

TWO CONDEMNED MURDERERS BREAK RICHMOND JAIL

State's General Fund Revenues Treble Receipts Of Year Ago

INCOME MORE THAN 3 MILLIONS; UNDER MILLION YEAR AGO

Most of Increases Are Due to "Getting Taxes on Time, When They Are Due"

FIRST QUARTER IS 62 PRCT. INCREASE

Highway Receipts for September \$1,764,318, or \$291,760 Over September Last Year; Sales Tax \$60,000 Higher This Month

Raleigh, Sept. 29 (AP)—General fund revenues of the State of North Carolina in September aggregated \$3,532,522, or more than three times the receipts in the same month last year, when they were \$962,222.45.

Dr. M. M. S. Noble, Jr., executive assistant commissioner of revenue, released the monthly report today in the absence of A. J. Maxwell, the commissioner.

A revenue office, it was pointed out that most of the increases in collections of various classes of revenue in September were due to "getting the taxes on time, when they are due."

The heavy September receipts pushed the first quarter total for the general fund to \$7,112,562.98, or 62.34 percent above the total 1933-34 first quarter figure of \$4,434,162.87.

With details of the highway fund receipts for September not complete, it was shown that \$1,764,318.58 was received during the month. This was an increase of \$291,760.31 over the September, 1933 figures, and gave the fund an increase for the first quarter of \$545,946 over the similar period last year.

Sales tax receipts in September were \$470,996.91, compared with \$411,755.12 in the same month last year.

The biggest increase shown was in franchise taxes, where receipts last September were only \$165,864.49, and jumped to \$2,169,102.37 this September.

Beer taxes last September aggregated (Continued on Page Eight)

No Case Against Suspect

Chicago, Sept. 29. (AP)—The hope of Chicago police that they had nabbed the man who received the \$50,000 Lindbergh ransom seemed faded today as Chief of Detectives John L. Sullivan announced he could find nothing tangible to link John Bowman with the crime.

Bowman, alias James O'Dea, an ex-convict, was seized last night on an anonymous tip, and was questioned during the early morning by Melvin H. Purvis, chief of the Chicago unit of the Bureau of Investigation.

The police said the suspect bore a "striking resemblance" to the "John" glimpsed by Dr. John F. Condon during the payment of the ransom.

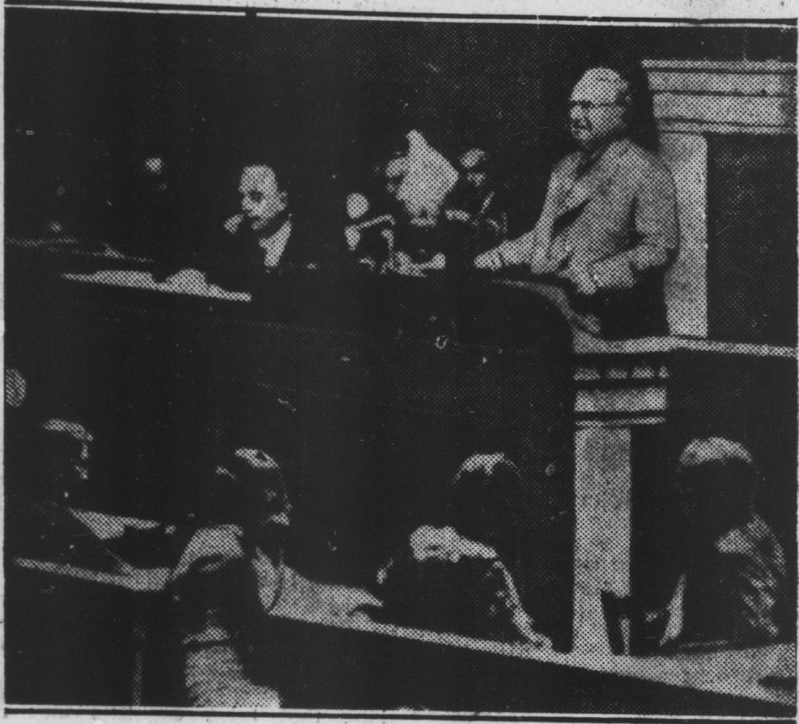

Chief Sullivan, however, admitted the link was weakened by the lack of any of the ransom bills in Bowman's possession, and failure to find any other suspicious evidence.

