

PROBLEMS OF FAR EAST TO COME UP IN ARMS MEETING

Chinese Attitude Remains Firm, And Withdrawal is Even Mentioned.

IS BIG QUESTION

Precedes Land Armaments in Plans to Be Taken Up by Conference.

WASHINGTON, Nov. 24.—(By Associated Press)—The far eastern negotiations, complicated by a disagreement over the meaning of the general principles, already adopted, will again become the live issue of the conference when it resumed work tomorrow.

How acute the divergence of view over application of the four principles might become was problematical tonight but the Chinese in particular seemed to regard it as a fundamental obstacle to the agreement regarding the status of China. Some officials of the Chinese delegation even went so far that there would be nothing left for them but withdrawal should the British suggestion receive full approval of the powers.

As the opinion held was apparent, unanimity by the delegates of all the nations concerned, however, was that that the issue would be so handled as to preclude such an impasse for the present, at least.

As these views were, briefly, that the open door policy defined by the principles included Chinese acceptance of the consortium and the polling of the operation of railway concessions a reposition the Chinese would mean the internationalization of China.

It was uncertain tonight whether the subject will come before the committee tomorrow. For their part the Chinese were said to feel they could not raise the point with propriety because the views attributed to the British were not yet officially before the far east committee.

A somewhat similar position was taken by the other delegations, and so it appeared possible that the disagreement might wait further development until future discussion.

The specific subjects selected for discussion at tomorrow's session is China's request for abolition of the system of "extraterritoriality" under which the foreign powers have set up their own courts in China to handle cases in which the respective nations are involved.

Among some delegates there was a belief that other Chinese matters might be reached tomorrow bringing the delegates face to face with some of the most complicated questions of the whole negotiations.

Meantime naval experts will continue their work on details of the American reduction plan, and the land armament negotiations will wait, the more pressing topic of discussion to be disposed of.

Thanksgiving day was observed generally as a holiday by the delegates, who welcomed the relief from the constant pressure which has carried the armaments negotiations forward at an unprecedented pace.

LITTLE GIRL DIES FROM GUN WOUNDS

KINSTON, Nov. 23.—A loaded gun in the hands of Andrew Gurganus, 5, caused the death of Leitha Mae Justice, 9, at the home of the boy's parents near Jacksonville, N. C., according to relatives returning here today from Onslow county. The children were playing together Sunday afternoon when the tragedy occurred. The boy said he had not intended to point the gun at the victim, for whom he appeared to have a fondness. Stricken with regret, the 5-year-old boy said he hoped he might die also. The little boy's distress added to the sadness of the occurrence.

The body of the victim, the curly-haired daughter of Mrs. Celia Justice a widow of this city, was buried at Verona, in the private cemetery of the Justice family.

Elizabeth City, Nov. 23.—For the last few days the city water has had a decidedly salty, brackish taste, due, it is believed, to the backing up of the Albemarle sound water into the Knotts creek watershed as the result of continued south and southeast winds. It is rumored that certain beverages made in the nearby swamps in defiance of the eighteenth amendment have this peculiar flavor.

FATTY ARBUCKLE WANTS TO RELATE FACTS OF PARTY

But Counsel Has Not Yet Decided Whether He Will Be Permitted to Do So.

MORE SUMMONED

Covey of Film Folks Ordered From Los Angeles—Defense Active.

SAN FRANCISCO, Nov. 23.—(By Associated Press)—Continuation of defense medical expert testimony is scheduled for tomorrow in the trial of Roscoe C. Arbuckle on a charge of manslaughter growing out of the death of Miss Virginia Rappe, motion picture actress. Alice Lake, motion picture star, and least nine others, are expected to be present from Los Angeles, prepared to testify, but the defense has not indicated whether it will call Miss Lake.

The defense is endeavoring to prove the injuries which caused Miss Rappe's death did not result from the attack Arbuckle is alleged to have made on her, but may have been purely internal or spontaneous in character. One defense expert testified on Wednesday, that under certain conditions the injuries could be caused by hysteria, intoxication or shock.

No decision has been reached as to whether Arbuckle shall take the stand. Gavin McNab, chief defense counsel, announced today. The defense attorney said Arbuckle was "extremely anxious" to testify but the advisability of his so doing had not yet become apparent.

The time it will take to complete the trial was a matter of conjecture today, but counsel for both sides indicated that at the present rate of progress it would be concluded within 10 days or two weeks.

