed Captain Alex. Nichol and his wife of the Atlanta headquarters to leave at once for LaGrange by automobile to assist Captain Biven in charge of the Salvation post in that city.

Besides assisting in caring for the injured and serving food and hot coffee to the homeless they also helped and aided in erecting tents.

NOTED LECTURERS SCHEDULED FOR UNIVERSITY THIS SUMMER

Chapel Hill, N. C.—The list of lecturers and instructors in the new institutes of public welfare to be conducted this summer at Chapel Hill by joint agreement between the southern division of the Red Cross, the North Carolina state department of public welfare, and the University of North Carolina, recently announced, at the University, includes a number of the best known social science workers in the country.

Among the workers are Dr. Samuel McCune Lindsay, Professor of social legislation at Columbia University; Dr. Bernard Glueck, Professor of social psychiatry at the New York School of Social Work; Dr. Frank Johnson, Director of the Pennsylvania School of Social Work; Dr. E. L. Morgan, director of rural organization work with the Red Cross; Dr. J. C. Rankin, director of education with the Red Cross; Superintendent E. C. Brooks; Commissioner Roland F. Massey; President Chase of the University; Joseph C. Logan, of the Red Cross; Professor N. W. Walker, director of the summer school and others.

Many of these will also give regular courses in the institutes and in addition courses will be given by Dr. Phillip Klein, director of education of the southern division of the Red Cross; Miss Kathryn Farrar, supervisor of social work for the Red Cross; Dr. E. Lindeman, Professor of sociology at North Carolina College for Women; Mr. Harry L. Newman, of the

ADMIRAL MAYO SAYS THE FLEET WAS EFFICIENT

Washington.—The Atlantic fleet was never better prepared for war than in the spring of 1917, Admiral Mayo, commander of the Atlantic fleet, told the naval investigating committee this afternoon.

ROCKY MOUNT TO PLAY JOHN MCGRAWS MEN

Rocky Mount.—Followers of base ball throughout northeastern North Carolina are looking forward to the visit of John McGraw and the New York Giants to Rocky Mount on Wednesday, April 8th, and the big double header base ball event of the exhibition season. This date is the birthday of the Little Napoleon of the National league and in view of this fact, coupled with the presence of both the regulars and rookies in Rocky Mount he has consented to play two games. The Rocky Mount club of the Virginia league which is now in training will battle for a seven-inning game the regular club of the Giants with all their stars in the game. Following this the Rochester International league club, in training at Rocky Mount, will take on the Rockies for a seven-inning game. Every star, and to be star in early years of the Giants club will be seen in action in Rocky Mount on Wednesday, April 8th. In addition to this some special features attendant upon McGraw's birthday are being arranged and fifteen New York newspaper men, a world famous cartoonist or two and a motion picture photographer for one of the motion picture news weeklies, will be on hand to put the event on the screen in a thousand moving picture theatres. Handsome Tar Heel park now nearing completion will be given its christening on that date and the great double bill and base ball classic will start at 3 p. m. This is the only visit of the Giants to northeastern Carolina and they are touching only three cities in the State, namely Asheville, Winston-Salem and Rocky Mount.

PITT COUNTY LEGION MEETS THIS EVENING

Don't forget that there will be an important meeting of the Pitt County post of the American Legion at the Court House tonight at eight o'clock. Every ex-service man is urged to be present at this meeting as business of vital importance is to be transacted. Be present and bring another soldier or sailor man with you. Remember the hour is eight o'clock.

NEW MANAGER BATTERY CO.

Mr. W. G. Downing has assumed the management of the Greenville Battery company succeeding the late H. M. Phillips. Mr. Downing announces that the business will be conducted in the future as in the past and will guarantee the same high class work in the battery bill. Mr. Downing is an expert in battery-work, has had years of experience and no doubt will enjoy a large and lucrative patronage. See the advertisement of the Greenville Battery Co., in this issue.

BELHAVEN TOO MUCH FOR THE LOCAL TEAM

The Greenville Girls' Basketball team lost another game last night to the girl team hailing from Belhaven. The score was twenty-four to fourteen.

The visitors won out within the last two minutes before time was called. Up to this moment the score stood fourteen to fourteen. By expert goal throwing on the part of Belhaven's centre the game was thick.

Greenville and Belhaven played at Belhaven last Friday night the contest being in favor of the team there. Last night they played here and Belhaven came out on top the second time. The result of the contest puts Belhaven eligible for the state championship. The game was hard fought and was witnessed by a large number of rooters. The rooting however did no good for Belhaven carried off the cup.