Walmsley Charges Long Bought Recent Victory

New Orleans, La., Sept. 29. (AP)—Mayor T. Semmes Walmsley today charged that Huey Long "bought" his victory over the Walmsley forces in the September 11 congressional election here.

"We made the statement right after the election that there was wholesale fraud in the election," Walmsley said. He based his accusation that the election was "bought" on the fact that the four Long ward leaders, all

Litvinoff Gives League a Shock

Maxim Litvinoff (arrow) signals the victory of the Soviet in being admitted to the highest councils of the League of Nations by the "capitalist countries" which excluded it for 14 years, by making a speech of pride and conciliation. He followed it up with an unexpected demand that the League make a decision as to the future of the world disarmament conference, now moribund because of League inactivity. (Central Press)

Hauptmann Trial Will Be Speeded

District Attorney to Move Next Week for Special Jury Panel for Case

New York, Sept. 29 (AP)—District Attorney Samuel J. Foley said today that early next week three psychiatrists, one appointed by the district attorney's office, one by the State of New Jersey, and one by the defense will examine Bruno Richard Hauptmann in the Lindbergh kidnap case.

New York, Sept. 29 (AP)—District Attorney Samuel J. Foley said today that on next Wednesday he will submit a motion in Bronx county court for a special jury panel in order to get under way as quickly as possible the trial of Bruno Richard Hauptmann, indicted for extortion as the receiver of the Lindbergh \$50,000 ransom payment.

The actual date for trial is to be determined at a conference between the prosecutor and defense counsel. Foley today did not indicate what date he expected the case here to go to trial, but said he would make the motion for the panel in order to accelerate preparations for the trial.

Hans Kloppenburg, who was questioned by members of the district attorney's staff for several hours yesterday, was recalled for questioning again today.

Foley said that Kloppenburg, whose pictures in groups taken with Hauptmann at Hunter's Island in Long Island Sound were found in albums at the Hauptmann home, was not under any suspicion in the case, but that he was a "very close friend of the prisoner, and because he was closer to Hauptmann than any one yet produced, we are questioning him at great length."

Chicago police held for questioning today a man who they said bore a "very remarkable" resemblance to (Continued on Page Eight)

Strike Witnesses Held For Perjury

Anderson, S. C., Sept. 29. (AP)—J. A. McGaha and Paul Moon, witnesses in the inquest into the killing of even Chicola mill pickets at Honea Path, were held in the county jail today on charges of perjury.

They were arrested on warrants sworn out by J. D. Beacham, mayor of Honea Path, and superintendent of the mill. The mayor said their testimony that they saw him firing from a rear door of the mill during the battle was false.

He had publicly denounced the testimony as untrue in a statement issued after the inquest.

State Rail Lease Held Forfeited

Directors of State-Owned Line Take Property from the Norfolk Southern

Raleigh, Sept. 29 (AP)—Governor Ehringhaus said this afternoon he was informed over long distance telephone that the board of directors of the Atlantic and North Carolina railroad, meeting at Kinston, unanimously voted to declare forfeited the lease of the road to the Norfolk Southern railroad.

The governor some time ago recommended that the lease be forfeited due to the default of the Norfolk Southern in its rental for two years. The next step in the matter, the (Continued on Page Eight)

LIQUIDATION COST OF BANKS 6 PRCT.

Some Wound Up for as Little as Two Percent; 182 Are Handled

Daily Dispatch Bureau, in the Sir Walter Hotel, By J. C. Baskerville.

Raleigh, Sept. 29.—A total of 182 banks have been placed in the hands of the state banking department for liquidation since the 1927 General Assembly passed the act putting the liquidation of closed banks under the direction of this department, Commissioner of Banks Gurney P. Hood announced today. Of this number, the liquidation of 40 banks has been completed and final reports issued. (Continued on Page Two)

MORE ROAD MONEY IS NEEDED BECAUSE FEDERAL AID LESS

Highway Commission Requires More as Uncle Sam Won't Play Santa Claus

MAINTENANCE WORK IN BAD CONDITION

\$45,000,000 Sought for Biennium Not Far Out of Line With Current Biennium Expenditures, Except Government Has Paid Much of It Lately

Daily Dispatch Bureau, in the Sir Walter Hotel, By J. C. Baskerville.

