Man At Staunton, Va., Is Arrested For Obtaining \$56,000 From N. Y. Bank

\$54,795 in Cash Recovered From W. J. Pender's Rooms. Where It Was Found In Trunks

WIFE TOLD WHERE MONEY WAS KEPT

Officers Went to the Home and Found It; Pender To Be Taken Back to New York Tonight To Face Charge; He Impersonated Bank's Messenger

Staunton, Va., Aug. 3.—(AP)—Police officers arrested W. J. Pender, 35, of New York, today for obtaining \$54,795 in cash, part of the \$56,000 which he is alleged to have obtained from a New York bank by impersonating a messenger. Pender is believed to have spent the money in Staunton.

The money was found in two trunks in the room of W. B. Taffy, a relative of Pender's wife with whom the police had been staying. Directions pointing to the money was given by Pender's wife, following his arrest in Staunton, Va., early this morning.

Pender, 35 years old, will be returned to New York tonight by a representative of a detective agency who was assigned to the case last night and who trailed Pender to Staunton. Pender and his wife were arrested in the Taffy family. Pender, who went to Staunton to make arrangements for the money, was informed by Pender's wife that the money would be found in the trunks in the Taffy home here. Pender was taken to the home and the money was recovered.

STATE DETERMINED TO GET HOME BANK

Trying To Land the Bank and One of the Bank Commissioners

Daily Dispatch Bureau, Raleigh, Aug. 3.—North Carolina is trying to get one of the home loan banks of five who distribute the money. The bank promoters have been told that it is better to have one bank than to center on one. The committee is trying for both, hoping to get both but at least playing the safe game and not to lose everything. The banking commission met here today. Commissioner Hood was asked to present the claims of the State bank. One of the regional banks, Winston-Salem is being considered. Mr. LaRoue has been named in the person of A. G. ...

Skirmishes Occur At Frontier Outposts Where Both Countries Now Have Armies

LEAGUE OF NATIONS APPEALS UNNOTICED

Bolivia Calls to Colors Young Men Between 22 and 29 and Retired Officers Between 20 and 50; Volunteers Crowd Paraguayan Recruiters

(By the Associated Press.) Paraguay and Bolivia are rapidly moving closer to a state of actual war over their conflicting claims in the Gran Chaco area considered one of the richest in the world.

Undeterred by appeals from the League of Nations, both countries have ordered mobilization of their armed forces. Bolivia had called to the colors all classes of young men be-

Wood And Hanes Declare Business On The Upgrade

They Represent Biggest Banks in the State; Gardner Finds Business Less Flat Than Few Weeks Ago; Bankers Generally Agree on Turn

Daily Dispatch Bureau, Raleigh, Aug. 3.—When Wood H. Wood, president of the American Trust Company, and Robert M. Hanes, president of the Wachovia Bank and Trust Company, were here Monday, they told newspaper men that business conditions are "looking up" and that undoubted improvement has begun.

Bankers generally make this observation. Politicians who stand to lose or gain by such improvement, have remarked similarly. But all the business men who see this slight advance in business conditions believe the better outlook is unrelated entirely to

EHRINGHAUS NEEDS LEGISLATURE THAT WILL BACK HIM UP

That Rather Than Leader Devoted Solely to Him Is Big Consideration Of Nominee

REYNOLDS NOT TO OFFER OPPOSITION

There Are Many Very Close Counties and An Unwise Campaign Would Lose Them; Major MacLendon Is Still Ehringhaus Choice For Chairman

Daily Dispatch Bureau, Raleigh, Aug. 3.—Enlarged interest in the State Democratic chairmanship is observed as the time for picking this official approaches, but contrary to popular feeling, the increase, comes from supporters of J. C. E. Ehringhaus, who are very much more concerned that he get a legislature in harmony with him than that he a leader devoted solely to him.

As the day of the executive committee meeting is only a week off action must be swift. There is in Raleigh a strong impression that Major L. P. MacLendon, manager for Mr. Ehringhaus, is first choice for the candidate for governor. There is a second hunch that C. L. Shuping, of Greensboro, rates a close second. These hypotheses assume that Congressman Lindsay C. Warren would not accept the election as chairman. But the naming of Warren, MacLendon or Shuping would not mean hostility to a Reynolds supporter. The first and foremost consideration is a State campaign which will result in the election of an Ehringhaus General Assembly.

