PRICE FIVE CENTS

CHINESE BILL RIGHTS FAVORED BY JAPS; NO DETAIL TALK IS LIKED

SPECIAL FAVORS IN REPUBLIC NOT CLAIMED BY APS

Japanese Delegation to Arms Meeting Makes Statement of Attitude
EMANCIPATE CHINA
Follows Lead of United States. France and Italy's Naval Claims Studied.

WASHINGTON, Nov. 19.—(Associated Press)—Japan joined with the other powers today in an expression of sympathy for the national aspirations of China and added a postscript regretting any tendency toward a detailed examination by the arms conference into "innumerable minor matters in the far east."

In a statement omitting mention of specific points of controversy between the two countries the Japanese delegation informed the conference delegates that their government claimed no "special rights and privileges" in the procurement of raw materials from China, harbored no "policies of territorial aggrandizement" at China's expense, and was ready to join any readjustment of extraterritorial rights which appeared "fair and satisfactory."

To enter upon an examination of detail however, the statement declared the attempt would likely result "in undue protraction of discussions"—a reiteration of objection Japan has repeatedly expressed regarding many controversies in the far east.

In turn, England, France, Italy, Portugal and others expressed a desire of emancipation of China through preserved territorial integrity, a general position already having the adherence of the United States. Then the committee adjourned until Monday when the discussion of principles is to give way to a more detailed consideration of China's declaration of rights.

The session of the committee was the only formal action of the conference today although all the national groups conferred informally among themselves and there was a conference late in the afternoon between Secretary Hughes, Japanese J. Balfour, and Admiral Baron Kato heads of the American, British and Japanese delegations. At three o'clock the inference was drawn that they had to consider further plans of procedure for the naval arms negotiations.

LIVE STOCK BODY MEETS NEXT WEEK

The annual convention of the State Livestock association will be held at Elizabeth City November 30 to December 2, inclusive, and indication at this time are that quite a number of Pitt county farmers will attend the gathering.

HOLD DURHAM MAYOR FOR VIOLATING THE NARCOTICS STATUTE

DURHAM, Nov. 19.—(Associated Press)—Dr. John H. Manning, mayor of this city and brother to Attorney General J. S. Manning, of Raleigh, was arrested here today by department of justice agents on a charge of violating the Harrison narcotics law. The mayor waived a preliminary hearing and was released under \$10,000 bond signed by friends for his presence at federal court in Raleigh Tuesday.

STATE GETS TOP FOOTBALL HONOR

No Longer Any Doubt As it Has Best Intrastate Record—Yale Beaten.

RALEIGH, Nov. 19.—(Associated Press)—North Carolina State college today won the undisputed championship of the state by defeating Wake Forest 14 to 0 in the last intrastate game of the season.

Wake Forest was kept on the defensive during the entire game, making only four first downs, not being able to work the ball within its opponents 40 yard line.

It was a last period victory in which a touchdown by Owens, a goal kicked from it by Hewell and a goal from field by Owens gave the team of Captain Keith 10 points which surpassed the three gained by Yale through a field goal by Capt. Aldrich in the first quarter.

The Harvard victory was unexpected, generally coming at a close of an in and out season for the Crimson and a previous undefeated season by Yale and caused a triple tie among the big three. The game was played before a crowd of 50,000.

WASHINGTON AND LEE EASY FOR ENTER TEAM LOUISVILLE, Nov. 19.—The Center college "Praying Colonels" scored an easy victory 25 to 0 victory here today over Washington and Lee in a game slowed down by a soggy gridiron. Center used the aerial attack with a mixture of straight football. Snoddy made two touchdowns while McMillan and Roberts made one each. The General stalled to make any consistent gains.

DETOUR GIVEN ON PITT ROAD

Travelers from Ayden and Winterville to Greenville will take either the Tar road at Winterville or the old road and detour to the left of Read's Branch church and enter the brick road at frog level and thence to Greenville by the brick road, according to a detour notice issued yesterday by W. H. Rogers, Jr., resident engineer of the state highway commission.

