20 Dead And 100 Wounded In Argentine Revolution; Police Make 300 Arrests

VIGOROUS EFFORT FROM GOVERNMENT TO HALT UPRISING

Most of Dead Are Soldiers in Northern Argentine Around Rosario and Santa Fe

RADICALS SPONSOR ALL OF ACTIVITIES

Two Conventions by Them Vote Not to Participate in Election of Third of Chamber of Deputies in March; Government Claims Country Quiet

Buenos Aires, Argentine, Dec. 28.—(AP)—Outbreaks in two cities of Argentine, which the government described as a radical revolt against it, today resulted in at least 20 deaths and the wounding of 100 persons.

A round-up of the situation revealed that authorities made between 200 and 500 arrests in a vigorous effort to suppress the uprising. Most of those killed were soldiers, at Rosario in northern Argentine. Members were wounded at Santa Fe.

The outbreaks followed two radical conventions which voted not to participate in the election of one-third of the Chamber of Deputies on the first Sunday in March.

Nothing was heard from several cities described by police as centers of radicalism. A strict censorship was maintained on telegraph lines, making it impossible to get the true situation everywhere.

Government spokesmen maintained the country was quiet.

A disturbance similar to the others, but on a smaller scale, took place at Liplata when groups attempted to capture the police, fire and marine stations, shouting, "Viva revolution."

Whether the heads of the two radical conventions had been arrested was not known here.

The nature of Mrs. Hitchcock's injuries was disclosed today for the first time by the attending physicians on authorization of the family.

100 Million More Relief To Be Asked

Congress Will Be Asked for Money to Carry on Until Next July

Washington, Dec. 29 (AP)—Harry L. Hopkins, Federal emergency relief administrator, told newspaper men today that Congress will be asked for \$100,000,000 to carry on direct relief until next July.

Hopkins also said an additional appropriation will be necessary from the Public Works Administration to carry the Civil Works Administration through until May 1.

He explained he did not know the exact amount but it was said recently at the White House that about \$250,000,000 more would be necessary. Should direct relief be continued beyond July further appropriations would be necessary.

GOVERNMENT CALLS OUTSTANDING GOLD

Little Fellow's Possessions Demanded Same As Big Hoarders

TO PROTECT CURRENCY All Monetary Gold Except That Held By Reserve Banks and R. F. C. Is Called in Under Treasury's Order

Washington, Dec. 29.—(AP)—The Federal government demanded the little fellow's gold along with that of the big hoarders today in a drastic tightening of its gold mobilization policy.

"In my judgment, such action is necessary to protect the currency system of the United States," Acting Secretary Morgenthau said in an order designed to bring into the Treasury most of the monetary gold outside Federal Reserve Banks and the Reconstruction Corporation.

The new Treasury command as interpreted as having two major aims: It eliminated the \$100 exemption allowed holders of gold and gold certificates by President Roosevelt's previous proclamation, and it sought to close legal loopholes whereby large holders might seek to evade the policy in the courts.

Moscow, Dec. 29.—(AP)—Maxim Litvinoff, foreign commissar told the Soviet parliament today that Russia and the United States would have the closest relations because of their mutual desire for peace.

ROUMANIA PREMIER ASSASSIN'S VICTIM

Bucharest, Roumania, Dec. 29.—(AP)—Premier Duca of Roumania was assassinated today. The assassination was made in the city of Sinia, seat of the royal palace, as the premier was about to board a train for Bucharest after a conference with King Carol this afternoon. He died instantly when a student fired four revolver bullets into his head at close range.

Moderation Has Already Begun In Middle West, But More Snow Is Threatened

RECORD LOW OF 18 BELOW FOR BOSTON

New York Shivers In Three Below Zero, Coldest Since February, 1920; Fatalities of Week's Severe Cold Unofficially Placed Well Above 100

(By the Associated Press.) Winter apparently was concentrating its prolonged attack today on the east, but there was a promise from the Weather Bureau that there would be some relief tomorrow there, as well as in the central west.

The moderation had already begun in the Middle West today, but there was a threat of more snow to add to the drifts already piled high in many localities.

