LEAGUE DENOUNCES JAPAN'S POLICY IN MANCHURIA

AMERICAN AID FOR SETTLING DISPUTE SOUGHT IN REPORT

Conclusions Reached At Geneva Emphatic Against Recognition of Man- chukuo State

JAPAN DETERMINES TO REJECT REPORT

Delegates To Be Withdrawn From Geneva and Ulti- mate Withdrawal From League Membership Is Practically Certain; China Should Have Manchuria

Geneva, Switzerland, Feb. 17.—(AP)—The League of Nations report on Manchuria, sent today to all nations of the world, denounces Japan's policy in that territory and seeks the aid of the United States in settling the dispute.

It declares against the maintenance and recognition of the state of Manchukuo, proposes new negotiations between China and Japan, with the League again assisting and extends the invitation to participate to Soviet Russia, as well as to America.

The report already has been subscribed to by 19 leading members of the League. It will be submitted on Tuesday for ratification by the full League Assembly and will be debated on Friday and Saturday of next week before a final vote is taken.

In asserting that Manchuria must be retained under Chinese sovereignty and in opposing recognition of the state of Manchukuo, the report takes

Sanity Test For Would-Be Killer Sought at Miami

Miami, Fla., Feb. 17 (AP)—The Dade county Medical Association was asked today to appoint physicians on a sanity commission to examine Giuseppe Zangara, charged with the attempted assassination of President-elect Franklin D. Roosevelt. The request was made by the three attorneys appointed by Criminal courts Judge E. C. Allen to defend Zangara.

The announcement was made by Lewis Twyman, president of the Dade County Bar Association, at conclusion of a lengthy conference by the attorneys with the prisoner. Other attorneys appointed are J. M. McCaskill, past president of the Bar Association, and Alfred E. Rala.

Glass Sees Roosevelt On Cabinet

En Route With President-elect Roosevelt to New York, Feb. 17 (AP)—President-elect Roosevelt and Senator Glass of Virginia, talked over the latter's entry into the cabinet on the Roosevelt train from Washington to Baltimore today seated in the observation car. No decision was reached. It was stated definitely that a decision would be made for one or two days.

Presidential Prerogatives Roosevelt Is To Be Given May Overstep Constitution

By CHARLES P. STEWART
Washington, Feb. 17.—Less effort than one might expect is being made in Washington to camouflage the fact that congress is establishing something mighty like a dictatorship over the United States.

Indeed, many lawmakers seem inclined actually to stress what they are doing, evidently in full confidence that it is what most folk desire.

A few Republicans protest, but not vehemently.

On their side, the Democrats do Mussolini of President-elect Roose-

Man Who Tried To Kill President-Elect Roosevelt

—From INS News Photos, Miami Bureau.

Giuseppe Zangara, Italian immigrant, who seriously wounded Mayor Anton H. Cermak of Chicago and Mrs. Joe H. Gill, and shot three others in Miami Wednesday night in an attempt to kill President-elect Franklin D. Roosevelt, is shown here held by Sheriff Dan Hardie and his deputies of Dade county, Florida. Meanwhile, a crowd outside the jail yelled "lynch him." Most of the man's clothing was torn from his body by the crowd that surged in on his after he had fired the shots intended for the President-elect, who escaped unhurt.

DEMOCRATS WILL SUPPORT REPEAL

House Leaders To Whip Party In Line For Reso- lution on Monday

SUCCESS IS ASSURED

Question of Legality of Method of Submission to States Raises Is- sue as Amendment Goes Back To States

Washington, Feb. 17 (AP)—House Democrats were called together behind closed doors today to pass on whether the members will support the Senate prohibition repeal measure as a unit.

Washington, Feb. 17.—(AP)—Confident House leaders today summoned their full strength to throw the Democratic majority solidly behind prohibition repeal and speed the Senate-approval Blaine repealer to the

Grand Jury To Assemble For Indicting Assassin

Meantime, Victims of Bullets Intended for Roosevelt at Miami, Show Little Change in Condition; Cermak Rests Well; Tranfusion for Woman

Miami, Fla., Feb. 17 (AP)—Mayor Anton Cermak, of Chicago, was sleeping, and his condition was "very satisfactory" a bulletin issued by his physician at 12:30 p. m. today said.

