

Committees Prepare For Start Of NRA Campaign For Henderson At Once

J. H. Brodie, General Chairman, Presides at Meeting Held in His Office Wednesday

SAM ALFORD HEADS SIGN-UP CAMPAIGN

Ward Chairman From Among Ladies Are Named For All Sections of City; They Will Meet Again Tonight To Start Work and Complete It Quickly

A start was made at a meeting last night for the canvass to be made in this city in the next few days in the NRA sign-up, and chairman for various sections were designated. The meeting was held in the office of J. H. Brodie, general chairman, who presided, and Sam Alford was named general chairman of the entire pledge-signing campaign. Ward chairmen, all ladies, were named as follows: First ward, Mrs. R. G. Kittrell; second ward, Mrs. J. S. Evans; third ward, Miss Lillian Gholson; fourth ward, Mrs. S. T. Peace. For North Henderson Mrs. Ellen Cooper was made chairman, with Mrs. H. E. Chavasse as chairman for South Henderson.

Mr. Alford today announced a meeting of these groups to be held tonight in the old Croatan club rooms at 8 o'clock to receive instructions and working material, and he urged that all of them attend, since the work must be completed this week. Last night's meeting consisted of the members of the steering committee, which is made up of three members each from the Rotary, Kiwanis and Lions clubs, which were asked by Postmaster C. P. Wright to sponsor the campaign, after he had been requested by Washington NRA authorities to take the initiative in getting the plan under way here. It is hoped to have every consumer enrolled under the blue eagle and to obtain the cooperation of consumers.

In The Counties of

Vance, Granville, Warren and Franklin

Sinclair gasoline and motor oils are the choice of millions of motorists who value superior qualities and extraordinary performance.

J. W. Patterson, Agent

Henderson, N. C.

171 Have Signed Blue Eagle Here

Postmaster C. P. Wright stated today that a total of 171 business concerns in the city and vicinity had signed the various codes under the national recovery act and have obtained blue eagles since the campaign began a month ago. The list is added to from day to day, but most concerns here are now under the code and are flying their blue eagles at their places of business.

by getting their signatures to a pledge to patronize concerns that have signed a code of some kind.

BLUM COMPLETING COTTON INSPECTION

Has Been Supervising Acreage Adjustments In Franklin and Warren

Federal inspection of cotton acreage plowed under in the government's reduction program has almost been completed in Franklin and Warren counties, where the work has been in charge of George B. Blum, vocational agriculture teacher in Middleburg and Aycock high school in Vance county, he stated today. He found very few instances of seeming irregularities in the fulfillment of the contracts. In Franklin county between 1,200 and 1,300 contracts were signed by growers, Prof. Blum said, while Warren had 1,681.

Much of the cotton being plowed under is on tracts off the main highways, but the crop was plowed under just the same, the inspector said. Most of the certificates have been forwarded to Washington, and some of the notices of acceptance have been returned. Checks are expected to follow in the next few days or a week or two.

In addition to this inspection work, Prof. Blum assisted in several townships in this county in the sign-up campaign, and was in charge of the work in his territory, he said today. The inspection work in Vance county has been in charge of Prof. Jounagan, vocational teacher in the Spring Hope high school. Most of the job here also has been finished, and the first checks are expected at an early date, although none had been received today, according to J. W. Sanders, county farm agent, in charge of the sign-up campaign in Vance county.

VALUATION JOB IS ALMOST FINISHED

Commissioners Adjourn on Wednesday After an All-Day Session

TOTAL BEING SOUGHT

Figures To Be Ready in Few Days; Hospital Proposal Has Not Yet Come Before Board Again; Meet Monday

Revaluation of property in Vance county was virtually completed by the Board of County Commissioners at a session held Wednesday. At that time property owners in Henderson townships whose assessments had been raised in the revaluation process were given an opportunity to be heard in protest, and a number of them appeared for that purpose.

It is understood the finishing touches will yet have to be put on the job, and, in the meantime, the task of adding up the entire valuation of the county is going ahead, with the hope that it may be completed in time for a report of some kind to be made to the commissioners next Monday, or soon thereafter as possible, as to what the amount will be.

The commissioners have already adopted the budget for this year, calling for a 56 cents tax rate on the basis of a property valuation of \$16,000,000, as compared with a 40 cents tax rate on \$17,500,000 valuation last year. The total appropriations are approximately a fourth more than last year. Neither figure includes the school item, where a considerable reduction is expected, in view of the State's taking over support of the entire eight months school term.

The latest proposal for the merger of the Vance County Hospital with Maria Parham hospital with the county by diverting the hospital appropriation to the latter institution, has not come officially before the board for further formal consideration, it was said today. Whether the matter will be considered next Monday at the regular meeting for September could not be learned today.

DELEGATION NAMED FOR TOBACCO MEET

Some Definite Plan Expected To Be Approved At Raleigh Next Week

Three delegates and two alternates have been named here to represent Vance county at the meeting of tobacco growers with Dean I. O. Schaub at State College, Raleigh, next Wednesday, it was announced today. The meeting will discuss plans for improving tobacco prices this year and for acreage reduction in 1934.

A meeting for the purpose of selecting the delegates was held in the office of J. W. Sanders, county farm agent, Wednesday afternoon, and the three selected are O. S. Falkner, R. B. Taylor and J. C. Kittrell, with B. H. Perry and W. W. Currin as alternates.

The selections were made from a group of delegates selected at a recent meeting here to attend any such meeting that might be called.

Vance county was understood to be represented by a number of growers at today's mass meeting of tobacco growers held in Raleigh, but their names were not obtained.

