Appears Under Auspices of Republican for Roosevelt League; Rejoices That Republicans Have Cooperated To Oust the Present Leadership

New York, Nov. 4.—(AP)—As Governor Roosevelt spent a quiet day at his town house putting the finishing touches on his speech for tonight in Brooklyn, it was learned that whether he is elected to the presidency or not, he will leave shortly after the middle of November for a visit to Warm Springs, Ga.

He will stay in Warm Springs until about a week before Christmas. And if he is elected he may go back to the South for another visit on the first of the year, spending some time in Warm Springs and some in Florida.

New York, Nov. 4.—(AP)—Governor Franklin D. Roosevelt says "the people have resolved to put out of power the Hoover administration, and he characterizes as "a government by guess and by gamble."

Speaking last night at the Republican Roosevelt League rally in the Metropolitan Opera House to a audience estimated by police at 10,000, Mr. Roosevelt said:

"I am glad that Republicans everywhere have decided to lay aside party prejudices and shoulders to the wheel of recovery, not by magic of government but by hard common sense and by serious and resolute action."

Aggregate \$622,837, With Total \$3,529,873 Federal Aid In State

Raleigh, Nov. 4.—(AP)—The State Highway Commission today awarded contracts to low bidders on eleven projects on which proposals were filed yesterday. All contracts were approved by the Federal Bureau of Roads before work can be commenced as the projects are being financed under the Federal aid program to the State.

The contracts aggregated \$622,837 and brought to \$3,529,873 the total amount involved in contracts since the commission started work with the Federal aid funds in August. In addition, \$97,867 has been set aside for emergency work in connection with the projects already let, a total of \$4,427,740. This leaves about \$1,000,000 available for use in further contracts, Chairman E. B. Jeffress estimated.

Rumor Is Radical Changes In Geography Texts Will Be Recommended, Much Against Wishes Of The Parents

Raleigh, Nov. 4.—Although the State Elementary textbook Commission has reached a decision and formulated its report, in which it is expected to recommend a change in the geography textbooks next year, this report will not be delivered to Dr. A. T. Allen, State superintendent of public instruction, until about November 15. This was admitted Thursday by Superintendent A. E. Akers, of Roanoke Rapids, chairman of the textbook commission, in a long distance conversation with the writer.

When asked the reason for the delay in submitting the report to Dr. Allen, since the commission decided on its course of action in a meeting held October 24 in Greensboro, Mr. Akers said that the report had to be

### Hoover By Narrow Margin Or Roosevelt By Landslide Is Stewart's Final Guess

By CHARLES P. STEWART New York, Nov. 4.—President Hoover will be re-elected by a narrow margin or Governor Roosevelt will win by a landslide.

To say so is not necessarily favoring the governor's side of the argument. It is in the nature of the political situation that the Republican candidate cannot reasonably hope for more than a small majority, if any; that the Democratic nominee cannot triumph at all unless he triumphs overwhelmingly. Odds of 3 to 1 on

### REPUBLICANS ADMIT DEMOCRATIC WIN IN NATIONAL ELECTION

Little or No Chance, Either, of Electing State Candidates, Some Leaders Concede

SEE NO LANDSLIDE TO PARTY, HOWEVER

It is Claimed Many Voters Are Still Undecided, And Grissom Says Republicans Would Carry This State if Absentee Ballots Were Eliminated

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE.

Raleigh, Nov. 4.—While almost all of the Republican leaders here privately agree that President Hoover will be defeated and Franklin D. Roosevelt elected president, and that there is little or no chance of electing any Republican State officials, they are maintaining that the Democrats are not going to make as clean a sweep as they now think.

"There are still thousands of voters both in North Carolina and over the nation as a whole who have not yet made up their minds as to how they are going to vote or whether they are going to vote at all," said a well known Republican business man in the State who was here today.

"Many of these are dissatisfied with both Mr. Hoover and Mr. Roosevelt. They may not vote at all or they may vote for the Socialist candidate, Mr. Thomas.

"It is also increasingly apparent that a great many of the active church people in the State who want to keep prohibition will not vote for Mr. Roosevelt. They voted for Mr. Hoover in 1928 and will vote for him again this time—if they vote at all.

### STATE DEMOCRATIC BY 73,000 IN 1928

That Was Gardner's Lead Over Seawell, Though Hoover Beat Smith

(Note: This is the second of two articles showing how North Carolina voted in the 1928 general elections. It deals with the gubernatorial race between O. Max Gardner and H. F. Seawell.)

