Hitler To Keep Von Papen In Cabinet, But Ousts Him From Vice-Chancellor Job

CAMPAIGN RENEWED AGAINST THE JEWS IN THE PROVINCES

Catholic Archbishop of Munich Also Reported Held Prisoner By Nazi Rulers

UNREST IS GROWING AWAY FROM CAPITAL

Dissension and Fear Mingle With Dissatisfaction In Many Parts of Germany; Von Papen May Be Sent off for Long Stay In Interest of His Health

Berlin, July 5. (AP)—Franz von Papen, the burr under the saddle of the Nazi regime, will be stripped of the vice chancellery, the foreign department of the Nazi party indicated today, but he will be permitted to remain in the cabinet as Saar commissioner.

Thus, with the puzzling problem of the vice chancellery's disposition for the first time somewhat clarified, reports indicated that the Nazi have reopened a vigorous anti-Jewish campaign in provincial centers claimed major attention.

Along with these reports were rumors that Cardinal Michael Sailer, archbishop of Munich, was being held prisoner.

These reports stirred with others less well substantiated of a growing unrest and dissatisfaction outside the capital, pointing to growing dissension and fear.

Vice Chancellor von Papen's office, next to that of Hitler, was stripped of its papers and furnishings from top to bottom, and all his belongings taken to his private home, where his

Guardsmen Ready In Frisco Strike Of Longshoremen

San Francisco, Cal. July 5. (AP)—National Guards were marshalled for a march onto San Francisco battleship piers today if striking maritime workers prevent operations of the state-owned belt line railroad.

Acting Governor Frank F. Merriam, coming to the scene from Sacramento, announced that he would call out the troops unless the strikers permit operation of the besieged piers, also owned by the state.

WEST NEEDS RAIN VERY BADLY STILL

Great Plains and Southwest Suffering From Want Of Precipitation

Washington, July 5 (AP)—A continued deficiency of rainfall over the Great Plains and in the Southwest was reported today by the Weather Bureau.

The weekly statement of conditions said showers during the past week were beneficial in the Northeast, Atlantic coast states, Appalachian mountain regions, eastern Ohio and part of the lake region, but high temperatures in the interior, in the absence of extensive rains of material importance, took a heavy toll of the scanty soil moisture.

Cultivated crops were "progressing satisfactorily," but pastures were still blighted, and in the southwest "even most cultivated crops were suffering."

Rain was badly needed in eastern Montana.

Most of the Dakotas, southern Minnesota, part of Iowa and Missouri, northern and western Arkansas and from Nebraska southward and southwestward.

U. S. To Demand Payments By Germany On Sums Due

Even Break With Great Britain Sought By Washington for Obligations Here

NOTE MAY BE SENT WITHIN SHORT TIME

Otherwise Diplomatic Conversations Would Be Held; Germany Owes American Investors Around One and A Half Billion Dollars On Bonds Held

Washington, July 5. (AP)—The United States will demand that Germany give America an even break with Britain in her payment of debts.

This became known today as the official reaction to news that the Reich has agreed to pay interest for at least six months on Dawes and Young loan bonds held by British subjects.

About \$1,500,000,000 of German obligations are held in this country. Authoritative sources said a new note asking equality may be dispatched to the Reich. If no note is sent, diplomatic conversations to that end are expected to be press.

Britain's threat to seize German commercial funds in England was considered potent. But the United States enjoys a "favorable" balance of trade with Germany. That is, Germans buy more from Americans than Americans buy from Germans.

Any idea that the United States could follow the British way of retaliation therefore, died aborning because this country stood a chance of coming off second best in any trade with Germany.

MARIE DRESSLER IS STILL SICK WOMAN

Santa Barbara, July 5. (AP)—With virtually no change in her condition since she passed a major crisis a week ago Marie Dressler, 62, film star, continued to rest comfortably today at the C. K. G. Billings estate here, where she is critically ill from complication of ailments.

President's Wife Leaves Asheville

Asheville, July 5. (AP)—Mrs. Franklin D. Roosevelt and her two companions on a visit here, Miss Marion Dickerman and Miss Nancy Cook, of Hyde Park, N. Y. left Asheville by automobile this morning after a two-day visit to the mountain industries of this section. Mrs. Roosevelt said she would drive to Morristown, Tenn., the Norris dam, which she and her friends will inspect and to Tagewell, Va.

