Fall Of Ministry Frightens France In Fear Of Franc

Parliament Leaders Tell
President LeBrun Some-
thing Must Be Done
Immediately

SARRAUT'S CABINET
LASTS FOUR WEEKS

Had Been in Office Short
While and Falls on Issue
Aimed at Balancing Bud-
get and Safeguarding Cur-
rency, Which Was "Jonah"
of His Predecessor

Paris, Nov. 24.—(AP)—Alarmed French leaders told President Albert LeBrun today that it was imperative to have a solid government to protect the franc and end national instability. A wave of resentment at the succeeding cabinets was reflected by Jules Jeanneney and Joseph Caillaux, who, after Premier Albert Sarraut's government had been overthrown early this morning said:

"It was a crime to overthrow the government under present circumstances."

"I think," M. Jeanneney told the President, "that it is about time that the slaughter of ministries ought to cease. The fate of the franc is more important than party contests."

The two, M. Jeanneney and M. Caillaux, were received by the President after a sleepless night, during which he received the resignation of the members of the Sarraut ministry after the cabinet's defeat in the Chamber of Deputies.

He began work early in the morning, alarmed by the latest crisis and received parliamentary officials in an anxious effort to hurry formation of a new government, the fourth of the year.

Leaders were stunned at the crushing of the cabinet by a newly-formed Chamber majority, which turned on M. Sarraut and his budget-balancing program. A few minutes after it had given him its support on a previous vote.

A cant four weeks after he formed a government to supplant that of Edouard Daladier and hammered together a budget-balancing, franc-saving program, much like that on which his predecessor toppled, Premier Albert Sarraut himself went down fighting in the Chamber of Deputies early this morning.

By an adverse vote of 321 to 247 the Chamber bore out advance indications that it would be aligned against the Sarraut ministry's program by economies and new taxes.

At 3 a. m., every member of the cabinet went along with the defeated Premier to the presidential palace and there made the collapse final by joining in a general resignation.

High NRA Office
For Ted Johnson
Of State College

Raleigh, Nov. 24.—(AP)—Ted S. Johnson, professor at N. C. State College, was notified by wire from Washington this morning by General Hugh S. Johnson, administrator of the National Recovery Administration, that he had been appointed to represent the public on the North Carolina section of the national board of the cotton and industrial industries.

As the representative of the public, Professor Johnson will automatically become chairman of the board.

15,000 Men
Given Jobs
Over State

More Than 900 Pro-
jects Approved So
Far Under New
Civil Works Set-Up

Daily Dispatch Bureau
In the Sir Walter Hotel,
BY J. C. BASKERVILLE.

Raleigh, Nov. 24.—Approximately 150 additional civil works projects were approved yesterday by the State Civil Works Administration here, and as many more will be approved today, bringing the total to more than 900 projects approved so far this week, according to T. W. Moss, work projects director for the administration.

The projects approved so far will provide jobs for at least 15,000 men, Moss estimated. He believes that about 1,000 projects, calling for the employment of nearly 20,000 men

Flies to Ocean Death

Here is Mrs. Louise Turck Stanton, Junior League leader, who took off from Jacksonville, Fla., in a borrowed airplane and pointed it toward the open sea, after leaving notes which were interpreted to mean that she intended to commit suicide by flying the plane until it dropped into the ocean. Mrs. Stanton is said to have been despondent over the death of her husband in an automobile accident recently.

MURDER CONFESSED BY WOMAN DOCTOR

Mrs. Wynekoop Admits Fir-
ing Shot That Killed
Daughter-in-Law

CHLOROFORMED FIRST
Doctor Professes Trying To Ease
Girl's Pain and Shot Only After
Death by Chloroform Ap-
peared Approaching

Chicago, Nov. 24.—(AP)—The confession of Dr. Alice Lindsay Wynekoop that she fired a bullet into the heart of her daughter-in-law, Rheta, while the girl was unconscious, was announced today by Captain John Stege.

Breaking down at last after nearly three days of exhausting examination the 42-year-old woman physician acknowledged that she had administered chloroform to her son's 23-year-old wife in examining her for a pelvic pain, of which the girl had complained.

She had gone to her surgical office in the basement of her Monroe street house last Tuesday afternoon to find Rheta partly undressed, weighing herself.

