Arrest Heralds Complete Solution of "Crime of the Century", Washington Says; Court Room in Turmoil at Arraignment in Police Court

Los Angeles, Cal., Sept. 21. (AP)—Colonel and Mrs. Charles A. Lindbergh were reported today to be preparing to fly back to New York, where Bruno Richard Hauptmann has been arrested and charged with receiving the \$50,000 Lindbergh ransom money.

New York, Sept. 21 (AP)—Bruno Richard Hauptmann, was ordered held without bail until Monday by Magistrate Richard McKinley in West Farms police court today when he was arraigned on a charge of extortion of the \$50,000 Lindbergh ransom.

In the charge, the \$50,000 was identified as "the property of Charles A. Lindbergh in charge of Dr. Charles F. Condon."

His hearing was set for Monday at the request of District Attorney Samuel J. Foley.

In his request, Foley said that the Federal, New York and New Jersey State authorities should be congratulated on their work.

Magistrate McKinley also added a few words before the conclusion of the hearing, in which he congratulated on their work.

#### Bad Temper In Campaign Is Evident

Predominantly on Conservatism's Side—Both Groups Assault Roosevelt

By CHARLES F. STEWART (Central Press Staff Writer)

Washington, Sept. 21.—Not within my recollection (and I cast my first vote before time turned the corner into the 20th century) there hasn't been so ill-tempered a political campaign as the present one is developing into.

The bad temper, to be sure is predominantly on conservatism's side. There are folk, it is true, who question the genuineness of President Roosevelt's liberality, but the folk who do question it are radicals, for

#### Economic Struggle Of First Magnitude Coming Soon In United States

By LESLIE EICHEL (Central Press Staff Writer)

Boston, Sept. 21.—From the New England angle, it looks as if there will be a terrific struggle within the United States soon. One sees defined clearly a three-sided battle shaping up:

- 1.—Industry's determination to scrap the New Deal.
- 2.—Labor's determination to make the New Deal effective.
- 3.—The Roosevelt administration's determination to maintain a middle course—with a "moderate" New Deal, but with the social security program

Tokyo, Sept. 21 (AP)—At least 1,345 persons were killed and 4,203 injured today by a typhoon which swept central and western Japan.

The steadily mounting toll of casualties indicated that hundreds of persons were missing. No immediate estimate could be made of the property damage, but it was obvious that it would amount to millions of dollars.

In the city of Osaka, probably the hardest hit of all, police reported 1,067 persons were dead, and 3,057 injured. There, also, the police said, 181 were unaccounted for.

#### CRIPPLED COMMUNICATIONS HIDE NEWS ABOUT TRAGEDY

Tokyo, Sept. 21 (AP)—At least 867 persons were killed and 3,027 injured today by a typhoon which roared across western and central Japan from Nagasaki to Magano.

Only a hazy picture of the full sweep of destruction has yet reached Tokyo, for communications were badly battered by the wind, which in places reached a velocity of 120 miles an hour. The casualties appeared to have which reached tidal wave proportions.

#### "Suspect" Was Towed "Bad Boy"

Kamenz, Germany, Sept. 21. (AP)—Local residents said today that Bruno Richard Hauptmann, arrested in New York in connection with the Lindbergh baby kidnaping, was the town's bad boy.

Even before he was ordered to jail in 1923, he had been in frequent conflict with police authorities. In those early days he was always let off, but finally the court sentenced him to prison.

The police today declined to divulge just what the charge against him was in 1923, but they did say the sentence was for four years.

Hauptmann's father is dead, but his mother is still living.

#### The Scrappers

It is no secret now that 150 industrialists met recently in Hot Springs, Va., to lay plans for a campaign avowedly to scrap not only every feature of the New Deal, but to liberalize anti-trust laws, to regulate themselves and labor, to stop any social security legislation, and to lower wages.

