New York, Oct. 17.—(AP)—An editorial published in all Scripps-Howard newspapers today expressed the opinion that "the nation will be better served if the Hoover administration is not returned," and at the same time stated "we cannot underwrite a Roosevelt administration in advance." "Whether a Roosevelt administration can meet the challenge of the national crisis, we do not know. We merely know that he and his party offer a fresh start, and we believe a better chance.

"Since Roosevelt has yet to himself a great leader, since the men in his party with whom he must work in Congress have yet to demonstrate outstanding leadership, we cannot underwrite a Roosevelt administration in advance, but we can say that Roose velt's expressions of political philosophy are expressions of the philosophy in which we believe.
