

POU SAYS RALEIGH IS TO BE AWARDED AGRICULTURE BANK

Congressman Declares Reconstruction Corporation Had So Advised Him On Location

TO SERVE DISTRICT WITH FOUR STATES

Both Carolinas, Georgia and Florida Included; Chairman Fort of Home Loan Board Urges Mortgage Suspensions Until Help Is Extended

Washington, Sept. 2.—(AP)—Representative POU of North Carolina, said he had been informed by the Reconstruction Corporation that one of the agricultural credit corporations would be located at Raleigh.

Both the credit office would be under jurisdiction North and South Carolina and Georgia and Florida and the capital would not be less than \$10,000,000 but the definite location has not been definitely determined.

The officers of the Reconstruction Corporation it was said that the corporation has not yet selected the site for the agricultural credit corporation headquarters in the Raleigh district.

DEFENSE OF MORTGAGE FORECLOSURE IS URGED

Bankers Ind. Sept. 2.—(AP)—Suspension of mortgage foreclosures on home loan banks begin operating was urged upon building and loan association officials today by Frank W. Fort, chairman of the national directing board.

At the 40th annual convention of the United States Building and Loan Association, Fort said the 12 home loan banks would begin to function on September 15, and that "thereafter mortgage money will be available on all loans which we are getting through."

Eagle Pass Has Floods Riding In From Rio Grande

Eagle Pass, Texas, Sept. 2.—(AP)—A raging yellow torrent overflowed the banks of the Rio Grande river, flooding streets in the Eagle Pass district and part of the Mexican town of Piedras Negras.

By extraordinary rains, the water was rising at an estimated rate of three feet an hour. It was feared that the entire city would be flooded. Two-story buildings in the Eagle Pass business district collapsed as flood waters weakened their foundations.

Hundreds of residents of the low lying section were carrying their household goods to high ground, and many were moving goods out of their homes.

CHAPLIN WINS OUT FOR HIS CHILDREN

Los Angeles, Cal., Sept. 2.—(AP)—The fight of Charlie Chaplin, film star, to keep his children out of the picture, ended successfully today with the plan of his former wife, Lita Grey Chaplin, actress.

R. F. C. Will Invest New Sums Soon

Agriculture and Construction Project to Benefit From This Money

Washington, Sept. 2.—(AP)—Ways and means committee today announced that it will invest some more of its millions in the construction and agriculture projects.

The chief concern of the committee was the maximum employment was the object of the self-liquidating construction projects. Harvey C. Couch, director in charge of this loan field, said by the relief act, added that the corporation meant the most work in the shortest possible time.

With this objective, it is analyzing the proposed projects, and Couch said that the first of the self-liquidating additions may be expected next week. The proposed belt line bridge at New York is estimated to give three years employment to 6,700 men, is receiving particular attention.

Defeats Shortridge?

Leading Senator Samuel Shortridge for the Republican senatorial nomination in California, Tallant Tubbs, above, of San Francisco, appeared to be the likely opponent of William Gibbs McAdoo, the Democratic choice, in the November election. Tubbs is a "wringing wet."

CITIES AND TOWNS TO URGE PROGRAM FOR LEGISLATION

State Municipal Association Outlines Plans at Meeting in Raleigh Thursday

WANT MANY STREETS KEPT UP BY STATE

Would Also Have Uniform Data For Officials To Take Office; Would Unload on Counties Full Burden of Relief in Cities As in Counties

Daily Dispatch Bureau, in the Sir Walter Hotel, BY J. C. BASKERVILLE.

Raleigh, Sept. 2.—The cities and towns in the State, through the North Carolina Municipal Association and its executive committee, are already laying the groundwork for an extensive legislative program they hope to get through the 1933 General Assembly.

The two most important legislative proposals out of ten decided upon at this meeting are the proposals for the abolition of the State tax on gasoline used by municipalities and for the apportionment of some of the gasoline tax collected by the State to all cities.