The entire new road will be blocked out from Winterville, due to the construction having passed any point where traffic can be detoured more conveniently than outlined above. The public is asked to take note of the detour and thereby prevent having to turn back and go out of their way. The entire new road from Winterville to Greenville is closed.

To Meet Monday. The social department of the Missionary society of Jarvis Memorial church will meet Monday afternoon at 3:30 o'clock in the ladies' parlor at the church. It is the last meeting of the year and a full attendance of the membership is desired.

Mrs. Dorothy Norman, has gone to Kinston for the week-end to visit her sister, Miss Mary Perkins. Norman who is teaching school in that city.

The Big Four Take a Stroll—Looks Like Spring.

Balmey weather in Washington. Here are the "Big Four" of the arms conference taking a stroll between sessions. Notice they're hatless. Left to right are Prince Takugawa of Japan, Arthur J. Balfour of Britain, Charles E. Hughes, United States, and Aristide Briand, France. Balfour looks like he's finding it difficult to understand a Japanese joke, while Briand seems to savvy Hughes' point.

MAKE PLANS FOR ROLL CALL CLOSE

Workers in Red Cross Roll Call Drive Asked to Meet Monday Night.

Every worker in the Red Cross roll call campaign in Pitt county is urged to attend the final rally of the various committees and officials at the office of the chamber of commerce Monday evening at 8 o'clock. The roll call is lagging, lagging badly, in Pitt county and it is going to be necessary for a quick, intensive work during the next few days if the membership goal of 3,500 is reached. The total yesterday was considerably behind the mark set.

That the Red Cross has been doing, is doing and will continue to do good work in Greenville and all other sections of Pitt county is generally admitted, but for some reason, workers have been unable to devote as much attention to membership solicitation as is necessary to get desired and expected results.

Chairman J. C. Kaskins is very anxious that each and every worker named in his original announcement, including those of churches and other organizations in city and county, attend Monday night's meeting. At that time it is expected that plans will be mapped out whereby the effort can immediately be put over.

"We've got to work and work hard, if we want to overtake a fall down," said Mr. Gaskins yesterday. "We've got plenty of workers but we must pep 'em up and get them out after the dollars early next week. Pitt county has never yet failed to do its part toward the Red Cross and has no intentions of breaking her good record at this late date. We want 'em all there, want 'em there on time and promise not to keep them very long." There is the pronouncement of the chairman; the only thing needed to assure the success of Monday's meeting will be the presence of the workers.

Memorial Organ Ready Shortly

Work of installing the Hooker memorial pipe organ in the Eighth Street Church of Christ, Disciples, is progressing favorably and the magnificent instrument will soon be in service, it was stated by officers of the church yesterday. The organ was purchased last July and it is believed the installation will be completed in time for it to be used next Sunday.

The organ was given the church as a memorial of the late T. M. Hooker by Mrs. H. L. Coward, Mrs. J. L. Wooten, Mrs. E. G. Flanagan, and J. E. Hooker and W. E. Hooker, sisters and brothers of the deceased. The instrument was purchased at an outlay of \$6,500 from the Hall Organ company, of West Haven, Connecticut, and it will constitute a very valuable addition to the church.

Already plans are underway for a festival at the church as soon as the organ is installed and the choir has had time to prepare a program.

NEED MANY ROOMS FOR FRIDAY NIGHT

Ex-Servicemen Have to Meet Clean Up Squad Must Have Quarters.

Not near enough rooms have yet been promised by the people of Greenville for the ex-servicemen of Pitt county who will spend next Friday night in the city while the clean up squad of government agencies, the Red Cross and the American legion, are hearing their claims for adjusted compensation.

The squad will spend Friday and Saturday, November 25 and 26, in Greenville and hundreds of ex-fighters will probably have to spend Friday night in the city. Knowing this the chamber of commerce sometime ago urged people of the city who have rooms, regardless of whether they make a practice of renting them, to place them at the disposal of the ex-soldiers, but so far the number registered with Secretary Smith is pitifully inadequate. It was stated last evening, and unless there is a more general disposition to help the men who are seeking needed and earned compensation from the government, many of them will be unable to remain here and press their cases.