There will be little speech-making at next Wednesday's gathering, according to announcement, and it will at once get down to business in considering ways and means of improving the situation this year and of reducing the crop next year.

MIDDLEBURG PUPILS ENROLL SATURDAY

Principal To Be in School Office To Classify High School Pupils

All Middleburg high school students are expected to be enrolled and classified on Saturday morning, it was said today by C. P. Rogers, principal of the school, who will be in his office on that date for that purpose. He stated that it would require only a short time to enroll the pupils and urged them to be there sometime during the morning in order that they may be prepared to start work on next Thursday, the opening date of school.

Around Town

One Paper Filed.—One real estate paper was filed yesterday with the register of deeds, T. P. Gholson, commissioner, sold to Verlie W. Ellis and M. Y. Cooper for \$475 the homestead of the late W. T. Coghill in Kittrell township, containing 30 acres.

Two Liquor Cases Tried.—In police court today two defendants were tried on charges of possessing liquor. One warrant named James Davis and he was sent to the roads six months. In the other warrant Willie Fleming was accused, but was discharged. Both are colored.

TWO ARE INJURED AS AUTOS COLLIDE

Crash Occurs Near Mabry's Store and One Is Taken To Hospital

Two persons were injured, neither seriously, in the collision of two automobiles on the national highway north of this city, near Mabry's store in mid-morning today. Both were touring cars, and both cars were badly damaged in the smash-up.

Joseph D. Wickes, of Tampa, Fla., driving a 1929 Buick sedan, and several boys he was giving a lift, were traveling southward. As the car turned out from behind a wagon to pass, another car, driven by J. P. Kirly, whose wife was a passenger with him, approached and the crash occurred. The Kirlys are from Charlotte, and were riding in a 1933 Pontiac sedan.

W. F. Bailey, highway policeman, who went to the scene of the crash, said no arrests had been made, pending efforts of the two to settle the matter. Mrs. Kirly was injured, but at Maria Parham hospital it was said she had not been brought there. One of the boys in the Wickens car was also injured, receiving a badly lacerated leg, and he was taken to the hospital, where it was said he would be confined for a few days.

Two Negroes Identified By Girl In Attack Charge

Bufus Kelly Said by Miss Vandyke To Have Been With Florida Bullock, Previously Identified, at Time Two Grabbed Her and Took Her Away

Two Negroes, Bufus (correct) Kelly and Florida Bullock, were in separate jails today for safe keeping following their identification by Miss Mary Lena Vandyke, 16-year-old daughter of Mr. and Mrs. Alf Vandyke, of the Lybank road section of Henderson, as the pair who accosted her at her father's home last week and carried her to the woods and then released her.

Following the identification of Bullock Tuesday, Kelly, who had been under arrest here, was dressed in clothing such as the young woman said one of the two wore when they attacked her, and was taken before her for identification Wednesday afternoon. She promptly said he was the other man.

No date has been set for a preliminary hearing for the two men, it

was said by officers today. The young woman is reported to be in a nervous condition and unable at the present time to appear at the trial. The speed at which she improves will be a big factor in fixing the time for the hearing.

In all, about 30 Negroes have been taken into custody at one time or another since the attack occurred more than a week ago, 15 of them here and about that many in Raleigh, and one at Wake Forest. The two that have been identified are the only ones now being held.

Considerable teasing resulted from the affair, and the girl was confined in Maria Parham hospital here for treatment the night after the attack occurred. Doctors said she had not been criminally attacked, but she had a cut on her left arm and a gash on her left leg. She said she had been struck a terrific blow in the abdomen by one of the men. She was left in the woods unconscious and later, half dazed was wandering out of the place when searchers came upon her.

\$19,482 COUNTY'S OBLIGATIONS DUE

Part Has Been Paid and Arrangements Are Sought for the Remainder

County obligations aggregating \$19,482.50 will fall due within the next few days or have become due in the past few days, and some of them have been paid off, notifications in the office of G. W. Adams, county accountant, showed today.

Payment has just been made of \$5,000 and \$600 interest to the Citizens Bank and Trust Company on a total of \$20,000, of which the \$5,000 was the first maturity of four bonds falling due in like amount each year until liquidated. This was due August 1.

Notices have been set from New York banks of \$8,000 principal and \$2,777.50 in interest due September 1, of which \$7,000 is principal on hard surface pavement bonds and \$1,000 a serial bond on the county home bonds of the county.

Renewal is being arranged for a three months \$7,000 note at the First National Bank in Henderson, due August 18, with \$105 interest. In addition to these, \$3,000 in interest is due in New York September 1 on various school obligations.

LABOR DAY SEPT. 4TH

● Don't postpone getting the tires you need now. Enjoy your last summer holiday on a new set of Goodyears. Prices are still lower than they were last fall. Play safe. Before you start out, drive in and let us look over your tires.

BUY THIS TIRE

● Prices are marching up. But if you act in time you can still buy Goodyears at prices shown here—and most of them are lower than they were last fall... Look at this new 1933 Goodyear Pathfinder. With FULL CENTER TRACTION, 20% thicker non-skid tread, and stouter Supertwist Cord body, it turns in more miles, more blowout protection, more safety, than you could get from any tire costing four times as much a few years ago... Now is certainly the time to replace worn, dangerous tires with Pathfinders all around. No one can guarantee how long today's still low prices can last. We have your size. Be sure to get Goodyear quality tubes, too.

We Are Operating 100 Percent Under The Blue Eagle

Working hours have been shortened to 40 hours per week, three new employees added to our force, and pay for all workers has been adjusted to comply with the NRA
