

HOUSE QUICKLY PASSES UNEMPLOYMENT BILL

Forsyth Grand Jury To Ignore Killing Of Young Smith Reynolds

Libby Holman, Widow Of Smith Reynolds, Returns To Home In Cincinnati

With Relatives, She Leaves Train at Way Station Outside City to Avoid The Crowds

PALATIAL HOME AT WINSTON DESERTED

Reynolds, Which Week Ago Resounded to Gay Laughter and Corn Whisky Toasts, Then Bank of Pistol and Woman's Screams, Is Without Occupant Now

Reynolds' Pal Is Liberated

A. B. (Ab) Walker, friend of the late Smith Reynolds, tobacco heir, who was mysteriously shot to death in the palatial home in Winston-Salem a week ago today, has been released by a coroner's jury after having been held over the week-end as a material witness.

Winston-Salem, July 13.—(AP)

The Erie City Sentinel today has learned authoritatively that the grand jury will be discharged this afternoon without making an announcement in the case of Smith Reynolds, tobacco heir, who was shot to death a week ago.

The paper also says the grand jury has completed its report for this term and that the report which will return will make no reference to Reynolds' death.

In the meantime, Sheriff Trammell, the chief investigating officer, let it be known he was willing to ascertain the truth in regard to various points about which there was conflict of testimony in the hearing by the coroner's jury.

COUNTY FAR BEHIND IN GASOLINE BILLS

Vance, With \$2,053 Tops Counties of State In Amounts Unpaid

Daily Dispatch Bureau, in the Sir Walter Hotel, N. C. BASKERVILLE.

Raleigh, July 13.—Many county boards of education are anywhere from two to six months behind in the payment of their gasoline bills for the year in these counties, with the result that the gasoline company that holds the State contract is appealing to the State Board of Equalization for help in collecting these bills, it was learned here today.

Most of the amounts owed by these counties for gasoline are for the operation of school buses during the extended term, however, with the result that the bills are then payable from local tax levies rather than from State funds. All of the amounts due for gasoline used during the six months school term, however, should have been paid already from the funds transferred from the State school fund, as supposed to be paid by the county.

Extent Of Curtailment Of Schools Is Problem

Going Beyond 12 1-2 Percent Cut Admittedly Is Playing With Dynamite; Schools Could Hardly Function On Less Money Than That Would Leave Them

Daily Dispatch Bureau, in the Sir Walter Hotel, N. C. BASKERVILLE.

Raleigh, July 13.—While it is virtually certain that the Advisory Budget Commission is going to lop off from \$1,999,000 to \$1,250,000 from the school fund allotments this year, and to make it necessary for the teachers to accept about 12 1-2 per cent salary that they received last year, because of the continued drying up of the State's sources of revenue, it is agreed in political circles here that in reaching the schools the Budget Commission is playing with dynamite. In fact, a great many believe that if more than 12 1-2 per cent is withheld from the schools this fall, or enough materially to injure them or

provide any less educational opportunity than was afforded last year, serious consequences might result in the election this fall. It is pointed out that the people in the State have already evidenced their dissatisfaction with things as they are in the recent primaries and if the school facilities should be curtailed the State might elect a Republican governor and a Republican General Assembly.

No indication has been given as yet what the Advisory Budget Commission has decided to do concerning the school fund, although it was in session yesterday and will probably remain in session most of today. It is

REVOLT IN BRAZIL ASSUMES GREATER SWEEP IN NATION

Rebellion Against Government Assuming Nationwide Proportions In Numerous States

300,000 MEN READY TO TAKE UP ARMS

Six States Reported Behind Revolt, and Rebels Already Are Claiming Successes In The Field; Munitions Factory Northeast of Sao Paulo Captured

Sao Paulo, Brazil, July 13.—(AP)—There were indications today that the rebellion against the Brazilian government, which for four days has centered around this wealthiest of the southern cities, was spreading into a nation-wide uprising. Among these was a declaration from Pedro de Toledo, who became head of the revolutionary government in Sao Paulo province yesterday following his resignation as Federal governor, that the state of Rio Grande do Sul and Minas Geraes also had announced their adherence to the movement.

The rebel forces claimed successes in the field. Their headquarters announced that the vanguard of their forces captured a munitions factory at Piquet, 120 miles northeast of here, and half way to Rio de Janeiro.

Thirty thousand men are now ready to fight, another communique said, and six states are behind the revolt.

