UNCLE SAM OFFERS GOOD SALARY TO ACCOUNTANTS

Several Hundred Experts Needed in Several Departments of Government at Washington

Washington, Feb. 6.—The United States Government is in need of several hundred expert cost accountants to fill vacancies in the accounts section of the finance department of the equipment division of the Signal Corps, War Department, and in other branches, for duty in Washington, D. C., or in the field, according to an announcement just issued by the United States Civil Service Commission.

The duties of appointees to the signal Corps will consist of the determination of production costs of airplanes and airplane motors, either as supervisors in charge at one or more of the several plants, or as assistants; or appointees may be assigned to duty in Washington, D. C.

The Commission states that on account of the urgent needs of the service applications for these positions will be received until further notice and that papers will be rated promptly and certifications made as the needs of the service require.

BRITISHER ASKS LABOR TO CONTINUE WAR HELP

Cabinet Member Calls on Workers to Lead Aid in Fight for World Democracy.

London, Feb. 6.—G. N. Barnes, labor member of the War Cabinet, in a message to his "fellow workers in the cause of Labor" begs them to continue their steady support in the prosecution of the war for democracy.

"Democracy" he says, "is at one and the same time on its trial and in the crucible. If this war is lost by the Allies the cause of democracy is under eclipse for generations to come, and we leave to our children a heritage of trouble."

"Might I ask Labor throughout the country to be steady for the final phases of the war? I ask it not to be confused by lying statements. It was said for instance that there had been meetings of financiers abroad while the government was refusing to allow labor to confer with enemy subjects workmen. The statement was absolutely false. Another equally false statement was that we had refused to define our aims with our Allies and particularly with the revolutionary government of Russia."

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

Taking December and January together we have just lived through one of the coldest winters in 140 years, says the Washington Weather Bureau.

WAR STAMPS SOLD AMOUNT TO \$3,031

Of the Total, \$2,894 Was Bought From Agencies in Henderson

War Savings Stamps to the amount of \$3,031.20 were sold in Vance county up to the close of business January 31, last. W. A. Hunt, chairman of the campaign in Vance county announced Wednesday, following the receipt of reports from every agency in the county now handling the stamps and certificates.

Stamps and certificates have been placed on sale at all of the five post offices in the county, including Henderson, Middleburg, Townsville, Dabney, and Kittrell, while all of the banks, both in the city and in the county, are handling them.

But very few of the stamps have been disposed of in the county thus far, the campaign having just begun in the rural communities. The drive may hardly be considered well under way either in the city or the county as yet, according to leaders in the movement, but it is expected that reports at the end of February will show a considerable gain if the weather remains favorable for aggressive work.

The organization of the county committee Monday evening was the signal for the active work to begin, and further impetus will be given the movement when a meeting of all workers is held after each of the chairmen has named his associates in his department. This is expected to be at an early date.

HENDERSON FAMILY HAS PLENTY AND SAVES, TOO

During January They Had 68 Meatless Meals, 52 Butterless Meals, and 20 Wheatless

That the conservation menu of the Food Administration can be observed, and yet each person have a plenty of good, palatable, and substantial food, has been demonstrated by a family of three.

During January an accurate account, day by day, was kept of the ninety-three meals served. For 63 meals no meat was served, 52 meals were butterless, 35 were without sugar, and 20 were wheatless. There was absolutely no waste at any of the meals, and chickens and hogs would have perished had they been waiting for their share. Even with this record, these citizens enjoyed two kinds of meat, four kinds of sea food, seven kinds of cereals, six kinds of vegetables, four kinds of fruit, two kinds of soup, and excellent health. And one of the chief features about the whole experiment was that they kept expenses down to the level of two years ago.

EXCESS QUANTITIES OF FLOUR BEING RETURNED

Smithfield, Feb. 6.—From the reports thus far received by the county food administrator, F. H. Brooks, it appears that there are 536 barrels of flour in Johnson county reported sold in excess of the amount allowed by the Food Administration. There are several town and county merchants yet to be heard from.

This flour, however, was not bought with the view of hoarding, but in keeping with the practice of a great many years standing of a great many of our best farmers who lay in store their supply of flour for the year when they sell their crops in the fall. Those who have a hand excess amounts of flour are hastening to return the same in order to comply with the ruling of the administration. There has already been quite a good deal of flour returned to the merchants.

The recent ruling as to the purchase of flour with an equal amount of cereals has caused some little stir among the people, but a large majority are ready to stand by the government and comply with any ruling or order made in the interest of the war and humanity.

RESERVOIR OF LEGAL TALENT FOR SERVICE IN WAR BEING BUILT

Washington, Feb. 6.—Recruiting of lawyers for government service was added today to the work of the public service reserve, which is enrolling a great industrial army to back up the fighting men.

President Wilson has approved an offer of the war service committee of the American Bar Association, consisting of William H. Taft, Ellhu Root, Jacob M. Dickinson, Frederick W. Lehmann and George Sutherland to create a reservoir of legal talent from which the growing needs of all the government departments and war agencies for legal advice will be met. The work will be carried on through the machinery of the public service reserve and will be directed by John Lowell and Lawrence G. Brooks, of Massachusetts.

