It appears strange how any Southern man of capital, proud of the fact of being a Southernor, and chivalrously contending for the sacred doctrine of State rights, can act so in consistently. Where is the pride that acknowledges an inferiority? For, sa what we will, it is an acknowledgement of inferiority, when by our patronage of We prefer strangers, we depreciate the value of our own manufactures, and decry the skil of our own workmen. Protection to home industry underlies the most important of State rights. A refusal to recog handed plan whereby to ensure the sucnize it proves that the advocates of the privilege either do not anderstand its principles, or that their contending for it is naught but pretension. The doctrine of State rights repudiates with contempt the idea of exclusiveness. It knows er.