Dr. T. W. Hutson, attending Mrs. Joe H. Gill, of Miami, said a second blood transfusion would be performed in the afternoon.

Miami, Fla., Feb. 17.—(AP)—State Attorney N. Vernon Hawthorne today called the Dade county grand jury in-

INSULL'S BROKERS MADE HUGE PROFIT

But Witness In Senate Com- mittee Resents "Suck- ers" Reference

Washington, Feb. 17.—(AP)—Evidence that Halsey, Stuart and Company, a Chicago investment house, made paper profits of nearly \$200,000 from its participation in organization of an Insull investment trust was presented today to the Senate Banking Committee.

The Senate investigators received evidence today that Halsey, Stuart and Company, a Chicago investment house, made paper profits of nearly \$8,000,000, for transferring securities from one Insull company to another.

Harold L. Stuart, president of the investment house, testified that the transactions bolstered the credit of one Insull company, but objected to a statement that the purpose was designed "to make the stock look better to the suckers who were going to buy it."

Stuart said some of the profits were voluntarily turned back to one of the Insull companies because the profits had turned out to be so large.

LARGER POWER TO GOVERNOR SOUGHT

Authority to Continue Mich- igan Moratorium Is Blocked, However

Lansing, Mich., Feb. 17.—(AP)—The Michigan Senate today adopted resolutions declaring an emergency exists and empowering Governor William A. Comstock to extend the banking moratorium and regulate withdrawals. The resolution was sent immediately to the House.

The House, however, deferred action on the resolution until Monday night, after Representative Berne J. Brown, Republican, declared, "we should go slow in conferring dictatorial powers upon the governor for an unlimited time."

The resolution passed by the Senate asserted an emergency existed in the State involving Michigan's banking and credit structure, and directed the governor to "proclaim such extension of the bank holiday as may be in his opinion necessary to meet the emergency."

Sunday Baseball In State Rejected When House Votes 84 To 25 Against Measure

General Sales Tax Beaten, Secretary Dowell Believes

Daily Dispatch Bureau, in the Sir Walter Hotel, BY J. C. BASKERVILLE.
Raleigh, Feb. 17.—"This General Assembly will not enact a general sales tax on retail sales," Willard Dowell, secretary of the North Carolina Merchants' Association said today. "It may enact some other kinds of sales tax. But, from the assurances I have had the last few days from members of both houses, it is not going to enact a general retail sales tax."

Two weeks ago Dowell, chief lobbyist for the merchants against any form of sales tax, was one of

the bluest men in Raleigh. Even he believed that the trend toward a general sales tax was so strong that nothing short of a miracle could stop it. His face was long and his demeanor discouraged. But within the past few days Dowell has taken a new lease on life. He is cheerful, almost exuberant. He is confident that the people of the State have at last waked up to the real facts concerning the evils of general retail sales tax, that they are getting

INSURGENT REVOLT DELAYS ASSEMBLY

Business of Calling Up Un- favorable Bills Disrupt- ing Whole System

SLAP AT COMMITTEES

No Use To Have Them If Always Go- ing To Be Overruled; Insurgent Move Supported By Some To Prove Fallacies

Daily Dispatch Bureau, in the Sir Walter Hotel, BY J. C. BASKERVILLE.
Raleigh, Feb. 17.—If the "insurgents" in the House and Senate continue to rebel against the action taken by committees against their bills and to put them on the calendars in spite of unfavorable reports, the General Assembly might as well dismiss every committee, put all bills on the calendar, discuss every one in open session and settle down to stay here until July, according to some of the older members. By that time the budget would probably be farther from being balanced than it is now and the deficit larger than ever, it is maintain-

WINSTON'S SEASON SALES 38,036,912 LBS.

Winston-Salem, Feb. 17.—(AP)—The Winston-Salem tobacco market closed today with sales for the season totaling 38,036,912 pounds. The average price was \$10.60, against \$6.66 for last season.

Would Ban Publicity For Loans

Robinson Offers Bill To Protect Banks From Trouble Caused by Loans

Washington, Feb. 17.—(AP) Senator Robinson, the Democratic leader, in a bill today, proposed repeal of the provision of the Reconstruction Corporation act for publicity of loans.