SCHOOL FOLK ARE ACTIVE IN FIGHT FOR SPEAKERSHIP

Lumpkin, of Franklin, Said To Be in Line for Their Support in The Next House

Clerks of Court Rush Convention To Enjoy Outing

Elizabeth City, July 5 (AP)—Determined to complete all business by late this afternoon in order that Friday may be turned over completely to sight seeing and a trip to Dare county, superior court clerks of North Carolina plunged into the most important work of their seventeenth annual convention here today. The convention opened last night a 50-minute meeting, at which time the visitors were welcomed to the city by Mayor Jerome B. Flora. President J. N. Sills, of Nash county, responded to the address of welcome.

SAYS MOST BOXERS NOT VERY BRIGHT

Justice Talks Plainly In Hearing Primo Carnera's Love Troubles

New York, July 5. (AP)—Most prize fighters are not very bright, Supreme Court Justice Peter Smuck observed today.

Justice Smuck made this startling statement during a consideration of Primo Carnera's financial and amorous difficulties. "Except one or two prize fighters who kept their money," he said, "most of them are of so low a mentality that they don't know money when they see it."

The specific question which Justice Smuck was asked to decide was what part of \$88,000 deposited by the Madison Square Garden Corporation before Carnera's fight with Max Baer should be held in escrow to satisfy a \$15,773 breach of promise judgment obtained against the deposed heavy-weight boxing champion by Emelia Tersini, London waitress. Judge Smuck reserved decision. He thought, however, that the Italian pugilist ought to be put in jail for contempt of court.

WEATHER FOR NORTH CAROLINA Generally fair tonight and Friday.

Serious Riotings Upon Water Front At San Francisco

Police Charge Group of 200 Strike Pickets and Hurl Tear Gas Bombs At Men

ONE PICKET BADLY HURT IN DISORDER

Pickets Hurl Rocks As Police Charge; Fire Breaks Out in Box Car Containing An Automobile, Set Afire Despite Warning From Governor

San Francisco, Cal., July 5 (AP)—Rioting broke out again on the waterfront here today. Police charged a group of 200 strike pickets and hurled tear gas bombs at the men.

At least one of the pickets was injured seriously.

Vassili Zakharoff, a member of the Marine cooks and stewards union, was clubbed over the head and knocked unconscious.

As the police charged, the pickets hurled a few rocks. Fire broke out in a box car containing an automobile. The fire department tore out the side of the car and extinguished the blaze.

A tear gas shell set fire to weeds on top of Lincoln Hill.

The box car was set afire despite a warning to strikers by Governor Frank Merriam not to molest State-owned property. The belt line railroad is owned by the State.

FOES OF NEW DEAL TALK VERY LITTLE

They Say Government Only "Priming Pump", But Roosevelt Replies

By LESLIE EICHEL (Central Press Staff Writer) New York, July 5.—An editor says we do not present the adverse side of the New Deal enough. As a commentator, we naturally follow the doings and the sayings of the people who are doing and who are saying. We have even gone further. We have gained the anonymous ideas of Wall Streeters and manufacturers who have preferred not to speak out. Otherwise it has been difficult to obtain any constructive anti-New Deal opinions, except that which may be gleaned from speeches which nearly everybody already has heard or read. The antis are not talking much.

Greenwood County To Revise Appeal For Power Credit

Washington, July 5. (AP)—Greenwood county, South Carolina, notified the PWA Power Review Board today it would revise its application for a \$2,767,000 allotment to construct a municipal power plant.

Approval of the Greenwood allotment was protested by the Duke Power Company. A change in the application, it was said at the Review Board office, will make necessary a scheduled hearing, at which representatives of the county were to answer the Duke objections.

WAKE FOREST MEN HELD NOT GUILTY

Harper and Carroll Absolved of Blame for Recent Series of Fires

Raleigh, July 5 (AP)—Magistrate J. B. Danielly this afternoon dismissed charges allegedly connecting Sam Harper and Robert Carroll with a recent series of fires in Wake Forest. He

MOTOR SALES FOR 6 MONTHS DOUBLE

New Cars and Trucks Increase 100 Percent First Half of 1934

Raleigh, June 5. (AP)—Sales of new automobiles and trucks in North Carolina in the first six months of 1934 more than doubled the sales in the similar period of last year. L. S. Harris, director of the motor bureau, reported today.

