AUTUMN ASPENS. Show me a picture that is more enchanting than fragile aspens in the autumn when they fling their radiance, alive and dancing. Upon a green and lapis mountain plain. In summer, trembling ladies in gray faces. They seem to crave the southland's tender care; so it is strange to find them in high places. Enduring rocky soil and tingling air.

But seek them on a day in late September. And find a miracle. The frosty night has fanned each leaf into a glowing ember. Creating jewel-trees for our delight. Ruth Seymour Vesley.

Yearly Reports Feature Legion Auxiliary Meet

Yearly reports featured the meeting of the American Legion Auxiliary on Friday afternoon at 3:30 o'clock in the home of Mrs. C. E. Ellis on the Raleigh Road.

Mrs. E. A. Latta, president of the Auxiliary, presided over the session, which had the usual opening with prayer being offered by Mrs. J. C. Whaley. Mrs. S. E. Jennette led the salute to the flag, and the pre-arranged was reported in union.

Two of the outstanding yearly reports were those of the rehabilitation and child welfare committees.

Mrs. J. W. Jenkins, chairman of the rehabilitation committee gave a most complete outline of the valuable work done by her group during the year. She stated that 31 cases had been contacted; that the group had assisted the service officer in the hospitalization of four veterans and that it had cared for the families of three of these men while they were being treated. She estimated that the cost of this work was \$245.04. The committee also cooperated with Mrs. W. E. Waddell in dispensing relief during the past year. One of the notable things done by the group was the successful Red Cross drive that made the \$200 quota for Vance county. Each veteran in the local unit's ward at Oteen was sent \$2.50 in cash last Christmas, and each one was remembered each month with stamps, cigarettes and the like.

Child welfare work for the year was reported by Mrs. H. A. Newell, chairman of the committee, showing 100 visits made; thirty families helped in which there were 70 children. The committee served seven children milk at schools for eight months, aiding much in their school work. The total cost of child welfare work for the year was said to be \$237 by Mrs. Newell.

Other committee reports were heard during the meeting, all of which were heard during the meeting, all of which were considered good.

Mrs. S. E. Jennette and Mrs. J. W. Jenkins reported on the annual convention of the State American Legion Auxiliary held at Wrightsville Beach, at which the local unit carried off three cups for gains in membership and for the work of the Junior Auxiliary. They also received two citations, one state and one national, for their work in membership.

Standing committees for the next year are to be made public at a later date it was said by the secretary, their appointments having been made. A piano solo by Miss Mollie Higgins, Ellis was the only other part of the program.

The hostesses for the meeting, Mrs. Ellis, Mrs. O. B. Mitchell, Mrs. G. W. Adams, Mrs. E. L. Brantley and Mrs. Goode Fleming, served a delicious ice course to those present.

HOW MANY CAN NORTH WIN AT CLUBS? FREQUENTLY the only point of a hand that causes discussion so absorbs both players and kibitzers as to leave another interesting point in the background. On July 7 the following hand was given publicity wholly on account of a dangerous bid made by South. Neither players nor gallery mentioned whether North should have been defeated or could have done better on the play, but among careful readers, W. Y. Penn, San Antonio, has been first to call attention to the latter subject. North played the hand at 6-Clubs, doubled by West. The opening lead was the 3 of spades. How many tricks can be won against perfect subsequent play by opponents?

Members Notified Of West End Dance

Cards have been received by the members of the West End Country club notifying them of their next regular dance, which will be held on Monday evening, September 11, from 10:30 to 2:30 o'clock in the ball room of the club.

Conrad B. Sturges, chairman of the dance committee, said today that final arrangements had been made with Archie Davis and his University of North Carolina orchestra, which has been filling a summer engagement at Morehead City. This band is considered one of the best in this section of North Carolina.

Members have been mailing invitations to out-of-town guests and a large number of them are expected to be present, together with a group of the college set, who leave shortly for their schools.

The dance is expected to measure up to the same high standards set by other of the club's dances.

Underweight Children

Need More Iron in Their Blood!

Children who are thin and pale and who lack appetite are usually suffering from a deficiency of iron. When the blood lacks iron it becomes thin and poor and fails to nourish. Then a child loses appetite and becomes still thinner and weaker—and easy prey to disease!

To build up your child, give him Grove's Tasteless Chill Tonic. It contains iron which makes for rich, red blood. It also contains tasteless quinine which tends to purify the blood. These two effects make it an exceptional medicine for young and old. A few days on Grove's Tasteless Chill Tonic will work wonders in your child. It will sharpen his appetite, improve his color and build up his pep and energy and increase his resistance to disease. Grove's Tasteless Chill Tonic is pleasant to take. Children like it and it's absolutely safe for them. Contains nothing harmful. All stores sell Grove's Tasteless Chill Tonic. Get a bottle today and see how your child will benefit from it.
