

## ARMS CONFERENCE AT GENEVA ADJOURNS TO JANUARY

### Roosevelt To Speed Dollar Revaluation Program

#### PRESIDENT SILENT UPON RESIGNATION ADVISOR SPRAGUE

Leading Lights in Recovery Program in Washington Trek to Georgia To See Chief

GENERAL JOHNSON IS COMING FRIDAY

Morgenthau Also To Go To Warm Springs at Week-End, Together With Secretary Ickes, Hopkins and Others, To Talk Over Progress Being Made

Warm Springs, Ga., Nov. 22.—(AP)—President Roosevelt will confer with Acting Secretary of the Treasury Morgenthau here late this week in passing ahead with his gold control monetary program.

It was stated today at the "little White House" that nothing special was up for consideration in the Morgenthau talks.

Meanwhile, Mr. Roosevelt said nothing about the resignation of O. M. W. Sprague, as special advisor to the treasury.

No doubt was left here today that he is going ahead with his dollar revaluation program with Mr. Morgenthau in charge of the effort.

The President will continue through the remainder of his stay here talks with other government officers, particularly those in charge of his recovery campaign.

General Hugh S. Johnson, industrial administrator, will come here tomorrow or Friday. Secretary Ickes, the public works administrator, is coming down to the presidential cottage, and William C. Bullitt, newly-appointed ambassador to Russia, and Harry L. Hopkins, Federal relief administrator, are other prospective visitors.

#### Relief Load Is Greater In October

Vance One of Counties In State, However, With Decline From September

Raleigh, Nov. 22.—(AP)—There were 32,262 North Carolina families receiving public relief aid in October, an increase of a little more than three percent over the total of 30,887 families aided in September, the State Civil Works Administration reported today.

The families were aided by the relief administration, which is now the Civil Works Administration.

#### WEATHER FOR NORTH CAROLINA.

Mostly cloudy and colder to night and Thursday; probably light local rains in west portion.

### American Embassy In Havana Guarded As Trouble Feared

Devises Money Plan

Here is Professor George F. Warren, of Cornell university, who is credited with devising the currency program on which the Roosevelt administration is now working. Henry Morgenthau, Jr., acting secretary of the treasury, and William I. Myers, who succeeded Morgenthau as head of the Farm Credit association, studied under the professor. Both are advocates of the commodity-dollar plan sponsored by Professor Warren.

### SEVEN BOND ISSUES ACCORDED APPROVAL

\$200,000 for Durham Will Be Sold to Federal Government Soon

Raleigh, Nov. 22.—(AP)—The executive committee of the Local Government Commission today approved seven proposed bond issues by local government units of the State who want to sell the securities to the Federal government and construct public works with the proceeds.

### POSTING MACHINES CHECK SALES TAXES

Raleigh, Nov. 22.—(AP)—Two new posting machines costing \$1,900 each have been placed in operation in the State sales tax division to enable a quicker check on sales tax receipts and to allow quick selection of delinquents.

### BIG SOVIET PLANE CRASHES; 14 KILLED

Moscow, Nov. 22.—(AP)—A dispatch from Khar'kov said the newly-constructed airplane K-7, said to be the largest airplane in the world, crashed there yesterday, killing 14 persons.

### Sen. Norris Plans Electric Plants On The Missouri

Washington, Nov. 22.—(AP)—Senator Norris, Republican, Nebraska, moving spirit for years in the Tennessee Valley development plan, said today he would introduce a bill when Congress meets to accomplish the same ends for the Missouri river.

Strife-Weary Cuban Capital Is Tense as Rumors Say New Revolution May Be Near

### NEW DISORDERS IN INTERIOR REPORTED

Bombs Are Exploded In Camaguey and One Man Is Gravely Wounded; Batista Continues Extraordinary Preparations for Emergency That May Come

Havana, Nov. 22.—(AP)—Three powerful bombs exploded in Camaguey province today, killing one youth and injuring four others as new disorders occurred in the interior.

The second death of the day came to a man gravely wounded last night when seven bombs exploded in the same province.

Havana, Nov. 22.—(AP)—New disorders in the interior developed last night and early today as rumors that the threatened revolution was near, circulated in a tense and strife-weary capital.

Seven bombs exploded in Camaguey province during the night. One man was gravely wounded. Considerable property damage was reported.

Manzanillo port strikers, in an ugly mood, fired on vessels in the harbor, but there were no casualties.

