Troops Patrol Street of Prin. cipal Cities, While Sentiment is Divided Among Civilian Population; Some of Military Forces Also Swing Over

Madrid, Aug. 10 (AP)-Royalist army leaders plunged Spain into rebellion today, attacking the ministry of war at Madrid and seizing control of the city of Seville.

General Jose San Jurgo, the man who escorted Queen Victoria to exile. appeared to be an outstanding figure in the movement. It was he who took over Seville and the smaller town of Jerez de la Frontera.

The entire country was practically under martial law as the republican government mobilized to prevent the uprising from spreading. Troops patrolled the streets of the principal citles in the south and excitement ran

New York, Aug. 10 (AP)—Su-preme Court Justice John E. Mo-Gechan, sitting in special trial term of court in the Brenx, agreed today to listen to arguments on an application for a writ of pro-hibition to prevent Governor Rosseveit from hearing the charges against Mayor James J. Walk-

The application was made by Sidney S. Levine, a lawyer, on behalf of George Donnelly, who was secretary to Cyrus Miller when the latter was

borough president of the Bronx. In the application, Donnelly called Governor Roosevell's attention to the State's construction, under which he asserted the governor is without power to hear removal charges against

the mayor.

Donnelly said he took this matter to the supreme court for a ruling after falling to receive a satisfactory answer fro mthe governor.