ROOSEVELT GAINING, IS GARDNER BELIEF

Newspaper Polls Show Predominating Sentiment For Democrats

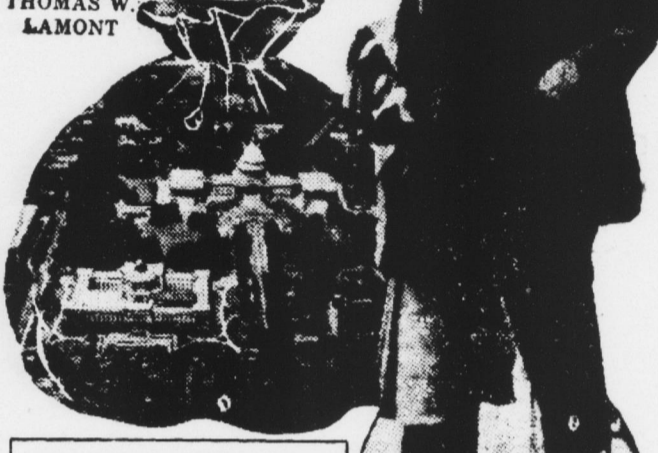

Daily Dispatch Bureau, in the Sir Walter Hotel, BY J. C. BASKERVILLE.

Raleigh, Sept. 2.—Governor Franklin D. Roosevelt, of New York, the Democratic nominee for president, is gaining strength daily throughout almost all the eastern and northern states, with the possible exception of two or three of the rock-ribbed Republican states in New England, according to Governor O. Max Gardner, who has just returned from his vacation. During his vacation, Governor Gardner spent almost a week in New York and had intended being present at the Roosevelt rally at Sea Girt, New Jersey, but did not get to.

"Most of the newspaper polls that have been conducted in most of the northeastern states show an overwhelming preference for Roosevelt."

DOES HE COME TO REDUCE DEBTS?

BUY NINE WASHINGTONS The European debt of more than 11 billion dollars owing the United States would "buy" nine Washingtons. The capital city's assessed valuation is somewhat more than \$1,200,000,000.

Belief has been expressed that the visit of the governor of the Bank of England, Montagu Norman, may result in a further announcement concerning European debts, perhaps in November, and a huge bankers' loan by public subscription to Great Britain to put that nation back on the gold standard.

Governor Norman, upon arrival, went to visit in Maine, close to the summer estate of Thomas W. Lamont, partner in the House of Morgan, international bankers. He then conferred with bankers and federal reserve officials in New York. Great Britain has some maturities coming due.

More Jobs Opened In Carolinas

East Carolina Tobacco Plants Put Many to Work; Textiles Resume

(By the Associated Press.) Employment conditions in the two Carolinas continued on the upgrade today, paced in North Carolina by the opening of tobacco stemmeries and re-drying plants.

At Goldsboro, 200 went to work at one stemmery and re-drying plant, and several hundred prepared to go to work in a few days at another plant. The operations will continue until about February.

Plants also opened at Wilson, Kingston, Greenville and Rocky Mount, giving work to additional hundreds who have been unemployed for months. At Anderson, S. C., and Iva, near there, full night operations got under way in two cotton mills as a result of recent additional orders.

France To Consult U. S. On German Arms Proffer

Will Include This Country In Abrogation of Certain Provisions of Peace Treaty

SEPARATE TREATY HERE IS SIMILAR

While U. S. Did Not Ratify Versailles Pact, Separate Agreement Contained Many Provisions Like That One; Deny Rejection of German Note

Paris, Sept. 2.—(AP)—Confirmation that France will consult not only cognatories of the Versailles treaty regarding Germany's armaments memorandum, but also the American government, was furnished today in official quarters.

It was explained that the official judicial reason for American consultation is that military, naval and air clauses contained in the Versailles treaty, which the United States never ratified, are embodied in the separate peace treaty which the United States negotiated with Germany in 1921, derived all rights and advantages emanating from that part of the Versailles document.

After denying a report that the cabinet yesterday had rejected the German memorandum, an official spokesman said that France would calmly and without haste examine the German initiative in complete collaboration with other powers including the United States.

Broad Movement In Buying Pushes Stock Prices Up

New York, Sept. 2.—(AP)—One of the most comprehensive buying movements in the past fortnight developed in the stock exchange today.

Trading was in moderate volume but the list moved steadily forward, several issues reaching new highs for the year. Renewed strength in cotton, which pushed up about \$2 a bale, and improvement in the recently reactionary bond market were evidently stimulating the market for shares.

Steeels, rails and utilities were particularly strong. U. S. Steel common advanced \$2.25 to a new high for the recovery, above \$49 a share. Gulf States Steel advanced \$4 to above \$18, a new high for this share.

American Telephone advanced \$3 to close at \$118 a share.

Health Men Are Rescued On Sandbar

Lost Channel Returning From Fishing Trip Outside Near Wilmington

Wilmington, Sept. 2.—(AP)—Three health officials, one an official of the State, were rescued today from a sandbar three miles off shore, where they ran aground last night after becoming lost on a fishing trip.

