

Early Soviet Recognition By United States Rumored In Geneva League Circles

NEW HOPE FOUND THAT RUSSIA MAY JOIN WITH LEAGUE

Clear Indications Seen League Is Flirting With Russia and Russia With League

HENDERSON TALK VERY IMPRESSIVE

British Statesman Linked United States and Russia, Calling Them "Partners In That Great Adventure Of Peace"; Noticeable Tribute To Soviet

Geneva, Oct. 19.—(AP)—Reports that the United States is studying the question of recognition of Russia awakened new hope in international circles here today that the U. S. S. R. may be induced to join the League of Nations.

There have been clear indications, it was recalled, that the League is flirting with Russia and Russia with the League.

Statements of the world were impressed with the address of Sir Arthur Henderson of Great Britain before the International Peace Association several days ago, in which he likened the United States with Russia, calling them "partners in that great venture of organization—peace."

They were struck also by Henderson's noticeable tribute to the Soviet Union for its worthy contributions to peace efforts in adhering to the Kellogg pact in its non-aggression and conciliation treaties.

MACON ARRIVES AT NEW HOME

This unusual photo shows the U. S. S. Macon, largest airship in the world, arriving at its permanent home, the naval base at Sunnyvale, Cal., following a flight from Lakehurst, N. J. The Sunnyvale dock can be seen in the background at left.

Auto Production Far In Lead 1932

Washington, Oct. 19.—(AP)—Bureau of Census figures released today showed automobile production in September totaled 196,082 units, as compared to 84,150 in September, 1932 and 140,566 in September, 1931. Total sales up to October 1 were 4,672,767 this year, compared to 1,155,066 in the nine months of 1932, and 2,119,188 in 1931.

CARR OR McLENDON MAY BE GIVEN JOB

By Elimination Process, Field Is Narrowed Partly To The Two

FEW FOR EHRINGHAUS

Some of His Friends Advance His Cause; Ramifications of State Politics Generally Step Into the Consideration

In the Sir Walter Hotel, Daily Dispatch Bureau, by J. C. BASKERVILL.

Raleigh, Oct. 19.—The race for the vacancy on the national Democratic committee, caused by the resignation of former Governor O. Max Gardner, continues to be the center of attention in political circles both here and over the State generally. The three most likely candidates at the present time, according to opinion in political circles here, are J. O. Carr, of Wilmington; Julian Price, of Greensboro; and Major L. P. McLendon, lately of Durham but now also of Greensboro. A good many think that former Governor-Senator Cameron Morrison, of Charlotte, could have had the post if he had desired it, and had not removed himself as a candidate when his former opponent, Senator Robert R. Reynolds, suggested him for it. While there is little doubt here but that C. L. Shoup, of Greensboro, would like very much to be elected national committeeman, just as he wanted to be chairman of the State Democratic Executive Committee, the prevailing belief is that his ambition has been pretty well bottled up by

Agricultural Areas Mass Of Unrest, Governor Bryan Says In Attack Upon NRA

Tells of \$100,000 Pension

Appearing before the Senate banking hearing in Washington, Albert H. Wiggins (right), former chairman of the Chase National Bank of N. Y., is shown as he told the investigators how he retired with a pension of \$100,000 a year for life. Left is Martin Conboy, the banker's attorney.

NRA CHAIRMAN OF NEBRASKA RESIGNS THROUGH PROTEST

Former Governor Neville "Entirely Out of Sympathy" With Recovery Farm Program

PLANS UNBALANCED GOVERNOR ASSERTS

One-Sided, So-Called Relief Program, Bryan Says Of Washington's Efforts; Favors New Currency Issue To Pay Liberty Bonds and the Soldier Bonus

Lincoln, Neb., Oct. 19.—Agricultural areas today were described as a "seething mass of unrest" by Governor Charles W. Bryan in a general attack on the entire national recovery program.

Bryan, brother of the "Great Compromiser," William Jennings Bryan, said he did not know what the farmers' unrest might lead to, but said it was "bringing on a condition we can't shut our eyes to."