Labor is "shocked," terms any such plans as the "worst form of fascism" (Continued on Page Five)

#### Likely Try Hauptmann For Murder

#### New Jersey Moving to Obtain Custody of Suspect on Homicide Charge

New York, Sept. 21 (AP)—A stolid, mild-mannered German, who fidgeted during extensive questioning in the police line-up, displayed no emotion today when a magistrate held him without bail on a charge of receiving \$50,000 paid by Colonel Charles A. Lindbergh two years ago in a futile attempt to ransom his kidnapped son.

The German, Bruno Richard Hauptmann, 35 looked at the door of the Bronx court room during his arraignment on a formal charge of extortion. He had nothing to say except to give his consent to detention until Monday. This consent was necessary because the legal limit for holding a prisoner under a short affidavit is 48 hours.

Meanwhile, New Jersey, where the Lindbergh baby was kidnaped and slain, moved to obtain custody of the prisoner on a charge of homicide. An extradition warrant charging that crime, was signed by Governor A. Harry Moore as the first step in an attempt to have Hauptmann taken there.

This move gave added emphasis to a statement by Assistant Chief Inspector John J. Sullivan in the police line-up. Sullivan told the assembled detectives that "we have a perfect extortion case," and said there was no doubt in his mind that "he will have to answer a more serious charge."

#### General O'Ryan Resigns As Head New York Police

New York, Sept. 21. (AP)—Chief Inspector Lewis Valentine today was appointed police commissioner to succeed General John F. O'Ryan a few hours after O'Ryan announced his resignation.

Mayor F. H. LaGuardia announced the appointment. General O'Ryan resigned at the end of his vacation, and indicated he will continue in office until the present phase of the Lindbergh kidnap case is ended.

#### LINDBERGH LISTED AS THE PLAINTIFF

#### Extortion Warrant Against Hauptmann Is Made in His Name

New York, Sept. 21. (AP)—Colonel Charles A. Lindbergh, although he is 3,000 miles away, is listed as the complainant against Bruno Richard Hauptmann, alleged receiver of the \$50,000 Lindbergh ransom money.

This was disclosed today by Hauptmann's fingerprint record. The record, while not specifically charging the prisoner with the kidnaping of the Lindbergh baby, charges him with extortion at St. Raymond's cemetery, East Tremont and Whitmore avenues, the Bronx, where Dr. John F. Condon passed the \$50,000 to a supposed emissary of the kidnapers; that the means of the extortion crime was the kidnaping of the baby, and that the object of the kidnaping was ransom.

Charlotte, Sept. 21 (AP)—Strikers in the Carolinas maintained silence today as national officials of the United Textile Workers Union considered President Roosevelt's appeal for a cessation of hostilities pending a governmental adjustment.

Meanwhile, the lines of pickets and soldiers stood firm about Carolina mills.

Four small mills at Gastonia and one at King's Mountain reopened, employing a total of about 350 persons. They provided the only change in the picture.

"Informally approving the report submitted to me by the board of inquiry for the cotton textile industry, I want to express the very sincere hope that all employees now out on strike will return to work, and that all textile manufacturers will take back employees without discrimination."

#### Legion Aid Sought For Arms Drive

#### Senate Committee Told It Was Asked to Oppose Ban on Arms Exports

Washington, Sept. 21 (AP)—Efforts to enlist American Legion officials in attempt to kill an arms embargo bill were described to the Senate Munitions Committee today along with the presentation of testimony that most nations maintained chemical and poison gas units in their armies in violation of League of Nations rules.

Colonel E. C. Goss, president of the Lake Erie Chemical Company of Cleveland, described the attempt to have the Legion lobby against the embargo bill in 1933 in a letter to one of his South American agents.

Senator Clark, Democrat, Missouri, said he understood John Thomas Taylor, the Washington representative of the Legion, denied he took an part in the matter. The bill later was killed.

It took two shocks of electricity, one of two minutes and 37 seconds and the other of 81 seconds, to snuff out Keaton's life. He made no statement after entering the death chamber.
