GERMANY QUILTS LEAGUE AND ARMS PARLEY

NRA Now Stands At Turning Point For Good Or Evil

Swift Succession of Events This Week To Force Impending Decisions By Leaders

REMOVAL OF EAGLE IN SOME INSTANCES

Must Now Be Demonstrated Such Action Will Mean "Economic Death" as Johnson Promised; Price Control Provision of Retail Code Faced

Washington, Oct. 14 (AP)—A Swift succession of events this week brought NRA to a new turning point, at which its influence and future course appear to depend largely upon impending decisions of its leaders and the outcome of the re-employment census under way today all over the nation.

The recovery unit was faced, with leaving to make good its claim that removal of the blue eagle done now in a few instances would be terrific punishment, "even economic death" to chiselers, or risk collapse of the whole voluntary movement for higher wages and more jobs. Hugh S. Johnson and his aides intended to make certain there would be no public apathy towards this enforcement and action was due.

A public pronouncement and formal decision on the minimum price retail provision of the retail code, which are slated for drastic revision, and elimination of "mark-ups" was promised. Johnson faced here a real dilemma. A volume of farm sentiment hostile to NRA as the promoter of the future of industrial and commercial workers and higher costs for the farmer has been reported to him as being concentrated against the "mark-ups" with the idea that these will increase the spread between prices at which they sell and those at which they buy.

SLIGHT DECLINES IN COTTON USAGE

September Figures Less than August and Only Slightly Above September Last Year.

Washington, Oct. 14.—(AP)—Cotton consumed during September was reported today by the Census Bureau to have totaled 199,486 bales of lint, and 183,570 bales of lint and 83,271 of lint-stems in August this year, and 492,742 and 65,475 in September last year.

Consumption during September in cotton growing states totaled 401,373 bales, compared with 464,343 in August this year and 409,011 in September last year.

Marker At Wilkesboro Is Unveiled

Mrs. S. P. Cooper, as D. A. R. Regent, Donates Memorial To Revolutionary Men

North Wilkesboro, Oct. 14 (AP)—A large crowd gathered here today for the unveiling of a marker in commemoration of the valor of revolutionary soldiers under the command of Colonel Benjamin Cleveland, who trained on Rendezvous mountain.

Today's marker will be unveiled on the Boone trail. Two other markers are to rest on the top of the mountain, will be unveiled at a later date.

They were donated by Mrs. Sydney Perry Cooper, of Henderson, D. A. R. regent.

The principal address today will be by Judge T. B. Finley, of North Wilkesboro, who donated the mountain site as a state park.

The soldiers whose memory the markers commemorate fought in the battle of King's Mountain.

Guilty of Murder

Richard Ragone, 16, lit a cigarette after hearing a jury in Media, Pa., find him guilty of first degree murder in the fatal stabbing of William Reilly, Jr., nine. Life imprisonment was recommended.

WETS TO ABANDON FOUR OF COUNTIES

Have no Candidates in Camden, Clay, Northampton, and Transylvania

Means Friends of Prohibition Will Go into November 7 Election With That Much to the Good at Outset.

Raleigh, Oct. 14.—(AP)—The United Council for Repeal today announced it would have candidates for seats in the State's repeal convention from 96 of the State's 100 counties.

The United Dry Forces, fighting against repeal, of the eighteenth amendment, have nominated candidates in each county.

Failure of the repeals to nominate candidates in Camden, Clay, Northampton and Transylvania counties means that the drys will go into the election November 7 with four assured convention votes, if their announcement of 120 nominees stands.

It has been reported here that one dry candidate in a western county has been disqualified, but State dry headquarters has not been notified of such action.

Under the unit system of election of delegates, each county will be entitled to as many seats in the convention as it has members in the lower house of the legislature, it will take 61 delegates to compromise a majority.

Harwood May Go To Supreme Court To Get Licenses

Raleigh, Oct. 14 (AP)—An appeal to the Supreme Court loomed today for the next step in the fight for former Superior Court Judge John H. Harwood, of Bryson City, to regain his rights to practice law.

The former jurist, who served a term in State's Prison, after pleading guilty to mutilating State records in an effort to cover defalcations of this daughter, yesterday was denied a motion in Wake Superior Court to have a felony judgment against him set aside.

