

Luke Lea Is Permitted Freedom From Prison To Attend Funeral Of Son

Goes by Automobile as Far as Asheville, Thence by Train to Home At Nashville

PLACED IN CUSTODY OF PRISON GUARDS

Tennessee Authorities Will Have Charge of Noted Prisoner After He Crosses State Line; Fred L. Seeley of Asheville, Goes Bond of \$10,000

Raleigh, Aug. 4 (AP)—Luke Lea left State Prison under temporary parole this afternoon at 2 o'clock in the custody of Jack Roach, director of the prison division, en route to Nashville, Tenn., to attend the funeral of his son, Percy Lea.

Roach will take Lea by car as far as Asheville, where Lea will be given into custody of Oscar Pitts, of the prison department for the trip to Nashville and return to Raleigh.

Arrangements were completed this afternoon for the release of the prisoner. Lea, former "Maker of governors" and financial wizard in Nashville, was allowed to go to Tennessee under the escort of one North Carolina officer, two Tennessee officers, and Fred Seeley, of Asheville, a bondsman and personal friend of Lea.

Governor Hill McAllister, of Tennessee, this afternoon advised Edwin Gill State parole commissioner, that he would instruct Benton McMillan, chief of the Tennessee highway patrol, and Laurence Bauman, sheriff of Davidson county, Tenn. to meet the party from North Carolina at Hot Springs, N. C.

When the party goes into Tennessee, Lea will technically leave the custody of North Carolina officers and be in the hands of the Tennesseans. Governor Ehringhaus, on vacation cruising near Acranoke, had previously announced the terms under which he would free Lea, who is serving six to ten years for bank law violations. The parole gives Lea the privilege of going direct to Nashville for the

Gang Hunted In Los Angeles for Warning Letters

Los Angeles, Cal., Aug. 4 (AP)—A gang known to police only as "the trio" is being sought in connection with an extortion plot erected against five millionaires, among them William F. Gattie, Beverly Hills old man, who was kidnaped last May and freed without the payment of a ransom.

This search for the gang was disclosed today as investigators for the district attorney's office attempted to trace letters in which \$60,000 in cash was demanded of the five men.

Besides Gattie, the men who received the threats were Alexander Pentages, film impresario; E. L. Doheny, oil king; J. J. Doyle, oil and fight promoter, and Ora Monnette, vice president of the Bank of America.

Police said none of the five intended victims were greatly alarmed but all have taken steps to protect themselves.

5 Negroes Being Held In Assault

But Officers Hunting Still for Man They Believed Attacked Mrs. Wilson

Louisburg, Aug. 4 (AP)—J. H. Boone, Franklin county tax collector, said today that five Negroes were being held in custody in an unannounced jail on the suspicion that one or more of them criminally assaulted Mrs. J. E. Wilson, of near Ingleside, yesterday. "I don't know the names of any of the men, and we won't say where they are," Boone said. "We are not sure we have the right man yet, but we are holding five Negroes."

Sheriff F. N. Spivey was still continuing the manhunt in the section. Boone said, which indicated that it was thought the perpetrator of the attack had not been caught.

Press Wins Fight

Judge Jay W. Harlan, above, police judge of Danville, Ky., gave up his daily sentencing of Jack Durham and Wesley Carty, reporters on the Danville Daily Messenger, for contempt when they persistently refused to break a newspaper confidence. The judge dropped the case against the two reporters yesterday when he declared the case settled.

TWO MEN SHOT IN TRUCKMEN STRIKE

Ice Cream Truck Driver Lets Loose Bullets at Attacking Pickets

THEY HAD STONED HIM

Twenty Pickets Defying National Guard, Stationed Three Blocks Away, Swarm Over Ice Cream Truck

Minneapolis, Minn., Aug. 4 (AP)—Two men were reported shot and wounded by an ice cream truck driver today in another outbreak of violence in the truck drivers' strike.

Leo Holscher, driver for an ice cream company, reported to the National Guard that he had fired a shotgun at strike pickets stoning his vehicle. One of the stones, he said, struck him in the back. The pickets escaped.

Twenty pickets defying the National Guard, stationed only three blocks away, swarmed over the truck, while Holscher, the driver, was in a nearby building.

