Enemies of ABC Political Society Turn Machine Guns on Parade of 50,000 of Party Members In Heart of City; Bystanders Seek Safety

Havana, June 18. (AP)—Retaliation by infuriated members of the ABC Society was feared today after Cuba's "bloody Sunday", in which 12 persons were killed and nearly 60 wounded. A heavy guard was placed around an emergency hospital upon reports that the ABC planned to storm it and seek vengeance on four wounded men. Deep political significance was attached to the two days of rioting, leaving a total of 15 dead, and culminating yesterday in a parade that was turned suddenly into a slaughter. They appeared likely to bring a postponement to the government's plans to hold general elections in December. Guerrilla warfare carried on intermittently for months reached a climax when 50,000 members of the ABC Society, a powerful political organization, marched through the principal streets.

Wealthy Dentist Kidnaped, Killed

Eldorado, Ill., June 8. (AP)—Dr. H. L. Meyers, 65, wealthy Eldorado dentist, was found shot to death on a farm near here today, apparently the victim of a kidnaping and robbery plot. The body of the dentist, shot through the back, was found by deputy Ila Choisser and A. M. Mitchell, a photographer, at 10 a. m., culminating an all-night search after the dentist had failed to return home. The body was found in a clump of weeds on the farm, authorities said. Officers immediately launched a widespread search for a man named Armstrong, who was reported to have accompanied the dentist to the farm as a prospective buyer for the land.

Displeasure at Bailey's Failure To Support New Deal of Roosevelt Causing Much Comment in Political Quarters

Daily Dispatch Bureau in the Sir Walter Hotel, BY J. C. BASKERVILLE. Raleigh, June 18.—Although Congressman Lindsay C. Warren, of the first congressional district, has so far had nothing to say concerning the reports that he may become a candidate for the Democratic nomination to the Senate in 1936, opposing Senator Josiah W. Bailey, most of those in political circles here are convinced that when the proper time comes Warren will announce his candidacy. They feel sure that if sentiment continues to develop over the State favoring Warren's candidacy a sit has developed during the past few weeks.

IL DUCE AND HITLER MOLD EUROPE

A huge European bloc composed of Germany, Italy, Poland, Hungary and Austria, according to some observers, will be a result of the dramatic Hitler-Mussolini conversations at Venice. That was the construction placed on agreement of the German and Italian dictators that troubled Austria, lying between the two Fascist nations, should be recognized as an independent nation, but could, if she so chose, elect a Nazi chancellor. Austria's present chancellor, Engelbert Dollfuss, is pictured at right above, with Hitler, left, shaking hands with Mussolini, right. The map shows the possible union in central Europe.

RAIL LABOR BILL IS WITHDRAWN TO HASTEN CONGRESS

President Is Willing for It To Go Over To Next Session To Speed Up Adjournment

BANKING LAW BILL IS ALSO RECALLED

Farm Mortgage Compromise Approved by House and Home Building Measure Is Chief Obstacle to Close of 73rd Congress; End To Come Probably Tonight

Washington, June 18. (AP)—Democratic leaders today drew President Roosevelt into the effort to break the legislative log-jam and get an adjournment of Congress, declaring he favored letting the railroad labor bill go over until the next session of Congress. This measure appeared to be the main impediment to adjournment late today.

The Senate already has sent to the White House the more than \$2,000,000 general relief appropriation, taking it up by a 41 to 39 vote ahead of the bill for a board to mediate rail labor disputes.

The House, meanwhile, had adopted a compromise on the Frazier-adjournment resolution and approved a farm mortgage relief bill. Senator Robinson, Democrat, Arkansas, promised a Senate vote on that as a concession to reach adjournment.

Earlier the controversial bill amending bank laws in various respects, a key factor in the Saturday night jam that blocked adjournment then, had been withdrawn.

Kerr Bill Passes; Given House Again

Washington, June 18. (AP)—The Senate today passed and sent back to the House for action on amendments the Kerr bill for control of production of certain kinds of tobacco through a system of taxation similar to that provided in the Bankhead cotton act.

The measure levies a tax of 23 1/3 per cent on the selling price of tobacco on producers who refuse to abide by production quotas. The tax would apply to all tobacco harvested in the crop years 1934-35 except Maryland tobacco, Virginia sun-cured and cigar leaf tobacco.