He called the administration's agricultural plan a "one-sided, so-called farm relief" program, said it appeared that "all of the anti-trust laws have been either nullified or overridden," that "the people are now being plundered," and that "the remedies so far suggested by the Federal government to loan more money which in itself is hastening the downfall of every one who borrowed under present conditions."

The governor, now in his third term, said the policy of "pouring money in at the top" again had failed. He endorsed Senator George W. Norris' recommendation that Liberty Bonds be paid with new currency instead of being refunded, and said he now favored "payment of the soldier's bonus in new currency as a means of putting new currency into circulation in every precinct and in every store."

NEBRASKA NRA CHAIRMAN RESIGNS IN DISAPPROVAL

North Platte, Neb., Oct. 19.—(AP)—Keith Neville, former governor of Nebraska, today announced his resignation as chairman of Nebraska's N. R. A. board, and said he was "entirely out of sympathy with the manner in which the program of the N. R. A. is being conducted in agricultural states such as Nebraska."

Control Of Industry Is Under Way

No New Cotton Mill Can Be Started Now Without Administration Approval

Washington, Oct. 19.—(AP)—A drastic application of the industrial control principle to every-day trade is now under way, with cotton textiles the trying ground of the experiment. From now on no man may start a new cotton mill without approval of Hugh S. Johnson after a committee of cotton men elected to supervise operation of the industry's code that has made recommendation. Not only that, but no mill owner can increase his productive machinery without the same approval recorded in a certificate bearing the administration's signature.

Johnson approved regulations to this effect yesterday, while President Roosevelt and his recovery aides worked hours over policy for several days. The President's decision on the retail issue was not expected before tomorrow. The new rules for the cotton industry for so long as the code continues, and the President approves, requires in exact language an administrator's certificate "prior to the installation of additional productive machinery by persons engaged or engaging in the cotton textile industry." Officials interpret the regulations as closing cotton textiles to new-come except through the purchase of existing interests, and said it means production may be kept to market demands.

Germany Is To Enlarge Air Forces

Getting Ready In Earnest To Ward Off Attacks by Planes, It Is Indicated

Berlin, Oct. 19.—(AP)—An unusual decree by Finance Minister von Schulerin-Krosigk indicated today that Germany is getting ready in earnest to ward off any attacks from the air.

All money expended by private individuals or firms for advancing Germany's protection from air attacks can, under the decree, be deducted 100 percent from the income in making income and corporation tax returns. "By the treaty of Versailles," it reads, "Germany was forbidden to maintain military planes and hence we were denied the most effective weapon against air attacks."

"All the greater importance attaches to civil air protection measures calculated to insure the population against danger of attacks from the air," it continued, adding: "And the interest of the population as well as the national defense measures, must be most widely encouraged also by tax reduction."

WOMAN DIES AFTER BURIAL OF HUSBAND

Tarboro, Oct. 19.—(AP)—Shortly after returning home from funeral services for her husband, an oil distributor who died Tuesday, Mrs. James Walter Ashburn suffered a heart attack yesterday and died. Funeral services will be held tomorrow afternoon.

Cabinet Is Threatened In France

Paris, Oct. 19.—(AP)—The cabinet today suddenly confronted serious opposition in the Chamber of Deputies over balancing the budget, and officials frankly said there was danger of an overthrow. The government was notified by the finance committee of the Chamber that it was impossible to push through the budget measures within the week fixed by Premier Edouard Daladier in a speech before Parliament this week. M. Daladier has said that the budget must be balanced completely, or the country must find a new government. Commission debates indicated dissatisfaction with a number of measures.

England-Australia Flight Mark Made

Derby, West Australia, Oct. 19.—(AP)—Charles T. P. Uim and three companions arrived here at 11:15 a. m., eastern standard time today, establishing a new record for a flight from England.

