

Senate To Enact Farm Bill About Like House Plan

Peanuts and Flax Added To Commodities To Be Aided Under Roosevelt Measure

DENIES AUTHORITY TO THE SECRETARY

Basic Price of Tobacco Fixed in Committee Decision; Peanuts and Flax Admitted to Benefits by More Than Two to One Vote of Group

Washington, March 30.—(AP)—Opponents of the sweeping administration farm bill today privately conceded the measure probably would pass the Senate about as it was approved by the House.

Peanuts and flax were added to the commodities to be aided in the measure by the Senate Agriculture Committee as members continued their consideration of the broad Roosevelt agriculture aid bill and proposed substitutes.

After voting in flax and peanuts, the committee cut out of the administration bill a section giving Secretary Wallace the authority to consider in determining the proposed processing tax what effect it would have on unemployment, wage scales and consumption of the product.

This section was eliminated by an 8 to 6 vote on motion of Senator McNary, of Oregon, the Republican leader, and former chairman of the agriculture committee, but Chairman Smith did not immediately give out the individual vote.

Peanuts were included on motion of Senator Byrd, Democrat, Virginia, by a 9 to 4 vote and flax was included 9 to 5.

The committee then changed its action of yesterday in making the basic price of tobacco 1909 to 1919, instead of 1909 to 1914, as for the other commodities, and substituted a provision that the base price of tobacco should be from September, 1919, to August, 1922.

Forest Bill Is Finished In Congress

Senate Accepts House Amendment and Sends Measure to White House

Washington, March 30.—(AP)—The Senate today accepted the House amendment to the forest unemployment bill and sent it to the White House.

President Roosevelt expects to begin enlistments for the forest conservation work almost immediately.

Final congressional approval was given when the Senate adopted House amendments without a record vote.

The action was taken in the midst of Senate debate on the second measure of the Roosevelt relief program—a bill to create a \$500,000,000 fund for direct relief grants to the states.

The House amendment would prevent discrimination in selection of the unemployed because of race, color or creed, and permit the President to use money provided by the bill for the purchase of land.

Another Dispute Arising Between Japan And Russia

Manchukuo Border Guards Seize Russian Train and Its Freight; Japan Charges Russia Is Making Unauthorized Arms Shipments Across the Border

Tokyo, March 30.—(AP)—A new incident in the long series of disputes between Russian and Japan over the Chinese eastern railway was reported today in the seizure of a Russian train and its freight by Manchukuo border guards.

A Japanese dispatch said the Soviet government was making unauthorized shipments of war materials over the railway, now jointly operated by the Japanese-sponsored Manchukuo government and Russia to the Pacific

Urges Bank Probe

Representative Weideman Here is Representative Carl Weideman, Democrat, of Detroit, who has been urging a congressional investigation of the banking situation in Michigan and elsewhere.

INVESTIGATION OF MORGAN COMPANY HALTED IN SENATE

Bank, Known as Titan of American Finance, Questions Authority of the Committee

INCREASED POWER ASKED OF SENATE

Resolution Being Drafted To Confer New Authority; Harriman Bank Case Left With Justice and Treasury Departments; Security Bill Moved

Washington, March 30.—(AP)—Investigation of the House of Morgan, titan of American finance, was sought today by the Senate Banking Committee, which also succeeded in getting jurisdiction over the Roosevelt bill for Federal regulation of issuance of stocks and bonds.

The decision in regard to J. P. Morgan and Company was made known in an announcement that the committee would seek increased power from the Senate in continuing its long stock market investigation.

Investigators have already started into the Morgan matter, but Chairman Fletcher had been stopped by the bank questioning committee authority.

Ferdinand Pecora, committee counsel, was assigned to draft a resolution carrying the required power.

The committee decided to leave the affairs of the Harriman National Bank and Trust Company in the hands of the Justice and Treasury departments, not desiring investigation to delay prosecution of the former chairman, Joseph W. Harriman.

The Senate transferred the securities control bill to Fletcher's committee after Senator Robinson, of Arkansas majority leader, pointed out that the stock investigation was intended to develop data to correct unfair dealings on the market.

Giant Protest Against Nazi Anti-Semitism

An excellent general view of Madison Square Garden, New York, packed to the rafters with the largest crowd it has ever held, as thousands gathered to protest against the anti-Semitic policies of Chancellor Adolf Hitler's Nazi in Germany. Many social and religious leaders of all denominations addressed the gigantic meeting. Among the speakers were Rabbi Stephen Wise (left) and Alfred E. Smith (right).