In six months this year 19,115 new cars and 4,816 new trucks were sold compared with 9,599 cars and 2,220 trucks disposed of in the same period of 1933.

June sales of cars aggregated 3,726, while 672 trucks were sold.

Stavisky Prober Is Himself Under Critical Inquiry

Paris, July 5. (AP)—Inspector Boney, chief inspector in the famous Stavisky affair who got an official kiss from former Premier Albert Sarraut for recovering the missing Stavisky checks, was investigated himself today.

The Stavisky committee in the Chamber of Deputies voted to send his testimony to Minister of Justice Henri Cheron for action.

Boney has been under heavy fire because of a midnight meeting with an informer, a "mysterious personality," after which Boney delivered to the informant the mysterious check stubs representing, it was said, transactions of millions of dollars.

BISHOP CANNON IN ATTACK ON REPEAL

Washington, July 5. (AP)—In a sharp criticism of post-repeal conditions, Bishop James Cannon, Jr., of the Methodist Episcopal Church, South, said today "multiplied thousands now realize they were deceived and betrayed as to the results of repeal by the leaders of both political parties."

The clergyman, in a formal statement, declared "the saloon had returned despite party promises that it would not; that all great Protestant bodies were calling for aggressive action against existing conditions, but that the Roman Catholic church has prevented and probably will continue to prevent a well nigh solid front against prohibition."

"Now that the unthinking, reckless, deceptive craze for repeal has spent its force," Bishop Cannon said, "the people are discovering the wreckage which has been wrought, for repeal has developed the most distressing conditions in the country at large that the writer has ever known."

NATION OBSERVES BIRTH IN SANEST MANNER IN YEARS

Death Toll Lowest Since 1929, Sharpest Decrease Being From Use of Fireworks

THREE DEATHS ARE REPORTED IN STATE

Two Drownings And An Automobile Fatality In North Carolina; No Unusual Number of Fatalities Here From Celebration of America's Birthday

(By The Associated Press)

Death took a half holiday as Carolinians observed the Fourth of July. A check-up today showed there was no unusual number of deaths from motor accidents, drownings, fireworks or other violent or accidental causes.

North Carolina reported three deaths—two drownings and an automobile fatality—while two deaths from automobile mishaps occurred in South Carolina.

Henry Earle Bennett, 26, a farm hand, was drowned in the Catawba river near Charlotte when he ventured into water too deep for him and Robert Harper, 19, a Negro, was drowned in the inter-coastal waterway canal near Sea Breeze in Pender county.

Near Fayetteville Clara Belle Horne, 19, was fatally injured when the car in which she was riding turned over after a tire blew out.

TOTAL OF 166 DEATHS FOR FOURTH OF JULY REPORTED

(By The Associated Press)

America celebrated its 158th birthday anniversary in the sanest manner in recent years, with the lowest number of deaths since 1928.

A total of 176 men, women and children gave up their lives on the anniversary of the signing of the Declaration of Independence, a drop of nine from last year, and only about one-third of the number who perished in 1931.

The sharpest decrease was in the number who died as a result of the use of fireworks. Only three persons perished from this cause compared with seven in 1933.

ROOSEVELT Will Receive The President Of Haiti

Aboard U. S. S. Gilmer, Accompanying President Roosevelt, July 5. (AP)—President Roosevelt cruised leisurely along the northern shore of ancient Haiti to a rendezvous today with President Spanio Vincent of the island republic.

After a successful Fourth of July fishing on choppy Esbana waters, President Roosevelt was scheduled to receive President Vincent at noon aboard the cruiser Houston.

President Vincent who went to Washington recently to visit Mr. Roosevelt, planned to board the cruiser off Cape Haitien, beneath the green island mountains.

From there President Roosevelt will proceed to Puerto Rico for the first landing of his vacation voyage tomorrow at Mayaguez. He will ride overland into San Juan.

The President had a good haul in his five hours of fishing on the Fourth, with his sons Franklin D., Jr. and John Roosevelt.