The fliers beat the record of Wing Commander Sir Charles Kingsford-Smith by 11 hours. The latter's time was seven days four hours and 44 minutes for the flight by stages.

In a final burst of speed, after it had seemed the chances were gone, the quartet completed the journey from England in six days, 17 hours and 45 minutes.

LUKE LEA CASE IS FURTHER DELAYED

Tennessee Supreme Court Not Expected To Act Until November

Nashville, Tenn., Oct. 19.—(AP)—The case involving North Carolina's efforts to extradite Colonel Luke Lea former Nashville publisher, to serve a prison term for alleged violation of bank laws, will not be decided by the State Supreme Court before November 15.

The court is now sitting in Knoxville to hear cases from that section and will not have another opinion session until November 15. The court, however, does not announce when it will decide cases, and an opinion in the Lea case may not be rendered for some months yet.

AUTO DEATHS WERE 65 FOR SEPTEMBER

Recklessness, Speed, Liquor Cause Fatalities on State Highways

Daily Dispatch Bureau, in the Sir Walter Hotel, by J. C. BASKERVILL. Raleigh, Oct. 19.—Recklessness, speed and gasoline-liquor cocktails killed 63 persons and injured 452 others in 288 accidents involving 435 cars in September, according to figures announced today by Director L. S. Harris, of the Motor Vehicle Bureau of the State Department of Revenue. This is two less than the number killed in September, 1932, when 65 were killed and 425 injured in 269 accidents. The largest number killed in any month so far on record was in August when 88 were killed and 500 injured in 333 accidents. The September accident toll brings

Chase Company In Pool In Own Stock And Selling Short

Washington, Oct. 19.—(AP)—Evidence that the Chase Securities Corporation participated, through a subsidiary, in a pool in Chase National Bank stock in 1930, with power to sell short, was presented today to Senate investigators.

Earlier Albert H. Wiggins, retired chairman of the bank, told the Senate Banking Committee his family was buying the bank's stock during operations in it by a pool in 1928.

The 1930 pool was formed by Chase Securities Corporation and Domineck and Domineck, with the latter as managers. Chase Securities Corporation later allotted its participation to its subsidiary, the Metpotan Corporation and the Chermar Corporation, a personal company belonging to Albert H. Wiggins, chairman of the bank, and his family.

Lindbergh Inquiry Is Redoubled

Roosevelt Wants Justice Department To Get Results In Kidnap Hunt

Washington, Oct. 19.—(AP)—Recent success in pounding up kidnapers has prompted the department of Justice to undertake a fuller coordinated investigation of the 20-month old Lindbergh kidnaping.

Sanctioned by President Roosevelt in his desire to consolidate all kidnap investigations under the Justice Department, the move follows disclosure of the withdrawal from the case of the lone income tax investigator that has been working on it.

This agent, Frank Wilson, of Capone income tax investigation fame, was taken off the case this week by Elmer L. Irely, chief of the internal revenue bureau's intelligence unit, and returned to his former duties with the unit's field office in Baltimore.

They refused to discuss the matter further, but it was learned Wilson's withdrawal had White House approval. At the same time, Attorney General Cummings, after conference with the

Wilson Mail Man Still Being Held

Wilson, Oct. 19.—(AP)—Three post office inspectors arrived here today to investigate the alleged \$50,000 mail robbery yesterday while Hugh Hawley, contract mail truck driver, who reported being held up, remained in custody of officers.

Hawley was arrested yesterday after three sacks containing currency for a bank here were found in a woods near where Hawley said the truck was rifled. No charges have been placed against him.

Hawley was grilled at length during the morning but maintained his story of the robbery was true.

LYNCHING LAID ON JUDGE, SOLICITOR

Governor Ritchie Orders Strict Probe Into Princess Anne Mobbing

Princess Anne, Md., Oct. 19.—(AP)—Responsibility for the lynching of George Armwood, Negro, who was dragged from the jail here last night and hanged from a tree near the town limits, was placed today by Governor Albert C. Ritchie squarely on the shoulders of Judge Robert F. Duer and State's Attorney John B. Robins of Princess Anne.