Jews Turn To Hitler For Relief From Persecution

Ask For Relief From Boycott Set To Begin Saturday; Passports Withdrawn From Many To Keep Them Home; France Resents Treatment of Jews

Berlin, March 30.—(AP)—Jews turned today to the very man they hold most responsible for anti-Semitic feeling in Germany, Chancellor Hitler himself, and to President von Hindenburg, who created the present government, in a last despairing attempt to prevent the nationwide boycott scheduled to start Saturday.

Premature outbreaks continued in various cities resulting in widespread damage to Jewish business establishments. The National Socialist party, which is sponsoring the organized boycott, ordered to begin at 10 a. m. Saturday, disapproved of the act of vandalism. In some cities its storm troops were able to suppress the outbreaks.

The hopes of the Jews rested in the conservative branch, in which Hitler and Dr. Wilhelm Frick are now identified, as opposed to the other Nazi cabinet members.

Jews and all former Jews in Breslau were ordered today to return all their passports to be marked invalid for foreign travel.

The object of the order promulgated by the new police chief of Breslau, former Lieutenant Heines is, he said, "to prevent them from circulating atrocity stories abroad."

NATIONAL DEFENSE DEPARTMENT URGED

Army, Navy, Air Corps Merger Would Save \$250,000,000, Is Claim

Washington, March 30.—(AP)—A remodeled national defense system to "increase efficiency and save \$250,000,000 to \$300,000,000 a year" was recommended to the House Military Affairs Committee today by Colonel William Mitchell former army air corps chief.

Mitchell proposed that the land, sea and air forces of the United States be merged into a department of national defense with only one head. Assistants would be charged with supervising activities of the army, navy, and aviation.

A bill to accomplish that has just been introduced by Chairman McSwain, of the military affairs committee, and it was that proposal, among others, which the committee was considering today.

NATIONALIST GROUP IN INDIA ARRESTED

Calcutta, India, March 30.—(AP)—M. S. Aney, acting president of the Nationalist Congress, and 50 other congress members, including Ram das Gandhi, son of the Mahatma Gandhi, were arrested today in connection with a session of the organization which had been planned.

EDITOR'S DAUGHTER MENINGITIS VICTIM

Fayetteville, March 30.—(AP)—Miss Gladys Peterson, 23, of Dunn, daughter of Mr. and Mrs. O. J. Peterson, died in a hospital here today of spinal meningitis after becoming ill Friday.

Peterson is editor of the "State Voice," newspaper published at Dunn, and is well known in State newspaper and political circles.

WEATHER FOR NORTH CAROLINA

Cloudy tonight and Friday; shower in interior Friday, and in extreme west portion tonight; warmer tonight and in east portion Friday.

Senate Completes Initial Approval Of Appropriations

\$100,000 Blaze In Princeton Plant

Princeton, March 30.—(AP)—Fire destroyed the planing mill of the Hines Brothers Lumber Company here today. Company officials estimated the damage at \$100,000.

SENATE ADOPTION OF 8 MOS. SCHOOL MEANS SALES TAX

Whether General or Luxury Not Yet Evident, But Probably General Sales Tax Likely

WOULD REDUCE TAX LEVY ON PROPERTY

While Corporations Would Be Relieved In That Way, Higher Franchises And Income Levies Would Take Care of That; Already Working on Plan

Raleigh, March 30.—(AP)—The Senate this afternoon completed consideration as a committee of the whole of the 1933-35 appropriations bill after boosting the total of the measure to approximately \$86,000,000.

Consideration of the biennial supply bill was completed in the Senate with dozens of items shoved far above the figures passed by the House bill which had a total of 778,919,000.

The principal single difference in the allotment for public schools, the Senate and House bills thus far. The upper division approved \$16,000,000 annually for an eight months term, while the House passed \$14,000,000 for a six months term and extended aid.

Evidence that a fight would be made to have the Senate reverse its action taken in the committee of the whole on the schools was seen when Senator Patton asked a reconsideration of the matter today. He was told his motion was out of order, but that he could present it when the bill was on its two readings in regular Senate session.

Passage of a supply bill as large as that now having Senate approval would necessitate a general sales tax it is generally agreed in many quarters.

The Senate shoved aside the money bill long enough to join the House in making into law the biennial revenue machinery act. Under the compromise accepted, ad valorem taxation foreign stocks was omitted as at present and county commissioners

BOMB IS EXPLODED IN PRIEST'S HOME

Father Coughlin's Residence In Detroit Damaged by the Blast

Detroit, Mich., March 30.—(AP)—A black powder bomb was exploded in the home of the Rev. Father Charles E. Coughlin in Royal Oak a suburb, early this morning. The bomb caused slight damage, but no one was injured.

The bomb was thrown through a basement window under the bedroom in which Father Coughlin was sleeping, police were told. Several windows were broken and a supply of canned goods in the basement was damaged.