EDUCATION CUTS ARE PROTESTED

Score Persons Appear Before Budget Commission At Hearings

Raleigh, July 13.—(AP)—Nearly a score of persons interested in public education in North Carolina today conferred with the Advisory Budget Commission, the Council of State and Governor O. Max Gardner in regard to a proposed curtailment of school funds. The Council of State, the budget group and the governor discussed the State's fiscal status all day yesterday, and this morning Governor Gardner said he did not know whether the meeting would be ended today or not.

Facing with the necessity of drastic reductions in the cost of State government to save the State's credit, the joint session has heard three different proposals. On would withhold a percentage of every State salary pending the meeting of the 1933 legislature; another would cut expenses \$7,000,000 by reducing the highway allotments 25 percent, the public schools 20 percent and the general fund departmental an institutional allotments 10 percent, while the third would save \$3,800,000 by cutting \$1,000,000 of department and institutions and would curtail schools the additional amount.

10,000 BONUS VETS MARCH ON CAPITOL

Facing Boiling Sun To Join Comrades Who Spent Night There

Washington, July 13.—(AP)—Ten thousand war veterans rose soon after dawn today and started a march for the Capitol from their Anacostia camp on the strick of Columbia outskirts. Police reported that the men, in Washington for several weeks seeking immediate cash payment of their bonus certificates, were orderly. No interference was planned by the authorities unless an emergency arose.

The war veterans swung into their five mile march under a sun already hot to join hundreds of other former soldiers who had spent the night on the Capitol grounds.

PROBE PRISON CAMPS FOLLOWING 'SWEAT BOX' DEATH

Death of Arthur Maillfert of New Jersey in a "sweat box" torture chamber of a Florida prison camp near Jacksonville, has resulted in a state-wide investigation of conditions in the state's prison camps. Maillfert, it is alleged, was placed in a barrel

CURTIS ADMISSION DECLARED FORCED

Peacock Says Jersey Police Drove Norfolk Man Into Delirium

MADE HIM CONFESS IT

Charges Police With "Gross Persecution" Of Himself And Curtis, Lately Recently Sentenced In New Jersey

Miami, Fla., July 13.—(AP)—The Miami News today quoted the Rev. H. Dodson-Peacock as saying the New Jersey State police drove John Hughes Curtis into delirium by hanging the garment of the kidnaped Lindbergh baby over his head, and thereby extracted his statement branding efforts to negotiate with the kidnapers as a hoax.

The interview was obtained with the Norfolk, Va., clergyman at Hollywood, Fla., where he is attending a convention of the Atlantic Coastal Highway Association.

He charged police with "gross persecution" of himself and Curtis, former Norfolk boat builder, who was recently sentenced in New Jersey to a year's imprisonment and fined \$1,000 for obstructing justice.

BRITAIN, FRANCE IN DISPUTE ON DEBTS

Different Interpretation On Presenting United Front To U. S.

(By the Associated Press.) A difference of interpretation of a new agreement between France and Great Britain appeared to have developed today immediately after the agreement was announced simultaneously in London and Paris.

The official British interpretation was that both governments, under the accord, will consult each other on all matters which concern them both. Parliament was informed that it had nothing whatever to do with debts owed to the United States.

While Sir John Simon was making the announcement in London, Premier Herriot was telling the finance committee in the Chamber of Deputies that the first consequence of the new agreement is that in the future Great Britain cannot make debt payments to America without first consulting France.

New Woman's Record For Crossing Continent Made By Amelia Earhart Plane

Newark, N. J., July 13.—(AP)—Amelia Earhart Putnam landed here at 11:06 a. m. Eastern standard time, establishing a new woman's trans-continental flight record.

This gave her an elapsed time of 19 hours, 14 minutes and 40 seconds, and a flying time of 17 hours, 59 minutes and 40 seconds.

Mrs. Putnam beat the time of

Miss Ruth Nichols, the previous record holder, by almost ten hours about west and east coast at Wichita, Kans., had an elapsed time of 29 hours, one minute and 43 seconds. Mrs. Pittman stopped only once at Columbus, and her elapsed time as 19 hours, 17 minutes, according to figures available prior to publication of the official landing time.

