New York, Oct. 11 (AP)—Supreme Court Justice Ernest E. L. Hammer today set 11 a. m. Monday for a hearing on petition for a writ of habeas corpus sought by counsel for Bruno Richard Hauptmann to prevent his removal to New Jersey to face a murder charge in the Lindbergh kidnaping case.

Justice Hammer denied a request of Attorney General David T. Wilentz, of New Jersey, for an immediate hearing on the application.

BRONX EXTORTION CASE IS TAKEN FROM DOCKET

New York, Oct. 11 (AP)—The Bronx county extortion case against Bruno Richard Hauptmann was removed from the trial calendar today, and the prisoner was immediately arrested on an extortion warrant calling for his removal to New Jersey to face an indictment charging murder in the Lindbergh kidnap case.

The case was removed from the trial calendar by Senior Bronx County Judge James M. Barrett at the request of District Attorney Samuel J. Foley, who said he acted at the request of New Jersey authorities. The court also released the prisoner from the \$100,000 bail arrangement fixed when he was arraigned on the extortion charge.

The court also paroled Hauptmann on his own recognizance.

This, however, gave the prisoner no freedom, as the extradition warrant was immediately served on him by Lieutenant James J. Finn, of the New York police department, and he was placed in the custody of two New York detectives.

Hauptmann's counsel, James M. Fawcett, then announced that he would go into Bronx Supreme Court immediately to seek a writ of habeas corpus to prevent his client's removal to New Jersey.

Hauptmann, as in the case of previous court appearances, stood silently before the bench during the proceedings, which lasted less than five minutes.

LEGISLATURE WILL BE SLOW TO VOTE FUNDS FOR RELIEF

This Thing Is the Federal Government's Baby and It May Have To Furnish the Food

STATE IS GIVEN NO VOICE IN OPERATION

Moreover, Many In This State Feel Money Is Spent Entirely too Freely, and Most of Those on Relief Now Would Get Work If Forced To

Daily Dispatch Bureau, In the Sir Walter Hotel, By J. C. Baskerville.

Raleigh, Oct. 11—One of the big problems the next General Assembly is going to have to deal with is the problem of relief, since it now seems likely that the State will be asked to appropriate from \$2,500,000 to \$5,000,000 with which to match Federal relief funds. Federal Relief Administrator Harry L. Hopkins has already announced in Washington that from now on the various states are going to have to help carry the expense of providing relief or that Federal funds will be withdrawn entirely.

If Hopkins really means this and the President and Congress back him up, it means that North Carolina from now on will have to provide several millions of dollars per year for relief or be cut off the relief rolls entirely. At the present time the North Carolina Relief Administration is spending

Fear Louisville Woman, Kidnaped, May Die From Illness And Her Injury

Wife of Oil Company Executive and Daughter of Retired Capitalist, Abducted from Home While Under Doctor's Care; \$50,000 Ransom Ready.

Louisville, Ky., Oct. 11 (AP)—Fears that Mrs. Alice Stoll, young society matron, might die in a kidnaper's hands was based, it was learned today not only on the fact that she was beaten with an iron pipe until blood came, but that she was suffering from a severe cold that had required a physician.

From members of the family of Berry V. Stoll, oil company vice-president, police learned during the night that the 26-year-old former Bryan Mawr student and Junior League member was ill when a white-faced man kidnaped her late yesterday for \$50,000 ransom. Today Major Schmitt, night police chief, said young woman had a high temperature yesterday afternoon when an unidentified man got into the Stoll home by a ruse, subdued

her and her maid, Anne Willett, and forced Mrs. Stoll to leave with him in an automobile. The Stoll family physician said, however, her temperature was not abnormally high.

The Stoll family and that of William S. Speed, retired capitalist, her father, announced from the start they were ready to pay the ransom and today Mr. Stoll reiterated: "We are not so much interested now in the capture of the kidnaper as we are in the return of Alice. All we want is to get her back alive."

Meanwhile, Federal agents were being concentrated in Louisville to aid the search, on orders from Washington, and Governor Ruby Laffoon offered all possible State aid. "It's a mighty ugly case," the governor added in making his announcement.

Indictment of Hauptmann Considered by Government as Having Closed Its Records

CASE MOVES INTO COMPLICATIONS NOW

Federal Operatives Disagree As to Course That Ought To Be Taken Against Hauptmann; Think Extortion Charges Should Be Pressed First

Washington, Oct. 11 (AP)—The Department of Justice has written hints to a manhunt in the case of the Lindbergh baby who was stolen from his crib in March, 1932.

The department considers its work done, now that Bruno Richard Hauptmann has been indicted for extortion and murder in connection with the Lindbergh kidnaping.

"We are nothing more to do," said William L. Stanley, assistant to the attorney general. "The case has moved to a point where it is a question of complications."

What these complications may be were not explained by Chandler, but it is no secret that Federal operatives disagree as to the course which should be taken against Hauptmann. Some Department of Justice agents feel an airtight case of extortion has been built up against the German stow-away carpenter, while the murder case against him is more circumstantial.

They are understood to believe, therefore, that the wiser course would be to proceed with the stronger case first.
