

## Political Truce Had In Germany

### LITTLE INTEREST IS SHOWN IN ELECTION IN FOURTH DISTRICT

Vote Is Hardly Fifth of That Cast In June 2 Primary, First Reports Indicate

#### DEMOCRAT CHIEFS BECOMING UNEASY

Determined Effort To Get Out the Vote Is Started In Raleigh for Fear Republicans May Elect Brantley Over Cooley Purely By Neglect

Raleigh, July 7. (AP)—Very little interest was being shown by voters of the fourth congressional district today as the fate of Harold D. Cooley, Democrat, and Hobart Brantley, Republican rested on their vote in the special election to fill the unexpired term of the late Edward W. Poir.

In Raleigh, where a normal vote is about 10,000 there had been far less than 1000 votes cast this afternoon.

Reports from the other six counties in the district also indicated a very light vote. In Rocky Mount only 294 persons had voted at 1 o'clock in precincts where 2,137 ballots were cast in the June 2 primary.

Democratic party leaders here and at Rocky Mount were expressing anxiety and here a determined effort was started to get out the vote. Wake is usually heavily Democratic.

Republican leaders said they had no reports as to the voting in Johnston and Randolph counties, their party strongholds but added that if voting was brisk there, then Brantley had an excellent chance to become the first G. O. P. congressman from the district in 34 years.

#### Named Jap Premier

Admiral Okada

Japan's reply to the world in this forthcoming 1934 naval parley was given with the appointment of Admiral Keisuke Okada, above, former minister of navy, to form a new cabinet succeeding the Saito government which had resigned. After the Manchurian crisis last year, the saber-rattling cabinet of Gen. Hayashi gave way to the calmer Saito ministry.

#### Papen Substitute?

Rudolph Hess

Rudolph Hess, Nazi party power, is reported to be in line to succeed vice chancellorship of Germany if Hermann Goering does not step into place of Franz von Papen. (Central Press)

### GOVERNOR FAVORS DRIVERS' LICENSE FOR ENTIRE STATE

But Wants No Cost Added to It, Merely Making It Method of Checking on Drivers

#### TOLL OF ACCIDENTS BECOMES ALARMING

Governor and Many Others Realize Something Must Be Done to Minimize the Growing Hazards of the Highways; Would Help in Enforcing Traffic Laws

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE.

Raleigh, July 7.—There is a growing demand from all sections of the State for the enactment of a State-wide drivers' license law as a safety and accident prevention measure according to most observers here. People seem to be realizing that too many are being killed and injured each month in automobile accidents and that the only way to reduce the number of these accidents is with a State drivers' license law.

Carroll Weathers, recently nominated to the State Senate from Wake county, has already announced that he will introduce and seek the enactment of a drivers' license law and is already assembling data on the subject. Several other members of the next General Assembly are reported to have the same thing in mind. Various newspapers over the State are vigorously advocating a drivers' license law. The Raleigh News and Observer this week carried an editorial advocating the coupon book form of drivers' license, which would require every driver to carry a coupon book, in which the officers would write the form of violation noted whenever the

### TO REMOVE BRIDGE TOLLS NEXT WEEK

Highway Commission Hopes to Open Morehead and Wrightsville Lines

Raleigh, July 7. (AP)—Chairman E. B. Jeffers, of the State Highway and Public Works Commission, said today that he did not yet know just when tolls will be removed on the Wrightsville Beach causeway near Wilmington.

Daily Dispatch Bureau, In the Sir Walter Hotel, BY J. C. BASKERVILLE.

Raleigh, July 7.—It is still hoped that the purchase of the Wrightsville Beach causeway and bridge and the Morehead City-Atlantic Beach bridge can be completed and all tolls removed by July 10, Chairman E. B. Jeffers, of the State Highway and Public

### Self-Government Planned To Replace NRA's Control

#### NEW REGULATIONS FOR INDUSTRY ARE TO BE PERMANENT

Close Supervision Would Continue To Be Exercised Under The Proposed Program

#### FINAL APPROVAL BY PRESIDENT WAITED

Although Official Confirmation of Plan Is Withheld, Authoritative Source Says It Is Virtually Assured; Being Formulated by Administration

(Copyrighted by The Associated Press)

New York, July 7. (AP)—A plan to replace the NRA with self-government for industry, an authoritative source said today, is being formulated by President Roosevelt's administration. Under the proposed plan, codes would become a permanent feature of industry, which would govern itself under the close supervision of the Federal government.