BIG REVENUE DROP IN AUTO LICENSES

State Suffers Three Quarters of Million Dollar Decline In Year

Daily Dispatch Bureau, in the Sir Walter Hotel, N. C. BASKERVILLE. Raleigh, July 13.—The revenue from the sale of automobile and motor truck licenses was \$764,171 less in the year just ended on June 30, than for the year ending June 30, 1931, according to figures released today by L. S. Harris, chief of the Automobile License Bureau.

Part of this decrease was due to the fact that there were 32,082 fewer automobiles and trucks registered in the State this year than last and part of it due to the change in the basis of registration from a horsepower to a weight basis, the change having been made by the 1931 General Assembly. In the year ending June 30, 1931, a total of 379,516 cars were licensed, with a revenue of \$5,806,466, while for the year ending June 30, 1932, a total of 344,434 cars were licensed with a revenue of \$5,042,295.

If the loss in revenue from changing the basis of registration is taken into consideration, however, the total

Congress Hoping To Close Session Tomorrow Night

Washington, July 13.—(AP)—Congressional leaders today renewed their drive for adjournment tomorrow night.

Speaker Garner told newspaper men efforts would be made to reach final legislative action today on the \$2,125,000,000 relief bill and the \$396,000,000 War Department supply bill.

MEASURE WRITTEN TO PLEASE HOOVER IS GIVEN APPROVAL

Garner Breaks Tie To Require Reconstruction Corporation To File Monthly Reports

HOUSE TURNS DOWN SENATE'S PROPOSAL

It Was Objected to by President, and Members Hurry To Go Home; Immediate Consideration In Senate Is Given; If It Fails, Will Go To Conference

Washington, July 13.—(AP)—The House today passed the \$2,122,000,000 relief bill drafted along lines approved by President Hoover.

Just a few minutes before passage, Speaker Garner cast the deciding vote and broke a tie on the Railway amendment to force the Reconstruction Finance Corporation to file monthly reports on all loans made under the new revenue bill. He voted for the amendment.

The roll call vote on the Halney amendment before the speaker cast his ballot was 169 to 169.

Representative Snell, of New York, minority leader, demanded a recapitulation of the vote. It was found to be the same.

In passing its own relief measure, the House thrust aside the Senate relief bill passed last night because of President Hoover's objection to some phases.

This course was taken to expedite action. The Senate is expected immediately to consider the House measure. If it does not agree, the bill will be sent to conference, where the difficulties are to be ironed out.

Representative Rainey, Democrat, Illinois, majority leader, said today he understood the President objected to the provision in the new Senate bill providing for loans to individuals from Federal Reserve Banks.

Senator Glass, Democrat, Virginia, said, however, he had been informed by two administration leaders, Secretary Mills and Governor Meyer, of the Federal Reserve Board, that they favored the loans to individuals clause.

WOMAN BOUND AND GAGGED AT HOME

Police Start Search For Assaultants of Pasquotank County Woman During The Night

Elizabeth City, July 13.—(AP)—While Mrs. Bart B. Morgan, living about six miles from here, was in a state of near collapse today, police launched an investigation to find who bound and gagged her last night and ransacked her home.

Though the interior of the house had been gone over thoroughly, the intruder took nothing, so far as could be learned today.

Meanwhile, bloodhounds led officers to the home of a Negro a half mile away, and police said he would be questioned.

Washington Frowns Upon Generosity To Veterans

Efforts To Offer Jobs Elsewhere Taken With Grain Of Salt by Bonus Seekers; "To Hell With Civil Law" Is Declaration of Commander Waters

By CHARLES P. STEWART, Central Press Staff Writer

Washington, July 13.—In the second month of the bonus army's siege of Washington, it suddenly occurred to high officials that the concentration would be through offers of jobs to the ex-service men, widely distributed over the country.

Accordingly Administrator Frank T. Hines of the veterans' bureau is having a national survey made by his regional subordinates, and if the jobs are found, it is a foregone conclusion that not the least trouble will be experienced in getting the bonus-seekers to accept them; for, as everyone is aware, they never would have come bonus-seeking except for their joblessness.

"The question may arise, indeed, why if the government can find jobs for bonus-seekers, it cannot find them also for the rest of the unemployed. However, as a practical proposition, it is sufficiently obvious that the capital is the last place where the administration is likely to enjoy having 20,000 shelterless, ragged, half-starved old soldiers conspicuously bivouacked all summer in a campaign year.

Hopes originally were entertained that the veterans would disperse of themselves directly following the refusal of congress to grant their demand for immediate bonus payment; then that they would leave at the end
