

### DISTRICT RED MEN MEET HERE FRIDAY

150 Members Expected To Attend; W. E. Holmes Slated To Preside

Red Men of the fifth district of the State Council will meet here next Friday in their semi-annual convention as guests of Mohawk Tribe of this city, it was learned today. W. E. Holmes, of this city, district sachen, is slated to preside at the gathering. It was said today that probably 150 visitors and local members would be in attendance.

The district meeting will be welcomed to Henderson by Mayor Irvine B. Watkins, who is sachen of the local tribe. The meeting is to convene at 7 p. m. and a barbecue is to be served by the local tribe as host to the convention. A program of music and other entertainment has been arranged.

### "B. C." Relieves Your Headache In 3 Minutes

When you have one of those violent, nerve-racking headaches, from inorganic causes, you can get soothing relief in three minutes with "B. C.," a reliable, pleasant-to-take remedy. "B. C." is prepared by a registered pharmacist, compounded on a different principle from most relieving agencies in that it contains several ingredients so blended and proportioned as to accomplish in a few minutes what we believe no one drug formula can do in so short a time. "B. C." should also be used for the relief of muscular aches and pains, common colds and neuralgia; for reducing fever and quieting a distressed nervous system without opiates, narcotics or such habit forming drugs. Get "B. C." in 10c and 25c packages, wherever drugs are sold.

### PROMISE SURPRISE FOR JUNIOR MEET

Councilor Finch Urges Candidates to Attend Session

A real surprise awaits the members of the Junior Order at their regular meeting Thursday evening at 8 o'clock it was stated today by the councilor, C. L. Finch.

Every member of the organization is urged to come early to the meeting and be assured of a seat. Initiations will be carried through by the degree team and every candidate is urged to be present, both for reinstatement and new members.

### Toll Bridge Cost Being Considered

(Continued from Page One.)

Weeks ago, in which the highway commission announced the policy that it would no longer permit privately owned toll bridges in the State and would seek to buy the three now in operation also authorized the commission to proceed with the building of its own bridges or causeways if it could not obtain what the commission considered a reasonable price on the bridges now existing. It also directed that committees be appointed to at once to negotiate with the owners of these bridges with a view to buying them.

So it is expected that as a result of the findings submitted to the commission today, it will decide whether to proceed with the purchase of these bridges at the prices proposed, whether further negotiations will be made or whether the commission will decide to build new bridges or causeways.

### John Sprunt Hill Victory An Upset

(Continued from Page One.)

Things that happened in the 1933 senate. He has maintained that Durham is entitled to a senator all the time, that the old agreement should no longer stand and that the senators should be selected by the entire district and any one should run who wanted to. So, throwing old political tradition to the winds, he became a candidate any way.

The reports going the rounds here are that Lieutenant Governor A. H. Graham, of Hillsboro, was not at all

### Heads Duke Alumni Associations

Willis Smith, of Raleigh, at the left, was named president of the Alumni Association of Duke University yesterday afternoon while the Alumnae Association, also meeting on "Alumni

Day" of commencement, was naming Mrs. Estelle Flowers Spears of Durham at the right, as president of the alumnae group. Both have long been active in Duke alumni interests.

### CHILD GUIDANCE

By Frank Howard Richardson, M. D., F. A. C. P.

#### THE CHILD THAT CANNOT TAKE MILK

Mothers frequently tell me that this boy or that girl cannot take milk, usually adding, with a touch of conscious pride, "I never could, either." Perhaps they add that time-honored statement, the meaning of which is quite beyond the powers of science to determine, "Milk always makes me bilious."

Are there folks who cannot take milk? Yes, just as there are folks who cannot eat fish, or strawberries, or nuts, or eggs, or any one or more of various foods that act as poisons to individuals who have what is known as an idiosyncrasy against them. If these folks persist in eating the food whose protein is thus specifically harmful to them, they may become nauseated and vomit; or they may break out with intensely itching hives—or urticaria, to use the medical term.

But for one person with such a protein sensitization, as it is called, against milk, there are probably a score who think they can't take it—that it disagrees with them, or "makes them bilious."