DESERTER CAUSED SOME FEW THRILLS

SHANGHAI, Nov. 24.—Amos E. Norman, who was an American soldier in the 15th Infantry at Tientsin, has proved himself the most dramatic figure of recent criminal annals in China and after holding the interest of foreigners generally in China for a period of thirty days he has been taken in charge by the army authorities and is to face court martial.

Norman was arrested as a deserter in Shanghai last spring and escaped from his captor spy leaping from a second story window. It was then found that after he had suit the army he had retained his own name and has been able to obtain a position in the Chinese customs service. He was arrested again in August and in the first week of September with a companion, Henry Muncie, who was also being held as a deserter from the 15th infantry he carried out a sensational escape from the American prison after he had dashed ammonia into the face of his jailer. Muncie was arrested shortly after the two escaped, but Norman remained in hiding and when a Russian girl with whom he was infatuated was arrested as a accomplice in the prison break, he made a remarkable effort to shield her from the blame, by means of daily letters that were addressed to the authorities through a newspaper. It was through these letters that the police of the International Settlement at length were able to ferret out his hiding place.

FINDS PEOPLE OF GERMANY AT WORK

SHEFFIELD, ENG., Nov. 23.—Lord Haldane, who was in Germany a week or so ago says he found the Germans working hard. They had put aside all thoughts of armaments because they realized that armaments did not pay.

They realized, however, that something which would pay was the application of the science which they had learned before the war and which they would have applied in peace, if they had not been interfered with by a small military party.

Now they were determined to be free from interference of the military party. The output of scientific books had become enormous. All classes of people were working hard, and unemployment hardly existed.

They had no money except paper, which had badly depreciated, and to restore their normal condition they had found work by taking in other peoples washing. He said he saw a large number of ships from Tyneside being repaired in German dockyards because German dockyards could do the work cheaper than the British workers.

MOSCOW, Nov. 23.—Russia will be on her feet again and take her place among the wealth-producing nations of the world within the next four or five years, says Bela Kun, formerly Hungarian Communist leader. He is now living with his wife and child in a small house attached to a hospital in the outskirts of Moscow.

Let's Hope She Doesn't Stumble Over Anything

THANKSGIVING WAS QUIETLY OBSERVED

All Business Suspended in City—Hunting and Motoring Enjoyed.

Thanksgiving passed quietly in Greenville. With stores, banks and other places closed and only a motion picture operating, citizens had more time than anything else on their hands. Many went hunting several attended the Virginia-Carolina game at Chapel Hill, but the majority just stayed at home.

Services in several of the city's churches yesterday morning drew large congregations and with a plea for the orphans given particular attention, the gifts to the various institutions were large. The services exemplified a spirit of thankfulness for the past year and of prayer for a continuation of divine mercy.

Turkey dinners in various eating places attracted many after the church services. Automobile and horse back rides during the pleasant afternoon drew hundreds out of the city and on the good roads of the county. The weather was exceptionally kind, providing an ideal autumn day for the great holiday, a feature that added to its enjoyment. The air contained just enough of that crisp tinge to make walking delightful, and pedestrians took in many parts of the city during the afternoon just to get the exercise.

Nothing of an exciting nature took place, chiefly because everybody was taking a holiday a full and complete day of rest and recreation. It was like Sunday, save for the men seen going to and returning from hunting.

Oust Great Railway.

DETROIT, MICH., Nov. 23.—Recent decision at the polls on the part of Detroit voters to oust the Detroit United Railway from parts of Woodward avenue and Fort street, two of the city's most important thoroughfares, marked another step in the long fight for a complete municipal street railway system.

An Old Grad.

PROVIDENCE, R. I., Nov. 24.—Brown University lays claim to having the oldest graduate of any American college, John Hunt, of Springfield O., 99 years old on Oct. 17, was graduated from Brown in 1942, nearly two decades before the civil war began. He was born in Lowell, Mass.

Faith In Russia.

MOSCOW, Nov. 23.—Russia will be on her feet again and take her place among the wealth-producing nations of the world within the next four or five years, says Bela Kun, formerly Hungarian Communist leader. He is now living with his wife and child in a small house attached to a hospital in the outskirts of Moscow.

BIG AUTO RACE ON AT LOS ANGELES FOR TODAY

LOS ANGELES, Nov. 23.—A field of more than fifteen well known auto racers of America and Europe is expected to complete for honors and prizes aggregating \$35,000, in the annual 250 mile auto race to be held Thanksgiving day, Nov. 24 on the Beverly Hills race track, according to Secretary A. M. Young, of the Los Angeles Speedway Association. The feature of the race is expected to be the struggle between Roscoe Sables and Tommy Milton for the 1921 national championship. Sables went into the lead over Milton by 265 points when he won 150 mile auto race at Cotati, Cal., on October 23.

