CUBANS DEMAND U. S. WARSHIPS BE RECALLED

Thousands Of Tobacco Growers Sign New Government Contracts

WAREHOUSES MAY ALL BE REOPENED THE COMING WEEK

Campaign Expected To Be So Far Along It Will Be Possible To Resume Selling Then

MASS MEETINGS IN 57 COUNTIES HELD

Hopes Expressed That Sign-Up May Be Completed, or Virtually So, By Wednesday of This Week; Parity Price for 1933 Crop Is One Objective

Raleigh, Sept. 11 (AP)—The "parity price expeditionary force" of Carolina tobacco growers went over the top this morning with thousands of signatures to crop reduction contracts as its day's objective. With thousands of growers already committed to the Agricultural Adjustment Administration program, leaders expressed confidence that next week would see sales warehouses in the two Carolinas reopened for business at vastly increased prices. In one North Carolina county alone—Pitt—more than 1,000 farmers had committed 28,000 acres to the program already, and mass meetings in each of the State's 57 tobacco producing counties today were expected to put the campaign so far along that the sign-up would be completed by Wednesday.

J. C. Lanier, formerly of Greenville, N. C., and now tobacco expert for the Agricultural Adjustment Administration, said indications were the sign-up would be so far along in Georgia, the Carolinas and Virginia that Carolina warehouses could be reopened next Monday. They have been closed since declaration of a voluntary sales holiday by the growers pending upward price adjustments.

Graham To Attend Columbia Meeting For the Governor

Raleigh, Sept. 11 (AP)—Governor Ehringhaus today asked W. A. Graham, State commissioner of agriculture, personally to represent him at a mass meeting in Columbia, S. C., tomorrow to consider plans for raising the price of cotton.

Graham was in Memphis, Tenn., attending a conference of cotton ginnermen preparing a code for their business, but the governor said he expected him to be in Columbia tomorrow. If it develops he cannot attend, another representative will be sent.

Land Banks To Sign Up On Tobacco

Early Reports Show Farmers Flocking To Sign Contracts, Dean Schaub Says

Raleigh, Sept. 11 (AP)—Two joint stock land banks which now hold many farms in North Carolina this afternoon joined thousands of tobacco farmers in the State in signing agreements to reduce acreage in 1934. N. C. State College authorities announced. Dean I. O. Schaub said he was not sure the blanket contracts covering all farms held by them would be signed by the Atlantic Joint Stock Land Bank here and the North Carolina Joint Stock Land Bank of Durham as soon as proper reports could be prepared. Schaub said he hoped to work out a similar agreement with the land bank at Elizabeth City. Reports to the college indicated

Navy Fliers Who Set New World's Air Record

Above are the officers and enlisted men who manned the U. S. Navy squadron of six planes which set a new world's record for mass formation flight, by flying non-stop from Norfolk, Va., to Coco Solo, Panama Canal Zone, over route shown in map. The picture was made at Norfolk just before the hop-off. At top, one of the planes is shown leaving a creamy wake as it left the water at the start of the flight. Total distance covered was 2,095 miles, which is 418 miles more than the longest hop made by the Balbo armada on its flight from Italy.

Columbia Meet Tuesday To Seek Rise In Cotton

Another Tropical Storm Blowing In

Washington, Sept. 11 (AP)—Another tropical disturbance today was traveling toward the United States coast line, the highest wind velocity being 50 miles an hour.

Weather bureau officials said the fact of the northwesterly general course of the blow, which was approximately 450 miles northeast of Porto Rico early today, was no infallible indication it would reach the coast line.

Quite a few of the periodic tropical storms which originate in the Caribbean area swerve northeastward before they approach the coast and blow themselves out over the Atlantic.

TEACHERS ALLOTTED FOR ENTIRE STATE

Apportionments By State School Commission at Last Announced

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE.

Raleigh, Sept. 11—A total of 22,758 teachers have been allotted to the public schools of the State by the State School Commission, according to the official allotment schedule just issued by LeRoy Martin, secretary of the commission. This is only 43 fewer teachers than were allotted last year, when the total reached 22,801 teachers were approved. But this total includes the 175 additional teachers that were allotted to different schools after the beginning of the school year as additional needs developed. It is anticipated that fully as many as 175 additional teachers will be needed this year and that the total number of teachers this year will thus eventually exceed the total of last year.

Of the 22,758 teachers allotted this year, 18,218 are elementary and 4,540 are high school teachers. Last year 18,208 were elementary teachers and 4,593 high school teachers.