If you think you are such a person or have such a child, try skimming half the cream from your drinking milk—perhaps two thirds of it, if you get it from a rich Jersey or Guernsey herd. That simple procedure

#### Momentous Happenings At Capital

(Continued from Page One.)

morning he will approve the legislation simplifying corporate bankruptcy procedure.

In between comes more work on the request for a \$25,000,000 appropriation to alleviate hardships of some 125,000 families affected by the drought. He considers the drought a major disaster, reporters were told, but without any danger whatever of famine.

The Senate, meanwhile, listened to more pros and cons on the bill for Treasury silver purchases toward making that metal back a quarter of the currency.

The House made ready for action on the reciprocal tariff bill as slightly revised by the Senate, with the prospect that the President will get it in almost exactly the shape that will enable him to bargain for foreign trade agreements.

At the Navy, Secretary Swanson approved plans for the first two dozen warships to be built under the treaty-navy law. The President let it be known that this country would make public none of its naval imitation ideas prior to the discussions to be held in London in anticipation of the formal conference next year.

Another bit of news was that the President hopes to have some PWA funds made available for power and flood control projects along the upper Mississippi in the next few months. He was depicted as leaving an adjournment date entirely to Congress.

Rivaling proceedings at the White House and in the Senate and House proper was the committee investigation into alleged Nazi propaganda activities. Testimony was given that Henry Ford's name had been used without authorization on anti-Jewish

#### GOLF MATCH CALLED OFF WITH RALEIGH

The scheduled golf match between the West End Country Club golfers and the Raleigh Golf Association to be played in Raleigh, has been called off, it was stated here today.

GROCERY STORES, FISH DEALERS and others can save money on their wrapping paper by buying old papers for 10¢ per bundle at the Dispatch office. Also fine for kindling fires. 19-41

ORDER AUTHORIZING \$12,000 SCHOOL IMPROVEMENT BONDS

WHEREAS, The Board of Education of Vance County has certified to this Board a resolution passed by said Board of Education on May 7, 1934, showing that it is necessary in order to maintain the constitutional six months' school term to erect a 4 room addition to the Dabney High School, located about 6 miles from Henderson, in Dabney Township, and to enlarge the heating plant to take care of said addition, and that \$16,000 is required for said improvements; and

WHEREAS, said resolution represents that no funds are available and no provision has been made by local tax or otherwise by which the said improvements can be made and requests this Board to order and issue County bonds in order to secure funds for said improvements; and

WHEREAS, the Board of Commissioners has carefully examined the facts and has determined and hereby finds as a fact that said statements of resolution are true and that it has become the duty of said Board of Commissioners, acting as an administrative agent of the State in providing a State system of public schools to order the issuance of a sufficient amount of County bonds to provide said school improvements in order to maintain the constitutional six months' school term; and

WHEREAS, it is expected that the Federal Emergency Administration of Public Works will make a grant of 25 per cent of the cost of the labor and materials employed upon such improvements; NOW, THEREFORE

BE IT ORDERED AND RESOLVED by the Board of Commissioners of Vance County:

1. That bonds of Vance County be issued pursuant to the County Finance Act, as amended, in an amount not exceeding \$12,000 for the purpose of erecting a 4 room addition to the Dabney High School, located about six miles from Henderson in Dabney Township, and enlarging the heating plant to take care of such addition in order to maintain the constitutional six months' school term, all in accordance with the program outlined in the foregoing preamble.

2. That a tax sufficient to pay the principal and interest of said bonds when due shall be annually levied and collected.

3. That a statement of the County debt has been filed with the Clerk and is open to public inspection.

4. That this order shall take effect thirty days after the first publication thereof after final passage, unless in the meantime a petition for its submission to the voters is filed under said Act, and that in such event it shall take effect when approved by the voters of the County at an election as provided in said Act.

The foregoing order was finally passed on the 4th day of June, 1934, and was first published on the 6th day of June, 1934. Any action or proceeding questioning the validity of said order must be commenced within thirty days after its first publication.

This 6th day of June, 1934.  
H. M. ROBINSON,  
Clerk, Board of Commissioners.
