GREENVILLE, N. C., TUESDAY, JUNE 14, 1921.

PRICE FIVE CENTS

GOV. ENDORSES MRS. JOHNSON FOR WELFARE COMMISSIONER

Considers Her Eminently Fit for the Position the Chief Executive Declares—Council of State Has Authorized the Treasurer to Negotiate Loans Amounting to \$659,000 for State Institutions and to Pay for Tractors Bought by the Old State Highway Commission.

Raleigh, June 14.—North Carolina bonds in denominations of \$500 may now be purchased by patriotic citizens who desire to further the building and road program the State has undertaken, the Council of State having provided for the bonds to be sold at its meeting yesterday.

There are to be \$8,372,000 of five percent State bonds offered for sale by Treasurer B. R. Lacy on July 15. They will be offered in the following denominations: One hundred, five hundred and one thousand dollars.

Five millions of the total amount will be for roads and \$3,312,500 for improvements at the State's charitable and educational institutions which were authorized by the 1921 session of the General Assembly.

In deciding to offer the \$100 bonds the Council of State is seeking to find purchasers within the confines of North Carolina, it having been represented that the reason the State's bonds could not be sold at home was because the denomination was too high. Patriotic folks who want to loan their State money may now do so by communicating with the State Treasurer.

The Council of State also authorized the Treasurer to negotiate loans amounting to \$659,000 for the following purposes: University of North Carolina, \$500,000; Greensboro College for Women, \$85,000; A. and T. at Greensboro, \$50,000 and \$24,075 to pay for tractors bought by the old State Highway Commission, a judgment against the State having recently been rendered.

North Carolina may yet have a State Commissioner of Public Welfare Governor Morrison upon his return from a week's stay in Asheville has announced that he has endorsed Mrs. Clarence A. Johnson, of Raleigh, for the position.

UP TO THE MINUTE TEACHING METHOD

Of Health Principles to the Children of New York Will Be Shown at Convention.

New York, June 14.—Up-to-the-minute methods of teaching health principles to children will be shown in the 17th annual meeting of the National Tuberculosis Association which will open here tomorrow. Every state in the union, and many parts of Canada, will be represented at the convention by men and women prominent in the campaign to stamp out tuberculosis.

Marionette shows, a cardboard theater, motion pictures and pageants are some of the novel schemes to be advanced for inculcating in the minds of children the value of strict adherence to health principles.

As a means of teaching the proper use of foods "Tiny Tim's Theater" will be introduced for the first time to tuberculosis and health workers. The characters who play the principal parts in the little theater are Mistress Bread, Mickey Potato, Crybaby Onion and Fluffy Spinach.

The Modern Health Crusade, a system of health teaching in the public schools, through which children are taught to perform certain health chores daily, will be demonstrated at several of the sessions.

ANTI OCCUPATION SENTIMENT GROWS

Is Much Stronger in Dusseldorf of Rhenish Prussia Recently than in Sometime.

Dusseldorf, Germany, May 27.—The anti-occupation sentiment is much stronger in Dusseldorf, Ruhrort and Duisburg, the cities of Rhenish Prussia recently occupied by the French than in Mayence, Coblenz and Cologne, which also have been under foreign occupation for more than two years by the French, Americans and British.

As one crosses from the left bank of the Rhine and enters recently occupied territory, the mood of the population becomes more sullen, their behavior more aloof and their hatred much more pronounced.

The reason may be that the French are occupying that part of the right bank of the Rhine that they hold near the Ruhr in real military fashion and the occupation is much more severe than that on the left bank.

The hatred of the population is directed more especially against the French and children are being brought up in a constant terror and undisguised scorn of the occupying forces which gives but little promise that the real brotherly love between French and Germans will be achieved with the coming generation.

Occupations bring out the witty side of the occupied populations and books have been written about the good jokes which the Belgians perpetrated on the Germans while the latter were ruling their country by force of arms. The Germans are now in the same position toward the French as the Belgians were toward them and they have not failed to take advantage of the situation and a sense of humor has been developed among the Germans as an occupied country which they totally lacked when they were the occupying forces.

AS BRIDE FOR \$1,000

This is Dorothy Miller, 18, of Trenton, N. J., who advertised that she would wed the man who would give her \$1,000 immediately for an operation which her mother requires, the marriage to take place when she becomes 18. She received dozens of replies and a telegram from Pete Herman, bantamweight boxer, offering to give a benefit bout. Pete added: "Please remember that I have a wife and two babies." The publicity which the ad aroused will probably make the operation possible without Dorothy's promise to marry.

ENTERTAINMENT FOR ROTARIANS

Has Been Planned by London's Three Hundred Members for United States Delegates.

