The Senate Appropriations Committee, in beginning work on the billion dollar independent offices supply measure, carrying funds for the Veterans Bureau, determined definitely to make the ten percent reduction made in other appropriations acted upon.

Chairman Jones, of the committee, who attended last night's White House conference, said, "We are going ahead in regular order."

Senator Bailey, Democrat, North Carolina, offered a resolution to create a joint commission to draft a new economy program. It would be composed of the President and his representative, two senators and two members of the House, and would be instructed to report back within ten days a program to cut \$500,000,000 of the budget estimates.

MORE BOMBINGS IN JAPAN ARE HINTED

Korean Who Takes Blame For Shanghai Blast Issues Statement

Shanghai, May 9 (AP)—Bomb attacks on Japanese leaders in Japan and Manchuria, similar to that which occurred in Hongkew park here on April 29, were predicted in a statement which emanated from the Korean colony.

It purported to give the true explanation of the Hongkew bombing ten days ago, which resulted in the death of one high Japanese official and the injury of several others.

It was signed by Kim Koo, a Korean, said to be head of the Korean patriots' society. Kim said he was the instigator of the Hongkew bombing, and that he wanted the world to know the truth, so the Japanese would stop sending up Korean residents of Manchuria to Shanghai for questioning.

He said he sent Yun Kil, a young Korean revolutionary, to Hongkew park that day with bombs, and that the young man "achieved his purpose." Yun is now in the hands of the Japanese, he said, and "may be dead or alive."

Kim said he himself had left Shanghai before the statement was issued in his name, but he added: "My life is dedicated to freeing my country. The Japanese are doing everything in their power to apprehend me, but my work continues. Our association seeks to kill Japanese civil and military leaders. There will be other affairs similar to that in Hongkew soon, both in Japan and Manchuria."
