PRICE FIVE CENT

## UBAGEO OPENIG BREAK A SWR Average Twenty Cents; Approximately 500,000 Pounds Was Sold Today on the Greenville Market

Greenville News

GREENGILLE, N. C., TUESDAY, SEPTEMBER 6, 1921.

## **Other Municipalities** Expected to Follow the Fight Made by Durham

In the matter of Ten-Cent Car Fare - Durham's WAR VETERANS Case is of Wide Interest and the Corporation Commission's Decision May Start a Dozen Other Towns Towards the Capital with Petitions for Reductions in Their Car Fares - Case to Be Heard Thursday of this Week

Raleigh, Sept. 6 .- The city of Durham's decision t otake the offensive, in the fight which the Durham Traction Company has heretofore been making for ten cent car fare is experted to be followed by other municipalities in the State.

If any concerted effort is made on the part of the citles for a reduction

The Grade And Price Much Better Than Those of Last Year; All Are Well Pleased FV

Monte Grappa, Italy, Sept. 6.-This mountain, 5,000 feet h gh amid the rugged crags of the Alps, has just been the scene of a va t pilgrimage of 15,000 veterans of the world war, women and children, who for days have been climbing to reach the summit where the statue of a Madonna and child was reconsecrated in memory of the Italian heroes who fought in these mountain fastnesses.

Farmers from All Sections of Eattern Carolina Here for Opening Break-Concensus of Opinion is that Prices Will Become Stronger as Season Advances-Wilson Market Averages from 15 to 20c.; Rocky Mount Around 12 Cents-In All Probability There Will Be Block Sale Today -Good Breaks at All Seven Warehouses-Everybody Elated Over the Outlook Here

The unexpected has happened, and in consequence, everybody has a pleased and contented look on their face in Greenville today. This is due to the way tobacco sold on the initial break of the 1921-22 season this morning and this afternoon. While at this hour the indications point to a air services will use the regulation "block" sale, enough tobacco has been sold to give those mostly interested nomenclature. some idea of what this tobacco season will bring forth for the farmers of Pitt county and Eastern Carolina. To express the situation in a few words, The road to the summit is 18 miles everybody is pleased and delighted with the opening break, for today's sale ship. whereas the word "aircraft" in length and winds through passes. will average around twenty cents. As to the number of pounds on the seven should be employed. They say that skirts the edge of bottomless ravines warehouse floors those capable of judging say, it will aggregate a half milwhere to the south one sees the plains lion pounds; others, claim as much as 750,000 pounds. of the Isonzo to the sea, to the north

Standard Aeronautical Terms Compiled by National Advisory Committee.

Washington, Sept. 6 .- Standard aeronauitcal terms, devised and compiled by the National Advisory Committee for aeronaut cs, have been of ficially prescribed for use in the army and Navy. Hereafter, the new order states, the officers of the two

For sometime aerial experts point out, laymen have been calling anything that traverses the air an air all balloons, rigid and non-rigid airships, or lighter-than-air craft, are constantly being termed "blimps," a slang word now obsolete, but origiin an airplane fuselage slung beneath the gas bag. The word "hydroplane." has often been misused in refering to a seaplane; "hydroplane" designates a sea sled, which planes on the surface of the water but does not take the air. An airplane has been calling a boat a "aero" which, it is explained is as wrong as calling a boat a "water

ers of the World.

London, Sept. 6 .- William Lloyd. throat specialist, who far many years

treated Caruso, writes to the Daily

Mail that, comparing him with other

great singers, he found the following

haracteristics of the perfect singing

"The most striking feature was the

great length of the voca tube, the

distance from the teeth to the vocal

cords, in Caruso was at least half

an inch more than in any other great

"A second point was the length of

the vocal cords, on whose length

breadth and thickness the pitch of the

voice largely depends. The average

tenor I have examined.

(Special to Greenville News.) Raleigh, N. C., Sept. 6 .-- Unscrupulous men pretending to be eye specialists are operating in a number of sections of the State and fradulently advertising themselves as representatives of the State Board of Health according to reports which are reaching the board today.

Rumors of such operations have been received from the counties of Caswell, Buncombe, Wilkes, Cumberland and Wake. In all instances the reports indicate that operators have been visiting

rather than an increase there is every reason to believe that the State Corporation Commission will not be found boosting the fare at "every turn of the road" as one official erpressed it. The commission does not always listen to the "popular" voice any more than does Colonel Aus Watts, commissioner of revenue, and it cannot be successfully contended tha tall of the rulings handed down by the three corporation commissionbeen both cussed and discussed for and the seventh anniversary of the whole campaign. their attempts to regilate the prices first battle of the Marne in 1914. on telephones, railroads, car, lines and power companies.

This case will be heard by the com-mission Thursday of this week and its final settlement is expected to its final settlement is expected to start something between the traction companies and the public over the State.

Before the commission takes up th street car fight it hopes to make plain its ruling regarding the exception the city of Asheville filed to a recent

While the acts of the commission cannot be told in advance, or at least it would seem unethical to do so, the prediction that the city's exceptions will be overruled might not be the most unpopular thing sent out from Raleigh. In all probability this is exactly what will be done.

The commission may have the or-der ready late today or early tomorrow.

Governor-Morrison's return to the capital over Sunday from his vacation in Asheville was the biggest single news story of Labor Day. State departments, the supreme court building and other major offices about the capital observed hte holiday making an unsuccessful effort to keep cool. The governor and the treasurer were at their offices most of the day, but there was little boundary line near here. business transacted.

Tobacco began arriving in town yesterday and there was a continual stream of carts, wagors and automobiles loaded with it all during the night nally used to designate a non-rigid and early this morning. Not only is there a big amount of tobacco here airship driven by an engine installed but there are thousands of farmers and visitors from all sections of the county and counties adjoining.

As to the average for today's sale, at this writing, the price is only conjecture as there have been no official figures given out. In all probability it will be tomorrow before the exact average price is known. Some of the tobacconist say the sale will average around twenty cents; others, eighteen cents. All agree, however, that the prices today were satisfactory and The words "aeroplane." hydro-airmuch better than the most sanguine anticipated.

plane" and dirigible." have been done Not only were the prices pleasing to the farmers and others concerned, away with and "airplane," "seaplane" but the grades offered for sale were better than looked for. Of course there and "airships" have taken their was a lot of common tobacco on the floor as is the usual custom on opening places. day. The tobacconist believe that the prices will become stronger as the season advances. If the farmer will only market his tobacco slowly and CARUSO PERFECT cautiously the corsensus of opinion prevails among the "knowing ones" he will benefit thereby.

Greenville looks like a different place today from yesterday. Everything is on the go, pleased countenances greet you. The tobacco opening here today was almost as welcomed as a good heavy rain would be to the people of Raleigh just about now.

Over long distance 'phone just before press hour The Greenville News learned that in Rocky Mount there were 250,000 pounds on the warehouse floors and that the average price was about 12 cents. In Wilson the average was from 15 to 20 cents.
