Raleigh, Nov. 3.—The action of Dr. teen of the fifteen Republican candidates for State and congressional offices as being "satisfactory" to the drys, has brought forth no comment here from Democratic leaders. But the feeling among those in Democratic circles is that this statement will have cratic candidates will be elected by tremendous majorities.

This action on the part of Dr. Barton and the "drys" of the State was not a surprise, since a statement of this sort has been expected ever since Mr. Hoover announced his plans to Dr. Barton issued a questionnaire to

Raleigh, Nov. 3.—The campaign specches being made by Governor O. Max Gardner are doing more to clinch to campaign and convince those who so far have been more or less in doubt about the soundness of the Democratic doctrines, both national and State, than of any of the other speakers, according to the bulk of opinion here. This is because Governor Gardner is talking hard, cold facts rather than generalities and is bringing these facts down to the counties and communities in which he has been speak ing. It is apparent that Gardner has delved a little deeper to get his facts in order to make a more lasting im-pression upon the minds of those who hear him.
After his speech in Greenville Tues

Not Certain When New Service Charges Will Be Announced In Cases of Other Utilities Called Into Conference; All Types of Service Cut

Raleigh, Nov. 3. -(AP) Reduction in electricity rates of the Durham Public Service Company to save \$6 :.-000 annually for the consumers in Durham today were ordered into effect November 10 by the State Corporation Commission.

The Durham company, after many hours of conference with the Corporation Commission, agreed to a new scale of rates reducing all types of service, but most particularly, commission members pointed out, granting "the littlest customers some real reduction."

Announcement of the action in the Durham case was the first since the Corporation Commission aunched a fight for lower electricity rates on July 21.