Raleigh, Sept. 29.—The fact that the State Highway and Public Works Commission is asking a total of \$45,000,000 for the next biennium, including \$10,000,000 the first year and \$6,000,000 the second for new highway construction, is causing something of a flurry in such circles both here and elsewhere over the State. But even taking into consideration these amounts for new construction, the total requests are not far out of line with the actual amounts spent last year and this year. The difference is that last year and this year the Federal government has been supplying the money for new construction, while from this year on the government is ceasing to be Santa Claus and will require that the state put up some money and match all Federal grants dollar for dollar.

Still another factor that is making it increasingly imperative that the state again provide for some new highway construction work, is the fact that some received from the Federal government last year and this year is restricted to limit usage, with the result that there are many miles of highway that need to be constructed but for which Federal funds cannot be expended, highway officials point out. A great deal of reconstruction work is also needed, but which must be done with State funds. So, after four years during which no new construction has been done with State funds, those familiar with the situation maintain that the request (Continued on Page Six)

Naming Of Williams Is No Surprise

Winston Tobacco Head Has Long Stood High With Roosevelt

Daily Dispatch Bureau, in the Sir Walter Hotel, By J. C. Baskerville.

Raleigh, Sept. 29.—Cratification but not surprise was being expressed here today at the selection of S. Clay Williams, of Winston-Salem, as the chairman of the new National Industrial Recovery Board just created by President Roosevelt to take over the administration of the NRA. It has been no secret here among those who have had to visit Washington recently that Williams, former president of the R. J. Reynolds Tobacco Company, and still chairman of its board of directors, has been steadily gaining favor with the administration in Washington for more than a year. Williams has already served as vice chairman of the former National Labor Labor Board, under Senator Wagner, and also as the second chairman of the Industrial Advisory Board. (Continued on Page Eight)

WEATHER

FOR NORTH CAROLINA Cloudy, showers in the interior tonight; Sunday showers, not much change in temperature.

BACK TO WORK IN WASHINGTON

Tanned and rested by his vacation at Hyde Park, N. Y., President Roosevelt is shown in his official automobile upon his return to work in Washington ready for the grind.

Two Lose Lives In Pennsy Wreck

Conroy, Ohio, Sept. 29 (AP)—Both the engineer and fireman of the Gotham Limited of the Pennsylvania railroad, eastbound from Chicago to New York, were killed when parts of the train were derailed when it struck a stalled automobile early today.

All of the passengers, however, were reported to have escaped serious injury.

Harry Tourgee, 58, of Fort Wayne, Ind., the engineer, died while being taken to a hospital at Fort Wayne. H. J. Gladen, 32, of Delphes, Ohio, the fireman, died at the scene of the wreck. The mail clerk, whose name was not immediately learned, suffered a nose injury and was taken to the Methodist hospital at Fort Wayne.

Will Start Liquidating Cotton Pool

\$20,000,000 Allotted for Selling Cotton or Making of New Loans

Washington, Sept. 29 (AP)—Liquidation of the Farm Administration cotton producers' pool was read today to begin today, following allocation of \$20,000,000 to carry out final details of selling the cotton or making new loans.

Comptroller General McCarl of the Department Justice have approved plans for the orderly liquidation of the pool, the office of Oscar Johnson, pool manager, said. During the coming week, forms will be sent to holders of cotton in the pool to sell it or take advantage of the new 12 cents per pound loan, an advance of two cents per pound over the 1933 loan.

Approximately 455,000 producers are now participating in the cotton pool and hold certificates on about 1,050,000 bales of cotton. The ten cents loan and the present market price, less carrying charges of 30 cents per bale if they decide to sell on the open market, or in paying them the additional two cents loan if they were prefer to hold the cotton under the new loan.

WILMINGTON SEEKS PORT DEVELOPMENT

Wilmington, Sept. 29. (AP)—A port conference will be held here October 23 for the purpose of promoting water traffic through Wilmington and the lower Cape Fear river.

