UNIONIZED LABOR TO PLAY IMPORTANT PART IN ELECTION

Leaders of Both Political Parties of The State Have About Reached the Conclusion That Labor Holds The Balance of Power. Thought that at Least Twenty Per Cent of The Women Will Exercise The Right of Suffrage this Year. Efforts Being Made to Double This Number.

(By MAX ABERNETHY.)

Raleigh, Oct. 9.—Unionized labor in North Carolina will in all probability play an important part in the selection of State officials in the November election if present indications can be depended upon, and leaders of both political parties in the State have about become convinced that labor easily holds the balance of power.

The women classed as coming under the head of labor, union and non-union, are said to be registering so that they will be eligible to vote on November 2. It is the belief of labor agents who have made a survey of the political field in North Carolina that not less than twenty percent of the women will exercise the right of suffrage this year.

That more of them can be persuaded to vote is likely and now there is being conducted a campaign by both Democrats and Republicans to have the women put their names on the registration books. Democracy has carried its fight for lining up the laboring women into the county organizations and with speeches by Democratic orators, while the Republicans in the main have depended upon letters to produce results. Wherever they have county organizations that method has been followed also.

But nobody is satisfied with the announcement that only twenty percent of the union women will participate in the November election and efforts are being made to double this number.

State organizer J. F. McMahon, of the State Federation, will leave Raleigh during next few days for purpose of visiting all of the labor centers to ascertain just what the situation is over the State. The policy of the federation of labor as outlined by the American Federation is one of non-political in the selection of candidates. The Democratic presidential candidate has been endorsed by Samuel Campers, labor head, but in the State the leaders have not given either party's candidates the o. k. They are known, however, to incline to the Democratic ticket and the majority of them will vote for the nominee tonight.

In the tenth congressional district James F. Barrett, prominent labor leader and editor of two labor publications, at Charlotte and Asheville, is leading his support to Weaver, the Democratic candidate for congress. It is understood that he is not interesting himself in the gubernatorial contest, however.

The State Corporation Commission has passed favorably upon a schedule of bonuses filed by the American Express Company, and the new rates become effective October 23.

The advance in rates is the same as allowed by the Interstate Commerce Commission, or 25 percent. The commission announces that most of the States including Virginia, South Carolina and Georgia recently approved the same increases as allowed by the Interstate Commerce Commission and the State's commission in approving the increase brings the express rates on interstate traffic in southern States up to the general level of the interstate rates, which were made effective September 21, 1920.

L. K. Rutter, will supply man of Raleigh whose case has been pending for several weeks, was yesterday convicted in the capital city court for an assault on a woman and sentenced to 18 months on the Wake county roads.

The charge against the capital city man was that he whipped his pretty temptress with a switch for which he is said to have paid her one dollar in minutes. Several counts were charged against the prisoner one being that of violating the immoral practices act. Notice of appeal was given and the original bond of \$1,500 was allowed to stand.

The State Board of Elections under the supervision of Col. Wilson G.

MOSLEY 99

Lamb, chairman, and the minority member of the board, J. W. Davis, is completing the details for mailing out ballots to be used in the November elections. With the thousands of women who are expected to ballot the task of furnishing each county with its allotted supply of tickets this year is monumental.

ALL CLEVELAND IS WILD OVER WORLD SERIES B. B. GAME

Thousands Have been in Line Since Yesterday Afternoon for Bleacher Tickets. Cleveland Confident of Victory Today.

Cleveland, O., Oct. 9.—Although in professional baseball forty-two years fans today had the first opportunity to see their home team in a world championship series and all Cleveland was wild. Even the fact that two Ohioans are fighting for the presidency was overlooked for the time.

Every train and suburban car dumped its load of fans and the indications are that thousands would be unable to get into the park which holds 27,000.

Some of those in the line have been waiting for bleacher tickets since 2 o'clock yesterday afternoon.

Despite the one game margin held by Brooklyn the Cleveland players are not discouraged and are confident of taking the game today.

CLEVELAND, Oct. 9.—A big ovation was given the Cleveland ball players on their arrival yesterday from Brooklyn. Mayor of the city urges everybody to join in the demonstration when the team meets the Brooklyn "dodgers" today in the first of four games of the world series to be played on the local field. The Brooklyn team also arrived yesterday and expressed confidence they would win the series. The Clevelandites were also optimistic and said that the series would be even after the game today.

Auto Abandoned in St. Paul, Minn. was Used by Bergdoll
Pembina, N. D., Oct. 9.—An automobile abandoned in St. Vincent, Minn., early this spring, is the car used by Grover Bergdoll, Philadelphia draft evader, in escaping into Canada according to federal officials working on the case here.

