PRICE FIVE CENTS

## SOLDIERS ORDERED TO WEST VIRGINIA

### 73 ROAD PROJECTS NOW UNDER CONSTRUCTION IN THE STATE, IS ANNOUNCED

According to Figures Given Out by the State Highway Commission Which Represents Total Mileage of 641.38, Costing Approximately \$9,524,804.58—State is Being Called Upon to Raise \$100,000 As a Memorial to this State's Soldiers Who Were Killed in the Late War World.

Raleigh, Sept. 2.—North Carolina is being called upon to raise \$100,000 as a memorial to this State's soldiers who were killed during the late world war, perfection of an organization for this purpose having been started by Jos. M. Prevette, with headquarters in Raleigh.

The movement has the backing of the American Educational Society which is attempting to create similar memorials in every State in the Union. Mr. Prevette is this week conferring with State Superintendent E. C. Brooks regarding the North Carolina memorial. Superintendent Brooks has been authorized to name 12 members who are to act as an advisory board for the \$100,000 fund. These appointments will be announced by Superintendent Brooks at an early date.

It is the purpose of the backers of the memorial to create a permanent fund of \$100,000 to be loaned to worthy boys and girls in North Carolina who are desirous of securing a college education. Money from this fund loaned to boys and girls to pay their expenses through college must be repaid during a period of several years, probably five years in small installments.

Trust managed to evade taxes, State supervision, federal supervision and other trouble some things. Instead of selling stock in the company they sold 'shares' as 'beneficial interests.'

### FIRST THREE TRAINS WITH TROOPS LEFT CAMP DIX 9:45

FIELD SPECS.

Here's the latest thing for those who watch the ponies run. The lens of the small field glasses are adjusted to the eye in the same way ordinary field glasses are. Your hand doesn't tire holding these.

### CAR FILLED WITH DEAD BODIES

Nineteen Army Airplanes Leave Roanoke for Scene—Secretary of War at His Office Early to Act Definitely if Occasion Arises—General Bandholt Perfecting Plans to Distribute Troops as they Arrive—Women and Children Fleeing from Region Occupied by Armed Bands.

Camp Dix, N. J., Sept. 2.—The first of the three trains carrying troops to the West Virginia coal fields left this morning at 9:45 o'clock.

Charleston, West Va., Sept. 2.—General Bandholtz is now perfecting plans to distribute the troops when they arrive. Communication to the front is cut off. The airplanes have arrived.

Stallbans, West Va., Sept. 2.—Women and children have arrived here in great numbers from the region which is being occupied by the armed bands of miners and traffic on the Chesapeake and Ohio halted. All fires are out.

Madison, West Va., Sept. 2.—A Chesapeake and Ohio train which the armed forces around Blair have been using passed through Madison today en route to Whitesville bearing a car filled with bodies of Whitesville men who were killed in the fighting on Blair mountain reports say.

Roanoke, Va., Sept. 2.—Nineteen army airplanes "hopped off" for the West Virginia strike zone today.

Washington, Sept. 2.—Federal troops have been ordered to the West Virginia coal fields but martial law has not as yet been declared. Men at Camp Dix, New Jersey and Camp Sherman, Ohio, are now entraining. The Secretary of War was at his office early this morning ready to act definitely upon the receipt of word that the arrival of troops had disturbed the area.

Logan, West Va., Sept. 2.—It is unofficially announced that there is heavy firing in Blair Mountain region. One reported killed. Five men were seen to fall while the couriers report a continual roar along the entire line. The airplanes say that the line is twenty miles long and that the men are fresh and amply supplied with ammunition.

Washington, Sept. 2.—Federal troops to the number of four thousand are now en route to the coal fields of West Virginia. Secretary of War hopes for no conflict on their arrival. The martial law proclamation is still being withheld.

Charleston, West Va., Sept. 2.—Vladiston Darocha, a miner, was killed because he refused to join the union his brothers said. The union heads have not been at their offices for the past several days.

### RALEIGH'S WATER SUPPLY GRADUALLY DECREASING

Four Educational Institutions in City Are Expected to Postpone their Opening Because of the Impending Famine—Meredith College Not to Open Until September 14—There is Little Change in the Situation—Help from the Skies the Only Solution.