It is earnestly desired by legion officials as well as by the Red Cross and chamber of commerce that every person who has a room available for use that one night, next Friday, communicate with the chamber early Monday morning. It is vitally necessary that all arrangements be perfected in advance of the coming of the squad hence the early registration of available sleeping quarters.

CITY COURT HAS LENGTHY DOCKET

Mayor Clark Disposed of Number of Cases at Session on Saturday.

Mayor D. M. Clark held the regular session of the city court yesterday morning and he handled an unusually large docket. Fifteen cases in all were heard, and fines and costs, or bonds for appearance at a higher court were imposed in 14, a continuance being ordered in the fifteenth.

The docket yesterday was as follows: Hubert Bass and Quiller Lungsford, trespass, \$10 fine and one-half the costs each. A. L. Harris, building without a builder's permit, costs. Harvey Outerbridge, assault, \$25, and costs. Raymond Waddell, vagrancy, \$30 days on the county roads, on the county roads, and costs. Raymond Waddell, disorderly conduct, 30 days on roads. Lillian Baker, reckless driving, continued.

Sterling Gorham, receiving, transporting and possessing intoxicating liquors for the purpose of sale, bound over to county court under \$200 bond. Bill Allen, insufficiently lighted automobile, costs. Manasas Rogers, carrying a concealed weapon, bound over the county court under \$100 bond. Sterling Gorham, crossing Five Points without stopping in violation of city traffic ordinance, costs. Willie Rogers, drunk and disorderly, \$10 and costs.

PHILLIPS TALK MADE REAL HIT

The following, taken from the account of Friday's Rotary district conference at New Bern appearing in yesterday morning's issue of the New Bernian, will be of interest to people of Greenville since it deals with the address of Sam K. Phillips:

"It was an impressive address, and one that found ready response in the hearts of his hearers that Rotarian Phillips gave on Rotary boy's work. Rotary is a service station that stays open twenty-four hours a day, he told the conference, and no cause has greater claim on that service than work among boys. To successfully work with the boy, he said, it is necessary to know him. And he interpreted what he considered the five ways to vet this knowledge.

"In the first place, Rotarian Phillips warned, don't let the boy spirit in you. No man can come in sympathetic touch with the boy who does not first nourish the boy in his own self. Know the boy at home; at school; in his play life; and at church if you would win his confidence, he asserted."

QUAIL HUNTING LEGAL ON AND AFTER MONDAY. Oil up the old shot gun, get some shells, dig up the leggings the kaki suit and hunting cap—it is open season on Bob White effective tomorrow. It is really permissible to hunt quail in Pitt county on and after November 20, but then as the twentieth happens to be Sunday, slight hunting will be done.

If the weather man acts anywars near decent, a lot of hunting will be done Monday, and those going out are cautioned to disguise themselves well—early hunters see some queer things, or at least have peculiar vision.

Glee Club At Local College

The Wake Forest college glee club and orchestra will give an excellent program in the auditorium of the East Carolina Teachers Training School, next Wednesday evening at 8:30 o'clock. The college organization has a delightful repertoire of songs, or orchestra numbers, "stunts" and other glee club features, that make their program enjoyable to old and young big and little.

The glee club and orchestra this season is said to be superior to any put out by the big Baptist college in a number of years and it is being brought to Greenville by the senior class of the training school. Tickets have been placed on sale at the store of the Warren Drug company and indications are that a capacity audience will attend the attraction.

MORE TESTIFY IN THE ARBUCKLE CASE

SAN FRANCISCO, Nov. 19.M.—Grace Holstead, a nurse who attended Miss Virginia Rappe at the time of her death in a sanitarium here testified today in the Roscoe Arbuckle manslaughter trial that the bruises found on the girl's body could not have been inflicted after her death. Miss Holstead's testimony was brought out by the prosecution in an effort to combat statements of physicians yesterday that the bruises might have been caused after death while the blood was still warm and circulating.

