Justice Department Asks \$2,000,000 To Fight Crime In Nation

MORE GUNS TO BE BOUGHT AND MORE MEN TO BE HIRED

Shortage of Federal "Artillery" Forces Use of Weapons Seized From Gangsters

CONGRESS WILL BE ASKED FOR MONEY

Little Difficulty Expected In Getting Bill Through in Face of Sharp Cut In Department's New Budget; Slashed from \$41,231,835 to \$28,700,778

Washington, May 3 (AP)—The Justice Department outlined today a \$2,000,000 thrust at crime. It will ask Congress for this sum to buy more guns and pay more men.

A shortage of Federal "artillery" was disclosed to have led to the arming of Federal Dillinger chasers with machine guns captured from other mobsters.

Several machine guns taken from Harvey J. Bailey, Albert Bates and George "Machine Gun" Kelly, convicted as kidnapers of Charles F. Urchel, Oklahoma oil millionaire, have been rumored quietly from a show case at the department in the last few days and issued to agents assigned to the Dillinger case.

Attorney General Cummings was represented as "ready" to ask Congress for sufficient funds to engage as many as 200 or 300 additional divisions of investigating agents and to equip them not only with guns but also with fast motor cars.

The Justice Department's appropriation for the present fiscal year totaled \$41,231,835. For the year beginning next July 1, the department has been allotted only \$28,700,778. With Congress speeding through a variety of Federal anti-crime bills, officials anticipated little trouble for the new money request.

Stanislaus Grauss Arrested as German Spy, and Captain Froge, of French Army Is Accused of Being His Accomplice in Obtaining Military Data

Paris, May 3.—(AP)—France's best spy catcher worked feverishly in the historic citadel at Belfort today in an effort to trace the leaks in her closely guarded military secrets.

They bent their efforts particularly toward following the trail of Stanislaus Krauss former Polish army officer, who was arrested yesterday as a German spy.

At the same time, however, a force of detectives and secret police were investigating the activities at this fortified town near the Franco-German frontier of Captain Froge of the French army, accused of having been Krauss' accomplice.

THOMAS, DEMOCRAT, OKLAHOMA, FATHERS LEGISLATIVE MOVE

New 16-Point Plan Brought Before Senate as "Rider" To Pending Bank Measure

PROPOSAL SAME AS THAT FROM HOUSE

Lower Branch Already Has Approved Dies Bill; Thomas Wants Mandatory Proposition, Looking To Increased Use of Silver As Monetary Base

Washington, May 3.—(AP)—Senator Thomas, Democrat, Oklahoma, jolted Senate leaders today with a silver monetary proposal.

The white-haired, smartly dressed Oklahoman, who is responsible for much of the new deal's monetary legislation, brought his new 16-point plan before the Senate as a "rider" to a pending bank bill.

Thomas' latest proposal is the House approved Dies silver bill in a new dress.

He outlined it as a mandatory proposition looking to increased use of silver as a monetary base, and ultimately to a bi-metallic currency foundation consisting of 30 per cent silver and 70 per cent gold.

The President was described by associates today as still desirous of aiding silver prices but as wishing to avoid any proposal that would tie his hands in a possible international agreement, or confine him to one plan in the face of rapidly changing world currency conditions.

Cargoes In Texas Harbors Untouched Result of Strike

Houston, Texas, May 3 (AP)—Cargoes in Texas ports remained untouched for the most part today as striking longshoremen stood firm in their demands for settlement of a wage dispute with steamship operators.

Violence remained in the background, except for a minor disturbance at Beaumont, where a barge line official was knocked down when he prepared to unload a barge.

Ships either remained in port or steamed away without full cargoes. Fleets patrolled the waterfront at Beaumont, Fort Nechs, Port Arthur and Corpus Christi.

May Never Find Little Robles Girl

Unvoiced Fear She May Not Be Returned Alive Is Felt At Tucson, Ariz.

Tucson, Ariz., May 3.—(AP)—The unvoiced fear that little June Robles may never be found alive was felt by many here today—the eighth day since she was kidnapped.