AL "INGOOD"

Raleigh, Sept. 2.—The four educational institutions here are expected to postpone their opening dates because of the impending water famine which has relegated matters of State politics to the scrap heap for the last ten days.

Al Johnson is not Slubbed in Inland here. He says he's in good at Atlantic City where the sad sea waves offer relief from the heat. You know Al, of course—the comedian. "Slubbed" is one of his most famous parts.

Announcement has already been made that Meredith College will not open its doors until September 14, which is one week later than the date originally decided upon.

Other institutions, State College, St. Mary's school and Peace Institute are expected to make some announcement today.

There is little change in the water situation. The city's supply is gradually and surely disappearing. Help from the skies offers the only solution, it is declared in municipal circles, although former State superintendent, Jim Collier advances the theory that may save the capital from a genuine water panic.

Mr. Collier suggests that the city mains be connected with the three-deep artesian wells drilled at Camp Polk by the government during the war. This would replenish the supply. Mr. Collier argues although his suggestions have not been favorably received by the city commissioners.

Mayor Eldridge, who is at Blowing Rock enjoying the mountain air, has made no announcement as to when he will return to his post.

Neither of the local papers has yet called upon the Mayor to "Come Home and Take the Helm." It may be because there is not water enough to float the blamed old ship.

Promoters of the co-operative marketing movement for cotton and tobacco have issued their "victory statement" from the capital which indicates that the movement is bound to win in North Carolina. It is signed by J. Y. Joyner, E. W. Kilgore, A. W. Swain and Clarence Poe, for the committee.

"Four months ahead of time," says the statement, "you have reached and passed the goal you set for January 1, 1921 in the matter of co-operative marketing for cotton. Setting out to get 200,000 bales signed up, over 240,000 bales have been signed up before September 1, with every indication that 400,000 bales rather than two hundred thousand may be the New Year figure."

"In the tobacco sign-up you have made equally gratifying progress and while you decided on a much larger percent of the State's tobacco crop than was required for cotton there is every indication that the goal will also be reached weeks before the date named in the contract."

### GOVERNOR REFUSES TO SEND TROOPS

Declares He Will Take No Action in Concord Affair Until Sometime During the Day.

Charlotte, Sept. 2.—Governor Cameron Morrison refused yesterday to heed the Macedonian cry of fourteen Concord business men to send troops into their town and declared that he would take no action until tomorrow. The Governor roundly excoriated the law enforcement officers of the town and county and openly advocated turning out the sheriff and the chief of police, when the delegation from Concord called him at the Manufacturers' Club this afternoon. He dispatched Adjutant General Metts to Concord to keep tab on the strike situation while awaiting action of the executive committee of the textile unions in the strike area tomorrow on the suggestion of Conciliator Robert M. McWade of the United States Department of Labor, who has been in the section for several days, that the strike be called off, as he considers it hopelessly lost by the workers.

ROOT DECLINES.

New York, Sept. 2.—Elihu Root has declined the nomination as a member of the international court of justice under the league of nations because of his advanced age.

Walter Sheppard, of Farmville, is here today.

### S. S. ST. LOUIS IS A FLOATING EXHIBIT

Will Visit Fifty Foreign Countries with Sample American Manufacturers Soon.

New York, Sept. 2.—The American steamship St. Louis, fitted out as a floating exhibition hall with samples of the products of three hundred leading American manufacturers, will leave New York next January on an American sales promotion trip to 50 foreign ports. The slogan of the enterprise "I'll Tell the World" will fly from the forepeak. The trip will take a year. The exhibition space is equal to that of Madison Square Garden.

Although there are a few misgivings about the present being auspicious for such a trip, J. Herbert Anderson, the promoter, says it should be remembered that business conditions in some parts of South America are good and will be improved in 1922. Japan, China, India, Australia, Norway and Sweden have been to a degree free from much of the financial worry that followed the world war, he says, and the Balkan states should be a fertile field for the exchange of commodities. All these countries will be included in the itinerary of the St. Louis.