An all-time weather record was broken in Boston at 3 a. m. today, when the temperature dropped to 18 degrees below zero, or four degrees lower than recorded at any time in the 63 years history of the local Weather Bureau.

New Yorkers donned their heaviest clothing and still shivered and shook en route to work today in a temperature that registered three degrees below zero, the coldest the city has experienced since February 1, 1920.

New England continued to dig itself out of a heavy blanket of snow, and three fishing vessels were still missing off Portland, Maine.

The fatalities of the week's severely cold weather, unofficially estimated to be well over 100, were believed for a time last night to have been increased with the loss of two aviators in Lake Michigan. The men, however, were found safe in their plane about 53 miles west of Grand Haven, Mich.

26 Convicts In Alabama Escape, Reports Assert

Montgomery, Ala., Dec. 29 (AP)—A report was received at the State convict department today that 26 convicts had escaped from Atmore State Prison Farm in South Alabama.

Convict officials said they had heard of it but had no details, while persons at Atmore camp said over the telephone that there had been an escape, but they could not reveal any of the details.

A man named Curtis at the Atmore camp verified the report of the escape, but said any news would have to be given out at the convict department at Montgomery, or by the warden, who was out of the office assisting in the search of the escapees.

Record Women Fliers At Miami Battle Fog Banks

Miami, Fla., Dec. 29 (AP)—The record-breaking endurance fliers, Frances Marsalis and Helen Ritchey, in a note dropped after they had completed their 216th hour in the air shortly before 1 p. m. today, said they planned to remain aloft until tomorrow or Sunday.

Miami, Fla., Dec. 29.—(AP)—Battling against low hanging fogs that shut off their view of the ground, Frances Marsalis and Helen Ritchey today added hours to their record-breaking endurance re-fueling flight mark.

BY J. C. BASKERVILLE Raleigh, Dec. 29.—Friends of William Bailey are reported as being decidedly peeved at Chairman J. Wallace Winburne, of State Democratic Executive Committee, because he has declined to call a meeting of the committee to elect a Democratic national committeeman to fill the vacancy caused by the resignation of former Governor O. Max Gardner some months ago. There is also a feeling of resentment against Governor J. C.

Sales Slips Soon To Be Ready for Tobacco Growers

Raleigh, Dec. 29.—(AP)—Tobacco Campaign Director E. Y. Floyd today announced that certified sales slips which tobacco farmers must have to secure equalization payments on sales made before October 7 will be available in New Belt markets January 2.

Border belt warehouses will have the slips ready for the farmers January 8.

Under the government's tobacco reduction program, farmers who sold tobacco before prices reached parity, and who have signed contracts to reduce next year's acreage will be paid a bonus for their early sales. On sales before September 1, the farmers will get 20 percent of the value of the weed sold; on sales from September 25 to October 7, after the marketing holiday of three weeks, the farmers will get ten per cent in the New Belt with the Old Belt allowed ten per cent on sales up to October 28.

Record Women Fliers At Miami Battle Fog Banks

The women, fighting exhaustion, remained undecided this morning as to how long they will continue the flight that broke the previous record of eight days, four hours and five minutes at 6:08 p. m. yesterday.

"You should have been up here from 4:30 until daylight," Mrs. Marsalis wrote her ground crew in a note dropped to the airport. "You might not have been frightened, but I was considerably worried."

The airport disappeared. I followed down to 400 feet on my altimeter, then decided it was no place for me, so I pulled up and went to the beach."

Business And Financial Outlook For 1934 Given

Babson Sees Better Times In Coming Year; Washington Key to Situation; Higher Farm Prices and Better Retail Outlook; U. S. Budget Serious

BY ROGER W. BABSON, Copyright 1933, Publishers Financial Bureau.

Babson Park, Mass., Dec. 29.—In making my New Year forecast, I find myself (for the first time in my thirty years of experience) looking not to Wall Street but to the banks of the Potomac for my high-lights, 1934. I believe, will see less conflict and more cooperation between the government and private business. The Administration regards the NRA, not as a temporary expedient, but as a permanent policy. Whether we like it or not, we are in for a period of cooperative endeavor in this country. The laissez-faire doctrine is gone—probably forever.