Rheta complained of severe pains, Dr. Wynekoop said, and she placed the young woman on her operating table and began to administer chloroform to ease the pain and facilitate the examination.

Dr. Wynekoop told Captain Stege she kept asking Rheta if she could feel the pain, and that her daughter-in-law continued to answer affirmatively.

Finally, the physician explained, Rheta lost consciousness and for 25

British Countess Seriously Hurt In Airplane In China

Shanghai, Nov. 24 (AP)—Countess Carlisle, niece of Sir Miles Lampson, British minister to China, was reported seriously injured in an airplane crash at Chusan Island, northeast of Ningto today. No one was killed.

Lincoln Reynolds, of Viola, California, American vice consul to Fuchow, was said in the independent advices reaching here, to have been slightly injured.

The plane, owned by Pacific-American Airways, a Chinese concern owned jointly by the Chinese government and Pan-American Airways, was reported carrying seven passengers and two pilots, one of whom is understood to have been George Rummell an American. The plane is said to have crashed against a mountain during a heavy fog.

RED TAPE DELAYS CIVIL WORKS JOBS IN BEING STARTED

Most of the 500 Already Under
Way Had Been Ap-
proved Before Adopt-
ing New Plan

HIGHWAY JOBS ARE
BEING HELD BACK

State Hasn't 30 Percent To
Match Federal Appropria-
tions, and Efforts Are Be-
ing Made To Get Things
Going and Relieve This
Congestion

Daily Dispatch Bureau,
In the Sir Walter Hotel,
BY J. C. BASKERVILLE.

Raleigh, Nov. 24.—Too much red tape and too many fancy regulations from Washington may serve to cause serious delay in getting the new civil works program going to put 68,000 men to work in North Carolina by December 15, it was indicated in some quarters here today. For while the civil works program will mean a great deal to the State when it once gets under way, numerous questions are arising every day to cause some doubt as to whether it will be possible to get the program under way in twice the time that has been allotted.

Projects where no materials are needed and where all the necessary tools and equipment can be furnished locally with little or no delay of cash, can be approved and gotten under way almost immediately, it is agreed, and some 500 of these are already started. These, for the most part, are projects which had already been planned and approved as work relief projects under the Emergency Relief Administration and now have been merely transferred to the Civil Works Administration, since there is no longer any such thing as a work relief project. It is also going to be possible for the Civil Works Administration in the State to approve school repair and betterment projects with a minimum of delay, since the administration officials in Washington have ruled that civil works funds can be used for materials as well as wages on school repair projects, except in cities and counties where there are adequate local funds for this purpose.

The highway projects are causing the rub here right now. For while the

Lindbergh Is Safe In Canary Is.

Las Palmas, Canary Islands,
Nov. 24.—(AP)—Colonel and Mrs. Charles A. Lindbergh arrived here at 3:15 p. m. today after a flight from Ponta Delgada in the Azores Islands.

The flight, during which the colonel circled over Funchal, Madeira, at which place he had been expected to alight, was described as without incident.

Funchal, Madeira, Nov. 24.—(AP)—The big single-winged seaplane of Colonel and Mrs. Charles A. Lindbergh arrived over the city at midday in its flight from Ponta Del Gada, Azores, circling three times, and headed south through the calm air.

When the Lindberghs reached here, they had covered about 600 miles on their flight from Ponta Del Gada, which they left early this morning.

Yesterday it was believed they planned to land here before flying on to Lisbon, but the direction taken by the monoplane, after circling the city, gave rise to the belief the American fliers might be heading directly for Africa. Cape Verde the westernmost projectory of South Africa, is 1,250 miles south of here.

Seven Persons Killed On State Highways Thursday

(By the Associated Press.)

Death stalked the highways of North Carolina yesterday, claiming a total of seven lives.

R. B. Bryant, of Spring Hope, and J. M. Paul, farmer of Beaufort county, were killed when their coupe plunged into a canal between Plymouth and Pantego.

Mrs. Frank Pinnix, 65, of Brooks Cross Roads, and Clarence Allred, of Winston-Salem lost their lives when two automobiles collided near Elkin.