HAS HIGH OPINION OF THE EGYPTIAN LEADER

LONDON, Nov. 23.—Major Barnes, has a very high opinion of Said Pasha, Zagloul, the Nationalist leader in Egypt. He describes him as the "Lloyd George of Egypt" and says that for the government "to ignore him in our negotiations about Egypt is simply to deliberately pursue a policy of disaster."

With several members of Parliament Major Barnes recently went to Egypt at the request of the Egyptian parliamentary party to study the political situation there. He has just returned to London.

KIWANIS CLUB TO GATHER TONIGHT

Session at Eight Street Church at 6:30 O'clock—Program is a Good One.

The regular meeting of the Greenville Kiwanis club will be held at the Eight Street church of Christ, Disciples, this evening at 6.30 o'clock with Ed. Joyner in charge of the program. The eats will savor very strongly of the Thanksgiving season, it is promised.

At the last meeting of the club a committee was named to work out plans for getting a permanent meeting place for the club, and this body is due to make its report this evening. Whether the Kiwanis club will build or rent has not been intimated, but the members of the organization are determined to quit "visiting about" to hold their sessions.

Various other committees are due to make reports and it is likely that a general discussion of various affairs will be had. It will be noticed that the hour is earlier than that at which the club has been meeting and the 6.30 time will be followed through the winter.

PENN STATE ELEVEN TO PLAY WASHINGTON DEC. 3

SEATTLE, WASH., Nov. 23.—University of Washington's football team meets an almost traditional rival in the Stadium here December 3, when Coach Hugo Bezdek brings his Pennsylvania State eleven to meet the Sun Dodgers in the second inter-sectional gridiron struggle played in Seattle.

On the basis of early season results, Penn State will be the stronger when the two teams begin play December 3. But one team had been able to score on Bezdek's crew this fall until the Nittany Lions met Harvard, October 22. Bezdek's men had the edge on the Cambridge eleven until the closing minutes of the contest, when the Crimson put over the tying touchdown of a 21-21 score. October 29, in its first inter-sectional game, Penn State defeated the strong Georgia Tech eleven, 28 to 7. The records of the team this season include victories over Lebanon Valley 53-0; Gettysburg, 21-0; North Carolina State, 35-0 and Lehigh 28-7.

Accidents Numerous.

NEW YORK, Nov. 23.—An accident occurred every 20 minutes on the streets of New York last year. There were 27,550 vehicular accidents, which killed 864 persons and injured 17,133 men and 6,146 women. Private cars were in 7,608 of the mishaps, business automobiles in 3,423 and taxicabs in 1,281.

CLEAN UP SQUAD STARTS TO CLEAR CLAIMS OF VETS

Work to Be Done at Courthouse by Party Representing Veterans' Bureau.

CUTTING RED TAPE

Instances of Work Done by Clean Up Squads Show Work's Importance.

The clean up squad, representing the veterans' bureau and here to aid Pitt county ex-service men in getting their compensation claims settled, will start work at the courthouse this morning. The squad arrived Wednesday evening but undertook no work yesterday, spending the day quietly and at ease. The party will devote today and tomorrow to the cause of Pitt county's veterans, going to Elizabeth City Monday to conclude its stay in the state.

Some interesting results obtained from the clean up campaign now being conducted by the U. S. veterans' bureau for the benefit of the disabled ex-service men are shown when two cases referred to the claims division of the district office in Atlanta by the Florida clean up squad on November 9 were disposed of within six days after the date of their receipt, the first check for compensation being mailed on November 15.

Another case referred by the Georgia clean up squad, received November 9 was disposed of November 15. This is extremely gratifying and evidence that the action of congress in establishing the U. S. veterans' bureau was a wise one as it gave authority to the district office to dispose of cases which enables the disabled men to get prompt action and avoids all the unpleasantness of protracted delay in the adjustment of the case.

These cases were received in proper form and properly executed. This was the potent factor in the prompt adjustment of them and by far the majority of the claims referred to this bureau are incomplete and require considerable correspondence before all the necessary papers are on the case which will enable the U. S. veterans' bureau to act on it.

This kind of service to the disabled men as a result of the clean up campaign is indicative that the U. S. veterans' bureau is making a determined effort to carry out its policy of expediting the disposition of all cases of those ex-service men who are disabled in the recent world war.

