Does Not Include Outlays Prior to 1920; Mississippi Democrat Says, However Country's Condition Will Not Improve Until Inflation Comes

Washington, April 9. (AP)—Representative Bulwinkle, Democrat, North Carolina, reminded World War veterans they owed the government as great a debt in peace as during war, in debate today on the bonus bill. "We have done more for our veterans than any other country in history," Bulwinkle said. "Is it not a fact that we have done more than all the other countries combined?" asked Representative Snell, the Republican leader. "England was in the war for four years," Bulwinkle replied. "Yet she pays her veterans only three-fourths of the amount paid here." "The total spent by our government on the veterans for the fiscal year 1920 to January 1, 1932, was over \$7,500,000,000. This does not include some cost prior to 1920." Rankin, Democrat, Mississippi, an advocate of bonus payment, insisted "the financial condition of the country is not going to get any better until we have an inflation and expansion of the circulating medium."

SWIFT CONCLUSION HAWAII TRIAL SEEN

Directed Verdict Planned by Darrow To Block Presenting Evidence

Honolulu, April 8 (AP)—Attorneys voiced hope today for a swift conclusion of the murder trial of Mrs. Granville Fortescue and three navy men accused of lynching Joseph Kahahawai.

Montgomery Winn, associate of Clarence Darrow in the defense, said they sought a directed verdict which would make it unnecessary for them to present the testimony. John C. Kelley, public prosecutor, said he would present his case in three days, fighting "as a matter of course" any attempt to link the lynching of Kahahawai January 8 with an assault last September on the daughter of Mrs. Granville Fortescue, Mrs. Thalia Massie, wife of a naval lieutenant.

REMORSE OF BEAR RAIDS INSPIRED MARKET PROBE
Washington, April 9.—(AP)—Rumors of a huge bear raid planned for today on the New York Stock Exchange had a part in the sudden decision of the Senate Banking Committee yesterday to call Richard Whitney, president of the exchange, to testify Monday. This word came out today as the Senate leaders smiled widely at the

LEGION POST FLAYS BONUS LOBBY

Cessation of further agitation for immediate additional cash payments on the bonus for U. S. World war veterans has been demanded by the Willard Straight Post of the Legion in New York. This post charged in a telegram to Henry L. Stevens, national commander, that congress has been intimidated by a "paid Washington lobby and high pressure propaganda." The post avers that the activity of some Legion officers in this respect degrades

DETERMINE TO FIND CAUSE
MARKET'S SUDDEN FLUNGE
Washington, April 9.—(AP)—Acting on a suddenly reached decision, the Senate Banking Committee will open the long awaited investigation of the New York Stock Exchange next Monday, with Richard Whitney, its president, on the witness stand. Appeal Denied For Seven Negro Boys

Montgomery, Ala., April 9 (AP)—The Alabama Supreme Court today overruled an application for re-hearing appeals of seven young negroes sentenced to die May 13 for attacks made on two white girls near Paint Rock, Ala., a year ago. The application for a re-hearing was filed March 25, the day after the Supreme Court affirmed the death sentences passed at the Negroes' trial at Scottsboro, Ala. At the same time the court reversed the death sentence of an eighth Negro and remanded his case for trial.

Ehringhaus And Maxwell Both Deny Being Administration Candidates, and Week Brings From Former the Declaration He Will Be Elected

Daily Dispatch Bureau, Raleigh, April 9.—A goodly amount of oratorical shot and shell was fired in the campaign for the Democratic nomination for governor during the past week and plenty of campaign smoke resulted from the verbal barages of two of the three candidates—J. C. B. Ehringhaus and A. J. Maxwell. A great deal of the shot and shell was directed towards the third candidate, R. T. Fountain, evidently in an effort to smoke him out and force him to state his position more explicitly. But with the smoke of the week's battle already clearing away, it does not appear that the barrage has had much effect either upon Fountain or his followers, and more and more observers are convinced that the lieutenant governor is emulating the campaign of Senator Josiah William Bailey and becoming more determined to say nothing—that is, nothing to which he can be pinned down by either of the other two candidates. Both Ehringhaus and Maxwell have been calling upon him—and in vain—for a bill of particulars with regard to what he would do or not do if he should become governor. But these demands have evidently fallen upon deaf ears. While Fountain continues to express

Mull Says State Is For Roosevelt

Raleigh, April 9 (AP)—Odus M. Mull, of Shelby, Democratic State chairman, said here today that he believed Democrats of North Carolina "preponderantly" favored the nomination of Governor Franklin D. Roosevelt, of New York, for the presidency. Mr. Mull said he believed the State convention to be held here in June would instruct its delegates to vote for Roosevelt. If the delegates are not instructed he expressed the opinion they still would vote for the New York governor.

North Chicago, April 9.—(AP)—Dr. A. E. Three hours after he left his home the caretaker of the North Shore cemetery, west of the city, found Dr. Budde's valise at the cemetery gate. Dr. Budde is wealthy and about 40 years old.

Berlin, April 9 (AP)—The second political battle of Von Hindenburg versus Hitler, the greatest electoral contest in the history of Germany, was all but ended today, as more than 37,000,000 voters prepared again to elect a president of the Reich. In contrast with that which preceded the first (and indecisive) election four weeks ago, the campaign for tomorrow's voting has been very bitter. Held down by the decree pro-

Five Enter Race For U. S. Senate

Raleigh, April 9 (AP)—With the entry of Arthur Simmons, of Burlington, the list of candidates seeking the Democratic nomination as United States senator in the primary June 4 reached four today. C. Bowie and E. R. Reynolds. George W. DePriest, of Shelby, has filed seeking the Republican nomination as United States senator.

DEMOCRATS DESERT HEFLIN COMMITTEE

Refuse To Serve Longer As Contest Is Returned to Sub-Committee

Washington, April 9.—(AP)—The Senate Elections Committee referred the Hefflin-Bankhead contest back to sub-committee today to determine whether further evidence should be taken. Democratic members of the sub-committee immediately resigned saying they did not care to serve longer, and predicting that the contest would last indefinitely. The motion to send the contest back to sub-committee carried by a vote of nine to four, after former Senator Hefflin, who is contesting the election of Senator Bankhead, Democrat, Alabama, contended he had not been treated fairly and allowed to present all the evidence he wanted.

House Committee and President Close Together On Plan To Save Upward Of \$25,000,000 Through Revision of Veterans Compensation Act

Washington, April 9.—(AP)—President Hoover and the special House economy committee found at their two hour and a half session today that their views of how the government might save more than \$200,000,000 a year were along the same general lines. Both programs were held secret for the time being, but it was learned that both involved the same general principles.

Instead of an 11 percent cut in Federal salaries above \$1,000, as some members of the committee are known to favor, the President's salary saving program proposed to steady employment and readjust wages through the personnel classification board. The President was understood to have suggested furloughing employees approximately a month each year, without pay, in addition to imposing the flat ten percent reduction. He also suggested that the salaries of the chief executive and cabinet members be reduced. The committee and the President also were described as very close together on a plan to save \$25,000,000 to \$30,000,000 through a revision of the veterans' compensation act.

Asheville, April 9.—(AP)—Edwin Bjorkman, Swedish writer, editor, and translator, today said when informed his wife had been found in a Nice, France, hotel last night with her wrist slashed, that he knew of no reason for the act, "unless she was out of funds and ashamed to ask for them.