Billy, seven-year-old son of Mrs. Jennie Tucker, of near Concord, was killed when he was struck by an au-

Three Are Dead In Plane Crash

Wedron, Ill., Nov. 24.—(AP)—Two men and a girl, crew of an eight passenger air liner bound for Kansas City, were killed today when the plane crashed in a pasture land on a farm near here. The dead were Miss Hazel Goodman, Kansas City, stewardess; Pilot R. W. Goodall, Chicago; Co-Pilot Grover, Chicago.

The plane, a Boeing low-winged monoplane, was a United Air Line craft, "dead heading" for Kansas City out of Chicago. Only the three members of the regular crew were aboard.

ROOSEVELT MOVES WELLES IN EFFORT FOR CUBAN PEACE

President Confident Change
In Ambassadors Will
Hasten Stable Gov-
ernment There

JEFFERSON CAFFERY
TO SUCCEED WELLES

Complete Understanding
Seems To Have Been
Reached In Cuban Situa-
tion, Which Originally Im-
pelled President To Send
Mr. Welles There

Warm Springs, Ga., Nov. 24.—(AP)—President Roosevelt is changing ambassadors at Havana in the confidence of an early establishment of a government there meeting his conditions for recognition through stability.

Apparently satisfied that the provisional government of President Grau San Martin will reach some peaceful agreement in the near future which may result in general support of a government, he announced his diplomatic transfer suddenly late last night.

Ambassador Sumner Welles, after a return to Cuba to complete the understanding, is returning to the United States as assistant secretary of state, and Jefferson Caffery present assistant secretary of state is going to Havana.

Very apparently a complete understanding has been reached in the troubled Cuban situation which originally impelled the President to send Welles to Cuba to settle.

"We earnestly hope" said Mr. Roosevelt in his statement "that in the near future, in a spirit of compromise on all sides, the Cuban people themselves will reach some peaceful agreement which may result in general support of a government, and thus avoid continued civil disturbance, with its attendant tragic loss of life and grave prejudice to the social and economic interests of the republic."

JOHNSON PLEADS MUNICIPAL HELP

State Treasurer Calls On
State Delegation In Con-
gress for Aid

Raleigh, Nov. 24.—(AP)—State Treasurer Charles M. Johnson, who is State director of Local Government, today wrote North Carolina's two senators and eleven congressmen urging them to lend their support to some municipal debt re-financing bill, such as the Wilcox measure, which failed of passage in the last Congress.

Mr. Johnson pointed out that the State, through its own laws, is taking care of the counties, which can eventually pay the full amount of their indebtedness, but that some counties have debts they will never be able to pay.

87 Persons Are Sentenced In Liquor Protection Ring At Trials In Philadelphia

'INS' AND 'OUTS' IN MONEY WAR

Predictions that a national monetary fight is pending, one which may dwarf the Bryan silver battle of 1896, have followed the action of Dr. O. M. W. Sprague (5) noted economist and financial expert, in resigning his post as financial adviser to the U. S. treasury because he was not in sympathy with the administration's money plan. The treasury building at Washington is shown (3).

who recently resigned as under-secretary of the treasury, is an advocate of the "sound money" theory, in opposition to the Roosevelt monetary program, disciples of which are Acting Secretary of the Treasury Henry Morgenthau, Jr. (2) and Professor George F. Warren (1) who is credited with devising the administration's money plan. The treasury building at Washington is shown (3).

STATE SENATOR IS GIVEN MOST TIME AND \$10,000 FINE

15 Defendants Plead Guilty,
and One, a Woman, Of-
fers No Defense
Whatever

96 WERE INDICTED,
SIX NOT TRIED YET

Trial Lasts Seven Weeks, In-
volving Government
Charges of Political Or-
ganization That Collected
from and Gave Protection
to Liquor Dealers

Philadelphia, Nov. 24.—(AP)—State Senator John J. McClure was convicted today as the leader of the alleged Delaware county liquor "protection" organization, and was given a sentence for conspiracy of eighteen months and a \$10,000 fine.

Seventy others also were convicted and were sentenced, together with an additional 15 defendants, who pleaded guilty, and the one woman indicted, who offered no defense.

Ninety-six persons were indicted, but charges against three were not pressed, and six others did not come to trial for various reasons. Thus 87 were sentenced today.