BLACK FAORED COLOR WITH PARSIAN MODISTES

PARIS, Nov. 24.—Black remains supreme in the fashion world of Paris. Despite a severe onslaught by advocates of color, the supreme council of style has been forced to retain the conventional black as the dominant motif of all fall and winter modes and there is every indication that colors, except in minor trimming effects will not be able to challenge black until late spring.

Adopted at a time when economy was the guiding idea of all feminine purchases, black has come to be regarded as the most becoming color. French women say it is alone in lending itself to striking effects.

To Improve Animals.

CHICAGO, Nov. 23.—The International Live Stock Exposition at the Union Stock Yards, Nov. 26 to Dec. 3, was instituted primarily for the improvement of domestic animals but it has, in the two decades of its successful operation, acquired other phases until its many diversions place it in the front rank of national entertainments, in addition to its standard educational features, according to officers of the exposition. During the evening spectacles, there will appear the aristocracy of the equine species—a horse show with the added attractions of cattle and sheep. Here the east and west will actually meet, the cow pony contesting popularity with the blooded riding horse the coacher and the jumper.

PERSONALS.

Mrs. W. H. Woolard, with her two children, William and Mary, left by way of Norfolk Southern yesterday morning for Vandemere to spend the week-end with her mother, Mrs. Ives, in Pamlico county.

Miss Iris Ives one of the teachers in the school at Chocod, is spending Thanksgiving at her home near Bayboro.

Mr. and Mrs. G. M. Holden, of Farmville, were in the city last evening to attend the attraction at White's theater.

CAROLINA BEATS VIRGINIA 7 TO 3 IN GREAT BATTLE

Captain Lowe's 30-yard Dash Around Virginia's Right End Brought Victory

EXCITING WIND UP

Virginia Had Ball on Carolina's Seven-Lard Line at Close, But Pass Grounded.

CHAPEL HILL, Nov. 24.—(By Associated Press)—North Carolina beat Virginia 7 to 3 today. Captain Lowe made Carolina's only score in the second period by a 30 yard run around Virginia's right end materially aided by the fine interference of McGee.

Virginia had scored her three points by a field goal in the first quarter. The most exciting moment of the game came in the last minute of the last quarter when Virginia reached North Carolina's seven yard line. Knowing there was only a fraction of a minute to play and not being willing to trust to straight rushing, Virginia tried a long forward pass over Carolina's right end. The pass grounded, giving the ball to Carolina on Carolina's 20 yard line. Two or three rushes more and the game was over.

Johnson, the player about whom such a violent dispute raged as to his eligibility, made some good gains, but he was not a decided factor in the game.

MANY TO ATTEND LIVESTOCK MEET

One Party Already Formed to Go to Elizabeth City Next Week.

A number of Pitt county residents are planning to attend the state livestock meeting at Elizabeth City next Wednesday, Thursday and Friday, and yesterday a party was being formed to take in the gathering Thursday. Four men announced their intention of attending, they being Jim Hines, W. B. Pace, J. J. Jenkins and H. L. Smith. It is regarded as almost certain that this party will be considerably augmented by the time far starting.

In view of the fact that an effort is underway at this time to enlarge the livestock industry in Pitt county, the meeting at Elizabeth City is of particular interest. During recent more attention has been paid livestock and farmers have become cognizant of the fact that better livestock means better farms.

A number of prominent speakers are on the program of the state meeting and it is expected that the gathering will be the best attended in the history of the organization. Pitt county chamber of commerce officials and members are hopeful that as big a delegation as possible will attend from the county and get better acquainted with the advantages resulting from good livestock on the farms.

IT WAS DIFFERENT IN THOSE GOOD OLD DAYS

NEW YORK, Nov. 24.—"To one freedom of the sky 6 beaver skins." Entries like this would have dotted the debit side of the expense accounts of Foch, Diaz, Beatty, Jacques and others of the brilliant procession of old world figures drawn to America in the wake of the world war, had they come about three centuries earlier.

And instead of riding at the head of triumphal processions to the city halls of various municipalities, there to receive the freedom of the city at the hands of respectful mayors, to the accompaniment of bands and cheering throngs they would have had to file petitions in court for their freedom and take oaths not to offend against the law of the land.

MONSTER HOG KILLED BY WILSON FARMER

Wilson, Nov. 23.—Perhaps the largest porker ever raised in Wilson county was the one slaughtered a few days ago by S. G. Powell, of near Lucama. The monster was of the Poland-China breed and weighed 882 pounds when "dressed"; was four feet high and nine and a half feet long. It was Mr. Powell's intention to exhibit this mountain of flesh at the state and Wilson county fairs, but owing to the danger of injury while in transit, he abandoned the idea.