"It was expected that the State wide

Governor Blackwood Calls On All Cotton States To Send Delegates To Gathering

GINNING HOLIDAY BEING CONSIDERED

Situation Called Critical As Price Advance Is Sought For South's Big Crop; Ehringhaus To Send Delegate and Ponders Joining Ginning Holiday

Columbia, S. C., Sept. 11 (AP)—South Carolina today awaited word from ten other cotton growing states invited to send representatives to a mass meeting here tomorrow, at which plans for boosting the price of the staple will be discussed.

Governor Ibra C. Blackwood, who said he is considering calling a ginning holiday in this State if the price does not rise, sent telegrams to the governors of the other States inviting them either to attend or send representatives to the mass meetings. "The cotton situation is critical and your support and counsel are needed," the chief executive said. Senator E. D. Smith, chairman of the Senate Agriculture Committee, joined in the invitation. Hope was expressed that Secretary of Agriculture

Gaston Minister Dies of Injuries In Chicago Wreck

Chicago, Sept. 11 (AP)—The Rev. Carl O. Lippard, 47, a Lutheran minister of Gatlensville, N. C., died today, the third victim of an automobile collision here Saturday in which five North Carolina World's Fair visitors were involved.

The accident occurred Saturday at the intersection of 156th street and Western avenue when witnesses told police, the Lippard car failed to stop at Western avenue, a through street.

WEATHER FOR NORTH CAROLINA. Generally fair tonight and Tuesday.

Robber Loot Put At Above \$60,000

St. Paul, Minn., Sept. 11 (AP)—Eight masked robbers held up tworailroad express employees at the door of their office early today, escaping with two large cash boxes which unconfirmed reports said contained between \$60,000 and \$100,000.

Cash boxes were on a hand truck outside the door of the express company office near the union station ready to be taken to Minneapolis.

The police said the eight men backed a bid sedan under the depot concourse not far from the express company office.

PREACHER AND HIS WIFE FOUND SLAIN

Dead Body of Wife and Trail of Blood at West Virginia Home

Ripley, W. Va., Sept. 11 (AP)—Beaten and shot to death, the bodies of Rev. A. M. Eddy and his wife were found at their home at Grace Fork today.

They were found by a neighbor who stumbled over Mrs. Eddy's body as he left his home.

Followed a trail of blood to the Eddy house and into a bedroom, where Mr. Eddy was dead in bed.

Mr. Eddy, pastor of the Mount Hope Church of God, had been shot to death while sleeping.

Indications were his wife was awakened by the shot and fled, wounded, from the house.

She had been pursued and shot again as she fled down the highway. Then officers said, as they followed the trail of evidence, the assailant beat her over the head with a shotgun.

BOY KILLED BY CAR AT ROANOKE RAPIDS

Roanoke Rapids, Sept. 11 (AP)—Billie Elting, eight-year-old son of Mr. and Mrs. C. L. Elting, died today from injuries suffered when struck by an automobile driven by Charlie Foye Saturday. Foye, a Syrian merchant, was jailed today. After the car struck the Elting boy, he lost control of it, and it went into a nearby yard, hitting a car parked there.

Goodyear Balloon Crew Found In Ontario Wilds And Both Men Are Sick

Van Orman and Trotter Cut Down Telephone Pole To Cause Trouble and Draw Help

NOTE LEFT PINNED TO DAMAGED POLE

Lineman, on Finding It, Dashes to Their Aid Before Attempting Repairs; Quick Steps Taken To Bring Men To Civilization After Being Lost Week

Sudbury, Ontario, Sept. 11 (AP)—Ward T. Van Orman, and Frank A. Trotter, American balloonists who participated in the James Gordon Bennett cup race from Chicago, and who had been missing more than a week, were found today between Sudbury and Abitibi canyon in northern Ontario. They were ill from the hardships they had undergone in the bush country.

In order that the outside world might learn of their plight, the two balloonists cut down a telephone pole, knowing that repairmen would be sent out to fix the damage. They attached to the pole the following note:

"This telephone pole was cut September 10 by U. S. Goodyear balloon team of W. T. Van Orman and Frank Trotter in the hope that repairmen would aid us in getting to civilization from here. We will continue south along the high voltage line. Please come after us. We have a gun and some food, but are both sick, evidently from ptomaine poisoning. Fire your gun three times and we will answer. Please hurry." Patrolman James Barrett was sent out this morning to determine what was wrong with the telephone line. When he saw the note, he did not stop to repair the damage but proceeded with the search. Barrett found the balloonists in a camp at Power No. 30, a linesman's outpost, about five miles from where the broken post was discovered.

Both Van Orman and Trotter were in bad shape. Barrett reported to the head office of the Ontario Hydro-electric Company in Sudbury. Their clothing was cut to ribbons and the soles of their shoes were worn through.

Arrangements were started to provide the balloonists with food and other necessities and to get them to the Canadian National Railway in the vicinity of LaForest station as quickly as possible.