It was a good game and one could easily see that had it not been for the superior height of the visiting team the score would certainly have been different. Even in spite of this handicap the Greenville girls held their opponents remarkably well and part of the time they were in the lead. The first half ended in a tie 10 to 10. The Belhaven girls got in the lead at the beginning of the second half but the score was again tied and until right at the last when Belhaven made several field goals in a short time Greenville rooters had hopes of winning. The Greenville girls had the hard luck of scoring five points which did not count. The game ended with a score of 24 to 14.

Jones, the Belhaven center, started for the visitors. All the Greenville team played well together, their pass work being superior to that of their opponents. Mr. Randolph of the W. C. I. acted as referee and Miss Martha Lancaster of the E. C. T. T. S. as umpire.

The Greenville team goes for a return game to Washington Friday night and that will be the last game of the season.

EXPULSION OF EIGHT STUDENTS FROM BAPTIST COLLEGE

Wake Forest.—During the past week eight students have been expelled from Wake Forest College for hazing. Five of the men, it is reported, were freshmen, and were dismissed because of the hazing of a number of their own classmates who had painted the class numerals, "1923" on several of the college buildings. It is reported that one student had almost lost an eye as a result of injuries inflicted by the upper classmen.

WINTERVILLE HIGH SCHOOL RECEIVES GIFT

Mr. S. J. Everett, chairman of the board of trustees of the Winterville High School has just been notified by the Baptist Educational Board of Raleigh that fifty thousand dollars has been donated the Winterville School for the purpose of building a girl's dormitory. With this fifty thousand and seven thousand five hundred dollars insurance, money the trustees expect to build a two-story brick building with every modern improvement. The building will contain forty rooms capable of taking care of eighty students. It is the intention of the trustees at no distant day to erect a similar building for the boys dormitory. The Winterville High School is an institution of high merit.

STATE HEALTH BOARD INDICTS A WOMAN

Raleigh.—For failure to comply with the state law requiring the administration of silver nitrate to the eyes of newly born babies to prevent blindness, Margaret Perry, a midwife of Edgecombe county, was tried in the local courts at Tarboro, convicted, fined \$10 and costs and deprived of license to continue practice. The woman had recently had two cases of babies' sore eyes in her practice, it is stated, and had not used it, it is charged, the silver nitrate solution required. The consequence is that both the children will probably be blind for life, it is said. The case was prosecuted by the state board of health.

The silver nitrate solution is supplied by the state board of health without cost to all physicians and midwives in the state. The state law requires that it be used within two hours after the birth of a child. It is estimated that compliance with this requirement means an annual saving to the state each year of more than \$50,000 that would otherwise be necessary for the education of its blind children without considering the economic gain of a citizen that can see as compared to one that is blind. Physicians and midwives of the state have been instructed fully with regard to the provisions of this law, and the methods of complying. The state board of health is prepared to prosecute all violations that its officers can discover.

An old hen and a farmer both die light in a full crop.

GREENVILLE ROTARY CLUB HOLD DELIGHTFUL MEETING FOUR GUESTS GRACE OCCASION

The Greenville Rotary Club, composed of twenty-six jolly good fellows, with four guests from the neighboring town of Washington, graced the festive board last evening at 7 o'clock luncheon held in the basement of the Memorial Baptist Church.

As is the custom Rotary songs filled the air, good fellowship reigned and something appetizing for the gratification of the inner man evidenced itself on all sides. Business and pleasure intermingled with reminiscences, particularly of the late district meeting held in Greenville, South Carolina and anticipating the next district meeting at Norfolk and the national meeting in Atlantic City, made the meeting one of interest to every member.

The Greenville Rotary Club, as already known, won the loving cup at Greenville, S. C., for the best attendance. At the next district meeting the club is going to make a determined effort to bring back home, both the cup for pulling off the best stunt and also the cup for the best attendance. Greenville always does things and the members of the Rotary Club are no exception, so watch them next year in Norfolk is the advice of this paper.

The meeting last night was presided over by the president, Sis Ellen, with secretary Alex Blow sitting at his right and J. B. Kittrell at his left, for the purpose of prompting him if he happened to make a mistake. Their services were not needed however. By way of parenthesis, it might be stated that J. B. did help him one time when it was found out that the Rotary Rotarian, J. L. Hassell was devouring his supper without a bib. J. B. saw this seeming negligence on the part of Sis Ellen and ordered hats suspended until Baby Hassell could be fully protected.

