### AN APPRECIATION OF HON. JOHN H. KERR, CANDIDATE FOR JUDGE, BY HIS HOME FOLKS

To the Democratic Voters of the Third Judicial District.

We, the undersigned citizens of Warrenton, North Carolina, the home of Honorable John H. Kerr, who is a candidate for nomination for Judge of this district to succeed Judge R. B. Peebles, deceased, before the primary to be held in this district on the 9th day of September, 1916, with pleasure and pride desire to commend Mr. Kerr to the citizens of our district and beg that you give him active support for this position. We do this because of our great esteem for him, and because we know of his splendid fitness for this office and great honor. Mr. Kerr, having been our Solicitor for ten years in this district, is well known to most of the people; he has filled the office of Solicitor with signal ability and, we believe, to the entire satisfaction of the people of the district; but we, his home people, know him best, and we wish to testify to his high personal character and to his ideal home life. He stands in this community for the highest ideals and those things which tend to make our County and our State better; he is a lawyer of large attainments and great success, and we believe will adorn the bench of this State and be the equal of any of his splendid predecessors. With this character

and these attainments, he is besides a loyal democrat and has never swerved when he could do service to the party and the white citizenship of this State. Respectfully,

### SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mr. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell. I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together. My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling? If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century. Begin taking Cardui to-day. You won't regret it. All druggists.

**\$100 Reward, \$100**  
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### VACCINATION RULE IS TO BE ENFORCED

Teachers Not Allowed to Admit Pupils Who Have Not Been Immunized From Smallpox.

### PENALTY IS FINE OF \$50

Children in County Schools This Year Must Comply With Regulations Adopted By County Board of Health.

The regulations passed by the Vance County Board of Health requiring all children attending the public schools in the county to be vaccinated against smallpox are to be rigidly enforced this year, Dr. D. C. Absher, county health officer, stated today. The rule provides that all teachers shall refuse admission to their schools to any children who have not been successfully vaccinated. The penalty imposed upon any teacher violating this rule is fixed at \$50. The rule of the Board of Health is as follows: "No teachers of any public or private day school shall allow any child or pupil to enter or remain in school unless the said child or pupil shall have been successfully vaccinated against smallpox, nor until such child or pupil shall present a certificate from a physician stating that such child or pupil has been vaccinated during the 10 days immediately previous to entrance in such school, or that such child or pupil is physically unable to be vaccinated."

A like fine of \$50 is also provided against violation of the ruling of the County Board of Health in regard to the reporting of measles, whooping cough, scarlet fever, and diphtheria. This rule follows: "All cases of measles, whooping cough, scarlet fever, and diphtheria, must be reported to the health officer within twenty-four hours, by the physician, if one is attending the case, and if no doctor is attending the case, the parent must report. Failure to report makes parent or doctor liable to a fine of \$50."