OVER 200,000 ARE SIGNED FOR WORK

Approximately One-Fourth Have Been Placed In Jobs, Waynick Says

Daily Dispatch Bureau In the Sir Walter Hotel.

BY J. C. BASKERVILLE Raleigh, Dec. 29.—The total registration with the National Reemployment Service in North Carolina passed the 200,000 mark last week when a check of all the offices showed that 211,986 had registered since the first offices were opened in August, Capus M. Waynick, State reemployment director, announced today. He also announced that the total placements from the reemployment service amounted to 50,926 through the week ending December 23, leaving an unplaced registration at present of 154,795. He believes the registration will grow still larger as more and more realize that their only chance of get-

Brain Operation On Baby Succeeds

Baltimore, Md., Dec. 29.—(AP)—The brain operation today on little Sue Trammell, five months old baby whose brain was being destroyed by disease, was "successful," according to the bulletin issued by the Johns Hopkins hospital physician.

"The operation has been completed and the child's condition is good," the doctor reported. "The operation may be termed successful."

PARIS AND BERLIN THANK ROOSEVELT

They Each Think President's Peace Plan Supports Their Own

Washington, Dec. 29.—(AP)—President Roosevelt's proposal for a new international peace movement were received today by France and Germany, who hold opposite views on how international peace may be maintained, as direct support of their respective attitudes.

France thanked Mr. Roosevelt officially for his stand, believing he had given his wholehearted support to her Franco-German and League of Nations policies.

In Berlin, on the other hand, German official circles were equally certain that Mr. Roosevelt was viewing the question of disarmament as a purely European affair.

"Roosevelt's thought... show present-day America is far from the ill-famed Geneva spirit," said a German foreign office spokesman. Germany withdrew from Geneva on the ground that France and her supporters blocked Germany's disarmament demands, which call for German equality with other nations.

WESTERN, SOUTHERN SENATORS UNITING

Wheeler, Borah and King Lead Movement to Herd Bloc Together on Single Legislative Program, Something That Has Failed In The Past

Washington, Dec. 29 (AP)—An intensive campaign or re-monetization of silver was assured today when 27 senators went on record for free and unlimited coinage of both gold and silver.

Senator Wheeler, announcing the result of a conference to news paper men, said he would introduce his bill for re-monetization of silver at a ratio of 16 to 1 with gold on the opening day of Congress.

He predicted the Senate would approve the proposal and the House would follow suit if a vote could be obtained in that body.

Washington, Dec. 29.—(AP)—Under leaders decried to free coinage of silver at a ratio of 16 to 1 with gold, nearly a score of senators from western and southern states today gathered to organize a drive for re-monetization of the white metal at the coming session.

While official explanation was lacking, it was said privately by Federal experts that speculative expectation of

Britain Seeking Trade Agreement With 3 Countries

(Copyrighted by the Associated Press.)

London, Dec. 29.—(AP)—Great Britain, seeking a stimulus to the life blood of her commerce—overseas trade—has contacted commercial negotiations today with the United States, Soviet Russia and France.

It was learned officially in White Hall that good progress has been made in negotiations for a temporary Anglo-Soviet trade agreement and that the discussions have been transferred, at least for the time being, to Moscow.

Although it was admitted that the points upon which the two nations are divided are still serious, it was said the division had been considerably narrowed, and is now under discussion in Moscow between Maxim Litvinoff, commissar for foreign affairs, and the British embassy there.

Huey Long Keeps Out Of Contest

Fiery Senator Says He Is Not In Mrs. Kemp's Battle For House Seat

Washington, Dec. 29.—(AP)—Senator Huey P. Long, Democrat, Louisiana, said today he did not intend to take any part in the contest over the seating of Mrs. Bolivar E. Kemp as representative from the sixth Louisiana district, and that he would support administration measures in Congress which he believed were for the good of the people.

"Mrs. Kemp was legally elected," the senator said on his arrival from Louisiana, "but I am not taking any hand at all in this contest. If Congress wants to recognize outlaw and shotgun elections, that's its business."