Bergdoll, according to belief here, went to Winnipeg from St. Vincent and there obtained a passport from a returned soldier which enabled him to cross to Holland. Four pistols and two bottles of whiskey were found in the car which has been shipped to Philadelphia.

Ben Edwards of Goldsboro is in the city.

Attempt Being Made to Cure Men Gassed During Late War
London, Oct. 9.—An attempt is being made to cure men who have been gassed in the war by pure oxygen breathing. At Guy's Hospital an airtight chamber of glass 20 feet square and seven and one-half feet high has been made. Men who have been gassed and suffer difficulty of breathing will be put in the chamber for five days or more and will breathe oxygen continuously. The treatment was devised by Professor Joseph Barcroft of Cambridge University and Doctor G. H. Hunt of Guy's Hospital.

DIAMONDS WORTH TWO HUNDRED THOUSAND STOLEN IN BUFFALO

Buffalo, N. Y., Oct. 9.—Diamonds worth two hundred thousand dollars were stolen from a salesman for a Rochester jewelry firm here early today by a highwayman.

RECORD BREAKING CORN PRODUCTION IS THE FORECAST

Department of Agriculture Forecasts 3,216,192,000 Bushels. Enormous Crops of Oats and Tobacco for Present Year.

Washington, Oct. 9.—The 1920 corn crop promises to be the largest in the history of the country by more than ninety million bushels.

A yield of 3,216,192,000 bushels, compared with the previous record production of 3,124,746,000 bushels in 1912, was forecast today by the Department of Agriculture from a condition of 89.1 on October 1. The yield would exceed that of last year by practically 809,000,000 bushels. Kansas, Nebraska and Missouri will contribute practically all the increase.

Warm and dry September weather, free from wide-spread killing frosts, aided the maturing of the late crop and during the month the prospects for this year were increased by 85,000,000 bushels. Frosts near the end of the month did little damage, and the great bulk of the crop is now safe said.

AT THE CHURCHES

Immanuel Baptist
James B. Turner, Th. D., pastor. "The Friendly Church."

Sunday school at 9:45. Leon M. Meadows, Supt. Classes for every age. Philathea and Baraca classes invite the young men and women of the city. Visitors cordially welcome.

Afternoon worship, 4:00 o'clock. Theme: "Seeking the Old Path." The public is invited to attend the services.

DEATHS INCREASE FROM DRUG CAUSE OF INVESTIGATION

Use of Which has Been Acquired by Many Persons in New York Since the Advent of Prohibition is the State-ment.

NEW YORK, Oct. 9.—Increase in deaths here from sleep-producing drugs, use of which, it is said, has been acquired by many persons since the advent of prohibition, has led Health Commissioner Copeland to order an investigation of sales of such drugs. Additional restrictions may be placed on their sale, he said.

The investigation was ordered because of a statement by Chief Medical Examiner Norris regarding the increase in deaths attributed to the use of such drugs. He said that alcoholic addicts finding themselves nervous and sleepless in many instances where they have been unable to purchase liquor for their customary "nightcap" before retiring and the "eye opener" on arising, had resorted to other artificial and dangerous ways of wooing sleep. The desired relief was obtained by the use of the nerve-quieting effects of certain drugs.

Dr. Copeland, in instructions to the Bureau of Foods and Drugs to begin an investigation immediately, referred to most of the drugs about which complaint has been made officially, as "treacherous somnifacients," 15 grains of one of which, he said were sufficient to cause death. He admitted that fatalities from the use of these drugs were altogether too frequent.

Dr. Norris declared that deaths from sleep-producing drugs occurred in sanatoriums for treatment of alcoholics and in what formerly was a hospital. Deaths from such causes, also, had been recorded as suicides, he said. Sales of such drugs, he added, should be governed by the same strict regulations as those governing the sale of poisons.

Labor Dep't Asks The Cooperation to Obtain Work for Immigrants

NEW YORK, Oct. 9.—Ellis Island Immigration Station officials have been invited by the Labor Department of New York state to cooperate in extensive plans to supply employment for the thousands of immigrants who are homing to the country. The object of the plan, Labor Department heads explained is to get the immigrants away from the metropolis to the capital and western parts of the state. State employment bureaus have been established in this city and most of the large up-state cities.

A large billboard, with notices in many languages stating that "no fees are charged and all classes of labor technical, skilled and unskilled are handled" has been posted at the immigration station. The sponsors of the plan declare they are particularly anxious to get immigrant labor for farm work. They say that there is a great deal of land in this state that is idle because of the death of agricultural workers.

PERSONALS.
W. C. Finch, of Williamston, is the guest of his brother, M. L. Finch, business manager of the Greenville News.