The party was made up of Dr. John H. Hamilton, of Raleigh of the state Board of Health; Dr. A. H. Elliott, New Hanover county health officer, and J. B. Edwards, county assistant food and dairy inspector.

They disappeared yesterday after leaving on a fishing trip to Masonboro Inlet, near here.

Instead of going there, however, they went to Mason's Inlet, and, in attempting to make the shore in the small outboard motor boat last night, lost the channel.

CHAIR WORKERS TO OFFER AGREEMENT

Will Return to Jobs If Plans Are Accepted by Plant Officials; All Quiet at Rockingham, Where 1,200 Textile Operatives Are On Strike

(By the Associated Press.)

North Carolina's strike front was quiet today after a brief flare-up in High Point yesterday and submission at Thomasville of a set of proposals under which 1,000 employees of the Thomasville Chair Company have agreed to return to work if accepted by plant officials.

S. T. Spoon was reported recovering from injuries received when he and six others were struck by the automobile of Ernest Albertson as the latter sought to pierce the strikers' lines and returned to work in the Stehli silk mills where approximately 400 employees struck Tuesday.

Company officials immediately posted a notice the mill would be closed indefinitely or until the wage dispute can be settled.

BAFFLING MURDER IN OHIO IS SOLVED

Elder Brother Confesses Killing Younger Brother and Sweetheart

Lima, Ohio, Sept. 2.—(AP)—One of the most baffling crimes in Ohio history, the "quarry murders" of Earl Truesdale, 20, and his sweetheart, Thelma Woods, 19, was solved today, police said, by the alleged confession of Loren Ellsworth Truesdale, Earle's 23-year-old brother.

The elder brother was arrested by private detectives last night and gave the alleged confession, the officers said, in the presence of his mother and father. Jealousy caused by rivalry in love was described as the motive.

The younger Truesdale and Miss Woods were slain the evening of Memorial Day, 1931. Their bodies, weighted down with stones, were found several days later in an abandoned water-filled stone quarry at the outskirts of the city.

WALKER HINTS AT CANDIDACY AGAIN FOR VINDICATION

Denounces Roosevelt Hearing and Inquiry Into His Conduct as "Un-American"

STUDIOUSLY UNFAIR IS WALKER'S VIEW

No Ceremony Accompanies Accession of President Of City Board of Alderman as Mayor of Great Metropolitan; Merely Walks In And Goes to Work

New York, Sept. 2.—(AP)—Joseph V. McKee, erstwhile president of the board of alderman, slipped unobtrusively into City Hall today, took off his coat and began work as the mayor of the City of New York.

There was no ceremony, nor will there be, for his succession to James J. Walker, resigned, is automatic; not even the formality of taking the oath of office is necessary.

Although McKee took up the mayor's work today, he did not take over Walker's former office. Instead he went to his own old office, a large white room, decorated with the portraits of former mayors, and sat at his old first top desk.

Almost as sensational as Walker's abrupt resignation and his more than hint that he would seek vindication by running again, was the Tammany mayor's undisguised assault on the manner in which Governor Roosevelt, national leader of the Democratic party, conducted his hearings.

"Un-American — extraordinary — inquisition — travesty — mock trial — perversion of the executive power — studiously unfair — biased judge," were some of the phrases that studded the statement he gave out on his resignation.

He announced the purpose of his resignation was to "change the venue."

Accept Low Bids Upon 15 Projects By Highway Board

Raleigh, Sept. 2.—(AP)—The State Highway Commission met in executive session here today to approve low bids received on 15 road projects yesterday and tentatively approved 12 projects to be included in a letting set for September 15.

All low bidders announced last night except one, received the contract awards from the commission, and the other contract, in Mecklenburg county, was let to the low bidder on an alternate price. All projects, however, are subject to final approval of the Federal Bureau of Roads.

State Case For Slaying Now Rested

Three Men In Fayetteville Accused of Killing Grocery Man in Robbery

Fayetteville, Sept. 2.—(AP)—The State rested its case today in the trial of three men for the slaying of A. C. Willis, a grocer here, June 11, after Willis' widow had been carried screaming from the court room.

Mrs. Willis, after listening to arguments over the admissibility of evidence by Police Chief Ross Jones concerning alleged confessions of the men on trial, when he went into hysterics. Jeff Webb, one of the defendants, took the stand after the jury had been sent from the room, and he said he shot the pistol in the grocer's store the night of the shooting, but said he shot at a wall.

As he uttered these words, Mrs. Willis screamed and sobbed and was carried outside in a semi-conscious condition. On trial with Webb, charged with first degree murder, are Charles Jones and Roy Adams.
