\$200,000,000 Reduction

Washington, April 29.—(AP)—Insurgents seized control of the disorderly House today and struck from the economy bill the provision withdrawing Federal contributions to vocational education.

Chairman McDuffie, of the House Economy Committee, told newspaper men today the hard hit omnibus re-trenchment bill "is not done for by a long shot."

When a lot of members of the House begin again to realize that it takes 50 bales of cotton, or 5,000 bushels of wheat to pay the salary of one \$25,000 government employee, they are going to look at this wage cut business in a different light," he said.

"I am going to give them one more chance to vote for the 11 percent cut exempting \$1,000, before the bill is passed by the House.

"It will be a record vote, and I expect to see plenty of flip flops."

The government employees are going to have to take a bigger cut later if they succeed in finally knocking out the 11 percent plan."

McDuffie made the remark before the House convened for its third day and night of wrangling over the \$200,000,000 bill, from which \$64,000,000 has been stricken by a coalition that has fought it every step of the way.

Young Negro Pays With His Life For Killing of Woman

Raleigh, April 29.—(AP)—Dudley Moore, youthful Negro slayer of Mrs. Jacob E. Berrier, 59-year-old Davidson county white woman, was executed at State's Prison today.

Moore, 19 years old, entered the death chamber smiling slightly, though nervous. He recognized F. A. Wilson, a neighbor of the Berriers, among the witnesses and spoke to him.

Two sons of Mrs. Berrier, Roy and Otto Berrier, visited the doomed man this morning a short time before he was executed, and to them he changed his confession. Previously Moore said he killed Mrs. Berrier with robbery as his motive, but he told the sons he tried to attack their mother but failed.

SEVEN GIRLS DEAD OF ILLEGAL CAUSES

Two Co-Eds at Oklahoma

Surgeon Sought

Oklahoma City, Okla., April 29.—(AP)—An osteopath was in jail and a surgeon was sought as investigation continued today into the death of seven young women, allegedly from illegal operations.

Of the seven, two were University of Oklahoma co-eds. They died a few days ago. Incomplete information on the death certificates caused Lewis R. Morris, county attorney, to make an inquiry.

The osteopath, J. W. Elsiminger, was held without bond on a murder charge in connection with the death of Miss Virginia Lee Wychoff, 21, university student.

CANNON REQUESTS APPEAL DISMISSAL

Asks District Court To Uphold

Court of Appeals Without Jurisdiction
In Original Action, Plaintiff
Declares in His Latest
Move in Fight

Washington, April 29.—(AP)—Bishop James Cannon, Jr., today asked the dismissal of the appeal by the government from a decision which invalidated the indictment against him charging violation of the election laws.

The dismissal plea, addressed to the District of Columbia Court of Appeals, also asks the same action with regard to the case of Miss Ada L. Burroughs of Richmond, Va., treasurer of the Anti-Smith Committee in Virginia during 1928.

The churchman, through his attorneys, argued the appeals should have been taken directly to the United States Supreme Court, and that the court of appeals has no jurisdiction.

The original indictments were held invalid by Justice James M. Proctor in the District of Columbia Supreme Court on the grounds they were not properly drawn.

They charged that Bishop Cannon and Miss Burroughs failed to report their expenditure of money given the churchman to use against Alfred E. Smith in Virginia in the last presidential campaign.

Retired British Officer Suicide At Wilmington

Wilmington, April 29.—(AP)—After scrawling a note saying, "I'm afraid I'm going crazy," Major Ewart W. Smith, retired British army officer, and superintendent of communications for the Dominion of Canada during the World War, shot himself to death in his home here today.

Smith, who was 57 years old, was found dead lying across a bed by his wife when she returned home after taking their children to school.

A bullet wound in his left temple apparently had caused death, and near the body was an army practice rifle.

On a dresser in the room Mrs. Smith found a note hurriedly scrawled, which read: "I am afraid I'm going crazy."

She also found Smith's insurance policies and some currency nearby. She could advance no reason for the act.

