## FRANCE DISAGREES WITH GERMANY ON DEBT SETTLEMENT

Fundamental Differences Arise As To Scope Of Lausanne Conference, Which Is Delayed

### FULL CANCELLATION ASKED FOR DEBATE

French Premier Demands Germany Admit She Can Pay At Least Something; Herriot Contends Removal of Tariff Barriers Paramounts Other Issues

Lausanne, Switzerland, June 20.—(AP)—The international debt and reparations conference was delayed today because the French and German representatives were deadlocked in committee over fundamental differences as to the scope of the meeting. The Germans insisted the open session scheduled for tomorrow should permit debate centering about total cancellation of reparations. The French demanded that Germany admit she can pay something. This was in line with Premier Herriot's assertion on the opening day that cancellation of reparations is secondary in importance to action on moving tariff barriers.

## YOUNG DEMOCRATIC MOVEMENT GROWS

Was Launched In This State and Is Led By North Carolina Meet

Daily Dispatch Bureau, Raleigh, June 20.—(AP)—Since the meeting of the Young Democrats of North Carolina here last week, it has rapidly gained on party leaders and the public generally, that a political youth movement of major importance is in progress in this country and that North Carolina and a young North Carolinian are leading it. This meeting which was a highly enthusiastic and successful gathering, both from the standpoint of attendance and interest, served to throw the spotlight on the national proportions of the movement which both astonished and pleased the Democratic leaders in North Carolina and revealed Tyre Taylor, president of the Young Democratic Clubs of America, and Dewey Dorsett, president of the North Carolina clubs, as rendering, quietly and without personal advertisement, a major service to his party. When John Rodman, a leader of the Young Democrats of Beaufort county, and a principal speaker on the program, stated that 24 members of his local club came from Republican families, the mouths of numerous distinguished old-line Democrats literally dropped open and they gave the remainder of his thoughtful speech

## Nine Durham Residents Are Seriously Injured In Wreck Of Large Bus

Accident Near Smithfield When Party Is Returning From Week-End at Morehead; Negro Pedestrian Believed Fatally Injured When Hit by Vehicle

Smithfield, June 20.—(AP)—Nine Durham persons are in a hospital here seriously injured as the result of the wreck of a large passenger bus Highway No. 10, two miles east of here, early today. J. D. Simpson, a Negro, of Smithfield, was struck by the bus as it ran into a ditch. He was in a critical condition, and physicians expressed doubt he would live through the day. The bus was carrying 18 Durham people from Morehead City back to Durham, following a week-end at the seashore. J. M. Stone, driver of the bus, said something went wrong with the steering gear of the bus, causing the heavy vehicle to swing to the left side of the highway, where it struck Simpson, who was walking along the road, and then plunged into a ditch. The injured are: Claiborn Ward, Miss Mary Boyd, Archie Waddell, L. C. Turnage, his five-year-old son, Shirley Turnage; Mrs. Maynard, Mrs. Sallie Belle Willis, Dewey Bradley and Leonard Hughes. The exact extent of the injuries of the Durham party could not be ascertained at the hospital, where physicians were still engaged in examining them at midday. It was stated all were seriously hurt, but that it was not thought any were fatally injured. The other nine members of the party who escaped injury were taken to Durham in another bus. Stone was placed under \$1,000 bond on a charge of reckless driving, pending an official investigation of the wreck. A local man who said he had known Stone for years signed the bond.

Dr. Goldstein is chairman of the executive committee of the joint committee for unemployment relief. The Johnson bill for free distribution to the unemployed of surplus government cloth and wearing apparel, was approved today by the House Labor Committee. It would direct the chief coordinator to determine the surplus stocks held by government departments of cloth, shoes, hats, clothing and materials from which wearing apparel may be made. ## Congress Anxious To Quit Despite Urgent Movement For Dictatorship In U. S.

By CHARLES F. STEWART, Central Press Staff Writer. Washington, June 20.—Considering the persistence of the influential movement for something in the nature of an American dictatorship soon after congress adjournment, it may seem odd that congress should be quite so ready to adjourn, for certainly not many of its members are friendly to the idea of fascist control in Washington. One explanation of the legislators' indifference to the suggestion would be that they think there is no chance of its adoption. But this is not a fact. Among themselves they have canvassed it thoroughly. A few weeks ago they were in agreement that there was no real danger of an attempt at the undue extension of executive power over the country; not, however, because they did not recognize a desire for it by

## EXPENDITURES CUT AND LARGE RELIEF BILL TO BE VOTED

Economy Bill Back In House For Vote On Furlough or Pay Cuts for Federal Workers

### HOUSE IS EXPECTED TO ADOPT FURLOUGH

Senate Has Passed It And Hoover Favors It; Wagner Relief Measure In Senate Harder Problem of The Two; Involves \$2,000,000,000 Sum

Washington, June 20.—(AP)—Congress kicked in today to clear up its remaining problems, with the definite intention of swinging down a final curtain next Saturday on this history-making session. Of all the extraordinary tasks Congress has been engaged in since last December to aid the government and the people in a period of great stress, just two remain to be acted on finally—slashing Federal expenditures and providing some clearer Federal relief for the unemployed. Both questions were tackled. The national economy bill, after a hectic career, which has seen it torn up and re-written time and again, settlement of a final difficulty. A vote was sought on whether to stick by the proposition of reducing government salaries by a flat percentage or to yield to the furlough plan asked by President Hoover and adopted by the Senate. Many leaders believed the House would yield, thus sending the bill and its approximately \$150,000,000 of savings to a place beside the billion dollar tax law, which it must help to balance next year's budget. The Senate tackled a still harder problem in the relief question. The bill under debate was the Wagner Democratic proposal for \$1,500,000,000 increase in the Reconstruction Corporation's borrowing power and \$500,000,000 bond issue for public works.
