# SAYS RELIEF FUND TO PUT 1,000,000 MEN ON JOB SOON

Harry L. Hopkins, Administrator of \$500,000,000 Emergency Law, Outlines Program

STATES MUST BEAR SHARE OF THE LOAD

Must Also Be Tightening of Relief Administration By All Agencies, He Tells Na. tional Meet Of Social Workers in Convention at Detroit

Detroit, Mich., June 17 (AP)-Harry L. Hopkins, administrator of the \$500,000,000 Federal emergency relief fund, told the National Conference of Social Workers today that he expects 1,000 new public works projects to put 1,00,000 men to work by October 1.

He said the depression had "plunged 4,000,000 families and 18,000,000 in dividuals fro mself-support to public dpeendency," and outlined in detail the policies to be followed by his administration. Mr. Hopkins emphasized that states must bear a fair share of the cost of their own relief problems, and that there must be "cooperative tightening" of relief administration-Federal state, county and city-to determine to the best possible degree who needs relief and who does not.

Mr. Hopkins said that of the forces now working to take people "off the relief rolls and put them on payrolls of employment, the most important is the recently-enacted trade recovery act, with its tremendous outlook for re-energizing our consuming power through the payment of wages to great number of workers."

American Delegation Is Moving To Get Speedy Action on Recovery Plans

London, June 17 .- (AP)-A proposal for a general ten percent reduction in tariffs has been submitted to the economic commission of the world economic conference by the American delegation, it was learned today.

This topic, presented for consideration, was submitted among others at

the request of the chairman, who asked the various delegations to file briefs to assist in making up the commission's agenda Other suggestions from the Amer-

icans included: A continuation of the tariff truce. Bi-lateral trade agreements. Compensation and clearance agree

ments. The economic commission is expected to deal chiefly with tariffs It was pointed out in American-quarters that the suggestions made by the United States delegation were merely to pre-

sent topics for consideration. A general ten percent reduction in tariffs has been strongly urged by some American delegation quarters.