Honolulu Jury Is Still Deadlocked

Honolulu, April 29.—(AP)—Apparently deadlocked while defense and prosecution engaged in a side maneuver, the 12 men striving for a verdict in the case of four persons accused of the lynching of Joseph Kahahawai carried on today after having given watchers a few tantalizing glimpses of their jury room drama.

Geneva, April 29.—(AP)—Senator Claude A. Swanson, of Virginia, member of the disarmament conference naval commission, today opposed the German and Italian plan for abolition of battleships.

Battleships, he said at a meeting of the commission, are the backbone of the American navy, which is entirely defensive and a menace to no one. If battleships were abolished, he declared, the whole American defense scheme would have to be revised.

Secretary of State Henry L. Stimson, who had reconsidered his intention of leaving Geneva tomorrow, conferred today with Prime Minister Ramsay MacDonald, of Great Britain, and had luncheon with Sir Eric Drummond, secretary-general of the League of Nations.

FAVORS PRINCIPLE EQUALIZATION FEE

Baruch's Opinion Given;
Exchange Head Opposes
Sales Abroad

Washington, April 29.—(AP)—A letter from Bernard M. Baruch, New York financier, endorsing the principle of the equalization fee, was read today to the Senate Agriculture Committee.

Edward A. O'Neal, president of the American Farm Bureau Federation, which backs the fee and debenture plan for farm relief, read the letter.

Baruch "blamed doubt and uncertainty" about the future of money for present economic struggles.

"Unalterable opposition" to the McNairy resolution to finance foreign sales of Farm Board wheat and cotton was telegraphed to the Senate Agriculture Committee today by Herbert L. Hodeman, president of the New York Produce Exchange.

Vote Is Blocked In the Senate On Philippines Bill

Washington, April 29.—(AP)—A vote on the Hawes-Cutting Philippine independence bill was blocked in the Senate today when Senator Copeland, Democrat, New York, talked for more than an hour until expiration of time allotted for the measure's consideration.

Raleigh, April 29.—Although few of the friends and supporters of A. J. Maxwell believe that he can do any more than run second in the first primary and concede that J. C. B. Ehringhaus will probably be high man, they believe that in a run-off primary with Ehringhaus that Maxwell will be high man and win the nomination for governor, according to opinion being expressed by many of the Maxwell supporters here.

There are some Maxwell followers, however, who continue to believe that R. T. Fountain is still more dangerous than Ehringhaus and that Fountain is the man who may get first place, but these are few in numbers.

For the general consensus of political opinion here now is that Ehringhaus is already in first place and Maxwell and Fountain virtually neck and neck with Fountain slowly but steadily dropping back into third place, despite the claims of his new State manager, James Delaney of Charlotte, in his newly opened headquarters here, that Fountain is going to surprise both Ehringhaus and Maxwell.

The reasoning of the long-distance political dopsters here is that there will be at least 350,000 votes cast in the June 4 primary, because of the large number of tight local contests and the many candidates for local office and the large vote that will be brought out as a result. Of this 350,000 votes, it is estimated that Ehringhaus will get about 135,000, Maxwell

STATE SENATE TO BE THE BIG SHOW

Determined Effort Already
Under Way To Elect Sales
Tax Candidates

A. D. MacLEAN IS ONE

He Is After Office From Beaufort;
Many of Last Senate Leaders
Eliminated Because Coun-
ties Don't Have Senator

Daily Dispatch Bureau,
In the Sir Walter Hotel.

Raleigh, April 29.—While the last day for candidates to file for the legislature, May 20, is still far away, it is already apparent that the State Senate will again be the big show, and that a determined effort is under way to elect pro-sales tax senators.

A. D. MacLean, of Beaufort, champion of the sales tax and virtual dictator of the House for the last three sessions, is a candidate for the Senate this time. Larry I. Moore, of New Bern, who, as president of the North Carolina Tax Relief Association, was an active lobbyist for the sales tax, is also out for the Senate.