He returned to seize a shotgun, squeezed the trigger and drove the attackers off. Earl Collins and George Schirle, with minor buckshot wounds, later were admitted to a hospital where they were treated.

Jack Dempsey Is Proud Father of A Baby Daughter

New York, Aug. 4 (AP)—Mrs. Jack Dempsey, former Hannah Williams, singer, today became the mother of a 7-1-2 pound daughter. The baby was born at Polyclinic hospital and the mother and child were reported to be doing well. The baby's father is the former heavyweight champion of the world.

Deposed B. & L. Head At Columbia Kills Himself

Columbia, S. C., Aug. 4 (AP)—Armed with two pistols, John E. Black, former executive of the Security Building and Loan Association of Columbia, set out today apparently to attack its ten directors, but ended by fatally wounding himself.

Black fired two shots at O. Frank Hart, grand master of South Carolina Masons, and one of the directors, before thrusting one of his pistols against his own chest and firing a bullet, which penetrated his heart.

Hart was unharmed by the bullets, which were fired in his office, in the heart of the business section. The Masonic leader told police he seized one pistol which Black attempted to draw from a hip pocket, and was standing at window unloading it when

Ouster Target

Mayor A. G. Bainbridge Ouster proceedings have been begun against Minneapolis' mayor, A. G. Bainbridge, on the ground he was "misled into acts which resulted in shooting and killing unarmed men," during truck drivers' strike. Bainbridge is fighting the action.

KEMP D. BATTLE TO HEAD CAMPAIGN ON NEW CONSTITUTION

Rocky Mount Man, Former State Bar Head, To Direct Educational Drive This Fall

EHRINGHAUS NAMED HONORARY CHAIRMAN

Clifford Frazier, Honorary Vice-Chairman; Dr. Frank Graham Among Leaders; Aim Is To Acquaint People With Proposed New State Constitution

Daily Dispatch Bureau in the Sir Walter Hotel, BY J. C. BASKERVILLE.

Raleigh, Aug. 4.—Kemp D. Battle, former president of State Bar Association, has been selected as active chairman of the organization which will direct the educational campaign in North Carolina for the adoption of the proposed new State constitution which will be voted upon in the November election, it was announced this afternoon by Dr. Frank P. Graham, president of the University of North Carolina, chairman of the committee named to select the officers of this campaign committee. It is regarded as rather significant that Mr. Battle is from Rocky Mount, the

Four Policemen Are Suspended by Wilson's Manager

Wilson, Aug. 4 (AP)—Four Wilson police officers were suspended by City Manager W. W. Wiggins today pending a hearing before the board of aldermen at which they will be charged with receiving and accepting rewards for their own persons use instead of depositing them in a pool for division among all department members at Christmas time, as is the custom here. The men, Detectives L. T. Lucas and J. C. Fulghum, and Officers J. C. Pittman and J. E. Gregory, are understood to have received \$650 as their share of rewards in solving a mail truck robbery here last October in which they recovered a \$50,000 money shipment.

Medical Soldiers Entrain

Columbia, S. C., Aug. 4 (AP)—Approximately 1,200 National Guardsmen from five states left Camp Jackson today to make room for a like number of others who will begin tomorrow a two weeks training period similar to that just ended for the first group. Before returning to their homes, troops of the 116th Field Artillery, Florida National Guards, and the 165th Medical Regiment, composed of North and South Carolinians, Georgians and Tennesseans, were paid \$30,000 in drill allowances for their fortnight in camp.

Black pulled another pistol from a box under his arm and fired. Hart said he ducked and the bullet missed him. With Andrew Brown, elevator operator, and L. C. Shaw, of Columbia, a passerby, who heard his call for aid, Hart broke from the office and took refuge in a room on another floor. Hart said he heard Black fire two more shots after they escaped. One was believed to be the bullet which took his life. He died shortly after noon at a local hospital. Police said they found a letter in the association, and asserting: "In taking the Security Building and Loan Association, that I con-

JUSTICE HEADS TO BUILD LABORATORY TO DETECT CRIME

Department's Scientific Equipment Set-Up Will Surpass Even Scotland Yard Work

IT WILL TRANSLATE CLUES TO EVIDENCE

New Laboratory Will Have Equipment Far Superior to That Established in 1932; Violet Ray Will Bring Out Hidden Imprints; To Test Bullets

Washington, Aug. 4 (AP)—The Department of Justice is creating a laboratory for scientific crime detection that will surpass Scotland Yard.