London, June 14.—A whirl of entertainment has been planned by London's 300 Rotarians for the reception of delegates from Rotary Clubs in the United States and Canada who attend the international convention of the organization which begins at Edinburgh tomorrow (June 13). It is said the delegation will be one of the most important and the largest deputation of American business men ever to have visited this country.

The convention will continue until June 17. After leaving Scotland it is expected that the majority of the delegates will travel to London by way of the lake district and Stratford-on-Avon. On June 22 the London Rotary Club will give a banquet in their honor. It is planned to have the Prince of Wales among the guests and that Lord Northcliffe will be the principal speaker.

Among other plans for the succeeding week are a civic reception, a reception at the Botanic Gardens, and a gala theater performance.

STATE CONVENTION OF THE MACCABEES

Will Meet in this City Beginning Tomorrow Morning—Large Number Delegates Coming.

The Knights of Maccabees will hold their annual state convention in this city beginning tomorrow morning at 10 o'clock. The sessions of the order will be held in the local lodge room over Key Brown's drug store. On account of this convention there will be no meeting of the Odd Fellows tonight nor the Modern Woodmen tomorrow night.

Delegates from all over North Carolina are expected to attend the Maccabee convention. The local lodge is in the state. Elaborate preparations are now in progress for entertaining the visitors.

EDUCATIONAL PLAN VS. ILLITERACY

To Be Conducted this Summer by the National Association of Credit Men, Stated.

San Francisco, June 14.—Plans for an educational campaign against "economic illiteracy" to be conducted this summer by the National Association of Credit Men were announced today by J. H. Hregoe, secretary-treasurer, in his report to the annual convention of the organization.

The entire machinery of 130 affiliated associations of credit experts will be utilized, Mr. Hregoe said. An effort will be made to cultivate a proper understanding of fundamental economic laws in business.

"The qualities of a real religion in business are the qualities for which we will strive," the report said.

"American business men must typically always the highest commercial qualities, and stand for something that can always be relied upon for the faithful and generous performance of contracts. This is the goal upon which we must fix our eyes."

SUPREMACY IS NOW THREATENED

America's Prestige in Greece is Now Antagonized by England Say the Figures.

Athens, June 14.—America's commercial supremacy in Greece, is threatened by England. Figures just published by Will L. Lowrie, of Elkin, American Consul-General to Greece, show that during the first eight months of 1920 Great Britain's exports to Greece were valued at 10 per cent more than the exports of the United States.

In 1919 the United States held the record, leading England by a good margin.

England also leads America in imports from Greece. American imports for the year fell off more than \$5,000,000.

The most notable decrease was in tobacco leaf, the 1920 shipments to the United States amounting to only \$10, 802,093, compared with \$22,873 in 1919.

Greece is the principal tobacco center of Europe and the great fields in Macedonia produce some of the finest leaf in the world.

Germany has made considerable progress in her efforts to establish herself in the Hellenic markets, her exports to Greece during the first eight months of last year being only slightly less than her exports for the whole pre-war year of 1913, and 40 times greater than her exports in 1919.

Shipments to the United States in 1920 of currants and figs showed a large increase as a result of a good crop and a favorable demand. Exports of animal skins, an important product of Greece, were much less than in 1919, owing to increased demand from German markets, which consumed a large part of the local stocks.

48 ADDITIONS AS RESULT OF MEETING

Series of Services Closed at Hollywood Schoolhouse Last Night—Great Work Done.

The series of meetings which have been in progress at Hollywood School House for the past two weeks closed with last night's service. There were forty-eight additions, twenty-eight to the Presbyterian church. The meetings were conducted by the Rev. F. H. Attergood assisted by William H. Sharpe of Pensacola, Fla., and Miss Vivian Johnston, of Carrollton, Miss.

Beginning Wednesday night this week there will be a Bible study class conducted at Hollywood with Mrs. J. Frank Brinkley as leader.

A series of meetings will begin at Mason's School House next Sunday afternoon at three o'clock conducted by Mr. Scattergood and his party.

INSIDE HOSPITAL FOR FIRST TIME

Quarter of Million People Paraded Through the Institutions of Chicago Today.

Chicago, June 14.—A quarter of a million people, many of whom had never been inside a hospital before, paraded through hospitals in all parts of the United States and Canada on the first National Hospital Day, according to a statement by Matthew O. Foley, executive secretary of the National Hospital Day Committee, today.

The National Hospital Day Committee still is at work on reports from institutions that participated in this first organized effort to make the public better acquainted with its hospitals and indications are that the "roll of honor" of institutions that were pioneers in this educational movement will reach the 2,500 mark.

Uncle Sam occupies a prominent place on the roll of honor, for according to reports from Surgeon General Cummings' office, every government hospital arranged a program for National Hospital Day.