It is claimed that many of the smaller countries have considerable wealth and buying power and that the American manufacturers will lose out in those fields in competition with Europeans unless they get busy. Interpreters and credit men will be carried on the trip to assist the manufacturers' representatives in presenting their goods to foreign buyers and establishing sound financial relations. The St. Louis is at present being converted into an oil burner.

### LOVIT HINES DIES AT KINSTON HOME

Prominent Lumber Man and Founder of Hines Bros. Lumber Co.—Once Lived Here.

Kinston, Sept. 2.—Lovit Hines, aged 69, pioneer lumber man of this section of the state and well known throughout the lumber circles of the nation, died at his home here at 116 East Caswell street yesterday evening at 5:50, following a serious illness of several months and the existence of life throughout the past two weeks merely through his sturdy and determined fight. The death of Kinston's biggest lumber man and the head of Hines Brothers Lumber Company, organizer and public citizen, came as a shock to the entire city and section and will be a blow to his many friends throughout North Carolina and the nation. A man, the friend of all rich and poor, giver of charity of the most worthy kind, unaffected by publicity and shunning it, dearly loved by this community throughout his life, and one of the biggest men of this section of the state and instrumental in the upbuilding of the life of Kinston and Eastern Carolina. Mr. Hines put up a fight for life that surprised the physicians attending him for the past weeks.

Mr. Hines before settling in Kinston was a resident of Greenville and is pleasantly remembered by the older citizens. His death was learned with sorrow here.—Ed.

### NEAR 5,000 PERSONS AT THE OPENING

Of the Disciples of Christ Convention at Winona Lake, Ind.—Dr. Shamhart Attending.

The convention of the Disciples of Christ opened with a great Evangelistic conference. This is attended by evangelists from all states and Canada. It is international in scope and will cover all evangelistic activities of the church. Dr. George A. Miller, pastor Ninth Street Christian Church, Washington, D. C., and president of the International Convention, presided. The various departments of the church activities will have their day during the convention. The general boards of the United Christian Missionary Society made their reports today. All departments showed large gains both in offerings and in results of work. Today fifty-one missionaries are on their way to stations in various foreign nations.

The convention address was delivered by Dr. Miller the president. The great tabernacle seating ten thousand and people was well filled throughout the sessions of the day. In part Dr. Miller made three telling points: "Fellowship with all Christian Workers," "New Age" needs no new Gospel fit-operation in Services." He said this "New Age" needs no new Gospel fit to it, but the age needs to be fitted to the gospel.

### INTERNATIONAL FEELING AGAINST FOR WORLD LABOR KEEPING UP LIST

There is Now a Movement in London Looking Towards this End.

London, Sept. 2.—There is a movement on foot to establish a World Labor International. The British Labor Party has summoned a conference to be held in London early in October at which it is proposed to prepare machinery for the creation of a Labor International on lines sufficiently broad to admit not only the Moscow or Red International but the brotherhoods affiliated to the American Federation of Labor.

A social committee appointed at Vienna has already agreed to send a representative to the conference.

The modern girl wants fame, position, and material things—not love.—Francis X. Bushman, film star.

### FEELING AGAINST KEEPING UP LIST

In Scandinavian Circles France's Stand as to Black List is Meeting with Censure.

Copenhagen, Sept. 2.—In Scandinavian circles there is a growing feeling against the keeping up by France of her Black Lists, established by law of Feb. 15, 1917. These lists keep Scandinavian firms from doing legitimate business with their 'old customers, not only German customers, but firms in Scandinavia, firms of high repute and standing.

Financial and commercial circles in Stockholm and Copenhagen are now attempting to put pressure on the Swedish and Danish governments to move in this matter and demand of France the repeal of this war act.

Ed Matthews, of Washington, is a business visitor.

### JUDGE HORTON PROVING TERROR TO EVIL DOERS THIS TERM COURT

### HAS INVENTED A LAYING EGG BOX

Nanking, Sept. 2.—Prof. C. L. Thien of the College of Agriculture and Forestry, University of Nanking has invented a new egg laying box for the silk moth which it is believed may supplant existing methods of testing for Peking disease in the silk-worm. There have been two methods heretofore of making this test, one Japanese and the other known as the European method and it is said that serious drawbacks of both of these have been overcome by Professor Thien's invention.

