PRAISE GOD: Sing praises to God. sing praises; sing praises unto our king, sing praises .-- Psalm 47: 6.

New York, June 5-Randomusing: I think there is no sight like the fleet in the Hudson . . . The ships all proud and shiny and a little ominous out on the placid water. . . . And sailors, thousands of sailors along the drive . . . The little girls who appear like moths from nowhere to stroll arm in arm with their blue-clad, wandering sweethearts have, it seems to me, been much maligned.

They are not, for the overwhelming

TODAY'S HOROSCOPE

The person born on this day will probably have an excess of caution and self-regard, but with a wily nature, not apt to be over-conscientious in the way wealth is obtained. He is liable to overrate his own powerrs, and thereby may fall into a lot of trouble, almost before he is aware of any change of condition.

I want to thank the people who supported me in the primary Saturday and I want to say to those who spread the false reports that they need not go any farther with it for I will never try for another office. Some women took their slate around just a day or two before the election and said. "These are the men who are opposed to Mrs. Waddill, elect them". They went to one of my married daughters with this slate to tell her how to vote and was told that they had me wrong and one of them said that if he is opposed to her would like to meet him give me some of his cards and we will take them around and I suppose they were laughing up their sleeves before they were out of sight. If I had to be elected by such methods as they used, telling falsehoods on others, then I am glad I was defeated. So I have come to this conclusion that Hell will not be filled up all together with men.

By one not on the slate. E. B. WIGGINS, June 5, 1934, Henderson, N. C.

Took CARDUI During The Change of Life Cardui is purely vegetable, harmless, for women of all ages. Many women who have used it advise their daughters and friends to try it. . . "I took Cardui for weakness during the change of life," writes Mrs. Clara C. Allen, of Enfield, Ill. "It helped me and built up my strength. I also gave it to my two daughters and they were helped. I think Cardui is a good medicine during the change and for girls." Thousands of women testify Cardul benefited them. If it does not benefit YOU, consult a physician.

THANKS My friends for the splendid vote you gave me in the June 2 Primary. Your support was greatly appreciated. P. M. Porter

part, as bad as gossip and legend would have them . . . ACWA artist painted a picture to be hung in Washington, called "The Wleet's In" depicting the blue jackets making merry with very hard-appearing ladies in feathery hats . . . There was a whale of a commotion over the daub, and the authorities refused it a place at Washington finally, but it seems to me much of the hubbub was teapot tempesting.

Your reporter has seen a good deal of Riverrside drive during the past decade, with the fleet in and out, and he believes you can only judge such things comparatively . . . It is only necessary to think o fcertain other seaport towns-Marseilles, to name one, and Hamburg, to name two-in order to see how very moral and wellbehaved the drive is . . . Personally, if I were father of a saucy, 19-yearold lass, I'd rather have her parade past a line of healthily staring American sailors than past the circle-eyed, pasty-faced standees who haunt Broad way in the Forties.

Even one of the taxi dance halls, I am told, is concerned lest the gobbs flock to its plushy hall and so give "an unfortunate complexion" to the clientele . . . This is the most preposterous pot-skilleting imaginable... That place ought to have a group photograph taken of the gentlemen who regularly freqquent it, and compare the photo with a group of sailorsand if the ownerrs didn't immediately decide in favor of the sailors then they would have been in the business too long to see the difference between healthy lads and well, a certain type of Broadwavite.