Colonel Fulgencio Batista continued his extraordinary preparations for any emergency. Army planes went aloft early this morning. A guard of four soldiers and a sailor was stationed at the United States Embassy. Soldiers remained at their posts around and on the roof of the palace.

Despite the preparatory activity, however, the capital was fairly quiet during the night—with only occasional scattered firing. No lights were permitted at the arm yard navy barracks.

### Huge Paper Profits On Stock Made

\$16,000,000 Garnered In General Theatres Issues, Senators Are Told

Washington, Nov. 22.—(AP)—Evidence that a paper profit of about \$16,000,000 was made by promoters of General Theatres Equipment Corporation from purchase of Fox Film stock at lower than the market price was given today to Senate investigators.

The banking committee found that shortly after buying control of the theatres properties of William Fox, General Theatres Equipment purchased a new issue of Fox film stock for \$16,000,000 less than the prevailing market price without offering it to the stockholders of that company.

The Fox Film stock was purchased by the General Theatres Equipment, the evidence showed, for \$30 a share when the market price was \$40 and up.

Shortly thereafter the stock went up above \$50 a share.

### As Balloon Took Off

Shooting skyward, the huge balloon carrying Lieutenant Commander T. G. W. Settle and his aide, Major Chester H. Fordney, is pictured as it took off from the Akron, O., municipal airport in an attempt to reach the stratosphere and break the altitude record. The balloon was inflated with 120,000 cubic feet of hydrogen gas before leaving the ground.

### \$12,309,230

### Allotted To 54 Projects

### Durham Gets Further Grant for Sewage and Water Works Undertaking

Washington, Nov. 22.—(AP)—Secretary Ickes today allotted \$12,309,230 for 54 non-Federal public works projects in 27 states.

The allotments include sewage systems, sewage treatment plants, water systems, eleven school buildings, municipal buildings, State improvements, highway improvements and hospitals.

The public works administrator estimated allotments for 750 non-Federal projects totalling \$477,443,068 had been approved in the last four months.

Administrative officials estimated today's list would provide 5,873 man months of quick employment.

Thirty-one of the allotments were for loans and grants, while the others were on the grant basis.

The allotments included one at Durham, N. C. (amended) loan and grant, sewers, \$50,000.

The \$50,000 loan and grant to Durham brought to \$760,000 the amount allotted to the city for the re-location and extension of truck sewers, construction of an activated flood treatment plant for present requirements, with provisions for future extensions.

The allotment, it was announced, supplemented one made October 17.

### FIVE MEN BURIED IN ROCKS CAVE-IN

Scranton, Pa., Nov. 22.—(AP)—Five men were buried in a cave of rocks and coal while digging fuel in South Scranton today.

Two of the men later were removed alive, but three still are trapped.

### 10,000 MEN GIVEN NEW JOBS ALREADY IN WORKS PROGRAM

50 to 100 Projects Employing 2,000 to 3,000 Expected To Be Added Daily Now

### TAKEN FROM RELIEF ROLLS IN COUNTIES

Water Works, Sewer Jobs, Malaria Control, Oyster Planting and Numerous Other Projects Included In Lists To Furnish Work for the Idle

Daily Dispatch Bureau, In the Star-Walter Hotel, BY J. C. BASKERVILLE.

Raleigh, Nov. 22.—Ten thousand men are already at work on approximately 450 civil works projects over the State since the new Civil Works Administration started functioning the first of the week, it was learned today from Mrs. Thomas O'Berry, new civil works administrator. It is expected that from 50 to 100 new projects, calling for the employment of from 2,000 to 3,000 additional people, will be approved almost every day from now on. The objective of the new Civil Works Administration is to put the State's quota of 68,000 unemployed to work by December 15 if possible. With projects pouring by the hundreds for approval, Mrs. O'Berry believes that her organization will be able to reach its objective, despite the fact that there are still many details to be worked out and the short time available.

All of the 10,000 men now at work on the 450 projects already approved are from the relief rolls of the old Emergency Relief Administration, and the 450 projects are those which formerly had been approved as work relief projects and which have now been transferred to the Civil Works Administration. It was pointed out, in fact, from now until December 1, all of those given employment on Civil Works projects will be drawn from the 63,000 families formerly on the Emergency Relief rolls, although not more than 34,000 of these can be given employment on Civil Works projects, since that is the quota fixed in Washington. The other 34,000 who will be

### RALEIGH HOSTS FOR GROUP LIBRARIANS

Raleigh, Nov. 22.—(AP)—Some 75 librarians and library workers from this section of the State met there today with the State Library Commission.