To translate clues into evidence in the national war on evil-doing, it will have specially designed microscopes, precision instruments, violet ray devices, fluorescent machines and many other aides to the modern sleuth, officials disclosed today.

The division established its first laboratory in 1932. The new one will contain equipment far superior.

Calling the Department of Justice the "American Scotland Yard" is an understatement from some standpoints. For example, the department has on file 4,450,000 fingerprint record cards, as against only 500,000 at Scotland Yard, and about 1,500,000 at the Paris Suret, Scotland Yard, of course confines its work largely to the London area and does not cover the nation.

Sorting over 4,450,000 records cards would be a herculean job if it were not for the fact that prints can be divided into sub-divisions according to characteristics. The new system, applied to only 22,000 cards thus far, pick out the desired ones automatically.

Invisible writing is set stuff to the laboratory experts. A violet ray machine brings out the hidden imprints. A special microscope compares minute markings made on bullets when projected through a gun barrel.

The apprehensions of a high official who received sometime ago a suspicious package through the mails were allayed by the microscope, it showed the parcel contained a gift gavel, not a bomb.

Railroads Will Test Pensions

Washington, Aug. 4 (AP)—The association of Railway executives have disclosed that the major railroads of the nation have under preparation an injunction suit to challenge the constitutionality of the new compulsory railroad law.

An announcement made by R. B. Fletcher, general counsel for the association, indicates the challenge will be based primarily on the contention that regulation of pensions does not fall within the scope of interstate commerce.

The suit is expected to be filed in District court within a few days.

Medical Soldiers Entrain

Columbia, S. C., Aug. 4 (AP)—Approximately 1,200 National Guardsmen from five states left Camp Jackson today to make room for a like number of others who will begin tomorrow a two weeks training period similar to that just ended for the first group. Before returning to their homes, troops of the 116th Field Artillery, Florida National Guards, and the 165th Medical Regiment, composed of North and South Carolinians, Georgians and Tennesseans, were paid \$30,000 in drill allowances for their fortnight in camp.

WEATHER FOR NORTH CAROLINA Partly cloudy tonight and Sunday, with local thundershowers this afternoon or tonight in east portion and in extreme west portion Sunday.

Hitler Orders Reichstag To Convene On Monday For Him To Justify His Power

First U. S. "Sky Train" Starts

Carrying mail for Philadelphia, Baltimore and Washington the country's first "sky train" leaves Floyd Bennett Airport, New York. The train consists of the "locomotive" airplane and three motorless gliders, one of which is dropped off at each destination. Each glider carries a pilot and one hundred pounds of mail.

Washington, Aug. 4 (AP)—The Department of Justice is creating a laboratory for scientific crime detection that will surpass Scotland Yard. To translate clues into evidence in the national war on evil-doing, it will have specially designed microscopes, precision instruments, violet ray devices, fluorescent machines and many other aides to the modern sleuth, officials disclosed today. The division established its first laboratory in 1932. The new one will contain equipment far superior. The apprehensions of a high official who received sometime ago a suspicious package through the mails were allayed by the microscope, it showed the parcel contained a gift gavel, not a bomb.

Dynamite Is Found Close To Track Of Roosevelt's Train

Spokane, Wash., Aug. 4 (AP)—A sack of dynamite and percussion caps found lying near the railroad right of way over which President Roosevelt's train passed early today led to extreme precautions of Federal and county officers to avoid any attempt against the Presidential train. Roosevelt's train passed over the spot, two and a half miles southwest of Spokane, without any untoward incident.

The explosives were discovered by a Union Pacific agent four days ago, who became suspicious of three men he saw depositing a package, sighting through a watch tower door, the agents directed searchers to the spot where the "cache" was hidden in the brush.