G. T. Turner of Raleigh, arrived in the city this morning via the Norfolk Southern.

CLEVELAND CLUB WINNER OF FOURTH GAME OF SERIES

CLEVELAND, Oct. 9.—The Cleveland Indians took the fourth game in the world series for the Brooklyn Dodgers this afternoon by a score of five to one.

The game was witnessed by every seat in the park being occupied by a fan. This makes two games won by Cleveland and two games by Brooklyn. The fifth game will be played here tomorrow.

Summary Today's Game Cleveland.—Five runs. One error. Brooklyn.—One run. 5 hits. one error.

Poet's Monument Fails to Get a Bid or To Attract Attention
SLOUGH, Oct. 9.—The monument to Thomas Gray, the poet, on which are and which some verses of the "Elegy" and which is situated in some fields adjoining the Stoke Poges Church, failed to attract a bid when put up for auction here.

TWO NEGROES ARE SENT TO JAIL FOR ALLEGED MURDER

William Smith and Isiah Davis Committed to Jail Without Bail Suspected of Killing Harry Porter During the Fair Jurors for County

William Smith and Isiah Davis, both colored, were committed to the Pitt county jail yesterday by Justice of the Peace J. T. Smith, without bail, for the alleged murder of Harry Porter, colored, on Wednesday night of arrested in this city.

Isiah Davis was arrested in New Bern a few days ago by J. G. Stokes and W. L. Patrick and William Smith of this city.

Porter, the murdered man, was found dead on the county road near the Highway commission's working camp a short distance from this city with a bullet hole in the back of his neck. Officers investigating the shooting found in front of the home of Smith blood and also an empty gun shell in his yard. Smith's gun also contained a shell similar to the one found in the yard. This caused his arrest.

The man Davis was arrested due to conversation being overheard in one of the tobacco warehouses right after the body of Porter was found.

The defendants were given a preliminary hearing before Justice of the Peace J. T. Smith yesterday, and he committed the two suspects to the county jail without bail to await their trial at the next term of the Superior court.

First Trading Mart Fashioned After U. S. Now Shanghai, China

Shanghai, Oct. 9.—The Chartered Stock and Produce Exchange of Shanghai, Limited, which has been opened here is the first trading mart fashioned along American lines ever brought into operation by Chinese in their own country. Yu Yah-ching, who is a prominent shipping magnate, is president of the exchange with which were registered at the time of its opening 39 share brokers, 24 cotton brokers, 17 yarn brokers and 38 provision and oil brokers.

T., Conleton, R. O., Clark, J. H., Fields, D. R., Tyre, R. B., Rouse, G. A., Hardee, Oscar, Campbell, W. J., Moore, Henry S., Monford, Deber, R., Sugg, H. O., Evans, Guy T., Kittrell, Roy B., Moore, D. C., Jr., Moore, Candor, Jones, J. L., McLawhorn, Frank, the disease.

GREEK KING IS SUFFERING FROM BITE OF MONKEY

Grecian Monarch Reported to be in Critical Condition as a Result. Fever and Other Complications have Developed

Athens, Greece, Oct. 9.—King Alexander, who was recently bitten by a monkey when he rushed to the aid of a cat being worried in a battle with the monkey, is reported today to be in a critical condition. Fever and intestinal complications have developed.

Husband's Authority Threatened Now in Liberty Loving France

Paris, Oct. 9.—The husband's authority in the home is threatened in liberty-loving France.

A bill has been introduced in the Senate repealing a clause of the civil code which asserted that the wife owes obedience to her husband.

Senator Louis Martin, who wanted this clause wiped off the statute books, said the time had come when the husband should no longer be an "absolute monarch" but the household should become a "constitutional monarchy." Senator Collin opposed the repeal on the ground that, unless there is a well defined head of the house the door would be open to bolshevism in the home. Action on the bill has been postponed.

More Earthquakes Shocks Reported in Northern Italy

London, Oct. 9.—Dispatches received here say that two violent earthquake shocks were felt in northern Italy, last night. The extent of the damage is unknown.

MOBILE TRAINING SCHOOL

Washington, Oct. 9.—The U. S. Public Health Service which for some time has been making special efforts to facilitate the diagnosis of tuberculosis and especially to bring about its recognition in its very earliest stages, has recently opened mobile training courses for the purpose in Illinois, Wisconsin, Michigan and Washington. Similar courses have already been given in Texas, Louisiana, Missouri, Virginia, West Virginia, Maryland and Pennsylvania.

These courses, which last several days, are very instructive, are at present open only to physicians attached to the Public Health Service, but after all of these in the various States have completed the course it is hoped that it may be possible to hold similar courses for the benefit of other physicians who may desire to attend.

The instruction is given by recognized experts in the diagnosis of pulmonary tuberculosis, and is supplemented by the showing of a remarkable motion picture in six parts, which minutely illustrates every phase of the disease.