3 Killed As 11 Convicts Break Out

Desperadoes Believed Surrounded In Canebrake At Louisiana Prison

Angola, La., Sept. 11 (AP)—Scores of armed guards early today began to close in on a canebrake seven miles northeast of Angola prison farm, where 11 desperate convicts were believed surrounded after a bloody Sunday prison break, in which three men were killed and at least four others injured.

Twelve convicts, three of them inmates with previous escapes, and many of them long termers, used smuggled pistols to take possession of Camp E, a sugar farm at the State penitentiary, during a Sunday afternoon baseball game.

They held guards at bay and terrorized visitors at the prison farm for a half hour, raided the arms lockers, confiscated a dozen shotguns, rifles and pistols, and then shot their way through the main gate of the prison.

The fleeing convicts left one of their own dead, Bill Stone, 28, of Dallas, Texas, as they sped away in a visitor's automobile, which was abandoned at the cane brake. It was believed another convict was wounded.

Balloonists Found

Ward T. Van Orman, Frank Trotter

After being missing more than a week, Ward T. Van Orman, noted balloonist, top and Frank Trotter, bottom, constituting the crew of the Goodyear VIII center, were found today in the wilds of northern Ontario. The balloon had drifted there from Chicago, scene of the start of the James Gordon Bennett cup race ten days ago.

CASWELL SCHOOL CONDITION SHOWN

Recommendations In Investigation Based on Bad Conditions Found

OUST SUPERINTENDENT

Dr. Dixon and Others Found Lacking in Attention to Duties, Welfare Department's Investigation Reveals

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE.

Raleigh, Sept. 11—The facts back of the shake-up at the Caswell Training School in Kinston, the State's institution for feeble minded children, in which Dr. Harvey Dixon, the superintendent, resigned, evidently at the request of the board of trustees, have at last come to light. It has been known for several weeks that the action of the board of trustees resulted largely from the investigation into the conduct of the school made by the State Board of Charities and Public Welfare started in November, 1932, and the report made by its investigators. But in the absence of Governor J. C. B. Ehringhaus, Mr. W. T. East, commissioner of public welfare, declined to make any of this report public. Governor Ehringhaus at first thought any statement concerning the resignation of Dr. Dixon should come from the board of trustees. A statement has at

THREATS MADE ON LIFE OF U. S. ENVOY BY COMMUNISTS

"Down With Yankee Imperialism" Is Declaration on Some Banners Seen in Parade

UNREST CONTINUES IN INTERIOR CUBA

New Government of San Martin, Fourth in Month For Cuba, Is In Charge But Finds It Faces Hard Task; Army Officers Demand He Step Aside

Havana, Sept. 11 (AP)—Cuba's Fourth government in a month rode in the saddle today with a 48-year-old former professor at the reins, and the going was none too easy. No sooner had Dr. Ramon Grau San Martin, chosen president by a junta which assumed control only last Monday, pledged himself to "fulfill entirely the revolutionary program," than 300 former army officers demanded he step aside in favor of Carlos Manuel de Cespedes, whose brief regime began a month ago. In Santiago there were disquieting reports that heavily armed bands roamed the countryside ready for revolution in behalf of former President Mario de Menocal, that unrest led merchants to close their stores and that army officers refused to return to their duties.

And in Havana's central park, 5,000 persons met to hear agitators decry the newest government as leading itself to the "machinations of Wall Street's financiers," shout "Down with Yankee imperialism," and demanded the withdrawal of United States warships from Cuban waters.

Banners carried by communists demanded that American Marines "leave Cuban waters," and advocated "death to Sumner Welles, United States ambassador."

Although Havana generally received

New Cuban Head Makes Plea for U. S. Friendship

Havana, Sept. 11 (AP)—Dr. Ramon Grau San Martin, provisional president at the head of the fourth Cuban government in a month, made a bid for the friendship of the United States today, but emphasized that Cuba's freedom must not be impaired. "We desire American friendship based on the absolute liberty of Cuba," he said in a statement to the press. "We never forget that American soldiers fought for our independence and we are grateful."

"We are not anti-American, but we are anti-imperialism in all its forms."

U. S. Likely Recognize New Cuba

Depends, However, on Whether People Supports New Regime There

Washington, Sept. 11 (AP)—President Roosevelt let it be known today that his attitude toward the new Cuban government depends on whether it has the support of the people there.

While keeping the strong navy forces rimmed about the island in readiness to protect American lives in event of outbreaks there, it was said in the White House that the President is ready to support that government in Cuba which is the choice of the people and can maintain order.

Later Secretary Hull indicated that the United States government would recognize the present government, as soon as it had demonstrated that it could maintain order.