Eugene F. White, chief clerk of the Pennsylvania House of Representatives, and a Chester ward leader, were sentenced to a year and a day and fined \$2,500.

John F. Bauer, private secretary to McClure, was given 15 months in jail and a fine of \$5,000.

In a trial which lasted more than seven weeks, the government charged that a political organization led by the senator, collected "protection" from speakeasies and still operators, bootleggers and smugglers, gamblers and disorderly house proprietors.

In return it hired police officers to guard those who paid and raid those who refused, the government charged.

Gold Price Kept Same Fourth Day In R. F. C. Buying

Washington, Nov. 24.—(AP)—A price of \$33.76 per ounce for R. F. C. purchases of domestic newly-mined gold was established for the fourth time today.

Meanwhile, the world price of the metal was less than that figure for the first time in several days.

At London it was \$33.48 on a basis of sterling opening at \$5.31 to the pound.

Hoover Had Sought To Rescue Fox

Wiggin Sent Presi-
dent Word To Mind
His Own Business,
Movie Man Says

Washington, Nov. 24.—(AP)—Testimony that the Hoover administration attempted to arrange a loan to prevent the receivership of the vast theatre holdings of William Fox, only to be rebuffed by Albert H. Wiggin, chairman of the Chase National Bank, was received today by the Senate Banking Committee.

Relating to Senate investigators the story of the collapse of his chain of 1,000 movie houses, Fox testified that Claudius Huston, chairman of the Republican National Committee, went to Wiggin to "try for a loan and was directed to "tell the President to mind his own business."

Wiggin was also quoted as saying he "resented Mr. Hoover's interference in this matter."

Later Fox said he considered Huston as the agent of the President.

"The last thing the President wanted," he testified, "was for a corporation with assets of \$300,000,000 to be plunged into receivership."

Fox also testified that Wiggin and Clarence Dillon, head of Dillon-Read and Company had "discussed the capture of the Fox company."

Hancock Now Has A Child for Each Of His Counties

Daily Dispatch Bureau,
In the Sir Walter Hotel,
BY J. C. BASKERVILLE.

Raleigh, Nov. 24.—Congressman Frank W. Hancock, of Oxford, now has a child for each of the seven counties in his district—the fifth—he revealed on a visit here Thursday, during which he conferred with Governor J. C. B. Ehringhaus and others. The latest addition to the Hancock family is a boy, Alexander Hancock, now three weeks old.

This brings the total number of Hancock children to seven—four boys and three girls. Some one remarked that it was probably a good thing that the number of counties in Congressman Hancock's district had been reduced from eleven to seven.

Congressman Hancock is only 39 years old, and looks much younger than that. His oldest boy is 16 years old, taller than his father and weighs about 150 pounds.

"I enjoy a large family and we enjoy each new baby that comes along more than the last one," Hancock said. "The only thing I don't like about being a member of Congress is that I have to be in Washington so much of the time, when I would like to be at home with my family in Oxford."

PROTECTION URGED FOR COLLEGE MEN

Mouzon Would Shield Them
From Teachings Not
Founded on Bible

Durham, Nov. 24.—(AP)—Bishop Edwin D. Mouzon, sounded a plea for "protection of college and university students against teachings which are not founded on the Bible" in an address today to the North Carolina Conference, Methodist Episcopal Church, South.

Asserting "advanced thinking" has led many away from Christ, and describing fundamentalism as a "doctrine of fear," Bishop Mouzon told the conference members the preacher in the pulpit should cling closely to the original consolation of the Bible in presenting its truths to his congregation.

"Advanced thinking so often is inaccurate thinking," said the bishop.

Roosevelt Moves Steadily Onward With Gold Plans

Warm Springs, Ga., Nov. 24.—(AP)—President Roosevelt moved resolutely ahead with his dollar valuation program today in conference with Acting Secretary of the Treasury Morgenthau here.

This was accepted as an answer to the critics of his gold control effort.

The care-free President on vacation here also considered other government business today in a meeting with General Hugh S. Johnson his administrator of the national recovery act.

WEATHER FOR NORTH CAROLINA.

Cloudy, probably light rain in extreme south portion tonight; Saturday generally fair, slowly rising temperature in extreme west portion.