After originating and organizing the movement that put an international holiday on the calendar in less than two months, the National Hospital Day Committee now plans a world wide Hospital Day observance. Mr. Foley is in communication with George Watts, president of the Incorporated Association of Hospital Officers of England, and other officials, relative to participation by European hospitals, and through church hospital affiliations plans similar observance in other parts of the world.

COL. BOY'S SKULL CRUSHED BY BAT

William Whichard Injured Saturday Afternoon—Parts of Skull Removed by Doctor

William Whichard, colored, aged about nine years, was struck on the head by a bat in the hands of a colored baseball man Saturday afternoon in the Mill Town district the result being that the boy is suffering from a depressed fracture of the skull. He was taken to the office of Drs. Skinner and Smith. After an examination it was found that an operation would be necessary. This was done late Saturday afternoon and several pieces of the skull removed. The boy is reported, is doing very well today and may recover.

RECOVERING TRADE

Liverpool, June 14.—Members of the Liverpool Steamship Owners Association, who have been in Hamburg recently, say they were struck with the rapidity with which the port is recovering its trade, especially during recent months and the extent to which the trade is being carried by American ships.

SHRINERS OWNED DES MOINES TODAY

In Advance of the Opening of the Sessions of the Imperial Council on Tuesday.

Des Moines, Ia., June 14.—Shriners of North America took possession of Des Moines today in advance of the opening of the sessions of the Imperial Council, Ancient Arabic Order, Nobles of the Mystic Shrine. The first sessions of the council will be held Tuesday.

The first special train to arrive brought a delegation of 300 from Murat temple, Indianapolis, Ind. A special train bearing Imperial Potentate Ellis Lewis Garretson and his party from Alft temple, Tacoma, Wash., another special train of eleven coaches from Salaam temple, Newark, New Jersey, and the special from Aloe temple at Savannah, Ga., were other early arrivals.

By tomorrow night more than 50,000 Shriners will be in Des Moines, and normal business will be suspended for the days of the session.

Especially heavy delegations are coming from the west and from the south. More than 6,000 members of uniformed Shrine organizations will be in line of march for the parades of Tuesday and Wednesday, in addition to thousands of members of marching clubs.

Tomorrow afternoon six hundred automobile loads of Shriners will make the trip to Ames, Ia., to make an inspection of the Iowa State College of Agriculture and Mechanical Arts.

One of the arrivals today was J. S. McCandless of Honolulu, Hawaii, Imperial Deputy Rabban of the order, who will be elevated to the office of imperial potentate at San Francisco next year. He is a representative of Aloha temple, Honolulu.

The council will take action upon the establishment of a great Shrine hospital for crippled children, the construction of which was decided upon at the last Imperial Council meeting, held at Portland, Ore., last year. The committee in charge of arrangements decided in favor of St. Louis, Mo., as the site of the hospital, but a movement has developed favoring the support of institutions scattered all over the United States rather than the maintenance of one great institution.

A number of cities are applicants for new temples, and have large delegations on hand. These include Syracuse, N. Y., Danville, Ill., Everett, Wash., Paris, Tex., Enid, Okla., Fort Dodge and Ottumwa, Ia.

TOHEZECHAIKAI IS STILL IN POWER

Continues to Grow in Russia—Has Become a Menace Even to the Foreign Trade.

Riga Latvia, June 14.—Newspapers in the Baltic states say that, regardless of reforms recently made in Russia by the Bolshevik regime, the power of the "Tohezechai" or Extraordinary Committee to combat counter revolution, continues to grow until it has become a menace even to the foreign trade relations of Russia.

This organization, commonly known as the "Cheka," acting independently of all other government departments, is credited by the papers here with the power to throw suspected persons into jail without preliminary trial, and even to order their execution with little or no hearing.

"In regard to the relations between the Soviet government and foreign countries," says the Riga Rundschau, "we must understand that as long as the Extraordinary Commission continues to act with supreme power and even with the right to oppose the plans of Soviet Russia government institutions, all trade and other treaties concluded between Russia and the west can lead to no definite or regular results."

"If the Extraordinary Commission would confine its arbitrary activity to internal affairs only, we might overcome the existing difficulties, but it is exactly in regard to the fulfillment of peace treaties and other agreements, that this almighty institution interferes with impunity. It is not necessary to enumerate here the various cases which justify this assertion. Hundreds of war prisoners, who by virtue of peace treaties should be released, are kept prisoners, by order of that body. Officers who are eligible for repatriation, cannot leave Russia. Trains with refugees are held up by order of this institution, revisions are made and many persons ordered to leave the train."

Little Bruin Says

Fair tonight and Wednesday. Cooler in east and central portions fresh northwest winds.