The Robinson move records him at variance with the speaker and vice-president-elect of his party, John N. Garner, who always has favored publicity for the loans. The Reconstruction Corporation and numerous beneficiaries of the loans have objected to the publicity as detrimental to the purpose of the corporation.

WEATHER FOR NORTH CAROLINA. Probably rain tonight and Satur- day; slightly warmer tonight and on the coast Saturday.

TWO NEW REVENUE BILLS IN MAKING

Would Avoid Sales Tax; In House Be Led by New- man, New Hanover

SUPPORTED BY HILL

Durham Senator Believed Pulling Wires for Sharp Digs at Smaller Incomes for Raising New State Money

Daily Dispatch Bureau, in the Sir Walter Hotel, BY J. C. BASKERVILLE.
Raleigh, Feb. 17.—With sentiment against a general sales tax on gross retail sales apparently growing daily, despite what the Finance subcommittee may decide upon, two independent groups are now understood to be working on revenue bills that will raise sufficient money to balance the budget without resorting to a general sales tax. One of these groups is in the House and one in the Senate.

Mrs. Roosevelt Will Cut Costs Of White House

New York, Feb. 17.—(AP)—In line with the policy of her husband, Mrs. Franklin D. Roosevelt is laying tentative plans to cut the expenses of the White House 25 percent, she said today on her return from Ithaca, N. Y.

"Of course, I can't say positively what I am going to do until I get down there and see how my plans will work, but Franklin has asked me to do this in accordance with his policy to cut all government expense 25 percent, and that is my aim," she said.

According to her present plans, Mrs. Roosevelt will get along with nine or ten fewer servants than there are now on the White House staff. Other economies will be effected by a saving in food and a cutting down of the general household expenses.

SAYS UNSEEN HAND BLOCKING ASSEMBLY IN CUTTING TAXES

Williams, of Duplin, Throws Sensation in House by Charging "Sinister Influence"

BITTER RESENTMENT VOICED BY MEMBERS

Williams Then Says He Meant No Reflection; First Night Session of Term Set for Tonight; Another Light Wines and Beer Bill In- troduced

Raleigh, Feb. 17.—(AP)—The House this afternoon voted to hold its first night session of the 1933 legislature tonight after its legislative work was delayed, due to discussion of charges that some "sinister influence" was hindering tax relief measures.

Legalization of Sunday baseball in North Carolina was rejected by the General Assembly today as the House heard one of its members charge that some "sinister influence" is delaying the legislature in affording relief to burdened tax-payers.

The House voted 84 to 25 against the Sullivan bill to allow Sunday baseball for profit.

Representative Williams, of Duplin, read a statement to the House in which he asserted that it "is being restrained by the power of an unseen hand from giving consideration to the question that justifies its existence, that of giving relief from unbearable taxes."

Speaker Harris, of Person, Representative Barden, of Duplin, and

Repeal Of Primary Is Abandoned

But Second Primary and Absentee Bal- lots Will Likely Be Abolished

Daily Dispatch Bureau, in the Sir Walter Hotel, BY J. C. BASKERVILLE.
Raleigh, Feb. 17.—The perennial movement to abolish the primary system and return to the old convention method of nomination is definitely over for this session, but the legislature will probably have to pass on a compromise measure which would do away with the second primary and make the first primary decisive.

The primary repealer bill, dropped into the hopper by Representative

N. Y. Stock Market Probe Would Dwarf Insull Case, Is Congressman's Belief

By CHARLES P. STEWART
Washington, Feb. 17.—The Insull and Kreuger cases will look like 30 cents apiece, alongside what will be disclosed if the senate banking and currency committee, after a year of not overly exciting investigation, really will jab its probe up to the hilt into the New York stock market according to Congressman Louis T. McFadden, senior Republican on the house of representatives' banking and currency committee (He was the committee's chairman until the Democrats won control of the house in 1930, and gave all committee chairmanships

to lawmakers of their own politics.) Congressman McFadden was commenting on the demand by the Manhattan Board of Commerce's stock exchange reform committee that the U. S. senate investigate its investigators (that is its banking and currency committee) to determine why they are uncovering so little important information.

Board is "Unknown"
Official Washington, it is true, generally pooch-poochs the Manhattan Board of Commerce, its stock ex-
