

Some Of City League Teams Are Already Training

ORGANIZATION TO BE HAD SATURDAY

Number of Problems Connected With Local Circuit To Be Settled

With chances of the city baseball league opening within the next ten days, some of the teams have already started training. A number of the hopefuls played the O'Neil Sluggers yesterday afternoon at the ball park in just a practice tilt and were swamped 15-3 by that strong nine.

A complete organization of the league is yet to be done, but steps are going forward every day in assembling teams and players, and other incidental work that must be carried out before regular play can be started. It is thought that Saturday night's meeting will be the major step toward the real organizing of the loop, with the managers of the different teams who are also directors of the league present, together with the other officers. This group is to formulate plans for the carrying on the loop through the summer, and will discuss the financing of the circuit, but this is thought to be a very small matter to handle in the face of some of the major obstacles that are looming at the present time that may require a good deal of work to get straightened out.

No definite financial plan has been worked out just yet, but it was suggested at Tuesday's meeting that each member of each team contribute a small amount toward the buying of baseballs and each club furnish the other necessary playing material.

Just what progress the different managers have made in forming their clubs has not been learned, but it is thought that they will be ready to submit a complete roster of their players at the meeting on Saturday night and these managers will be given contracts for their players to sign, to be filed with their president as soon as the signatures are obtained so that no player will be playing for more than one club. To keep the players in line, a fine or a forfeiture of the games that ineligible players participate in will be the penalty. This must be decided at the director's meeting, and was brought at the last meeting and met with the approval of all those present.

There are prospects of a lively little league with at least eight clubs in it, and more wanting to join.

Philadelphians Hit Homer With Bases Full To Win For A's

Philadelphia, May 20.—(AP)—Jimmy Foxx's 11th home run of the season came with the bases full in the first inning yesterday to give the Athletics a 4 to 2 victory over the Red Sox.

Foxx came to bat in the first inning after a single by Haas, Cochrane's double and a walk to Simmons filled the bases. He cracked the ball over the roof of the left field stands. Kline started on the hill for Boston and was yanked after Williams followed Foxx's drive with a single. Lizenbee blanked the Athletics the rest of the way, allowing only two hits.

STATE LOOKS FOR BIG SUMMER ROLL

Raleigh, May 20.—Inquiries reaching the office of Dean T. E. Browne, director of the State College school, which begins this year on June 13, indicate an attendance that will equal if not exceed that of other summers.

Teachers are no doubt realizing that the only way to increase their salaries next year is to increase the grade of their certificates and we are receiving numerous requests and reservations for rooms." Director Browne said.

Many colleg students in easy access to the school are planning to attend this summer because of difficulty in securing vacation employment.

The faculty for the summer session will include about fifty of the regular professors at the college and in addition several outstanding teachers from other institutions.

FARM PROGRAM IS MAKING HEADWAY

Many Individuals Returned To Farm Work; Employment Total 21,956

Daily Dispatch Bureau, In the Air, Walter Hurtel, BY J. C. BASKERVILLE.

Raleigh, May 20.—The "Farm Improvement and Subsistence Program" which was launched several weeks ago in this State by the American Legalia (Employment Committee in co-operation with North Carolina State College, is making good headway, officials of the committee reported. To date a total of 276 persons with farming experience have been returned from towns and cities to farms.

For the next two weeks Major Paul R. Younts, the assistant director of the National Employment Commission, will make a tour of the State in the interest of the employment drive and will urge the various posts visited to take an active part in returning as many agricultural workers to the farms as possible. According to Mark T. McKee, the executive director of the nationwide drive, the assignment of Major Younts to assist in the drive in North Carolina has been made in recognition of the outstanding work of the American Legion in the employment campaign in North Carolina.

The total number of persons returned to work since the opening of the State campaign three months ago is now 21,956. Over fifty per cent of the posts in the State have thus far participated in the drive. This percentage is above the average for the nation as a whole.

The following cities have obtained over one thousand jobs each: Asheville, 1,168; Charlotte, 3,865; Greensboro, 1,699; High Point, 1,292; Kannapolis, 1,283; Morehead City, 1,638; Wilmington, 1,063; Winston-Salem, 1,135.

The grand total for the United States is 780,747 jobs since the opening of the War Against Depression.

DO-X ARRIVES NEAR HOPPING OFF POINT

Hollywood, N. F., May 20.—(AP)—The giant airplane, DO-X, en route to Europe, headed at Hollywood at 9:20 a. m. EST., after flying from Dildo, where it was forced to land yesterday.

AN APPRECIATION.

Joel Penn Thomas was born Feb. 28, 1878 in Franklin county, his people for generations having come from this county. He died April 14, 1932 in Henderson at the home of his niece, Mrs. H. E. Chavasse, with whom he resided. He was the son of Joel K. and Julia Branch Thomas, and by inheritance he possessed those characteristics which placed him most decidedly in the class company the highest type of southern manhood. He descended on both sides from a long line of ancestry of note in colonial and revolutionary days. The family moved to Henderson when he was a little child and most of his life was spent here.

He early connected himself with the Methodist Episcopal church and was ever conscientious in the discharge of his duties. Altho handicapped from his youth by deafness, which prevented him taking active part in the work and happenings of his church and community, he was never gloomy or the least bit unpleasant or morose. On the other hand he was very humorous and often gave pleasure to others by little stories that he wrote, which not only brimmed over with wit and brightness, but also, gave expression to some little thought that would twist one's heart strings with tenderness.

Only those who knew his intimately could form a just estimate of his character. He possessed fine judgment and the highest regard for truth and honesty, which he daily put into practice with his fellowmen. Of unswerving integrity, he always held his own opinions in regard to public affairs, and it may be said of him that without ostentation he ever wore about him "the white flower of a blameless life."

All the graces of a Christian gentleman were his, as evidenced in the family life, for the children, nieces, nephews, great nieces and great nephews, were perfectly free with him. He was one of them, their pal, ever ready to go with them and do their bidding.

His going has left a deep sorrow in the hearts who knew him best.

By one who loved him.