The following cases have been disposed of in the Superior Court since yesterday's report.

- State vs. Roosevelt Moore. A. D. W. Fined \$50 and costs.
- State vs. Richard Barrett. Attempted larceny. Sentenced to four months on roads.
- State vs. W. J. Bryant. C. C. W. Fined \$50 and costs.
- State vs. James Brown and David Brown. A. D. W. Sentenced to 14 months on roads.
- State vs. John Stanley Smith. A. D. W. and C. C. W. Not guilty.
- State vs. Zeno Grey. Driving auto without license and A. D. W. Judgment suspended upon payment of cost.
- State vs. George Lay. Larceny. Judgment continued upon payment of costs.
- State vs. Russell Turner. Larceny. Not guilty.
- State vs. Rufin Artis. Larceny. Not guilty.

State vs. Letha Avery, Roy Jones and Marcellus Wilson. Manufacturing liquor for sale. Wilson and Jones not guilty. Avery guilty and sentenced to two years on the roads.- State vs. Tom Johnson and Oscar May. Affray. Sentenced to the roads for a term of one year each.
- State vs. Moses Peyton. A. D. W. Not guilty.
- State vs. Julius Knight. C. C. W. Not guilty.
- State vs. Moses Little. C. C. W. Sentenced to the roads for six months.
- State vs. O. H. Smith. C. C. W. Fined \$50 and costs.
- State vs. O. H. Smith. A. D. W. Judgment suspended.
- State vs. Moses Little. Resisting officer. Sixty days on the roads.
- State vs. W. H. Harrington. Burglary and larceny. Sentenced to the state prison for three years.
- State vs. Richard Barrett. Larceny. Sentenced to roads for four months.

### INDUSTRY FALLS UPON DEAD DAYS

Pearling Was Formerly One of the Principal Industries of the South Seas, Said.

Sydney, New South Wales, Sept. 1.—Pearling, formerly one of the principal industries of the South Seas, has fallen upon dead days because of the unsettled conditions throughout the world, James Clark, of Brisbane, who is known as the "Australian Pearl King," told a Royal Commission investigating the pearling industry here recently.

All pearling boats at Thursday Island are laid up and at Broome, Western Australia, only about 100 boats instead of 400 are working, Clark said. A contributing cause of the dimming of activities is the failure of Germany and Russia, to purchase a great amount of the pearl-shell, as they did prior to the war, he said.

"At present there is about 3,000 pounds worth of shell in the London market," he said. "This cost between 200 and 250 pounds a ton to produce and half that price. Another hand, it can be used by the Japanese of Trouschen shell in manufacturing buttons. Trouschen can be produced more cheaply than pearl. Another detriment is the fact that Americans are getting similar results from shells, produced by fresh-water mussels in the Mississippi and other rivers."

He suggested that the Australian government should take control and stabilize the pearling industry, pointing out that four-fifths of the world's supply of premier shell comes from the Commonwealth. He expressed the opinion that the government would be able to market the shell much more advantageously than private interests.

### FAMOUS MEADOW IS NOW FOR SALE

Where the Barons Wrestled from King John the Magna Charta in 1215—On Thames River.

London, Sept. 2.—Runnymede, a meadow on the bank of the Thames river, in Surrey, site of the historic battle where the barons wrestled from King John the Magna Charta in 1215, is for sale.

Attacking the government in the debate on the Corn Production Acts before the House of Lords, Lord Lincolnshire in the House of Lords declared the present ministry was preparing to sell the crown lands and said nothing remained but "to pawn the crown jewels."

Lord Lincolnshire referred to a catalogue of crown lands offered for sale and continued:

"Runnymede is lot 8 in the catalogue. There peers were encamped for the signing of the Magna Charta in 1215. Your ancestors, my lords, on that historic field saved the liberties of England. Now we are face to face with the fact that this historic field is put up for sale and will be knocked down under the hammer."

The second reading was agreed to without a division.

LITTLE BRUIN SAYS

Continued warm and generally fair weather tonight and Saturday. Gentle variable winds.

J. W. Coppedge, of Raleigh, is spending the day in the city on business.