The American Bar Association committee will urge the cooperation of all State, county and city associations.

PERSONAL MENTION

Mr. and Mrs. C. V. Singleton left Wednesday for a trip to Richmond. Mrs. H. M. Shaw, of Oxford, was in the city Wednesday to attend the district club meeting.

Mrs. T. H. Crudup, of Kittrell, was in the city Wednesday attending the Federated Club meeting.

Mrs. Cora Phelps, of Macon, attended the district meeting of clubs in Henderson Wednesday.

Mrs. A. S. Strozler, of Greensboro, was in the city Wednesday attending the district club meeting.

Mr. M. J. Edwards has been sick for the past few days at his home on North Garnett street.

Miss Sadie Ghalliger, of Durham, is visiting her sister, Mrs. G. P. Sumpter.

Mr. E. M. Butler, who has been spending some time in the city with his sisters, has gone to Greensboro.

Mrs. Clarence A. Johnson, president of the State Federation of Women's Clubs, who made an address before the district meeting of clubs in the Chamber of Commerce, was the guest of Mrs. James H. Brodie Tuesday night and Wednesday.

Mr. T. W. Worley who has been doing the office work for the Union Seed and Fertilizer Company in Henderson for the past three years, has been promoted and transferred to the Columbia, S. C., office. Mrs. Worley and children will remain in Henderson for a few months, and later join him at Columbia, where they will make their home.

Mr. Edwin J. Magin, private in Company B, 90th rifles Canadian Expeditionary Force, has been spending the past week with relatives at Macon. He spoke at the Macon high school Monday night. Mr. Magin joined the army in 1914, and was in service in the battles of the Somme and Ypres. Being twice wounded he was honorably discharged from service.

TROTZKY ADVISES FINN TO FOLLOW RUSSIAN EXAMPLE

London, Feb. 5.—Leon Trotsky, Bolshevik foreign minister, is reported in an Exchange Telegraph dispatch from Copenhagen to have arrived at Helsinki, capital of Finland, which is in the hands of the revolutionaries. He made a speech from the portico of a government building, the dispatch says, and advised the people to follow Russia's example in which case they would be rewarded by full support from Russia.

Red Guards yesterday attempted to search the house of General Silverjelm, 80 years old. He held them off with a revolver, killing several of them and then committed suicide.

(M. Trotzky has been head of the Russian delegation at Brest-Litovsk, whither he went last week, according to an Amsterdam dispatch on Wednesday for resumption of the peace negotiations. This is the first intimation that he has left Brest-Litovsk.)

New Bern Men Who Knit

New Bern, Feb. 6.—"The boys in Seattle are not the only ones who are knitting for the soldiers," said Mrs. M. M. Marks, chairman of the knitting committee of the local Red Cross Society, last night. "The boys and men of New Bern are doing their part," she said. "Twenty-five are knitting regularly and knitting well. They have been assigned to the task of making squares for quilts and rugs and scarfs."

"The boys love to knit, and so do the men. Some of our busiest men are engaged in this work. One is so patriotic that he has undertaken to knit an American flag, and is making good progress with it. It is a work of art and is to go into the next quilt to be sent to Red Cross headquarters."

"There are many of our citizens who spend a great deal of time in the Elks' Club, and it has been suggested that they be invited to join the Red Cross knitting class."

To Stand Trial for Murder

Kinston, Feb. 6.—Arthur Richardson, colored, has been brought here from Richmond, where he was arrested at the request of the local police, to stand trial for the murder of Burnie Best, colored. Best was killed in a South Kinston gambling place last year. Richardson disappeared after the murder.

BAPTIST BARACAS NAME OFFICERS FOR NEW TERM

Al. B. Wester Again is Made President, and J. C. Kittrell is Re-Elected As Teacher.

Officers for the next six months were elected by the Baraca class of the First Baptist church at the regular Sunday school hour last Sunday morning. Al B. Wester, who has served for the past term, was again elected president of the class. E. G. Shaw was chosen as vice-president, George R. Hunnicutt, secretary, and E. V. Bunn was elected as treasurer. J. C. Kittrell, who has taught the class for a number of years, was retained in that position, and Professor W. H. Cale and Thos. M. Pittman were chosen as assistant teachers.

The class has a large and growing membership, and is engaged in a number of enterprises of its own, and some work toward the erection of the new church.

MEDICAL ADVISORY BOARD MERELY COURT OF APPEALS

Goldboro, Feb. 5.—Dr. W. H. Cobb, chairman of the Wayne county medical advisory board, has issued a statement in which he says the board will in no sense take the place of the local or district exemption boards, but will constitute a court of appeals for registrants who are dissatisfied with the physical findings of the local exemption boards from Wayne, Duplin, Johnston and Wilson.

The government also has the right of appeal to the medical advisory board, and local exemption boards will be notified when registrants who are entitled to appeal may be examined by medical advisory board.