General Hugh S. Johnson, NRA administrator has taken the lead in the reformation, the Associated Press informant disclosed, and has been in New York for several days conferring on the change.

Steps toward completion of the new projects were initiated by Johnson several weeks ago in a preliminary set-up submitted to President Roosevelt. Suggested revisions are being made for final approval by the President.

Although there was no immediate confirmation by the government the source of the information—one close to the administration—said early on of the program is virtually assured.

### Holland's Metropolis Has Riots

Amsterdam, Holland, July 7. (AP)—Rioting thought to have been checked with the arrival of additional soldiers and police, broke out anew late today, resulting in two more deaths bringing the total to six for the day.

Four were killed this morning when police and troops cleared all the disturbed areas, using tanks to flatten barricades.

The rioters are mostly unemployed, incensed at a reduction in city dole payments.

Among 50 taken to a hospital earlier today, the condition of six were said to be hopeless.

### Relief Not In Sight In Heat Wave

Summer Continues Its Boisterous Course Over Most of the Country

(By The Associated Press) Summer continued its boisterous course today over a nation which knew not what to expect next. The east hoped for early relief from a heat wave which has matched the 16-day record set in 1901, but warmer

### WEATHER

FOR NORTH CAROLINA Showers and thundershowers tonight and in east portion Sunday; generally fair in west portion Sunday; slightly cooler Sunday and in extreme north portion late tonight.

#### Another "Elba" for Papen?

Franz von Papen, shown being expelled from U. S. in 1916 in photo at left, is now unwelcome in Berlin, too, and forced leave of absence as vice chancellor appears to await him, due to Nazi pressure. Meanwhile von Papen, whose newest photo (right) shows him in a religious procession, has been under "protection" in his home shown in background above. (Central Press)

#### U. S. Qualities To Go Back on Gold

Basel, Switzerland, July 7. (AP)—America qualified for its return to the gold standard by its January gold reserve act, Leon Frazer, president of the Bank for International Settlements, asserts in his annual report.

Outstanding features of the report were discussed by Frazer with George L. Harrison, governor of the New York Federal Reserve Bank, who arrived this morning for important financial conferences.

#### FEAR WASHINGTON WILL BE STRICTER

Will Get More Hard-Boiled Since Congress Left, New York Think

By LESLIE EICHEL (Central Press Staff Writer)

New York, July 7.—New York believes that the administration will bear down heavier now that Congress has departed.

The Harriman Hosiery mill in Tennessee is held up as an example.

"Either collective bargaining, no intimidation and code wages, or no Blue Eagle," seems to be the dictum. Southern plants say they cannot afford to pay northern wages.

To which the government seems to be answering, "Raise the standard of living and you will have all-around prosperity."

Savers Involved

Saving bank depositors are directly involved in the failure of banks to find sufficient sources to lend money, due to lack of trade.

Rates of interest on deposits much necessarily decline.

Bank loans continue to decrease while bank reserves continue to rise. That always bespeaks lack of trade.

A World Difficulty

Those who are "cheered" over Germany's financial troubles may themselves be hit. International bankers are of the opinion that Germany's dropping out of world markets will be a serious

### NAZI RULERS SEEK TO EFFACE TRACES OF 2ND REVOLUTION

Chancellor Hitler Leaves for His Summer Home In Bavarian Alps for Inspiration

#### ASSISTANTS ALSO ARE TAKING REST

But Strictest Vigilance Being Kept As Safeguard Against Further Trouble; Von Papen Is In Better Spirits at His Home When Seen There

(Copyrighted by The Associated Press)

Berlin, July 7. (AP)—A political truce was put into effect today by the Nazi high command in a determined effort to efface all remaining traces of Germany's bloody "second revolution"

Chancellor Adolf Hitler left for his summer home in the Bavarian Alps for inspiration, while his trusted subordinates are also taking their first rest since their party's purging of "plotters and traitors."

Two million storm troopers, temporarily stripped of their uniforms, are on a month's vacation. Their future has become Germany's foremost political problem. A powerful political instrument, these peace-time soldiers are being treated as if they might become greater in power than their creator.

Vice Chancellor Franz von Papen, when seen at his home today, seemed in better spirit, as if reflecting the prevailing tendency toward political peace.

There was intimation that Chancellor Hitler's short respite in the Bavarian hills may be extended to a possible longer vacation.