SIGNING TOBACCO AGREEMENT BOOST TO THE GOVERNOR

Also Lift for Democratic Party In Both State and Nation, Many Observers Think

SITUATION ALREADY HAD GROWN SERIOUS

Temper of Tobacco Growers in East Worse Than Was Generally Known; Indications Tobacco Companies Have Also Finally Waked Up To That Fact

Daily Dispatch Bureau, in the Sir Walter Hotel, Raleigh, Oct. 14.—While Governor J. C. B. Ehringhaus has not claimed any credit for the ultimate settlement of the tobacco price question when the parity price agreement, was signed by the domestic buyers and the government, and has issued no statement other than to express his personal approval of the signing of the agreement, many here feel that he deserves a great deal of credit for what he has done. For while it took the government and the domestic manufacturers of tobacco long enough as it was to finally reach an agreement, the prevailing belief is that it would probably have taken a good deal longer time if Governor Ehringhaus had not taken hold of the situation when he did and stayed right in back of it until an agreement was finally signed.

That the situation in the State was more serious than those outside the tobacco growing counties realized and that it was filled with both physical and political danger to the State, all those who have been following the tobacco situation here are convinced. It is agreed that Governor Ehringhaus was among the first to sense the grim and desperate seriousness of the tobacco farmers and realize that something had to be done and done then to avert violence, if not actual bloodshed. That was why he closed the warehouses with his "tobacco holiday" proclamation and personally went to Washington in an effort to get something done to boost tobacco prices immediately. There is little doubt but that the price agreement signed yesterday is the direct result of the action by the governor and that it probably would not be signed now but for the insistent

UNIFORM MEDICAL FEES AGREED UPON

Will Apply In Doctors' Services for Relief Work Cases Attended

Daily Dispatch Bureau, in the Sir Walter Hotel, Raleigh, Oct. 14.—After a several weeks of work, involving several conferences with officers of the North Carolina Medical Society, a uniform schedule of fees for medical services to those receiving relief from the Governor's office of relief, has been drawn up and approved by both the doctors and the relief office, Mrs. Thomas O'Berry, State director of relief, said today.

The schedule is now in Washington awaiting the final approval of the National Relief Administration officials before being put into effect in the State. As soon as it is finally approved by the necessary authorities in Washington, it will be made public here, Mrs. O'Berry said.

Now that the schedule of fees to be charged by doctors has been completed, Mrs. O'Berry is starting work on a similar schedule of fees to be charged by dentists for relief patients. Since this schedule will not involve anything like as many different items as the medical schedule, it is hoped to have it completed in a much shorter time.

Excellent cooperation was given by the officers of the North Carolina Medical Society in working out the schedule of fees, Mrs. O'Berry said, and she considers the fees finally agreed upon as being very reasonable. The schedule is uniform and will apply to every section of the State.

LYNCHED NEGRO'S WIFE ASKS \$2,000

County Is Sued Under State Law in South Carolina After Killing

Greenville, S. C., Oct. 14.—(AP)—A civil action to recover \$2,000 from Greenwood county for the death of Ben Thompson, Negro, taken from the Ninety-Six jail last week and beaten to death was started today.

The complaint was drawn up by Hicks and Johnston, Greenville law firm retained by Ada Thompson, widow of the Negro, and was forwarded to the Greenwood county sheriff.

It charges that a large number of persons assembled at Ninety-Six on October 8 and did without just cause carry Thompson a distance of several miles from town, "where he was put to death in a most cruel, unlawful and inhuman manner."

Under State law, relatives of a person lynched may recover not less than \$2,000 damages from the county in which the lynching took place.

BYRD EXPEDITION OFF FOR FRIGID ANTARCTIC

Headed for the frigid zone of the South Pole, the Jacob Ruppert, flagship of the second Antarctic expedition of Rear Admiral Richard E. Byrd, is pictured sailing down Boston harbor with members of the exploring party and the crew aboard. Mrs. Richard E. Byrd, inset, wife of the expedition leader, was on hand to bid farewell to the expedition as the ship sailed.

Sees Father Kill Mother and Self

Charleston, S. C., Oct. 14.—(AP)—B. Otto Crosby, of Charleston, killed his wife and then committed suicide today after failing in an effort to reconcile domestic difficulties, their only child told officers. The couple had been separated since Labor day.

The shooting occurred about 8 a. m. in a rooming house, where Mrs. Crosby, who was formerly Miss Louise Zimmerman of Georgia, had made her home since the separation.

Their six-year-old son, Jack, lying ill in his bed in the same room, was the sole witness of the tragedy and reconstructed it for officers.