The spread, as usual, was all that could be desired by a hungry man thanks to the good ladies who prepared it. When it comes to singing the Rotarians of Greenville cannot be excelled. Sweetie Swanson's basso-profundo, Sam Phillips "false Setter" Burney Warren's discord and J. B. Kittrell's mezzo, well, words are inadequate to tell about the sweetness of song they issue forth. It would do credit to a Caruso, a Patti, a Melba, a McCormick. Besides these song celebrities, the club is fast training its embryonic songsters. Last night they gave a short rehearsal before supper was announced. All claim that they are making progress. Bill Hall and Paul Clodfelter, it is stated, are running the scale nicely and bid fair to give a good account of themselves within the near future.

One of the pleasing things of every Rotary meeting is the calling of the

which every member must respond with a few words. For instance, Sis Ellen says he's an eye doctor; Bill Hall says he's the founder of stock; Jasper Winslow, says he trades horses; J. L. Hassell says he rides on a free pass; Jim Mayo says he belongs to the Daffy News; Robert Crow, says he has a flirtatious with him selling shoes, and so on. When the name of Claude Tunstall was reached last night up he popped and in sonorous tones exclaimed, gentlemen, I'm the ladies man, and judging by appearances he is from the crown of his head to the sole of his feet. Had it not been for his timely sitting down he would have been pushed down because his fellow Rotarians next to him intimated he had taken advantage of the occasion.

Bill Hall told in graphic style "old we go to Greenville, S. C." and C. L. Porter seconded every word he said, acquiesced in by Ed, Anthony. The rule of Rotary is to lock the door when the time for the meeting arrives. It so happened last night that Reddy Clark and Haywood Dall were late. Reddy slipped in bearing a dish covered with a white cloth. His comrades thinking it something appetizing, excused him, but Haywood Dall was caught right in the act. This caused J. B. Kittrell to raise a song suitable to greet the late comer. The song was so apropos that the said Haywood bowed his acknowledgements and said "boys you have performed your task exceedingly well." And they did. There was only defect, Tom Hollingsworth attempted to sing without his notes and made a discord. Pandemonium was in order for a few minutes but Sis Ellen finally restored order.

At this juncture the president rapped for order and then introduced their visitors from Washington, each of whom made a short talk. These gentlemen were Charles A. Flynn of the Harris Hardware Co., James A. Hackett of the Washington Buggy Co., Floyd J. Berry of Suskin and Berry and Sam Etheredge of Worthy & Etheredge. They all expressed their appreciation at being present and the hope that Washington would at an early day have a Rotary Club.

Sam Phillips, told the club what was being done towards establishing a permanent recreation ground on Tar River.

After cigars had been passed due to the thoughtfulness of Burney Warren, and a song or two raised by J. B. Kittrell the meeting came to a close. At the next meeting of the Rotarians the ladies are to be the guests of the club. A more detailed account of this meeting will be given later.

TRIAL FOR MURDER OF MOTHER BEGINS SECOND TIME TODAY

(By Associated Press.) Buffalo.—The second trial of John Edward Teiper, charged with the murder of his mother, Mrs. Agnes Teiper, is set to begin in supreme court here tomorrow. Teiper, who has spent four years in Auburn prison since conviction in his first trial, is confident of acquittal on a rehearing.

The Teiper murders occurred on the Orchard park road on the night of January 30, 1916. Mrs. Teiper and another son, Frederick C. Teiper, were beaten to death, and a daughter, Grace Teiper, was so badly wounded that she died a few days later.

John Edward Teiper, a verdict returned in the second trial, was returned to Auburn to await an appeal. The higher courts which reversed the verdict and ordered a new trial.

COTTON REPORT Cotton is selling in Greenville today for 38 cents.

THIS YEAR'S SENIOR CLASS OF E. C. T. T. SCHOOL PLANTS TREE

The class of '20 planted its tree Saturday afternoon at 2:45. Wright; Presentation of Spade to Junior class Miss McCotter; Acceptance of Spade.....Miss Robinson; Class Song.....Junior Class; Song "Carolina".....Entire School.

NEGRO BODY FOUND HANGING TO TEL. POLE

(By Associated Press) Paris, Kentucky.—The body of Grant Smith, a negro, charged with attacking a white girl two months ago, was found late Sunday night hanging from a telegraph pole at Mayfield, Kentucky. The negro was taken from the officers, who arrested him earlier in the evening here by forty masked men. When the bait is worth more than the fish it is time to stop fishing. "FIX 'EM UP" Place your order now for PASTER FLOWERS She is expecting them J. B. KITTELL