The great majority of senators and representatives in the lower house have been nominated. But a few are yet to be chosen. Since Mr. Ehringhaus had the party leadership generally with him, it is assumed that he will have an Ehringhaus legislature in 1933. But the assumption is not justified. Mr. Ehringhaus carried the bigger counties of the west and Piedmont, but he did not carry Mecklenburg and he lost Wake, Lee, Buncombe, Gaston, Rowan, Guilford, Forsyth and Durham but dropped Mecklenburg, Wake, Johnston, and nearly

Young Girl's Body Found Buried In Basement of Home

Ludington, Mich., Aug. 3.—(AP)—The body of 17-year-old Evelyn Sanford, who disappeared last Saturday, was found buried in the basement of a vacant house in the rear of the home of Francis Nash in Freeport today. Nash was taken into custody for questioning yesterday.

Mrs. Keith-Miller Takes Stand At Murder Trial

Australian Aviatrix Says Clark, Dead Man, Threatened Suicide To Give Her and Capt. Lancaster, Accused Man, \$1,000 on Their Wedding Day

Miami, Fla., Aug. 3.—(AP)—Mrs. J. M. Keith-Miller, Australian flier and former aviation partner of Captain W. N. Lancaster, testified at the former British army aviator's murder trial today that he contemplated suicide in order that she and Haden Clark, her fiancé, might receive \$1,000 from his insurance policy on their wedding day.

Called as a witness for the prosecution in its efforts to prove Captain Lancaster killed Clark, a young writer, in a love triangle, the aviatrix said the men quarreled over her affections at dinner the night before Clark was shot at her home. They settled their differences, however, she said after Clark admitted Lancaster's accusation that he had been unfaithful to the former army flier in making love to her.

Kansas Yet Dry After Elections

Topeka, Kans., Aug. 3.—(AP)—It's still dry Kansas after yesterday's primary, in which wet candidates sought the favor of the voters of the pioneer prohibition state for the first time in two decades. While prohibition was not the major issue, taking a supporting role to the more lively question of taxation, economy in government and other matters that affect the pocketbooks, it was clearly demonstrated that Kansas voters haven't changed their views on liquor.

Charging that a "whispering campaign" to the effect that Governor Roosevelt is physically unfit, has been launched, James A. Farley, chairman of the Democratic National Committee, is shown as he broadcast his denial. DEFENSE HEARD IN ANTI TRUST TRIAL

Witnesses Seek To Disprove Charges of Hindering of Trade

Asheville, Aug. 3.—(AP)—Led by the president of Appalachian Coals, Inc., which the government seeks to dissolve for alleged violations of the Sherman anti-trust law, defense witnesses today sought to break down testimony that tended to show Appalachian Coals hinders trade.

James B. Francis, of Huntington, W. Va., president of the organization, formed by 136 Appalachian coal field dealers, contended the agency is necessary to save their industry from present chaotic conditions, and that it does not restrain trade, as the government contends. Defense counsel announced today their case would be rested on their claim that the selling agency combination is justified by economic conditions in the coal industry.

Four of Defenders of Mine Are Wounded and Are Without Attention; Non-Union Men Ask For Troops

Indianapolis, Ind., Aug. 3.—(AP) Governor Harry G. Leslie today ordered Indiana National Guard troops into Vigo county, where union pickets have besieged 60 non-union miners in the Dixie Bee shaft.

Terre Haute, Ind., Aug. 3.—(AP)—The siege of the Dixie Bee mine in Vigo county was continued today with desultory fighting. 60 nonunion workmen hemmed in by a ring of union pickets, exchanged fire at daybreak and the the attackers and the defenders settled down to cautious sniping.

The siege began late yesterday. One picket has been killed and four wounded. Four of the defenders of the mine have been wounded. The latter are still at the shaft without medical attention. Pickets last night were sent to bring in the wounded miners.

Meanwhile, representatives of the non-union men were at the State capital at Indianapolis seeking a conference with Governor Harry G. Leslie. They left here hoping to persuade the governor that National Guard troops were needed to bring about a cessation of hostilities between the pickets and the group at the mine.

Roosevelt Campaign Boss Goes To Capital To Soothe Wounds From Convention

By CHARLES P. STEWART, Central Press Staff Writer, Washington, Aug. 3.—If I never had heard of James A. Farley in connection with the New York boxing commission, I don't suppose it would have occurred to me that as a figure of his prominence in presidential politics, he has a personality extraordinarily suggestive of prominence in the professional sports field. Not having met him before (for I had to remain in Washington during this year's conventions), it naturally was with considerable curiosity that I had my first look at the new Democratic national chairman, on his initial campaign visit to Washington recently.