LABOR APPROVES PLAN OF NAVAL LIMITATION ADVANCED BY BRITAIN

LONDON, Nov. 19.—(Associated Press). A manifesto issued today by the labor party on behalf of the whole labor movement of England promising support of any step that may be necessary of the American proposal for naval armament reduction effective and called for the extension of the proposal to all forms of armament.

The text of the manifesto declares the labor movement "welcomes and accepts wholeheartedly the program of substantial and progressive reductions proposed by the United States at the opening of the present conference and will support any measure necessary on the side of Great Britain for giving effect to the program."

PHILLIPS TALK MADE REAL HIT

The following, taken from the account of Friday's Rotary district conference at New Bern appearing in yesterday morning's issue of the New Bernian, will be of interest to people of Greenville since it deals with the address of Sam K. Phillips:

"It was an impressive address, and one that found ready response in the hearts of his hearers that Rotarian Phillips gave on Rotary boy's work. If the weather man acts anywars near decent, a lot of hunting will be done Monday, and those going out are cautioned to disguise themselves well—early hunters see some queer things, or at least have peculiar vision.

Tells Best Methods of Fighting Boll Weevil

Since the dreaded Mexican boll weevil has invaded this section of North Carolina, a statement prepared by C. B. Williams, chief of the division of agronomy of the North Carolina extension service, for the Pitt county chamber of commerce for the information of its members as well as all other cotton growers in the entire section, will be of wide interest. The statement of Mr. Williams gives the best methods of fighting the weevil and also informs planters of the manner in which the destructive insect may be successfully combated. The article follows:

"Since the boll weevil reached this state in 1919, our farmers have been anxious casting about in their minds as to how they may most effectively combat and overcome, or certainly materially reduce the ravages of this pest when it reaches their own community. Many have already done this, in fact were practicing methods before they ever heard tell of the boll weevil will go a long way to safeguard them against the attacks of this much-dreaded enemy of the cotton grower. The use of good crop rotations; of better and more intelligent fertilization; of early and thorough preparation of the land; of a good seed bed and the use of the best adapted seed; of frequent and thorough preparation of the crop after up to keep it growing vigorously from the start; and of many other practices the best farmers of the state have already put into use on their farms. As we see it, there is no reason of

TAX MEASURE TO BE PASSED WHEN CONGRESS RESTS

Revision Measure Went Through Third Re-Writing During Yesterday

BACK TO HOUSE

Five Conferees Sign, Democrats and Senator Smoot Refusing to Act.

WASHINGTON, Nov. 19.—(Associated Press).—The tax revision bill came through its third re-writing today and will be returned to the house on Monday. Republican leaders are hopeful that the final step in its enactment can be taken in time to permit congress to end its special session Wednesday as planned.

Only five of the 10 conferees on the bill have signed the conference report. The Democrats refused to sign and one of the Republican managers, Senator Smoot, of Utah, proponent of the sales tax, withheld his signature. He said it was his intention to study the bill to see if it was any improvement over existing law before giving it his approval.

Opposition to some features of the bill is expected to develop in both the house and the senate. House leaders planned however to put the bill through the house Monday after four or five hours of debate but the senate will have two days to consider it before the time for adjournment.

The house and senate conferees fixed the corporation income tax rate at 12 1/2 per cent, the figure in the house bill; agreed to the present tax of \$2.20 a gallon on distilled spirits, with a provision for an additional tax of \$4.20 a gallon on such spirits diverted for beverage purposes; retained the \$3,000 exemption allowed corporations, which does not apply in the case of corporations having incomes of \$25,000 or less.

Chairman Penrose, of the senate managers, said the bill as finally amended was "entirely adequate" for the immediate revenue needs of the government but he would make no estimate of future needs.

Two Deeds Filed During Saturday

Two deeds were filed to be recorded at the office of the register yesterday. They were:

W. J. McLawhorn and wife to J. T. Braxton, lots one, two, three and four of the McLawhorn property in the town of Winterville, \$1,200.

Richard M. Johnson and Fannie Johnson to P. R. Hines a lot in Ayden, exact location not stipulated, \$50 and other valuable considerations.

Miss Estelle Meekins left Saturday afternoon for Washington, where she will spend the week-end with parents.