BEEF CANNERIES TO BE SELECTED

Mrs. O'Berry To Name First of Cities To Get Relief Packing Plants

Daily Dispatch Bureau, in the Sir Walter Hotel, BY J. C. BASKERVILLE. Raleigh, Aug. 4.—Location for at least two relief beef canneries are expected to be decided upon some time today by Mrs. Thomas O'Berry, State FERA administrator. She declined to state this morning just where the first canneries would be located. It was learned, however, that George Ross, director of rural rehabilitation and thus in direct charge of allocating all of the 75,000 cattle being shipped into the State and in selecting sites for beef canneries, has recommended that canneries be established in both Asheville and Greensboro. Mrs. O'Berry intimated that she would probably approve the recommendation for locating one cannery in Greensboro, but that there were several matters holding up her decision with regard to a cannery in Asheville. "We would like very much to have a cannery in Asheville, but have not yet received a contract from the city of Asheville," Mrs. O'Berry said. "In addition, there are several other matters involved with regard to Asheville that have not yet been entirely worked out. We are hoping, however, that we will be able to locate one of the canneries there, since one of our principal stock concentration and fuaranting yards is located there. Cities desiring canneries must agree

EUROPE PRESSING PROPAGANDA HERE

One Phase Is Sob-Story Kind, Other of Austrian "Sacrifices"

By LESLIE EICHEL. New York, Aug. 4 (CP)—Perhaps the man at the New Jersey seashore is correct: He said to the writer of this column: "You go ahead writing how Europe is spreading propaganda to try to drag us into another war. "But you don't think Americans ever would go into another European war as long as they remember the last, do you? "You don't think we'd go over to fight for France, do you. "You don't think any politician would risk his life by trying to lead us into a war, do you? "No, sir—Americans won't be trapped into another European war. There aren't enough jails to hold 120 million objectors."

The Propaganda European propaganda in America is persistent. It has two phases. One is of the sob-story kind, telling of the heroic sacrifices of the Austrian Fascists. The second is of this type, by correspondents in some staid American papers: "Paris asks backing of Austria by U. S. Hopes for strengthening of 'moral isolation' of Germany's position."

NEW NAPOLEON OF EUROPE PLANS TO LAUD HINDENBURG

But Address Will Be Mainly of Political Nature, Main Eulogy To Come on Tuesday

WILL ATTEMPT TO PLACATE COUNTRY

Precipitate Action in Assuming Absolute Power on Hindenburg's Death Thursday Will Be Discussed Before All-Nazi Reichstag of German Nation

Berlin Aug. 4. (AP)—Adolf Hitler, seeking to consolidate his position as "the new Napoleon", summoned the "all-Nazi Reichstag" to assemble Monday for a memorial service to the late President Paul von Hindenburg. Chancellor Hitler's address, it was intimated, will be of a political nature with a direct eulogy of von Hindenburg reserved for Tuesday at Tannenberg.

Because of the unusual circumstances of his coup d'etat, whereby he merged the offices of president and chancellor, Hitler was believed to be intending to seize the occasion to justify his assumption of the power of a monarch. From the Reichstag rostrum Der Fuehrer is expected to utilize what may be his best opportunity to justify in a guarded way to the German people and the world his precipitate action of Thursday immediately after von Hindenburg's death.

Austrian Nazi Will Fight On

(Copyright by The Associated Press) Somewhere on the Yugoslav Border, Aug. 4. (AP)—Konstantin Kammerhofer, chief of staff of the Austrian Nazi armed forces, told The Associated Press today that the Nazi rebellion in Austria has only just begun.

Louisiana's Metropolis Very Quiet

Long and Walmsley, Armed Forces Face Each Other In Bitter Dispute

New Orleans, La., Aug. 4. (AP)—Swords rattled in scabbards today on the New Orleans political war front, but nothing happened.

There was grimaces in the unused machine guns of National Guardsmen called out by Senator Huey P. Long and Governor O. K. Allen and a potential menace in the rifles and side arms of Mayor T. Semmes Walmsley's special police, but the martial atmosphere ended there.

The troops were entrenched in the martial law zone of the city registration office, and the mayor's forces swarmed in the offices just across the park. Bums slept peacefully in the park nearby and citizens began to joke about the farcical warfare now going on. Senator Long announced at Baton Rouge that he was "going off" on a fishing trip. Mayor Walmsley, sticking to his post post in New Orleans, continued to issue staccato orders to his police to repulse militia attacks, which never materialized.