Governor Ritchie directed Judge Duer, a member of the bench of the first judicial district, and State's Attorney Robins, "to take immediate action to set in motion the necessary legal machinery for the apprehension of those who were responsible for or who participated in the lynching."

Armwood, brought back here from Baltimore less than 17 hours earlier to face accusations of attacking an aged white woman, was wrenched from the protection of 25 State policemen last night, and his body was finally left in a gasoline soaked pyre on the main business corner.

The mob of more than 1,000 men, women and youths, stopped temporarily by a tear gas attack from the State police, stormed the jail, battered down the heavy steel doors, and after ripping most of the clothes from his body, fastened a rope around his neck, dragging the Negro out into the streets.

WEATHER FOR NORTH CAROLINA.

Partly cloudy, not so cold tonight; Friday partly cloudy; warmer in interior, followed by rain in west portion.

Bloodshed Results In Mine Area

Illinois Trouble Breaks Anew As Plans Announced to End Strike

Springfield, Ill., Oct. 19.—A Progressive miner from Taylorville was shot and killed today as thousands of his comrades flocked into Springfield on a protest march, while an announcement was awaited on the NRA's decision about the Illinois union conflict.

Melville Staples, 31, of Taylorville, was fatally shot through the chest a half block from the headquarters of Progressive union. The assailant escaped. Officials did not know the motive for the shooting.

Staples and other Taylorville Progressives had been "striking" for union recognition for more than a year. At the time of the shooting several thousand miners were pouring into Springfield for a protest demonstration.

State highway and Springfield police guarded the doors to the State House, and delegation after delegation of miners and their wives were turned away.

FOUR-POINT PROPOSED SETTLEMENT IS OFFERED

Washington, Oct. 19.—(AP)—The Recovery Administration today made public a four-point proposed settlement of the Illinois union dispute by which it hopes peace could be restored.

The settlement was proposed by Donald Richberg as general counsel, and approved by Hugh S. Johnson, the recovery administrator. It provided that all mines be operated.

Peanut Marketing Agreement To Be Heard on Friday

Washington, Oct. 19.—(AP)—The Farm Administration will hold a hearing tomorrow on a proposed marketing agreement for the peanut industry, submitted by the Virginia-Carolina Peanut Association and the Southeastern Peanut Association.

Peanut growers from several states, including North Carolina, are expected to be represented at the hearing.

Box Car Thieves Get Prison Terms In Federal Court

Wilson, Oct. 19.—(AP)—Dewey Williams, alleged ring leader of a gang of box car thieves, today submitted to charges of larceny and receiving stolen goods, and was sentenced to three years in the Atlanta penitentiary by Judge I. M. Meekins in Federal district court.

Paul Edwards, another member of the gang took his case before a jury. He was found guilty, however, and was sentenced to a year and a day in the Atlanta penitentiary.

The court confiscated an Edgecombe county deputy sheriff's badge, a tear gas pistol and a revolver found in Williams' possession when he was arrested.

15c Credit For Cotton Requested

Would Peg Price and Attain Parity, Co-operative Association Declares

New Orleans, La., Oct. 19.—(AP)—Fifteen cent cotton.

That is the objective of the American Cotton Co-operative Association, which asked the government to raise its ten cents a pound loan to 15 cents to fulfill the administration's pledge of pre-war parity.

The association also urged the government to advance four cents a pound to farmers holding the plow-up option cotton to prevent approximately 2,400,000 bales from being sold on the market by farmers needing money.

The plan proposes that the government carry through its ten cents loan program and advance an additional loan of five cents to farmers who carry out the Department of Agriculture's plan for reducing next year's acreage. The government would be empowered to sell cotton on which loans are made where and if the price reaches 18 cents.

N. C. Williamson, president of the association, said the present loan plan will hold the market around the ten cent level while the proposed 75-cent loan would bring it to the parity level.