SUPREME COURT TO RULE ON NEW DEAL

Mutterings Heard in Washington Against Its Power to Nullify

JUDGES CONSERVATIVE Supposition Is That Radical Phases of Recovery Program Might Incite the Disapproval of Majority

By CHARLES F. STEWART (Central Press Staff Writer)

Washington, Sept. 29.—Mutterings of a rising storm of protest against the Federal Supreme Court's power to nullify the New Deal program, in whole or in part, are beginning to be audible in Washington.

The national tribunal of last resort, to be sure, has not as yet ruled on any New Deal issue.

However, Judge W. Calvin Chestnut already has decided, in the U. S. district court at Baltimore, that the Frazier-Lenke law (enacted at the last (Continued on Page Six)

Major Neyland Is Ordered To Panama

Washington, Sept. 28. (AP)—Major Robert R. Neyland, Jr., University of Tennessee head football coach, today was ordered by the War Department to sail to the Panama Canal Zone on January 9.

Neyland's present assignment is assistant to the district engineer at Nashville, but he has been at Knoxville several months in charge of the engineer reserve officers training corps unit at the University of Tennessee.

In Panama he will perform duties assigned to him by the commanding general of the Panama Canal department.

PRISONERS SHOOT PATH TO FREEDOM, WOUNDING GUARDS

Commandeer Mail Truck and Automobile in Escape, Police in Hot Pursuit

WERE BEING TAKEN INTO CONFERENCE

Their Attorney Was Waiting to See Them About Appeal from Electrocutation Sentence; Convicted of Killing Federal Reserve Bank Agent

Richmond, Va., Sept. 29 (AP)—The convicted gangsters, Walter Legenza and Robert Mais, sentenced to die for murder, shot their way out of the Richmond jail today, wounding three officers and commandeering a mail truck and an automobile in their escape, with State and city police in pursuit.

Mais and Legenza shot their way to freedom when they were brought from their cell into a corridor leading into a reception room where Charles W. Moss, their attorney, was waiting to confer with them in regard to plans for appealing their cases to the State Supreme Court.

When they were led into the corridor by Warden Moore and Deputy Sergeant Selph, the two gangsters, instead of turning left into the room at the rear of the jail, where Moss was waiting alone, drew pistols, ordered the officers to put up their hands and made a break through the front reception room leading to the jail entrance, shooting wildly as they went.

The two gangsters were convicted of participation in the hold-up-murder of E. M. Hubbard, driver of a Federal Reserve Bank truck last March. Hubbard was shot to death and the gang made away with the truck's (Continued on Page Eight)

"Break" Is Aided By Outsiders

Richmond, Va., Sept. 29 (AP)—Two gangsters convicted of a gangland hold-up murder here, and sentenced to death, escaped from the Richmond jail today in what was reported to be an "outside job," in which two policemen and a guard were reported shot.

Details at first were meagre, but a police report said among those who broke from the jail were Walter Legenza and Robert Mais, both awaiting death in the electric chair for their participation in the hold-up of a Federal Reserve Bank mail truck, and the murder of its driver, E. M. Hubbard.

Both were alleged members of the notorious tri-State gang headed by "Big George" Phillips, who was slain by Washington police.

A general radio call summoned all Richmond police and detectives in (Continued on Page Eight)

Shorter Work Week Now Burning Issue For NRA

Washington, Sept. 29 (AP)—The new NRA board today named C. M. Nelson, Willard E. Hotchkiss and Father Francis J. Haas as an impartial committee to investigate working hours in the cotton garment industry.

His action followed a statement by Donald R. Richberg, director of his policy-making committee, that there will be "full discussion" of any important changes.

Last month the president issued an order cutting the hours of cotton garment workers from 40 to 36 without loss of pay. Amendments to the code, putting the changes into effect, were due to take effect next Monday.

hours in the cotton garment industry without reducing wages he was believed to be seeking to reassure industry that changes in the recovery program would be made only after deliberation.

Washington, Sept. 29. (AP)—The question of a shorter work week, one of the most controversial of all recovery issues, came up today in a picture today.
