NRA Chief Angriily Walked Out of White House Conference Held on Last Monday

Row Arose Over Richberg and Miss Perkins Proposals for Reorganizing NRA; They Will Be Restricted in Their Dabbling in Recovery Program

Washington, Aug. 27. (AP)—The deep-seated character of NRA's latest troubles became apparent today when it was learned that General Hugh S. Johnson angrily walked out on last Monday's White House conference, resigned in writing and reconsidered only on the firm insistence of President Roosevelt.

The dispute arose over an NRA reorganization plan submitted to the President by Donald Richberg, the NRA counsel, and Frances Perkins, the secretary of labor. Among other things, the plan was interpreted by Johnson as contemplating his own retirement to private life.

The general walked out when Mr. Roosevelt, seeking to soothe the ruffled spirit of his conferees, suggested that a decision be postponed while Johnson took a rest trip to Europe.

The reconciliation, so far as Johnson is concerned, was consummated just before Mr. Roosevelt's departure Saturday for Hyde Park. Under its terms Johnson stays on as administrator and probably will become later on chairman of a board controlling NRA.

The implications respecting Mr. Richberg's friends say he will remain the NRA counsel, although there will be no further doubt that Johnson is boss. Miss Perkins is expected to confine her activities more closely to the Labor Department.

Washington, Aug. 27. (AP)—The strike committee of the United Textile Workers, with plans completed for a general strike in the cotton textile industry on September 4, today began preparations for a similar walk-out in the silk, rayon and woolen industries.

Francis J. Gorman, chairman of the strike committee, said it was "highly possible" that the walkout of silk, woolen and rayon workers would be simultaneous with the cotton strike.

The committee said today it would advance the exact strike hour on Thursday. Other sources, however, disclosed that secret instructions already in the hands of regional leaders, called for a general stoppage of work at midnight Friday.

Inasmuch as the industry is operating on a five-day week, with mills closed on Saturday, September 1, and Monday (Labor Day), September 3, the walk-out will not become actually effective until September 4.

Committee Might Have Real Fight

Work of Women Politicians Seen In Move That Might Defeat Miss Cobb

Daily Dispatch Bureau, In the Sir Walter Hotel, By J. C. Baskerville.

Raleigh, Aug. 27.—A real fight may develop in the meeting of the new State Democratic Executive Committee here tonight instead of the more or less cut-and-dried meeting that had been expected, as the result of efforts expected to made to elect Mrs. Charles W. Tillet, Jr., of Charlotte, as vice chairman of the committee. Many political observers here are inclined to believe that Mrs. Tillet has been brought out as a candidate for the vice chairmanship against Miss Ethel Parker, of Gates county, in an effort to defeat Miss Beatrice Cobb for national committeewoman and thus force the election of an eastern candidate. There are rumblings that some heavy trading has been going on within the committee during the past week and that an effort has been made to secure the support of eastern members of the committee for Mrs. Tillet if the western members would support an eastern woman