The morning session was devoted to technical library discussions. William T. Poik, of Warrenton, was the principal speaker at a luncheon meeting.

### Relief Work May Strike Snag Here

Seems Government Expects States To Share Load, And This State Cannot

Daily Dispatch Bureau, In the Star-Walter Hotel, BY J. C. BASKERVILLE.

Raleigh, Nov. 22.—With everything in readiness to put thousands of men to work on hundreds of road improvement projects throughout the State under the new Civil Works Administration program, the plans have already struck a snag and may be held up indefinitely, it was learned here today. For while the State Highway and Public Works Committees already to submit to Mrs. O'Berry, now civil works administrator for the State, and while there are thousands of unemployed who need the work, the question is whether the Civil Works Administration will supply all the

### EFFORT TO BE MADE TO INDUCE GERMANY TO RETURN BY THEN

Soviet Envoy to U. S.

The appointment of Alexander Antonovich Troyanovsky as first Soviet Ambassador to the United States is hailed in both countries as a happy choice. Troyanovsky, former Ambassador to Japan, is considered a foremost authority on the Far East. Before his selection as envoy to Washington he held the important post of vice-chairman of the State Planning Commission. (Central Press)

Heroic Attempts Planned To Save Parley from Disbanding Fully and Permanently

### CONFERENCE HEAD TO BE INFORMED

Arthur Henderson, of Great Britain, Will Be Advised by each Participant of Progress Toward Accord Made During Interim Until January.

Geneva, Nov. 22.—(AP)—The steering committee of the disarmament conference voted today to suspend the parley until January.

In the meantime, international diplomacy is to be given full play in its effort to save the disarmament conference from oblivion and to bring Germany, which withdrew last month from the negotiations, back into the conversations.

The committee unanimously accepted a statement by Arthur Henderson, of Great Britain, president of the conference, which said there shall be "parallel and supplementary efforts between the various states and the full use of diplomatic machinery conducted energetically to advance in every possible way the work of the conference."

The committee decided that the governments concerned will keep Henderson informed as to the results of these diplomatic efforts and the president furthermore is to decide how far the work of the committee should be carried in the meantime.

### PEANUT GROWERS TO RECEIVE HELP

Ehringhaus Says Satisfactory Progress Being Made In Washington

Raleigh, Nov. 22.—(AP)—Governor Ehringhaus said this afternoon that he had been informed from Washington "satisfactory progress" seems to be being made in plans of the government to help peanut growers.

The governor said definite details could not yet be announced pending approval of the marketing agreement by peanut growers of other sections besides North Carolina, but that it was hoped plans would be ready for extension of stabilization loans shortly.

### Accused Banker's Case Given Jury In Bayboro Court

Bayboro, Nov. 22.—(AP)—The case of W. J. Swan, charged with receiving deposits in a bank knowing it to be insolvent, and making false reports of the condition of the closed Eastern Bank and Trust Company, of which he was president, went to a jury of Greene county men here today.

The trial has been under way for the last eight days in Pamlico court. Judge J. F. Frizzelle is presiding.

### NEW ACCOUNTING METHODS STUDIED

Raleigh, Nov. 22.—(AP)—A. J. Maxwell, commissioner of revenue, said today "further studies" are being made by the State Bureau and George Scott, public accountant, of new methods which it has been recommended be installed in the revenue division. The methods have not been revealed.

### Cotton Spinning Shows Increases For October

Washington, Nov. 22.—(AP)—The cotton spinning industry was reported today by the Census Bureau to have operated during October at 101.9 percent capacity on a single shift basis, compared with 99.6 percent during September this year and 97.0 percent in October a year ago.

Spinning spindles in place October 31 totalled 30,869,848, of which 25,875,142 were active at some time during the month, compared with 30,827,726 and 26,002,148 for September this year, and 31,489,918 and 24,587,732 for October last year.

Active spindle hours for October totalled 7,260,822,134, at an average of 235 hours per spindle in place, compared with 7,057,744,889 and 229 for September this year and 7,045,544,610 and 224 for October last year.

North Carolina had 1,602,668,312 active spindle hours and an average of 261 per spindle in place.