#### Rockefeller, Sr., Tomorrow Attains His 95th Birthday

Lakewood, N. J., July 7. (AP)—John D. Rockefeller, Sr. will be 95 years old tomorrow but to the aged philanthropist it will be just another day, a day of activity carefully outlined, a day of diet strictly regulated.

Members of his family will be there and the man who once was hailed as "the richest man in the world" may have a short drive from the estate with them, or perhaps there will be, instead a game of "Numberica," Mr. Rockefeller's simple game played with cards.

### Revolt In Havana Is Thwarted

Havana, July 7. (AP)—Night-long raids on the homes of former army officers are believed by the government today to have thwarted a major conspiracy.

Nearly 40 former officers, most of them veterans of the Hotel National battle October 2, 1933 are held on charges of conspiracy.

Half a dozen machine guns, dozens of rifles, revolvers and hand grenades and thousands of rounds of ammunition, along with considerable equipment for making bombs were seized in the raids.

#### OPENING SCHEDULE ON TOBACCO FIXED

Middle Belt To Start Thursday, September 13, Not September 11

#### OTHER BELTS CHANGE

Tobacco Association at White Sulphur Springs Alters Program; W. T. Clark Succeeds A. B. Carrington As President

White Sulphur Springs, W. Va., July 7. (AP)—Members of the Tobacco Association of the United States turned their attention to recreation after two days of business session.

"We are just going to have a good time today," said W. T. Clark, of Wilson, N. C. new president.

The annual convention was set for three days ending today, but Clark said a formal program was not prepared for the last day.

He was elected yesterday to succeed A. B. Carrington of Danville, Va.

The 1934 marketing season will be launched with the opening of the Georgia markets August 1, a decision of the sales committee ruled.

Other opening dates are: South Carolina August 9. Eastern North Carolina August 23. Middle Belt September 13. Old Belt September 17. Dark Virginia November 7.

### American Sailors Stage Riotous Evening In Nice

Nice, France, July 7. (AP)—Shore leave for sailors from the United States ships Arkansas and Wyoming was cancelled today because of a riotous evening ashore resulting in injuries to 28 men.

The two battleships had been scheduled to remain at Villefranches harbor until July 12 but it is likely they will leave earlier.

The condition of Joseph Kline, 22, a wireless operator aboard the Ar-

kansas was slightly improved today, although surgeons have not yet been able to extract a bullet from his neck. He was shot by Leon Curpy chief of the puppet.

Damage estimated at 25,000 francs was done to various cars, where furniture was tossed back and forth with none too good aim between sailors and ruffled citizens of Nice. All the sailors arrested and injured were turned over to American authorities for disciplinary action.

#### Roosevelt Tours San Juan Before Continuing Trip

San Juan, Puerto Rico, July 7. (AP)—President Roosevelt pursued his vacation cruise energetically today rising early for a tour of San Juan after a night of conference of a new plan for the rehabilitation of Puerto Rico.

After a first hand inspection of the capital, the President was scheduled to leave about noon to board the cruiser Houston and set sail for the Virgin Islands.

### Paris Is Ready For Riotings

Paris, July 7. (AP)—The cabinet today ordered mobilization of thousands of police for riot duty to prevent clashes tomorrow between patriotic groups around the tomb of the unknown soldier where thousands of members of the "Croix de Feu" (crosses of fire) are to march tomorrow.

Scarred and limping from wounds of battle, these veterans annually march to Paris' world-famous memorial, there to rekindle an eternal flame. This year the ceremony has been suddenly lifted to political significance with dangerous possibilities.

The "croix de feu" has promised the government to avoid provoking left wing groups, but communists and socialists have arranged rallies in protest against display of strength of rightist elements.

### Brains Not Brawn Leads Strike Of Longshoremen

San Francisco, Cal., July 7. (AP)—A "brains not brawn" leadership took over direction today of union labor's fight in behalf of striking longshoremen.

As steel-helmeted riflemen of the State patrolled the waterfront, delegates from 120 unions—representing 45,000 members—voted last night to leave the matter of a general strike in the hands of a "strike strategy committee."

same move now," said John O'Connell, president of the central labor council, "it will lead to organized movement in case of a general strike later, and would mean that brains and not brawn would direct us."

With their waterfront district quiet momentarily under the threat of bayonets and bullets for those who riot, President Roosevelt's labor dispute board prepared for public hearings Monday to determine issues and practices in the strike, which began May 9, when 12,000 longshoremen struck.
