

Dabney Girls Advance To Finals In County Tourney

Henderson's Game With Zeb Vance Is Postponed

Local High Boys Will Play Second Tournament Game Here Monday

Dabney high school girls downed Townsville girls by a score of 24 to 23 here last night to advance to the finals of the Third Annual Vance County Basketball Tournament, which is now being played in this city. The Henderson high-Zeb Vance boys game was postponed until Monday night by agreement of the coaches because of other attractions which were being sponsored by the two schools last night.

The Henderson-Zeb Vance boys game will be the only contest for Monday night, but on Tuesday night the finals of the tourney will be staged when the winner of the Monday night's game meets the Middleburg boys team and the Dabney and Middleburg girls meet for county honors. This leaves both of the Middleburg teams in the county finals.

Dabney and Townsville girls battled furiously during their game last night, with first one team and then the other in the lead. The Dabney girls happened to be holding the top in scoring when the final whistle sounded. Monday night two consolation games are scheduled. Aycock and Townsville boys will meet and Aycock and Zeb Vance girls will meet, both of these games are scheduled for High Price warehouse. The tournament play has taken place at Cooper's warehouse.

In the first games of the tournament Henderson girls downed Townsville, this being the only game they have played for the tourney. The Henderson girls are not entered in the tourney play this year.

Faces Tough Foe

Fred Lloyd, brilliant Duke bantamweight, pictured above, faces his toughest foe of the season tonight at Gainesville, Fla., when he crosses blows with Captain Johnny Minardi of the Gators, southern conference bantamweight champion for the past two years. Lloyd is one of the most promising fighters in Duke ring history and will be the main obstacle in Minardi's path to another crown at the conference tournament which starts next week in Charlottesville, Va.

INSTITUTE CAGERS DOWN HIGH POINT

Henderson Colored Boys Average Defeat Suffered Last Weekend

Henderson Institute cagers avenged a defeat last week-end at the hands of the High Point high school quintet, by handling that team on overwhelming defeat in the Institute gymnasium here last night by a score of 32 to 10. The Henderson colored team had lost to the Pointers last week-end by a margin of only a few points, but they showed a complete reversal of form on the home floor last night to swamp the visitors under.

In a preliminary game played between the Institute midgets and the Henderson Colored graded school cage teams, the score was tied at 7-all at the final whistle and since the main event of the night had to be played, a play-off was not possible. They may meet at some future time to settle the issue.

The next home game for the Henderson colored team will take place here next Thursday when Livingston College, of Salisbury, N. C., comes here for a game. Today the Institute cagers were on their way to Salisbury to play the Livingston boys tonight, and then they will move on to Knoxville, Tenn., where on Monday and Tuesday they are scheduled to meet teams in that place.

Stubbornly Resisting Army of Chinese Forced to Give Way Under Intensive Attack

(Continued on Page Six)

command announced that protest would be filed with the American Consular-General against a raid by American marines on a cotton mill near the American patrol lines where a number of Japanese soldiers were billeted.

The marines, the Japanese said, announced they were searching for signalling apparatus. The Japanese said they had made their search unnecessarily thorough and had invaded the ladies bath which was occupied at the time.

Marine officers said they found not only signalling apparatus but also a quantity of munitions. Further they said this was not the first time they had discovered the Japanese using the American sector as a signalling base. In the past few days they said, several Japanese have been taken into custody when they were caught in the act of signalling from house-tops.

Shanghai, China, Feb. 20.—(AP)—Woosung village was being devoured by flames tonight which roared and crackled among the flimsy houses. The Chinese flag still fluttered from the forts however, in spite of an intense bombardment by the Japanese from land, sea and air all day.

Big Push Opens. Shanghai, Feb. 20.—(AP)—Lt. General Kenkichi Yueda's snappy war machine pounded its way, inch by inch through stubbornly resisting Chinese lines in Kiangnan today in a terrific battle precipitated as the Japanese renewed their onslaught upon Shanghai.

The earth literally shook and shivered with the fury of the Japanese attack. Dozens of airplanes rained showers of the most powerful bombs upon the well covered Chinese trenches. Heavy artillery and big guns from the warships in the river lay down a red carpet of death and fire along a sixteen mile front, from Chapel to Woosung.

Guard Property. The defenses of foreign owned property were hastily strengthened as the big drive began, a detachment of American sailors guarded the entrance to the American owned Yangtzeopoo plant of the Shanghai Power Company where they raised a sandbag barricade six feet high and lined it with heavy brick walls to guard against danger from shells.