Hitler Stresses Denial Of Germany's War Guilt

Bitterly Assails Treaty of Versailles in an Address To the World from Berlin

SAYS GERMANS HAD FAITH IN 14 POINTS

But World Deserted Wilson's Principles; Purpose of Treaty Not To Give Peace But Maintain Fathomless Hatred, Chancellor Tells the World

Berlin, Oct. 14.—(AP)—Chancellor Adolf Hitler, in an address to the world tonight, bitterly assailed the Treaty of Versailles, and again reiterated the conviction of the German people that they are guiltless of blame for the World War.

Discussing the close of the great war when the German people, "in trustful faith and in the assurance of President Wilson's fourteen points, lowered their arms," the chancellor said:

"The people could rightly have expected that from this greatest war a lesson would be drawn of how small were the chances of possible gain, in proportion to the magnitude of the sacrifice.

"When, therefore, Germany was compelled to destroy her armaments to enable a world disarmament, uncounted millions believed that to be an evidence that a redeeming realization was making headway."

"The German people," the chancellor declared, "destroyed their weapons and fulfilled their obligations in the treaties with a really fanatical fidelity."

"The political leadership of the nation at that time, however, was in the hands of men spiritually rooted in the world of a victor state.

"The German people should rightly expect that for this reason alone, the rest of the world would redeem its promise, but for fifteen years the German people have vainly hoped and expected that the end of the war would finally also be the end of hatred and enmity.

"The purpose of the Versailles treaty has not seemed to be the genuine human peace, but rather to maintain a fathomless hatred."

TRAINING SCHOOLS ON PRISONS HELD

Being Conducted Over State for Training of Prison Authorities

Daily Dispatch Bureau, in the Sir Walter Hotel, Raleigh, Oct. 14.—Two of the special training schools for prison camp supervisors and superintendents have already been held and were highly successful according to Assistant Deputy Warden L. G. Whitley who has been assisting Deputy Warden J. B. Roach in holding these training schools. The Division D school was held at the Concord prison camp and the Division E school at the Asheville camp this week. Every camp superintendent in each of these di-

JUSTICE REFUSED TO REICH, HITLER STATEMENT SAYS

Unable To Participate Further as Second Class Nation and New Dictates Looming

GRAVEST EVENT IN YEARS, PARIS SAYS

Announcement Greeted Geneva With Consternation and Sadness; New Elections Throughout Germany Ordered November 12; Washington is Surprised

(By the Associated Press.) Germany notified the League of Nations and the world disarmament conference because it considered itself "unable... to participate further as a second class nation, deprived of justice in the negotiation which could lead only to new dictates."

Announcement of Germany's intention was received in Geneva with consternation and sadness, and the dictum was hailed in Paris as "the gravest news in 20 years."

Simultaneously with Chancellor Hitler's action, a decree was issued by President von Hindenburg dissolving the German Reichstag and all state parliaments, and setting new Reichstag elections for November 12.

This was done so that a vote of all Germans by endorsing the Nazi members of the Reichstag would demonstrate to the world the country's solidarity behind Chancellor Hitler in the crisis.

The German decision was forecast in dispatches last night from Geneva, which indicated that Germany might leave the disarmament conference and even the League itself, because of endless English and French opposition to her claim, for defensive armaments.

Officials at Washington were taken by surprise by the Hitler move. They viewed it as making the task of conciliating the different national views on disarmament difficult, if not impossible.

It was indicated, however, that efforts will be renewed to use the good offices of the United States to change the German decision.

In London, official circles declined to comment. It was indicated that while Chancellor Hitler's announcement was unexpected, the possibility of a German walk-out from the disarmament conference and the League had not been overlooked.

Atlanta Gets Big Sum for Clearing Slums and Housing

Washington, Oct. 14.—(AP)—The Public Works Administration today approved loans to two non-profit organizations totalling \$3,812,500 for slum clearance and low cost housing projects in Atlanta, Ga.

Americans To Receive Protection

Germany Promises Utmost Effort To Prosecute Those Who Molest Them

Berlin, Oct. 14.—(AP)—The United States had assurances today that the German government would leave no stone unturned in prosecuting those who molest Americans.

In a meeting at which American Ambassador William E. Dodd cited the cases of at least 27 United States citizens allegedly assaulted within a past few months, Foreign Minister von Neurath—

1. Apologized profusely for keeping the ambassador waiting six hours; 2. Promised that nothing would be left undone to handle the protest satisfactorily; and 3. Suggested that future mutual discussions be arranged to settle the matter definitely.

In the future discussions it was assumed an answer will be given to Secretary of State Cordell Hull's request from Washington for information as to what action has been taken in the 27 cases in which Americans have filed affidavits.

WEATHER
FOR NORTH CAROLINA.
Partly cloudy tonight and Sunday; rising temperature Sunday.