In the same district with Moore, Dr. Ira Hardy, of Kinston, and Fred Sutton, also of Kinston, sales tax supporters who was defeated for speaker of the House, are running. Senator Hardy supported the sales tax. The district has two senators.

The two leaders of the opposition to the Gardner road program, Col. T. L. Kirkpatrick, of Charlotte, and John Sprunt Hill, of Durham, are also candidates for the Senate, but they are saying little or nothing about the road program, which is generally

Army, Navy, Diplomatic Of- ficers Reviewing March- ers in Honor of Em- peror's Birthday

PEACE NEGOTIATIONS MIGHT BE RETARDED

Appears Certain Sino-Japan-
ese Parleys Will Suffer;
Six Chinese Reported Un-
der Investigation In Addi-
tion to Korean Seized by
the Police

Shanghai, April 29.—(AP)—Five high ranking Japanese army, navy and diplomatic officials were critically wounded today when a bomb burst among them as they sat in a reviewing stand watching a military parade in honor of the birthday of Emperor Hirohito.

All of them were in serious conditions tonight, but the doctors thought they had a chance to recover. Japanese troops appeared in the streets of Hongkew district immediately, resuming the military patrol which was withdrawn after the fighting in this area stopped two months ago. No one knew what the effect of this incident would be on the long drawn out peace parleys between the Chinese and Japanese, but it appeared certain that these negotiations would suffer.

A mob of spectators swirled around about a man some one spotted as the bomb thrower, and beat him severely before the police broke through and dragged him away.

Later the military authorities said they had wrung a confession from a Korean that he was the man who threw the bomb. Six other men, said to be Chinese, also were under investigation.

The most seriously injured Japanese official was Momoru Shidemitsu, he Japanese minister to China, who may lose one of his legs. A minor operation was performed immediately after he reached the hospital, but he was expected to recover.

Kuromatsu Muari, the Japanese consul general, also was badly hurt, his left leg shattered by a fragment of the bomb.

Another piece struck General Yoshiori Shirakawa, the Japanese commander-in-chief, knocking out all his teeth. General Kenkichi Uyeda, who was in command at the beginning of the Shanghai battle, lost three toes and received serious body wounds. Admiral Chisaburo Nomura, the naval commander-in-chief, lost an eye.

HIGHER TAXES ARE PUT ON BEVERAGES

Cereals, However, Get Cut;
Oil-Coal-Copper Com-
bine Wants Tariffs

Washington, April 29.—(AP)—Carbonated waters, unfermented fruit juices, grape concentrates and breweries were given increased tax rates today by the Senate Finance Committee in revising the House revenue bill.

Cereal beverages was the only product in the list of beverages to get any reduction. The committee cut down this tax from two cents to one and a quarter cents a gallon.

Meanwhile, the oil-coal-copper-lumber tariff coalition was gathering its forces for a final fight on the Senate floor to restore the tariff items to the revenue bill.

Oil, coal and copper were rejected yesterday by the committee by narrow margins.

Fights Guards Before Going To Death Chair In Kentucky State Pen

Eddyville, Ky., April 29.—(AP)—The grimest drama ever enacted within the walls of Western State Penitentiary here marked the execution early today of three Negroes in the electric chair. Only after a guard had been stabbed and tear gas bombs had been brought into use to subdue the third of the trio were the executions completed.

After resisting for an hour and a half efforts of the officers to lead him from his cell in death row to the small room in which the electric chair is located, Walter Holmes, 31, of Chicago, surrendered and followed his two companions in death.

When prison officers went to Holmes' cell, Holmes threw a bucket of water on them. The water, previously had been put into the cell for drinking purposes.

Holmes then brandished an iron pipe, broken from a water connection, and defied the guards to take him. After efforts to conciliate him proved of no avail, Warden Tom Logan ordered the officers to use tear gas bombs to dislodge the prisoner. Three tear gas bombs were hurled into Holmes' cell before he capitulated. As he walked out into the death row corridor, he smiled faintly and puffed at a cigarette.