Air Chief To Resist Discharge

Washington, June 8. (AP)—Major-General Benjamin D. Fulois accused of gross misconduct by a House investigating committee, fought today against removal as chief of the army air corps.

The investigating committee of eight members recommended formally to Secretary of War ern that Fulois be dismissed "without delay". Striking back at the committee for its secret hearings, Fulois challenged his accusers to a meeting in open court.

Chinese Brigands Seize 26

Shanghai, China, June 18. (AP)—Six British citizens, including two British naval officers, were kidnaped, together with 20 Chinese by pirates this afternoon from a British commercial steamer off the mouth of the Yellow river.

The sea wolves took over the ship, the Shuntien, which was on its way from Tientsin to Shanghai, apparently after boarding it in Tientsin and awaiting the opportunity to overpower the crew and passengers. The capture was effected without opposition. The pirates forced the captives into (Continued on Page Three.)

CAROLINAS, INC., TO ADVERTISE STATE

Daily Dispatch Bureau, in the Sir Walter Hotel, BY J. C. BASKERVILLE. Raleigh, June 18.—State officialdom here is much interested in the meeting to be held in Charlotte Wednesday of this week to consider the formulation of definite plans for the better advertising of the Carolinas. This movement was started several weeks ago in Charlotte when a number of representative citizens of North and South Carolina met to talk over plans for a permanent organization to do for the Carolinas what Californians, Inc., has done for California. This California organization spent \$2,581,538 during the seven-year period from 1923 to 1930, during which time the population increased 601,033, or 31.5 (Continued on Page Three.)

Newspapers Warned Not To Make Mention of It; Von Papen Challenges Hitler's Right To Impose His Will In Realm of Religion In Germany

Berlin, June 18. (AP)—The boldest public criticism of the Nazi regime which has come from any one in authority since Chancellor Hitler's assumption of power in January, 1933, was made yesterday by Franz von Papen, vice chancellor of Germany. The sensational character of his remarks, delivered before students of Marburg University, is best illustrated by the fact that no Berlin newspaper permitted even an excerpt. Von Papen, in guarded language, pleaded for re-establishment of the monarchy. Notice was served by the government controlled German news bureau (Continued on Page Three.)

GERMANY FEARFUL OF NEW ALLIANCE

Berlin Arms Envoy In Paris; France Seeks Fence Around Germany

Paris, June 18. (AP)—German fear of a Franco-Russian alliance was credited in official circles today for Chancellor Hitler's trip to Venice and the secret visit here of Joachim von Ribbentrop, special German disarmament commissioner.

Reliable sources said von Ribbentrop got "little satisfaction" from his conference here Saturday with Louis Barthou, French foreign minister, who insisted that the Reich "come back to Geneva."

Barthou pressed on with his program of building up European defensive alliances for France, designed to "place a fence around Germany."

Bucharest, Belgrade, London and Rome itself are capitals the foreign minister plans to visit. He will go to London July 8.

New Orleans, La., June 18. (AP)—The work of rehabilitation went forward today in the hurricane-devastated areas of Louisiana and Mississippi, where seven persons were killed, a score or more injured, and property damage to the extent of millions of dollars done.

This tale of disaster was pieced together as severed communications were restored and stories of death and destruction and heroic accomplishments drifted in.

The storm came in from the Gulf of Mexico Saturday, swept through southeast Louisiana, invaded Mississippi with great damage, and then blew out its wrath in squalls in the Memphis, Tenn., area.

George Meyers and John Thornton were sent to Louisiana from Washington Red Cross headquarters to direct relief and rehabilitation.

Virginia Is Asking Halt In Potatoes

Governor Joins Ehringhaus In Asking That Shipments Stop for Time

Richmond, Va., June 18. (AP)—Governor Peery today appealed to growers and distributors of Irish potatoes in Virginia to withhold shipments until the condition of the market improves to a point to afford more reasonable prices.

The action followed a request from Governor Ehringhaus of North Carolina that Virginia and Maryland join in a movement to bring relief for potato growers, which he had started in North Carolina.

The governor also received requests from growers in Virginia asking that something be done to relieve the situation, in which potatoes are bringing less than the cost of production, due, in part, the governor said, to increased cost of fertilizer.
