#### Will Help Bailey and Luther Hamilton; Also Economic Aid To State

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE.

Raleigh, May 24.—The development of a first rate port at Morehead City, as now seems likely, since only the approval of President Roosevelt and the enactment of the new PWA appropriation bills are necessary, is expected to prove a great economic value to the entire State by bringing about more equitable freight rates. It is also expected to prove of much political value to Senator Josiah W. Bailey who has been actively sponsoring the project for many weeks in Washington, also to Luther Hamilton, of Morehead City, who got the Morehead port terminal project bill through the 1933 General Assembly and who has been pushing it ever since. Incidentally, Hamilton is now one of the six candidates seeking the Democratic nomination for Congress in the third district and opposing Congressman Charles L. Abernethy for the renomination. If this Morehead terminal plan goes through without a hitch and becomes definitely assured between now and the date of the Democratic primary June 2, Hamilton may turn out to be the man who is nominated.

What Shall and Shall Not Be Kept of Emergency Set-Up Uncertain; Bill Asked To Bulwark Oil Industry

Washington, May 23. (AP)—Strengthening of governmental air control was the President's immediate concern today, while just ahead he placed war debts.

In the more distant future was re-determination of Federal policy on use of natural resources and western grazing.

This perspective was given at the White House semi-weekly press conference, where it was evident that Mr. Roosevelt intended to take his time on NRA and the Darrow report.

The attitude seemed to be "let the public debate precede decision" as to what shall and shall not be kept of.

#### Agreement Made In Coal Strikes In Alabama Area

Birmingham, Ala., May 23 (AP)—An agreement was signed today between striking coal miners and the Debarlegen Coal Corporation, whose mines in Walker county have been the scene of numerous bombings and dynamitings in recent weeks.

The agreement provides for institution of the "check-off" system of collecting union dues and recognition of the collective bargaining clauses of the NTA.

#### Japanese Bombers Kill 1,000 Chinese

Shanghai, Thursday, May 24.—(AP)—Chinese reports from Peiping today alleged a Japanese air squadron bombed a wide area around Chinchow in southeast Manchuria yesterday (Wednesday), killing 1000 Manchurian farmers and destroying 20 villages.

These dispatches said the onslaught followed the farmers' refusal to comply with Japanese army demands that the Chinese give up their arms.

The allegations claimed the persons in addition to those killed bombers had injured hundreds of and several villages were still burning from Japanese incendiary bombs. The report was not confirmed from other sources.

Says After Tour That No One Knows Where Explosion Will Occur, But Every One Seems To Expect It

(Copyrighted by the Associated Press) Colonel Frank Knox, publisher of the Chicago Daily News, today advocated summoning by the United States of an international conference for monetary stabilization as a step toward solving Europe's economic recovery.

Recounting his impression in the course of a brief tour, he described the situation in Europe today as "hair trigger".

"The general atmosphere," he said, "is electric due to unformed dread of the future, based on uncertainties concerning Germany."

"There is a fear that as Germany grows greater, the complete collapse of the disarmament conference grows nearer."

"Even now, there is an universal recognition that the old armaments race has been renewed, and with a half dozen powder magazines in Europe, no one knows where the explosion will occur. Every one hopes it can be postponed, but the result is a pretty general pessimism."

#### Speculation Over Resignation From Farley Is Heard

Washington, May 23. (AP)—Speculation as to the length of Postmaster General Farley's tenure as Democratic national chairman was re-opened today by a new divorce between a national committeeman and a Federal job.

Both President Roosevelt and Farley have agreed that the latter would abandon his political chairmanship as soon as a successor is found. Democratic chieftains are looking around, chiefly westward.

Farley now says his resignation is "up to the chief". Party leaders regard a new line-up certain before the fall campaign.

Horatio J. Ajbott, of Michigan, was the latest national committeeman with a Federal ob to send in his resignation. But, unlike most of the others, he left his government post and today still was on the committee.

The committee to be named by Mr. Gaylord was given authority to approach publishers to assure consumption for the proposed plant's output.

#### Drive On Gangsters Endorsed

Washington, May 23 (AP)—The administration drive against racketeers and kidnapers was endorsed today by Raymond Moley.

In the first of three sections of a report President Roosevelt requested was not generally known here.

gandom, the former assistant secretary of state said enactment of the administration crime bills would help considerably.

Pointing out that passage of the crime bills would increase the duties of the investigating force of the department, Moley said, "It is my judgment that if the proposed legislation is adopted, the field investigating board should immediately be increased to 1,000.

He called its present strength of 397 "totally inadequate."

#### Will Sweep Across Country This Summer and Hopes to Have Recommendations Ready for Congress at Session Opening in January Next Year

(Copyrighted by the Associated Press) Washington, May 25. (AP)—President Roosevelt will stand by the Blue Eagle of the NRA for the second year of its emergency flight.

This was definitely ascertained today amid the whirl of controversy over the Darrow report, coupled with word that the chief executive is eager to hear debate from the country as to the permanent future of NRA after June, 1935.

The President has told inquirers he is keeping an open mind on just how far the government should go a year hence in seeking a permanent arrangement between the government, industry and labor.

He plans to survey the result in his tour across the country this summer. In the meantime, he intends to stand pat on the general principles of the National Recovery Administration.

New legislation would be necessary to carry on the NRA in its present form after mid-June next year. Any such action would go handed to the next Congress.

The opposition faction on Capitol Hill, however, showed no signs today of relaxing its criticism.

There were signs today that President Roosevelt might take a definite hand soon to cut through the confusion on NRA which the Darrow board's condemnation intensified.

It appeared probable, however, that he would first let the immediate hulloaloo subside or swing into definite lines and allow revisionary policies
