42 DRIVERS START WITH SIGNAL AT THE OUTSET
Speedway, Indianapolis, Ind., May 30.—(AP)—Risking their lives at every turn of the wheels, 42 drivers roared away at 10 o'clock today in the start of the 21st international 500-mile automobile race at the Indianapolis motor speedway.

As aerial bombs exploded in the air as the starting signal, the cars, roaring and snorting flashed away to a flying start three abreast and 14 rows deep.

Leading the pack was gray-haired Freddie Frame, of Los Angeles winner of the 1932 event, driving the same front wheel drive eight cylinder car with which he won a year ago. At the time of the start it was estimated that the attendance was in the neighborhood of 100,000 spectators, with additional thousands still streaming through the gates enclosing the perilous two and a half mile brick track.

HUEY LONG NAMED IN \$250,000 SUIT

Wife of Former Louisiana Governor Charges Defaming Character

SUING IN LOUISIANA
Alleges Senator Had Her Ejected from State House at Baton Rouge and Called Her "Drunk, Cursing Woman"

Baton Rouge, La., May 30.—(AP)—Senator Huey P. Long today was sued for \$250,000 damages by Mrs. Anne Ectar Pleasant, wife of former Governor Ruffin G. Pleasant, who alleged that Senator Long had defamed her character and had had her ejected from the State House during the 1932 session of the legislature.

The suit was entered in East Baton Rouge district court.

Describing herself as a "law abiding citizen," who "deported herself as a woman of respectability, character and honor," Mrs. Pleasant charged in her suit that Senator Long called her a "drunken, cursing woman" in the office of the State supervisor of public accounts, and that at his orders she was arrested and put out of the State House.

The suit said the damages were asked because of the "consequent hurt" to Mrs. Pleasant's feelings and her "humiliation and mortification."

Two Negroes Are Being Hunted In Death of Woman

Spartanburg, S. C., May 30.—(AP)—Authorities announced today they had found "two reputable white men" who said they had seen two Negroes yesterday near the spot where Miss Velma Martin was beaten to death and Martin Stone, her escort, seriously wounded.

They Came Down Smiling

Germany Advises League To Lay Off Jewish Issue

Council at Geneva Told To Keep Hands off Internal Affairs of Germany; Question Already Submitted to Jurists of League for Early Consideration

Geneva, May 30.—(AP)—Germany in diplomatic phraseology told the League of Nations Council today to keep its hands off the question of Germany's treatment of the Jews.

The Council, however, without Germany's vote, proceeded to submit the juridical aspects of the problem to jurists with the understanding that there will be a complete airing of the entire matter later.

This action followed Germany's refusal to accept a council report on the treatment of Jews in German Upper Silesia.

Friedrich von Kellar, the German delegate, declared Franz Bernheim, a German Jew, residing in Upper Silesia

on whose recent petition the report was based, is not of Silesian origin, and has no right to raise the question of the application of German laws in Silesia, nor to speak for the population.

The Council's report said the laws in question involve restrictions in various forms which would apply only to persons belonging to the Jewish population, an din violation of the Polish-German convention.

PRISONERS KIDNAP WARDEN TO ESCAPE PRISON IN KANSAS

Two Guards Also Taken and Trio Used as Shield To Force Way From Penitentiary

BREAK IS MADE AT HOLIDAY BALL GAME

Officers Later Overtake Fugitives' Automobile but Fear to Shoot Lest They Hit Guards; Convicts' Car Continues on Westward Through State

Lansing, Kans., May 30.—(AP)—Kirk Prather, warden of the Kansas penitentiary, and two or three guards were kidnaped today by a group of armed convicts, who used them as shields to escape. Another guard, John Stewart, was wounded when he attempted to prevent the break.

Shortly after their escape, the Douglas county sheriff was informed by deputies stationed about 40 miles from Lansing that the convicts had changed cars and were travelling west on Highway 40. Witnesses to the escape said the prisoners drove away in two automobiles.

A. J. Graham, assistant warden, said that two guards, L. D. Laws, and John Sherman, had been taken in addition to the warden.

Other reports said that three guards had been kidnaped. The break occurred during a Memorial Day baseball game at the prison between two American Legion teams.

One prisoner sneaked up behind the warden and pinned his arms as the warden was watching the ball game. The escaping convicts used Warden Prather as a shield in getting out of the prison.

SAYS AKRON WENT ON WRONG COURSE

Former Commander of Lost Dirigible Testifies in Congress Frobe

Washington, May 30 (AP)—Commander Charles E. Rosendahl, first commander of the ill-fated Akron, testified at the joint congressional inquiry today that he would have taken a course different from the one which carried the navy airship to disaster off the New Jersey coast April 4.

A survivor of the Shenandoah crash in Ohio in 1925 and later commander of the Los Angeles, Rosendahl said he could not believe that Commander McCord, of the Akron, had all weather data available when he took off.

The only other deduction from the airship crash in arriving at the cause of the disaster, Rosendahl said was "wholesale disregard of information, to this I cannot subscribe."

"If you had been in command that night," questioned Representative Delaney, Democrat, New York "would you have gone out that night?" "I would have taken a different course, at least," replied Rosendahl.

Dealing With European Debtors Individually and Separately, Statement Emphasizes

INSISTING UPON PAYMENT JUNE 15

Secretary to President Issues Statement Setting at Rest Rumors of New Deal in Negotiations; Roosevelt is Not To Seek Powers From Congress

Washington, May 30.—(AP)—The White House today emphatically denied a new revival of reports that President Roosevelt was negotiating for partial payment of war debts. As has been asserted repeatedly, it was emphasized in sources close to President Roosevelt that he is dealing with European debtors individually and separately. According to all the outward signs, he is insisting on payment of the June 15 installments.

Some newspaper dispatches published today (not distributed by The Associated Press) and purporting to tell of a new course being taken by Mr. Roosevelt, prompted the following statement from Stephen T. Early, secretary to the chief executive: "Press reports stating that the President will use treaty powers to adjust the debts, or would permit partial payment on the principal or the amount in default, are pure speculation, with doubt as to the word 'pure.' The President at this time has no such intention and probably never will pursue such a course."

It has become definitely known that Mr. Roosevelt will not propose that Congress give him specific power to revise the debts. However, congressional leaders understand he will inform Congress before adjournment of the status of this war debt negotiations which he is conducting alone.

Roosevelt's Program Is Pressed On

Senate Prepares Vote on Money Bill and Bi-Metalism Plan Is Approved

Washington, May 30.—(AP)—Congress spent Memorial Day in advancing President Roosevelt's domestic recovery legislation.

The Senate drove ahead toward a vote on the half billion dollar independent offices appropriation bill with its additional economy power, for the President.

The House itself was not in session, but its committees were busy. Ready to resume the spectacular investigation tomorrow into the operations of J. P. Morgan and Company the Senate Banking Committee decided to ask its counsel, Ferdinand Pecora, to give a report in a morning executive session on the evidence, he intends to submit in the probe.

The committee made this decision after Senator Glass, Democrat, Virginia, committee member, had renewed demands to know the course Pecora is taking. A resolution was adopted by the House Foreign Affairs Committee in