Raleigh, Nov. 4.—(AP)—Although North Carolina was swept into the Republican column nationally in the last general elections in 1928, the State Democratic ticket came through to give O. Max Gardner a 73,000 majority over Herbert F. Seawell, Republican, for governor.

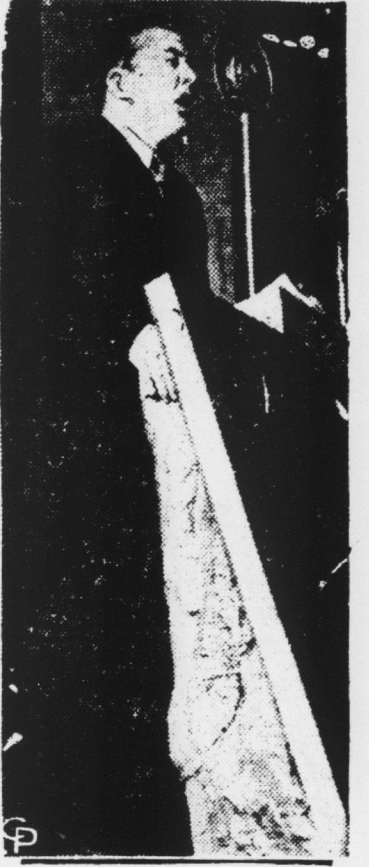

Republicans made a determined fight to break the Democratic party's control of the State government and their efforts were rewarded by capturing the greatest number of seats in the 1928 General Assembly they had won in years.

Whereas President Hoover carried 63 of the State's 100 counties, Gardner won majorities in 67, one of which went for him by only two votes. Macon county gave Gardner 2,544 votes to 2,522 for Seawell.

Hoover's majority over Alfred E. Smith, the 1928 Democratic presidential candidate, was 62,000, but approximately 15,000 more votes were cast in the gubernatorial contest than for presidential electors.

Draws Analogy Between Present Crisis and That When Lincoln Was Re-Elected

COUNTRY DECLINED TO CHANGE IN 1864

Choice Then Was On Nov. 8, Same as Now, President Says In Speech at Springfield, Ill.; Says Turn In This Crisis Was Made Last Winter

Aboard Presidential Special, En Route West, Nov. 4.—(AP)—In his latest appeal for the support of the American people, President Hoover today in a speech prepared for delivery this afternoon at Springfield, Ill., where Abraham Lincoln is buried, drew what he called an "analogy" between the issues in this campaign and those when the Civil War president was re-elected.

The speech was made public aboard the President's train as he campaigned through Indiana and Illinois towards Springfield to make the address. The President said that in 1864, when the country, in deep gloom and the Democrats demanding a change of leadership at Washington, the nation declined emphatically to turn aside to untried policies and experimental leaders, and re-elected Lincoln.

"The same alternatives are before the country today that lay before it in that momentous campaign of nearly three-quarters of a century ago," he said. "The choice that the American people made in 1864 was made on November 8; the choice they are called to make in 1932 will be made on November 8. My fellow citizens, can we doubt what the choice will be?"

The turn in the tide of the Civil War was made at Gettysburg. The turn in the tide in this crisis was made in the last winter and just as after Gettysburg long months of continual battle were required to bring about the saving of the union, in the same manner we must continue the fight today to recover our prosperity and to preserve the social and political principles for which Abraham Lincoln stood."

### Sam'l Insull Arrested By Greek Police

Former Midwest Utilities King Held for Extradition to America

Athens, Nov. 4.—(AP)—Samuel Insull, former Chicago utilities operator, was arrested today at the request of American authorities.

The American was taken into custody by the Athens police just after noon in compliance with an order by the court of appeals, which held an application from Leland C. Morris, the American minister, for extradition.

Chicago authorities wish to return Insull to the United States to face an indictment charging larceny and expropriations in the collapse and subsequent receivership of the vast Middle West utilities properties earlier this year.

Insull's Greek attorney announced he would appear before authorities of the court of appeals as soon as possible and ask that his client be permitted to remain in his hotel under close supervision, instead of being lodged in prison.

The attorney will plead the American's advanced age and point out that Greek law permits certain prisoners the privilege of accommodation in a hospital.