Neighbors who heard the explosion called police, who reached the house before Father Coughlin had located the source of the explosion. Detectives said they found no trace of a bomb container, but could smell black powder in the basement.

Legislature May Adjourn Within Three Weeks More

Appropriations Bill Soon To Be Disposed of and After That the Revenue Bill; Sales Tax Fight May Be of Brief Duration In House and Senate

that the Senate promptly put the figures in the appropriations bill as passed by the House back up to the figures in the original committee bill and then increased the public schools appropriation to enough to provide an eight months school term, has convinced a good many former members of the Bowle bloc that they were holding out for a losing cause. As a result, many have already decided to vote for the acceptance of the bill as passed by the Senate, including the eight months school term provision.

For while this bloc was in almost complete control of the House two weeks ago, when the appropriations bill was first taken up, it went to pieces before the end of a week and now has virtually crumbled. The fact

Four British Kidnaped By The Chinese

Officers of Merchant Ship Seized by Buccaneer and Pirate Group

Newchang, Manchuria, March 30.—(AP)—British gunboats were searching off the Manchurian coast today for a daring gang of Chinese buccaneers who kidnaped four British officers yesterday from the British merchant ship Nanchang.

Fourteen pirates attacked the British ship, wounded two Chinese members of the crew, and carried off the four officers in two junks. The two Chinese vessels escaped in shallow water along the coast of the gulf of Linotung as the Nanchang tried to pursue them.

U. S. Power Control Is Sustained

Federal Judge Way At Norfolk Hands Down Far Reaching Decision

Norfolk, Va., March 30.—(AP)—Federal Judge Luther E. Way today handed down an opinion sustaining the Federal Power Commission's control over hydro-electric plants on non-navigable streams under certain conditions, and dismissed the injunction bill of the Appalachian Electric Power Company to restrain the commission from interfering with its project on New river, in Montgomery county.

The decision is regarded as of far reaching importance in connection with interpretations of the present powers of the Federal Power Commission, an old connection with the proposals for the Federal government advanced by President Roosevelt and others.

PERSONAL BEER IS LEGAL FOR STATE

Permissible Under Federal Law Regardless of What State Does

Raleigh, March 30.—People of North Carolina will be able to purchase beer for their own personal use, though not for sale, after April 7 and can have it shipped to them from other states without violating any law, regardless of whether the General Assembly passes a beer bill or not, in the opinion of Representative Walter Murphy, of Salisbury. This beer will have to be purchased in case lots or by the keg, however, Mr. Murphy believes, so that those who are able to buy it in large quantities will be able to get it, while those who cannot afford to buy it this way will not be able to get it at all.

"Since all those people who want to have beer for their personal use and be able to buy it in case or keg lots will be able to get it, I see no reason why the State should not permit its general sale and thus get the benefit of some revenue from it," Mr. Murphy said. "I also believe that if some of the people can get that all should be permitted to get it, and that it should not be restricted merely to those who are financially able to buy a keg or case of beer at a time. It seems to me that a man who wants to buy a 5 cents glass of

WILL ROGERS says: Santa Monica, Cal., March 29—Beer is supposed to be coming! From what I can read from all the States, nobody knows who is going to sell it, where you are supposed to get it what it will cost, or what it will taste like. The whole thing came up so quick that the boys can't hardly arrange how the graft will be distributed all but New York, Tammany Hall of course, got the privilege there. I tell you what I will lay you a little bet on: I bet they mess this thing up so that it will do away with the repeal of the real prohibition amendment. The whole country is buying a blind horse. Suppose this stuff don't taste like we think it will? Yours, WILL.

Measure Endorsed in Committee of the Whole Carries Approximately \$86,000,000

MANY ITEMS SHOVED OVER HOUSE LEVELS

Principal Single Difference Is In Allotments for The Schools, With Nearly Two Million Dollars Put On In Senate; Minor Measures Considered

Raleigh, March 30 (AP)—The Senate this afternoon completed consideration as a committee of the whole of the 1933-35 appropriations bill after boosting the total of the measure to approximately \$86,000,000.

Consideration of the biennial supply bill was completed in the Senate with dozens of items shoved far above the figures passed by the House bill which had a total of 778,919,000.

The principal single difference in the allotment for public schools, the Senate and House bills thus far. The upper division approved \$16,000,000 annually for an eight months term, while the House passed \$14,000,000 for a six months term and extended aid.

Evidence that a fight would be made to have the Senate reverse its action taken in the committee of the whole on the schools was seen when Senator Patton asked a reconsideration of the matter today. He was told his motion was out of order, but that he could present it when the bill was on its two readings in regular Senate session.