Chinese Driven Off. Changchun, Manchuria, Feb. 20.—(AP)—Five hundred Chinese soldiers fought stubbornly for three hours today to capture the town of Tunhua, one of the most important strategical

TOP FLIGHT WAS UNBEATEN AS A TWO-YEAR-OLD

LEAGUE DIRECTORS IN SESSION TODAY

Piedmont Lineup for Coming Season Will Be Definitely Decided

Piedmont League directors are meeting in Durham today for the purpose of definitely deciding upon the lineup of the league for the 1932 season. Wilmington was offered a berth in the league and is reported to have raised the needed funds and secured enough backing to get into the loop, making it an eight club circuit for another season.

Other teams in the loop this year are Charlotte, Asheville, Raleigh, Greensboro, Durham, Winston-Salem and High Point. Henderson is the only city in the league last year, which is not entering a team in the loop again this season, the Wilmington club, taking over the local franchise.

Lathan is also a member of the North Carolina Cotton Growers Cooperative Association, but has not grown any cotton on his land for two or three years now.

Headlights Ordinance Explained by Jeffress

(Continued from Page One.)

sion do make all headlights comply with the law and that any drivers who will use this appliance will be immune from arrest by the patrol as far as blinding headlights are concerned.

The appliance which the Highway Commission recommends is known as the "Nodimolite" and consists of a triangular piece of aluminum that fits over the inside of each headlight lens, at the top of the lens, cutting off the upward rays from the headlights that blind those approaching, but in no way interfering with the rays of light that extend along the road or the sides of the road. Of the many different appliances that have been examined and tested, this has been found to be superior. Mr. Jeffress says, The Commission refused to approve this appliance, however, until the price was reduced to a reasonable basis. It will be possible to equip both headlamps with this device for about \$1, Mr. Jeffress said.

Those drivers who keep their headlamps adjusted in accordance with the law and who use their dimmers when approaching other cars, will not be subject to arrest, of course. But the trouble with the various dimming devices is that so few drivers use them, Mr. Jeffress pointed out. One of the advantages of the "Nodimolite" appliance is that it eliminates glare from even the brightest lights and makes the use of dimmers or tilting appliance unnecessary.

"The only reason we have suggested that motorists equip their headlamps with this device or a similar device, is to assist them and help them comply with the law and be immune from arrest," said Mr. Jeffress. "We did not need to examine and test the many appliances we have. We could merely have announced that we were going to enforce the law and let the chips fall where they would. But we felt we should help the drivers by telling them how they could best comply with the law and that is all we have done."

ROOSEVELT'S FOES DENY THEY INTEND TO DISRUPT PARTY

(Continued from Page One.)

is a good and sufficient reason.

Had Governor Roosevelt capitalized his advantage by declaring himself boldly and emphatically concerning the great issues which have been before the country during the whole of his last term in office, the "antislavery" maintain that he would be today the strongest White House possibility between the oceans, and they insist that they would have been wholeheartedly "for" him. It sounds probable.

Instead, the "antislavery" complain, Governor Roosevelt has been one of the most persistent pussyfooters in modern political history—not only discouraging them (say the "antislavery") but disgusting progressively more and more voters.

Only on two questions has the governor been outspoken.

On the power problem he is committed to a policy satisfactory to as well-recognized an authority, of liberal convictions, as Senator George W. Norris—but it is worth remembering that Senator Norris is a Republican. The Democratic anti-Roosevelt-ties can scarcely be blamed for not accepting his o. k. on a Jeffersonian candidate as final.

As an advocate of prohibition modification also the governor has expressed himself as explicitly as it would seem as if any wet should have a right to require. And yet, somehow, wets are not altogether pacified. The governor once was a dry, and in a most mysterious fashion, he apparently retains the bulk of his dry following. The wets are puzzled by it—and uneasy.

ly in Kirin province, but they were driven off with heavy losses.

China Reply Issued.

Nanking, China, Feb. 20.—(AP)—The Chinese national government, in an official statement today, explaining its rejection of the Japanese demands for the military evacuation of Shanghai, charged that Japan was "determined on war."

Since the Japanese were "renewing the attack on a larger scale and with greater violence," the government statement said, the Chinese troops were forced to resist to the best of their ability because "China's sovereignty and national honor are at stake."