If the family had reason for new hope of her return, the fact was not made known. The only definite facts are: The six-year-old child is still missing and the ransom money—\$15,000 in bills of \$5, \$10 and \$20 denominations—is ready.

There has been no development to lend substance to the belief that the child may have been killed by abductors, other than the continuous silence of the family's readiness to meet terms of payments for June's return.

Britain May Make Token Debt Payment In Silver

Financial Circles In London Hear Rumor in Wake of Decline in Silver Prices

NOTHING OFFICIAL ABOUT IT, HOWEVER

Britain's Present War Debt to United States Is \$4,636,157,358; Next Installment Due June 15 Is For \$85,670,765; Paid \$7,500,000 December 15

London, May 3.—(AP)—Great Britain is prepared to make a silver token debt payment to the United States in June, it was reported in financial circles today, as a result of the recent drop in silver prices.

While official confirmation was lacking, it is believed probable the British government took advantage of the low price.

Although the day of reckoning is only a little more than a month away, there is still no official indication that Britain is making any kind of a payment on her debt to the United States, but it is believed it will be another token payment.

Great Britain's war debt to the United States totals \$4,636,157,358. The next installment on the British debt, due June 15, is \$85,670,765. The token payment made at the time the December 15 British installment fell due was \$7,500,000.

HOUSE TURNS DOWN STOCK AMENDMENT

Would Have Cut From 45 to 40 Percent Margin Required for Purchase of Securities; More Trouble Faces 30-Hour Week Bill in the Lower House

Washington, May 3.—(AP)—The \$417,000,000 tax bill was sent to President Roosevelt today for his signature.

Without a record vote, the Senate adopted the conference report on the legislation after eliminating the Couzens proposal to boost by ten per cent the levies assessed on individual incomes.

Almost simultaneously the House rejected an amendment to the stock market control bill which would have reduced from 45 to 40 per cent the margin required for the purchase of securities. The House shortly afterwards approved the 45 per cent margin requirement.

Senate debate on silver legislation was postponed until Monday to await the result of a conference with President Roosevelt on Saturday by members of the silver bloc.

More trouble appeared in store, too, on the 30-hour week bill. An attempt to force a House vote contrary to administration wishes was initiated.

Methodist Conference Votes To Assign His Work As Bishop Next 4 Years

Jackson, Miss., May 3 (AP)—Bishop James Cannon, Jr., the militant dry crusader of the Methodist Episcopal church, South, today won his preliminary fight for continuance in office as bishop when a test vote in the quadrennial General Conference ordered his name added to the list of bishops recommended for effective re-assignment.

The vote was 269 for re-assignment and 170 against, or a majority of 99 votes for Bishop Cannon, giving the bishop a pronounced victory over his opponents.

Bishop Cannon's face wreathed in smiles over the decision of the conference to retain him as an active member of the college of bishops.

After the vote was announced, he said he had no statement to make, that the conference had spoken, and it was "their business." He occupied his accustomed seat on the rostrum among his fellow bishops during the bitter debate over his proposed superannuation, which came up suddenly and deferred the regular order of business.

Luke Lea To Know Fate Probably On Wednesday

Nashville, Tenn., May 3.—(AP)—An agreement between counsel was reached today for Luke Lea and Luke Lea, Jr., who have been denied a review by the United States Supreme Court, after losing their Tennessee court fight against extradition to North Carolina, to appear in the State Supreme court next Wednesday.

Former Governor Albert H. Roberts, of Tennessee, local counsel for the State of North Carolina, said he and Henry E. Colton, of counsel for the Lea's, had conferred, and "we have agreed that on next Wednesday morning, at the convening of court, the Lea's will be present to answer such orders as the supreme court may issue.

Roberts forecast that when the father and son appear, the high court will remand them to the custody of Sheriff Laurence Brown and Deputy Sheriff Frank Ackey, of Buncombe county, North Carolina, who were named by Governor Hill McAllister as agents when he ordered their extradition in February of last year.
